At their March 24th meeting, the Planning Commission considered a request for a rooftop lunchroom on the building located at 228 South Beverly

The property once housed Indian fast casual restaurant Saffron, which shuttered earlier this year.

After analyzing the project, staff concluded it would benefit the city's commercial zones and limit the overall impact rooftop uses might otherwise have on existing and future development with the

But the Planning Commission, not quite convinced that the addition would enhance the neighborhood, agreed to revisit the matter at their June 9th meet-

"I think what we're all struggling with is the notion that with respect all buildings—including the ones that are already allowed to have lunchrooms under the current code-you can see holes here where people can intensify the use of the buildings without furnishing the required parking, or even any fee to cover the construction of parking," said Commissioner Craig Corman.

The proposed lunchroom would include two stair shafts, one men's restroom, one women's restroom, an open seating area and vending machines.

The existing commercial building contains 7,820 square feet of floor area and the lunchroom would include 2,202 square feet of floor area, or 28 percent of the current area.

"I think we may have to break this down even further," said Commissioner Howard Fisher. "I just can't imagine needing this kind of square footage.'

Even with the addition, the building would still exist within the 45-feet height limit. No additional parking spaces are proposed in conjunction with the rooftop

Teen Advisory Committee kicks off March Madness

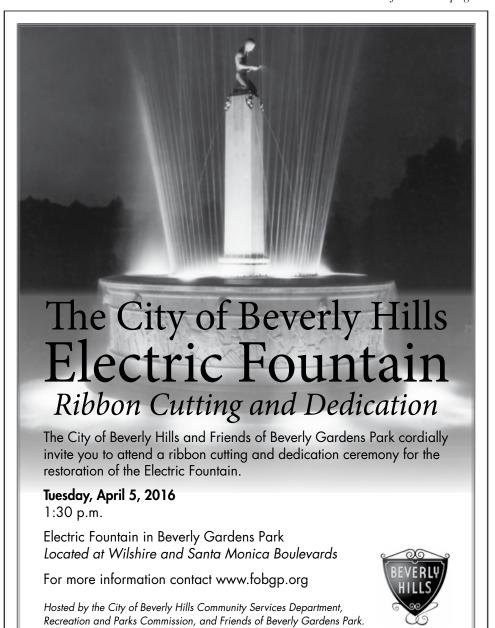

The Beverly Hills Teen Advisory Committee and City of Beverly Hills Community Services Department teamed up to hold the inaugural March Madness 3v3 basketball tournament for 6th to 8th graders on March 19. The event was hosted by the Teen Advisory Committee.

The Commission seemed concerned about the potential for intensification of use with the added space. Additionally, the rooftop lunchroom would need to be further set back from the building's façade in order to comply with what was outlined in the draft rooftop provisions.

The petition filed in Delaware court listed as much as \$1 billion in debt. According to Bloomberg, the debt includes \$175 million in 12 percent first-lien senior secured notes due 2019; \$164.1 million in second-lien secured notes; \$308.2 million in 8.875% senior notes; and \$303 million

Venoco's principal assets are heavily oil-weighted and located offshore and onshore in Southern California. The Denver-based company was founded in 1992 by Timothy Marquez.

The 1978 lease between the City, BHUSD and Venoco is scheduled to expire in December. Now that the company has filed for bankruptcy, it is unclear how quickly they will be able to clean up and remediate the oil well site on the Beverly High campus.

Board defers decision on **Beverly High graduation** requirements

At their meeting Tuesday, the Board of Education deferred voting on a policy that outlines changes to high school graduation requirements.

"We have the responsibility of setting policies that reflect the expectations of our community," said Board Vice President Mel Spitz. "Does staff expect us tonight to absorb 56 pages of supporting data, consider all the options and make this change within the time constraints of this meeting? If so, our approval tonight would amount to a rubber stamp."

In a presentation to the Board, Superintendent Steve Kessler said the revised policy includes an additional fivecredit requirement for completion of the four-year college and career plan.

