"One More Time"

Walking around Beverly Hills and taking photographs has been for years, a joy to me

This city has so much to offer in terms of photographic opportunities. One such delight is the artwork that is literally everywhere.

We have become a city of art and one of our newest additions is called "One More Time" and it was the Mayor's Purchase Award, 2019, by John Mirisch.

It is at City Hall [see photo on page 7]. Over the years, Mayor Mirisch has been an advocate for the expanding of art and artistic culture in Beverly Hills.

His efforts have been rewarding for all of us. The only drawback is that running tin man with the pots and pans on top of him on Santa Monica Blvd.

Perhaps we can move that next to a restaurant and put something else that truly belongs opposite Rodeo Drive?

Single-family property project on Miradero stalled due to residential concerns

Public comment from residents disrupted the postponement of a single family property to be built on 1134 Miradero which had "no specific date" set, and a "recommendation to fully take [the project] off the calendar" from Assistant Director of Community Development Ryan Golich.

The Planning Commission opened for public comment after the recommendation by Golich. Beverly Hills Hillside Protection Association President Ronald Richards requested extra time as he was

speaking on behalf of the Association, and was asked by Acting Planning Commission Chair Peter Ostroff to be as "concise as [possible], particularly given that we are not addressing anything that has to do with [the Miradero] project."

"That is one of my concerns," Richards said. "This is part of the problem; this project was put into motion without any variance applications having been filled out."

The Planning Commission was to review two Variances, three Hillside R-1 Permits, and a Tree Removal Permit to allow for the construction of the new two-story single-family residence and accessory swimming pool on the property located at 1134 Miradero Road.

The project was originally noticed for the Planning Commission meeting on July 25. Another notice of the project was provided on July 5 in the form of a direct mailing to all adjacent properties on Miradero Road.

However, the applicant did not install poles to demonstrate the height, bulk and location of the project located in the Hillside Area of the City requesting to exceed

1134 Miradero Road

Code required height limitations must install story poles in full compliance with the Director's rules and regulations regarding installation. The City of Beverly Hills Story Pole Policy requires that story poles be placed prior to public notification. Although staff was informed by the applicant that story poles would be timely installed as required, the applicant did not satisfy the installation requirements.

"It's an abuse of the residents time to have us ramp up for a project, only to discover there are no variance applications [completed]," Richards said. "You can't keep moving the ball if there's no application, or there filled out incorrectly. You can't have staff secretly put this back together and notice it without these applications correctly filled out. That's not right."

Richards went on to say that residents should not be compelled to attend a hearing in the middle of the day on a project that is "horrendous."

Ostroff suggested that Richards not go into great length on a project that "may not happen," and at the least "certainly will change."

The project, Richards said, *point* would "dramatically change the bucolic nature" of the hillside. "I've never seen a project with more exemptions than

this one," Richards said. Richards suggested to the commissioners that the project be withheld from the

calendar until updated and complete applications are filled out.

"That is a reasonable request," Ostroff said, "and staff will continue to take direction once we've properly considered [the project]. We should learn from the procedural issues and try our best to correct them."

> The commissioners made a motion to move the project to a date uncertain. The developer was not present for comment.

Uptick in Middle School Enrollment in the BHUSD

Enrollment at Beverly Vista Middle School appears to be on the rise, according to a report at last Tuesday's BHUSD board meeting.

The projected increase in enrollment when combining the four middle schools into one

was 912 students total. As of July 15, the enrollment at Beverly Vista is 951.

"[In middle school] we have 40 new students either returning back to the district, or new to the District," Assistant Superintendent for Education Services Dustin Seemann said. "Our largest class, the 7th grade class, has jumped [by] about 30 students."

Currently enrolled are 296 students in 6th grade, 341 students in 7th grade, and 314 students in 8th grade. Beverly Vista's capacity is approximately 1000 students. "Some people have said that our high

Southern California Edison warns of phone scams

Last week, *Beverly Hills Weekly* had received a very creative and convincing call from a scammer posing as a SCE employee. The fraudulent call had been reported to Southern California Edison, one of many that customers have reported through Southern California.

"Southern California Edison continues to warn customers that scam artists have gotten more aggressive and creative in their attempts to trick you out of your money and personal information," SCE Corporate Communications Manager Susan Cox said.

Since January, SCE customers have been scammed out of nearly \$200,000. Edison takes every fraud complaint received seriously and investigates them. So far this year, the utility has helped phone carriers disconnect more than 600 scam numbers.

"We have seen a spike in reports of people showing up at customers' residences and businesses claiming to be from Southern California Edison," Senior Manager for SCE Consumer Affairs Kari Gardner said. "Our employees always have their SCE ID badge on display for customers to see. And you can always call our Customer Service Department to verify unscheduled visits."

SCE advised that customers should be aware of certain 'red flags' from scammer calls and impostors posing as SCE employees.

"Never make a payment over the telephone in response to an unsolicited call threatening to disconnect your service if you don't pay immediately. SCE does not have a Disconnection Department," Cox said. "SCE does not accept prepaid debit cards, bitcoins or gift cards for bill payment. SCE employees never ask for, or collect, money out in the field."

"Don't trust caller ID, even if it says Southern California Edison. Criminals routinely use a caller ID 'spoofing' scam to fool customers into thinking they're talking to a real Edison employee," Cox

BHUSD reintroduces Geometry class at middle school level

The BHUSD will reintroduce Geometry at the 8th grade level, according to a report presented to the board last week.

Geometry was introduced in the middle school nearly 20 years ago in response to the state standards of the time that required all 8th grade students to take algebra 1.

> L o n g - t i m e Beverly Vista math teacher Mark Frenn will be overseeing the course.

"The math department reasoned that honors students should then take ge-

and

ometry

Mark Frenn

we worked to introduce the new course, despite the significant restrictions afforded by a K-8 schedule," Frenn said.

"To ensure the maximum success of this course and properly prepare the students who would be candidates for this course, the department decided to move Honors Algebra from grade 8 to become the new Honors 7 math course and Honors 7 math became the new Honors 6 course," Frenn said. "Unfortunately, due to the relatively small numbers of middle school students at each site, and the sizable attrition rate among the honors students, the number of students making it to Geometry fell sharply over the three years we kept the course in the middle school."

The district reconfiguration is the catalyst for the revitalization of the course at the 8th grade level.

"Now that we have reconfigured to a dedicated middle school, the increase in numbers of middle school students allows us to offer a more diverse math program and better meet the educational needs of all our students," Frenn said.

"The course will be offered when there are any middle school students who qualify to take the course, which happens to be the case at this time," Frenn said.

Students who successfully complete the Honors Geometry course in middle school will begin their freshman year in Honors Algebra II. These students will be eligible to take either of the Calculus classes (both are AP level) by 11th grade and another AP class, such as Statistics, in 12th grade. "This is particularly advantageous for students who are inclined to pursue a career in mathematics, engineering, or any other technical sciences," Frenn said. Geometry, including honors, is a required course and successful completion is a prerequisite for any Algebra II courses.

In an unusual staffing assignment, Frenn will be teaching seven-fifths, whereas a

standard full-time employee at BHUSD teaches five-fifths, or five classes per day.

City's preschools full at all six sites with waiting list

All six preschool locations in the City are at full capacity, with 20 students at each site and a waiting list for admission.

The preschool sites are Roxbury Park, Coldwater Park, and La Cienega Park; three will be located at Hawthorne Elementary this upcoming school year following the district reconfiguration, replacing one school at Beverly Vista previous to the reconfiguration.

All programs are licensed by the state and therefore follow the school district's calendar and regulations. Each preschool must have a head teacher, teacher, and teacher's assistant,

All preschools have reached full capacity according to Section 18290 of Title 5 of the California Code of Regulations, which states that children aged 36 months through to kindergarten enrollment must adhere to a 1:8 adult-child ratio, or a 1:28 teacher-child ratio.

Beverly Hills residents can attend any of the six preschool programs and are given preference over non-residents.

Preschools are recreation based. "Our philosophy is learning through play," La Cienega Park Recreation Supervisor Lisa Perry said. "We get them kindergarten ready, and [the students] are ready to hit kindergarten with BHUSD."

Children learn rudimentary social skills, fine and gross motor skills as well as number, color, and shape recognition. Students follow letter and number literacy requirements by state. Prospective students must be two years of age to be placed on the waitlist. Birth certificate and proof of residency are required.