"All students will, for the first time, have a written four-year high school and post-secondary plan, which will be created with their counselors during their ninth-grade year and updated every year until graduation," Kessler said.

A controversial matter, A-G coursework will remain part of high school graduation requirements under the revised

University of California applicants are required to complete a minimum of 15 yearlong "A-G" courses in grades 9 -12. Seven of the courses must be taken in the last two years of high school.

Among comparable school districts like Manhattan Beach, Palos Verdes Peninsula and Las Virgenes, the BHUSD ranks lowest for the percentage of graduates accepted to four-year universities. But out of the four districts, the BHUSD is also the only one with an A-G standard.

The funds needed to execute the policy are estimated at \$87,800. Following Spitz's recommendation, the Board will revisit the conversation at a future study

Aharoni proposes changes to Facilities Department policies

Newly appointed BHUSD Chief Facilities Officer Eitan Aharoni offered his recommendations for how the Facilities Department can streamline its procedures at the Board of Education meeting earlier this week.

Under a current policy, the Facilities Department is required to submit its intent to advertise for bids or solicit proposals (RFPs) to the Board. According to Aharoni, other districts do not require this pre-approv-

al. Instead, facilities departments generally utilize the district's pre-approved construction documents to advertise in accordance with the

Public Contract Code.

By eliminating the prerequisite, the district will simplify the procedure and save time.

Another change Aharoni recommended was increasing the value of construction agreements that Superintendent Steve Kessler has the authority to endorse. Currently, Kessler is unable to sign a contract valued at more than \$15,000. Other districts, Aharoni pointed out, have limits of \$45,000 or \$50,000. Increasing the

NOTICE OF PUBLIC HEARING

PLEASE TAKE NOTICE that on Tuesday, April 5, 2016 at 7:00 p.m., or as soon thereafter as the matter may be heard, in the Council Chambers of the City Hall, 455 N. Rexford Drive, Beverly Hills, CA 90210, the Council of the City of Beverly Hills will consider adopting an ordinance entitled:

AN ORDINANCE OF THE CITY OF BEVERLY HILLS AMENDING THE BEVERLY HILLS MUNICIPAL CODE TO ESTABLISH TIME LIMITS FOR LEGALLY NONCONFORMING AND CONDITIONALLY PERMITTED USES TO BE REESTABLISHED ONCE THEY HAVE BEEN DISCONTINUED

Nonconforming uses are uses that were allowed in the City when initially commenced, but, due to subsequent changes in City ordinances, are now prohibited or require some form of discretionary review, such as a conditional use permit. Nonconforming uses vary based upon the zoning district in which the use is located.

Conditionally permitted uses require review and approval by the Planning Commission. The Planning Commission has the authority to add conditions of approval to a conditional use permit in order to ensure that the granting of the permit will not result in impacts that the use might otherwise cause.

Currently, if a nonconforming or conditionally permitted use is discontinued for an extended period of time, the City's zoning regulations allow these uses to be reestablished with no further review by the City as long as no intervening permitted uses have been established at the premises. Under the proposed ordinance, if a conditionally permitted use or nonconforming use is discontinued on a property for more than five years, a property owner would need to obtain discretionary approval to reestablish the use. Residential uses and medical office uses will not be affected by this Ordinance.

This Ordinance has been assessed in accordance with the authority and criteria contained in the California Environmental Quality Act (CEQA), the State CEQA Guidelines, and the environmental regulations of the City. The adoption and implementation of the Ordinance is eligible for a class 5 categorical exemption for minor changes in land use limitations and will not have a significant environmental impact. Accordingly, the City Council will consider the Planning Commission's recommendation to find the Ordinance exempt from the environmental review requirements of CEQA pursuant to Section 15305 of Title 14 of the California Code of Regulations.

Any interested person may attend the meeting and be heard or present written comments to the City Council.