Planning Commission approves removal of code that sets 1,000-room limitation for hotels

The Planning Commission has unanimously approved the removal of a 1000room limitation for hotels that was set in 1984.

The City Council discussed the regulation in the Beverly Hills Municipal Code (BHMC) that sets a 1,000-room limitation on the number of hotel rooms that can be approved in the City after November 1, 1984. At the session, the Council unanimously directed staff to work with the Planning Commission to explore the removal of this hotel room cap.

Ordinance No. 84-O-1937 established regulations for hotel development in the City. The regulations were codified and then adopted by the City.

At the time of adoption, the stated objectives in the ordinance were to establish standards for hotel development that are sensitive to the quality of life and the character of adjacent residential zones and distinguish between the nature of hotel related activities and those associated with general commercial development.

"The intent of the limit [in 1984] was to minimize traffic and environmental impact on residents," Senior Planner Timothea Tway said. "The concerns in the 80's was generally a feeling that hotel development, if left unregulated, could impact residential areas."

The regulations established in 1984 included a conditional use permit, a requirement that street facing ground floor uses in hotel developments be retail or pedestrian oriented, a limitation on the maximum capacity for hotel public meeting rooms and public assembly areas, and the establishment of hotel parking requirements.

At its May 21 meeting of this year the Council discussed interpretation issues and the current status of the hotel cap in the City. As part of that discussion, the Council reviewed which constructed, approved, and pending hotel projects have included rooms that are counted towards the cap.

The proposal set forth before the commission was to remove this section of the ordinance. The removal was unanimously approved by the Planning Commission.

By removing the ordinance, there will no longer be a maximum number of hotel rooms that can be built in the City.

The removal of this code does not change the other hotel related regulations in the code that were adopted in 1984. During the May 21 session, the Councilmembers noted that a number of factors have changed since the cap was established in 1984 including, but not limited to, the nature of the economy.

Removing the hotel room cap will provide new opportunities for hotel developments in the City. Any new development will require the Planning Commission to grant a Conditional Use Permit, at which time specific conditions can be imposed on the project to address any concerns about negative impact.

Some residents are in favor of the removal as well.

Larry Larson recalled a similar situation involving the Four Seasons Hotel.

"The Four Seasons left the city because of [this ordinance] and is at the foot of Beverly Hills," Larson said, "and Los Angeles County collected the taxes while [the City] got the traffic."

Larson argued that, if hotels within the city cannot develop, they'll go to Los Angeles. "There are two hotels already doing well there, and if we remove [the cap], what do we have to lose?" Larson said.

"This is a no brainer," said Planning Commissioner Lori Greene Gordon. "I was here during the Four Seasons [departure] in 1984, we lost the opportunity to have the building in our community. We can't change the past, but we can move forward."

The Councilmembers noted that the cap is arbitrary is not an effective way to limit potential negative impact of a hotel development in the City. Several Councilmembers stated that identified negative impacts of a hotel development should be considered and addresses on a case-by-case basis when an applicant seeks a Conditional Use Permit to construct a hotel, rather than being addressed through a blanket cap on hotel rooms.

Chief Financial Officer of The Peninsula Hotel Dan Parks also favors the removal, but has asked the City to conduct a study following the removal. "[The City should] undertake a supply and demand study to look at hotel business in the City," Parks said, "is there a demand for additional rooms? Do we need a conference center? We need to know if it is truly in city's best interest."

All commissioners voted in favor of the removal, which will be presented before the City Council.

School District traffic mitigation solution presented

BHUSD retained consulting services to prepare a traffic study with potential traffic mitigation measures following the reconfiguration of the district.

The reconfiguration of the BHUSD may pose potential traffic circulation starting August 2019 at the start of the school year. The impacted schools are Beverly Vista, Horace Mann, and Hawthorne schools due to the two-year closure of El Rodeo School for full-time construction.

The Traffic and Parking Commission (TPC) reviewed traffic mitigation plans developed by Transportation Planning and Traffic Engineering team in collaboration with the Beverly Hills Police Department and BHUSD, at the May 2 and June 6, 2019 TPC meetings. The TPC is scheduled to receive public comment regarding the plans at the July 11 2019 TPC Special Meeting.

Starting in February 2019, staff prepared for the anticipated changes in neighborhood traffic by conducting field observations, collecting spot counts and talking with Traffic Control Officers (TCO) at each of the stated schools.

Staff and BHUSD agreed to multiple modifications for more efficient student pick-up and drop-off hours at Beverly Vista School. Existing signs will be replaced with 'No Parking, 7 am. to 9 am. and 2 p.m. to 4 p.m., Passenger Loading Only, except Saturday and Sunday" signs on the East side of Elm Drive adjacent to Beverly Vista School, South side of Charleville Boulevard between Elm Drive and Rexford Drive, North side of Gregory Way between Elm Drive and Rexford Drive.

Both parties agreed to modify existing signs at Horace Mann. Existing signs on the west side of Hamel Drive, between Wilshire and Charleville Boulevards, will be replaced with "No Parking, 7 a.m. to 9 a.m. and 1 p.m. to 4 p.m., Passenger Loading Only, Except Saturday and Sunday." The south side of Charleville Boulevard, immediately west of Arnaz Drive, will become a 3-hour parking zone from 8 am. to 6 p.m. "No U-turn" signs will be installed along Hamel Drive between Wilshire and Charleville Boulevards

Only one traffic modification is proposed within the vicinity of Hawthorne, to replace the existing passenger loading signs on Rexford Drive adjacent to the school with "No Parking, 7 a.m. to 9 a.m. and 1 p.m. to 4 p.m., Passenger Loading Only, Except Saturday and Sunday."

The transportation work plan includes installing the new signage on the public right-of-way in mid to late July, scheduling a joint meeting with BHPD and BHUSD prior to the start of the school year to review the traffic circulation plan and clarify operation concerns from both agencies. Staff will observe traffic conditions during first few weeks of school and make adjustments as needed.

The cost of modifying parking and loading signs would be nominal and will be installed by City staff.

Landlord threatens tenant eviction in favor of shortterm rentals, tenants say

Long-term tenants are facing eviction from landlords in favor of short-term leases. Although the City actively enforces regulations covering short-term rentals in residential neighborhoods, Airbnb and VRBO, short-term rental sites, are still active and popular among tourists.

On Tuesday, July 16, a group of tenants spoke before the City Council on their experience.

The tenants, who live on 328 North Oakhurst Drive and have lived in the unit under rent-controlled conditions for years, can be removed as per the Ellis Act. The Ellis Act is a 1985 California state law that allows landlords to evict residential tenants to essentially withdraw from the rental business. It was passed in response to the state's Supreme Court decision in Nash v. City of Santa Monica.

However, the City has placed strict enforcements on short-term rentals, citing that limits on transient occupancy preserves neighborhood quality of life. The Oakhurst tenants believe the property owner wants to evict them in order to utilize the units for short-term leases via Airbnb.

One such tenant was offered a "\$1500 incentive" by the property owner to leave. "There were no offer of relocation fees," he said. "I was up until 3 a.m. last night worrying about what to do or where to go."

"We have residents who are in need now," Mayor John Mirisch said. "Planning commission has put developments before residents, and we have to put residents first. The Ellis Act remains and we see abuses of it, either with new buildings or with existing buildings using Airbnb."

The subject of inclusionary housing was brought up at the formal Council meeting as well.

"In theory, they cannot do this per the Ellis act," Mirisch said, "but, they can still [be displaced] if the landlord were to tear [the property] down and create luxury condos. It is something that needs to be addressed."

The Council asks that if anyone who suspects a property is being rented out to short-term tenants they are encouraged to call Beverly Hills Community Preservation at (310) 285-1119.

Property manager Sammy Shoayo did not return a call for comment.

Strategic Planning Committee discusses possibility of Historic **District in City**

Residents have expressed interest in introducing a historic district to the City, as was dis-Planning Committee Meeting. change

Discussion was led between stakeholders and the Committee regarding residential uses in the Southeast: how residential and commercial uses support and impact one another, residential uses to support vibrant commercial uses, and commercial uses must be sensitive to residential areas.

'Specifically for the La Cienega Boulevard and Wilshire Boulevard district, a theme that came to mind is that the whole area can be called a historic district," a stakeholder said.