At the public hearing, the City Council will hear and consider all comments. All interested persons are invited to attend and speak on this matter. Written comments may also be submitted and should be addressed to the City Council, c/o City Clerk, 455 N. Rexford Drive, Beverly Hills, CA 90210. The comments should be received prior to the hearing date.

Please note that if you challenge the City's action in regards to this matter in court, you may be limited to raising only those issues you or someone else raised at a public hearing or in written correspondence delivered to the City, either at or prior to the end of the public hearing.

If there are any questions regarding this notice, please contact Timothea Tway, Associate Planner, Community Development Department, at 310.285.1122 or ttway@beverlyhills.org. The case file is on file at the Community Development Department and can be reviewed by any interested person at 455 N. Rexford Drive, Beverly Hills, California 90210.

West Hollywood Mayor Lindsey Horvath

You first served on the West Hollywood City Council from 2009 to 2011. How has your return to the Council been different?

It's nice to know I have the support of the community behind me and the leadership that I'm bringing to the

City Council. In turn, I'm looking to use my leadership to be of service to the community that asked me to come back and serve on the Council.

How would a Beverly Hills water rate increase impact West Hollywood?

The Beverly Hills water rate increase is something that we've been following for quite some time and we want to make sure that if there is a rate increase, that it's fair and equitable across all of the people who are served by the Beverly Hills water district. We know that the issue of drought in California has made water issues particularly challenging and we all need to do our best to conserve, and we have been doing that for quite some time in West Hollywood.

The housing makeup in West Hollywood is significantly different than the housing in Beverly Hills, so water usage will be very different between the two cities. We want to make sure that not only our rate payers are served equitably in terms of costs, but also in terms of the kinds of housing and types of water usage that they're used to. I know that some of it is based on percentages, but someone who is living in multi-family housing and has been conserving for years will be faced with a somewhat higher threshold—in terms of the percentage

decrease—than someone who hasn't been conserving and has a very large lawn that they're looking to keep manicured.

Unlike Beverly Hills, the West Hollywood Council rarely turns

over, except in the last election. Why do you think that is?

We're going to start seeing more changes in terms of the leadership of the West Hollywood City Council with the advent

of term lim-

its-that initiative passed in 2013, so that will contribute the changing makeup of our City Council. But I think people by and large tend to reelect leaders who serve them well. and I think that West Hollywood has certainly grown in positive directions over the past 30 years. Some of that

consistent leadership has allowed folks on the City Council to learn and to grow in their own leadership and what they've been able to do for the community.

You had a close working relationship with Julian Gold when he was Mayor. Tell us about that.

Julian has been a phenomenal ally, both to me personally and some of the issues and challenges I've faced working in West Hollywood, but also in helping each of us to best represent our cities to the other. We used our monthly get-togethers to talk about different issues that we knew would impact stakeholders beyond their borders. It's really nice to know that someone like Julian is interested in working together to collaborate and think regionally about the issues that will matter to both of our cities. He's been an outstanding = representative of Beverly Hills—very collaborative—and I'm very excited to also share that we will continue meeting

once a month to make sure our cities continue to have a working relationship. He's been an absolute joy to work with and I'm very grateful to have met him—both in terms of our professional working relationship and I'm also proud to call him a friend.

What's it like being just three years older than the city you serve?

We're a young city, both in terms of how old we are

since our incorporation, but also in terms of our constituency. About 50 percent of our city is under the age of 40, and when the electorate chose to put me back on the City Council, that demographic had someone that looked like them on the Council. It's not to say that other councilmembers aren't interested in the needs or issues facing a new generation in West Hollywood, but I think all you need to do is look at just about any industry that's hosting a conference, and there are often discussions [about] the millennial generation and the needs and interests and issues that we are facing. It's been a great honor and privilege to be a young person in leadership in this community, and I hope that all of the young leaders in our community will consider, for themselves, the possibility of getting more engaged with local government. In fact, I know that [Councilmember Julian] Gold and I both created young leaders task forces, in some form or fashion. On Monday, I'm initiating an item to create a young adult advisory board to advise our City Council on issues facing young adults in our community. As we talk about creating age-friendly communities, we need to make sure that both discussions are intergenerational. The young in our

community is a real asset.