The possibility of the area being touted as a "Theatre District" or "Entertainment District" has been discussed, but it was mentioned that the area encompassing the blocks surrounding the intersection can be considered an overall Historic District given its many iconic properties.

Councilmember Julian Gold argued that this historic status may drive away potential developments, "because the price of land is so high, that if you limited it to two stories, I'd be surprised if anybody wanted to develop."

"We have to do something that would fiscally make sense," Gold said

"There should be a unifying theme somewhere in this area that identifies it in some way or another," Assistant City Manager Nancy Hunt-Coffey said.

Hazardous Waste Roundup to be held on September 28

City Council has approved an agreement with the County of Los Angeles to hold a countywide Hazardous Waste and Electronic Waste Event to be held on September 28

For over two decades the City and Los Angeles County have partnered to encourage and educate patrons on the proper disposal of hazardous wastes found in the home. The annual agreement with the County details sponsorship of the one-day event in Beverly Hills for the proper disposal of universal wastes, such as motor oil, paint thinners, anti-freeze, varnish, pesticides, batteries, and other household hazardous products. Electronic wastes such as computer monitors, televisions, computer keyboards, printers, and cell phones must also be properly disposed of. The event, or 'roundup,' will focus on providing residents with an environmen-

cussed on July 8 at the Strategic Tentative map of roundup location - subject to

tally safe means and place to dispose of these wastes.

The 'roundup' will be held on West Third Street between Foothill Road and Civic Center Drive.

It will be scheduled, advertised, and available to the public between the hours of 9 a.m. and 3 p.m. on September 28, 2019, although household hazardous and electronic waste may be accepted as early as 8 a.m. and as late as 4 p.m.

& Cantor Yonah Kliger

Cantor Yonah Kliger discusses the "Judea Bowl" concert series

How did the idea for 'Judea Bowl' come about?

We have a robust music program here at Temple Judea, with various concerts throughout the year. I work in conjunction with Rabbi Cantor Alison Wisston in the Temple, and we wanted to take them outside of the Temple in a beautiful setting outdoors. This was something that I had done at my previous congregation.

[But] the Judea Bowl had been around before I started here. Rabbi Cantor Alison Wisston was the one who had envisioned the original part of it. But when I started here, we weren't doing the Judea Bowls outside, so we decided to have a beautiful, late afternoon summer concert.

We have a congregant who has a beautiful fruit orchard out in Moore Park, and if you can imagine, as the sun is setting, people are bringing picnic dinners and lawn chairs; kind of like you're going to

a concert at the Hollywood Bowl.

The event is ticketed as a "friendraiser, not a fundraiser," can you explain?

Many congregations will have concerts that are meant to entertain, or meant to raise money, either for the music program or the temple at large. We have a [fundraiser] once a year, and it's a very important that we do; but for this, we really wanted the opportunity for people to just come together and enjoy being together in a light, fun atmosphere. So the point wasn't to raise money, but just to raise community.

Who is invited to attend the event?

The event is primarily for our members, although it is open to the community.

What musical acts will be performing at Part II of this year's concert series? We have a light concert featuring and Charlie is the head song leader at

of musical genres; Broadway, pop, Jazz. This year, we're having a theme that we're calling "music that move us, songs from our youth." So, there are songs that sort of inspired each one of the performers from a young age, or songs that got us into music and performing. There may be songs from the 70's, music from the 80's, and one of our performers grew up in the 90's, so it kind of runs the gamut of the stories through music" generations.

The three performers who were recent-

ly featured at our first Judea Bowl earlier this summer were Charlie Kramer, Elizabeth Woolf, and Lexi Weekly. Both Elizabeth and Lexi were recently selected as finalists in the Jewish Star Talent Search,

various colleagues, and there's a range Camp Hess Kramer as well as a major

voice in the current Jewish music scene.

This year, as a special guest, our Senior Rabbi Josh Aaronson will perform some Bruce Springsteen, or maybe something by The Who, so we're excited that he's going to be joining us as well.

How does the event benefit the Temple and its members?

It's a great way to bring community all together and a very personal way to tell stories through music. It's a communal gathering. We just want everyone

to come and have a great time, connect with old friends, and make new friends.

Kevin Allen on opening a new middle school

Beverly Vista's new principal discusses the challenges and opportunities that come with opening a new middle school

So you're opening a brand new middle school, what is that like for you and your faculty?

There's actually a lot of excitement for all of us; for a long time, our middle school staff has been separated at four different school sites. So, collaboration and the ability to share best practices with their peers has not been an easy thing.

For instance, at any particular school site you would have two English teachers. So the pool is small, now we're rolling into a [situation] with seven English teachers. Now, when they get together for a department meeting, there are seven teachers sitting in a room. They can collaborate, share best practices, really support kids more directly. So this is ex-

citing for the staff especially.

Did you expect to have classrooms at near-full capacity?

We knew that we would be pretty full; we were pleasantly surprised that, as soon as we announced the [opening of] the middle school, we had a lot of students coming back from private [schools]. We've grown quite a bit since May.

What are some of the physical changes or renovations that BV underwent during the summer?

A kindergarten classroom has been transformed into a dance studio, and in the entire kindergarten play yard all the fences have been pulled out and it has now become an 8th grade lunch area with tables and umbrellas. It looks more like a small college campus and has the feel of [that].

Our locker rooms have been opened up

to create additional instructional space. Those are some of the biggest changes that have been going on. All of the elementary furniture has been shipped out to the elementary schools.

We're reporting this week that geometry will be reintroduced to the middle school curriculum (see page 3), are there any other changes to the curriculum, or any courses that are unique to BV?

Geometry will be introduced the year [following] moving forward. We are now accelerating kids: our new program will allow for faster acceleration through math. So we are anticipating the need for a geometry class

next year. There are many other classes being offered. We're offering dance, forensic science, history through film, and now, our

ness disputes, wills and trusts, and other legal issues.

Anyone from the public seeking answers to legal questions and problems is welcome to attend the clinic. Subsequent clinics will be held on Saturday, September 7, Saturday, October 5, and Saturday, November 2.

Attendees are drawn from Beverly Hills and the Greater Westside, Santa Monica, Hancock Park/Beverly & Fairfax/West Hollywood, and more.

middle has a musical theatre program for all students. Our STEM program has expanded as well. These are just among the few "new" classes being offered.

What would you say has been the big-

gest challenge? I think early on the biggest challenge was just communicating with the community, and letting them know what we're expecting and what we've got in store for them. I think, initially, it was about just allaying some of the concerns or fears of the community.

Then, more recently, just preparing the physical school site, making sure that we can feed 950 kids at one time, or making sure that the school

site looks like a campus that the kids could be proud of. [We want to] make sure that we're ready for those kids on the first day of school.

BHUSD'S CITIZEN'S OVERSIGHT COMMITTEE VOICES CONCERN OVER LEGAL FEES

By Allyson Aleksey

The Citizen's Oversight Committee (COC) has provided its tenth annual report on the \$334 million general obligation Measure E bond initiative passed in November 2008, and presented their report covering BHUSD's 2017-2018 fiscal year, or the period from July 1, 2017 through June 30, 2018.

Measure E finds have been paid to support the cost of litigation opposing the Metro's expansion into the City. The total amount spent from the inception of the bond measure relating to litiga-

tion costs was \$15,707,000. This total amount represents 8.56% of the total expenditures allotted to the District.

"The [\$15,707,00] was the total cost [used] to fight the MTA," COC member Richard Schreiber said. "The COC was hoping they would spend the money, but throughout FY19 they were still funding out of that bond fund, so they still had [funds] to spend toward litigation.'

The district's litigation against the Metro was unsuccessful upon appeal, and as a result, the district filed a new Federal lawsuit on January 29, 2018 asserting that adjustments to the proposed subway tunnel must be made.

Again, the COC asserts that the district does not possess the necessary funds or budget for this litigation. The COC claims that past and future legal expenditures will only reduce bond funds that must rather be allotted and available for construction, according to the report.

The COC is concerned that BHUSD has not presented a clear or reasonable strategy for this litigation, and that the litigation fees and costs are not monitored accurately.