What has been your proudest accomplishment as Mayor?

It's hard to say. There's a lot of good work that we've been able to do in this past year, which has been a very big year of transition for our city. I think one important way that I'm helping change the community is by helping people re-engage with City Hall, and a big change that I lead this

year was eliminating the deputy system that used to be present here. It's a big change for city councilmembers and for the way people engage with their elected officials, but I think it's helping change working relationships within City Hall and hopefully restoring and re-engag-

ing trust in the way we do business here in the city. In addition to that, we also initiated a comprehensive ethics reform effort and will be taking up those recommendations at our next City Council meeting. I really wanted to increase transparency and accessibility at City Hall and those initiatives are among some of the chief reasons that we've been able to do that this year.

Do you have any advice for incoming Mayor Lauren Meister?

We speak very regularly and I couldn't be more excited for Lauren to be taking over as mayor. It will not only give me a few more hours in my day, but I think it will also be very exciting to see a transition of leadership from one woman to another, which hasn't happened in our city since 1989. I think it will be great to see how women leaders can be seen differently in the community, because I think we have different types of leadership styles and issues that we focus on in the leadership that we bring. But we also have had a great working relationship, even through our differences, so I couldn't be more thrilled to see where Lauren will take us over the course of the next year.

Other districts also permit the superintendent and the Board president to sign amendments as long as they fall under a pre-established limit. The BHUSD does not, meaning that certain contracts are delayed until the next Board meeting, postponing the construction process.

of Runyon Canyon announced in March that Runyon Canyon Park will be closed from April 1 to July 31 for pipe replacement work. The Runyon Canyon Park Yoga Field will remain open throughout the construction project. However, the hiking trails and all other areas will be closed to the public.

"Public safety is the overarching reason to begin immediate work on this critical infrastructure project," Ryu said in a statement. "This temporary closure, while inconvenient, is absolutely necessary in order to keep the surrounding neighborhoods safe by improving the park's fire and flood protection systems."

Beginning April 1 and throughout the duration of the park closure, the community can visit any of the City's parks with similar outdoor recreation opportunities, listed below: Franklin Canyon Park, 2600 Franklin Canyon Drive, Los Angeles, CA 90210; Fryman Canyon Park, 8401 Mulholland Drive, Studio City, CA 91604; Hollywood Reservoir, 6399 Weidlake Drive, Hollywood, CA 90068; and Wilacre Park, 12601 Mulholland

The Runyon Canyon Water System Improvement Project (RCWSIP) will provide the community with an improved fire protection system, reduction in pipe breaks and water quality improvements for surrounding communities. The project scope includes replacing approximately 1 mile of 6-inch pipe that runs through the park.

WALDORF ASTORIA TURNS TO EB-5 FINANCING

Hotelier seeks \$150 million from foreign investors to fund project

By Mina Riazi

ing Waldorf Astoria Beverly Hills,

Beny Alagem, is attempting to raise \$150 million from foreign investors to fund the hotel project.

Alagem, who recently unveiled the Beverly Hills Garden and Open Space Initiative, which envisions a 26-story tower on

Santa Monica Boulevard, plans to raise the funds through EB-5 financ-

"It's a type of financing for major job creators and you qualify by being a major job creator," said Alagem's spokesperson Marie Garvey. "The Waldorf Astoria qualifies because it's a major job creator, both during construction and operation. [EB-5] represents a small portion of our overall financing because, as you know, we're well under construction and opening in early 2017."

Congress established the EB-5 program in 1990 to boost the U.S. economy through job creation and capital investment by foreign investors. In 1992, Congress created the Immigrant Investor Program, which sets aside EB-5 visas for participants who invest in commercial enterprises associated with regional centers approved by United States

The developer behind the upcom- Citizenship and Immigration Services (USCIS).