"Their [BHUSD] strategy is to, hopefully, get a settlement out of Metro," Schreiber said, "which would be used to reimburse the funds and costs of legal services '

Principal duties of the COC are to ensure that proceeds have been expended for the purposes set forth in Measure E ballot language, report on the progress annually to the public and provide a compliance statement. They are tasked with informing the public concerning the expenditure of bond revenues. The COC shall actively review and report on the proper expenditure of taxpayers' money for school construction.

The COC compiled other concerns before the BHUSD Board on Monday, July 22

The fiscal report showed that improvements to Beverly High have cost the most out of the district, a total of \$109,308,666, with \$51,228,242 remaining in the budget balance.

Labor charges totaling \$158,034 were allocated between the Bond Program and other District activities without direct cost identification.

However, the COC noted that BHU-SD did not have well-defined policies and procedures surrounding in-house and consultant staffing for the Bond Program.

Human Relations Commission Now Accepting Nominations for Embrace Civility Award

The City is looking to honor an outstanding individual who demonstrates

> and promotes positive civil behavior. Take five minutes and nominate someone for the eighth annual Embrace Civility Award, which recognizes local people who contribute to civility and exemplify positive human relations in all aspects of community life.

The award is given to a community member who exemplifies one or more of the following attributes: acts as a role model of positive civic behavior, takes a stand in support

of respect and responsible actions, and promotes positive neighbor-to-neighbor relations.

"We're looking to honor someone who has created positive, lasting civil change and inspires others to take action," Human Relations Commission Chair Annette Saleh said. "We're asking the community

Concern Foundation's 45th annual block party raises \$1.8 million for cancer research

Concern Foundation for Cancer Research held its 45th annual block party on Saturday, July 13 on the back-lot of Paramount Studios in Hollywood. The event hosted approximately 4,000 guests and raised \$1.8 million for cancer research through ticket sales, donations, and auction items.

The event featured multiple stages of live entertainment, casino style games, live and silent auctions, as well as food, des- Pericles serts, and beverages from over 70 restaurants and caterers.

Since its inception, Concern has raised over \$68 million in salary support for those of whom provide research towards a cure. This year, in honor of their lifetime of contribution and efforts in support of the Concern Foundation, Judy Carroll, Lexy and John Carroll, and the Carroll family were awarded the Lifetime of Giving award. The event was led by the Concern staff, a team of volunteers and designed by John Ferdenzi of Town and Country Event Rentals.

Pericles performance at the Griffith Park free **Shakespeare Festival**

Independent Shakespeare Co. (ISC) presents "Pericles" at the Griffith Park free Shakespeare Festival.

The group is to perform in Griffith Park as the second of productions this season, running in repertory with "Twelfth Night" through September 1.

Directed by ISC Co-Founder and Artis-

tic Director, Melissa Chalsma, "Pericles" will open on Saturday, August 3 at 7 p.m. and perform through Friday, August 30 at

the Old Zoo in Griffith Park. All ISC summer Shakespeare productions are free to the public.

"I think modern companies may shy away form *Pericles* because of its fantastical, epic quality-it seems too big to fit into a theater! However, it was one of the most popular plays in Shakespeare's time, and the Elizabethans definitely got that right," Chalsma said. "It's very scope makes it a thrilling opportunity for imaginative staging, and the way the story shifts between low comedy, high tragedy and gorgeous romance ensures that there is something for everyone. I'm so excited to

You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county

recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these re-sources, you should be aware that the same lender may hold more than one mortgage c deed of trust on the property. NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call **800-280-2832** for information regarding the trustee's sale or visit this Internet Web site http://www.qualityloan. com, using the file number assigned to this foreclosure by the Trustee: CA-19-855193-BF. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web site. The best way to verify postponement information is to attend the scheduled sale. The undersigned Trustee disclaims any liability for any incorrectness of the property address or other common designation, if any, shown herein. If no street address or other common designation is shown, directions to the location of the property may be obtained by sending a written request to the beneficiary within 10 days of the date of first publication of this Notice of Sale. If the sale is set aside for any reason, including if the Trustee is unable to convey title, the Purchaser at the sale shall be entitled only to a return of the monies paid to the Trustee. This shall be the Purchaser's sole and exclusive remedy. The purchaser shall have no further recourse against the Trustor, the Trustee, the Beneficiary, the Beneficiary's Agent, or the Beneficiary's Attorney.