Garvey men-

tioned that real estate projects like LA Live, Century Plaza and several Hollywood hotels have all used EB-5 financing.

According to The Real Deal, the program is primarily used by wealthy Chinese nationals seeking permanent U.S. residency for themselves and their families. The \$150 million would be structured as mezzanine financing, Garvey said.

Access to cheaper capital is one of the advantages of using the EB-5 program. While a typical mezzanine loan can accompany an interest rate of 10 percent or more, EB-5 capital can cost just half that. Investors use the program to obtain a green card rather than make significant returns on their investments.

The Waldorf Astoria applied to qualify for the program in June 2015 and expects to be accepted and complete the financing by fall.

"The Waldorf Astoria qualifies [for EB-5 financing] because it's a major job creator, both during construction and operation. [EB-5] represents a small portion of our overall financing because, as you know, we're well under construction and opening in early 2017" - Marie Garvey

BOARD FORMS ADVISORY COMMITTEE, INCREASES K-3 CAP TO 23

Deliberates controversial decisions during four-hour meeting

"By every standard

of comparison, 23

students in a class is a

small class"

- Board Vice

President Mel Spitz

By Mina Riazi

of Education supported Superintendent Steve Kessler's recommendation for a seven-person advisory committee that

will assess the district-owned residence located at 220 North Doheny Drive.

The committee will be comprised of Woody Clark, Josh Friedman, Bradley Gibbons, Colleen Knerr, Don Rosen, Joe Safier and Bob Sternshein.

Colloquially known as the "superintendent house," the Doheny Drive property has sat dormant since former Superintendent Gary Woods moved out last May.

Late last year, after learning that the district did not have the state's permission to lease the property, the Board directed Kessler to remove the listing. The residence had been listed for \$7,500/month.

The district is expected to offer the property to different agencies, including the City of Beverly Hills and the University of California system, and ask whether they are interested in buying or leasing it.

Last December, Coldwell Banker realtor Michael Libow, who originally had the listing, said he believes

At Tuesday's meeting, the Board the superintendent house will sell for around \$2.3 million. The district paid \$1.5 million for the home in 2012 and is currently spending \$138,361 on it

annually.

Later, the Board pushed forward an amended version of a policy pertaining to class sizes at the K-3 level. Board member Lisa Korbatov voted against the change, which increases the cap from 20 to 23 for

grades kindergarten through third.

"By every standard of comparison, 23 students in a class is a small class," said Board Vice President Mel Spitz.

Recent enrollment numbers for the district's four K-8 schools show that several sections are severely underenrolled, as reported by the Weekly in issue #854. The district has been stuck in a cycle of deficit spending for several years, meaning expenses have exceeded revenues.

Board member Noah Margo mentioned that no faculty members have spoken out against the new policy.

"That tells me one thing—that it's not that big of an issue," Margo said.

Kessler, a former teacher and principal, also backed the change.

You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call (844) 477-7869 or visit this Internet Web site WWW.STOXPOSTING. COM, using the file number assigned to this case 036062-CA Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web site. One Beverly Hills is Projected to Generate at Least \$8.7 Million a Year in New Revenue

By removing 5 floors of residences and replacing them with a 134-room luxury boutique hotel, One Beverly Hills will create significant new revenue for the City.

CBRE Hotels (formerly PKF Consulting), a leader in the field of hotel economics, concluded that One Beverly Hills will generate at least \$8.7 million a year in new revenue to the City at hotel stabilization.¹

That is over \$6 million more per year than the currently approved project.

Much of this revenue is generated from transient occupancy tax that is paid by guests staying at the hotel and goes directly to the City of Beverly Hills. This money cannot be taken away by the State.

These new funds can be used to support our schools, police, fire, street maintenance and other city services that make Beverly Hills one of the finest cities in the world.

And all of this is accomplished with no substantial changes to the overall architectural concept, height or square footage from the approved Richard Meier & Partners Architects designed project.
