Olympic Parking Restrictions

The proposal to extend the "No Parking" restriction from 7-9 a.m. on the north side of Olympic Blvd to 7-10 a.m. is flawed and should not be passed by the City Council.

It will not speed traffic through the city, it will just increase the number of cars on Olympic Blvd. during rush hour. Like water, traffic seeks it own level and cars that now use Pico from the freeway or Century City will now just use Olympic instead.

It will not decrease cut-through traffic in the residential streets, particularly, as much of the neighborhood traffic is generated by residents; their destinations are often times within the city, such as schools and local businesses.

Accidents on Olympic will still occur because cars dart in and out of the parking lane at all times of the day, just to get there "a little bit faster." Increased traffic will cause only increased acci-

"Sisyphus" smashed

Art piece on Burton Way undergoes investigation for repairs **By Abbey Hood**

In 27 years working for the city Recreation Services Manager Brad Meyerowitz said he has never seen anything like it.

On Burton Way a bright red painted steel art sculpture in the middle of the grass has sat surrounded by caution tape since May. The tape is not a part of this contemporary sculpture dedi-

cated to former Mayor Reynolds Pepper. It is the tape left over from a scene of an accident. And the investigation similar to a "CSI" series is not about who did it, but about how to fix it.

On the early morning of May 25, Edgar Zaragosa, came speeding down Burton Way when he lost control of his vehicle, said Lt.

Mitch McCann. The car sped out and slammed into the late Alexander's Liberman's "Sisyphus" sculpture on the center grass divider.

"Sisyphus," a Greek word for a cruel condemned king of Corinth, was completed by Liberman in 1988. Two to three days of packing and securing the art work, "Sisyphus" arrived from the East Coast to Beverly Hills in 2001 for instillation.

The city could not touch the \$165,000 piece, paid for by the city's public art fund and Murray Pepper, until now. Usually, when a

piece of art is damaged the artist will assess the damage and take the steps needed to fix it. Because Liberman passed away in 1999, a conservationist and the curator from Liberman's estate were brought out Tuesday to determine if the piece is repairable.

The curator and the conservationist stated

piece the repairable. The next steps will be to remove the piece as safely as possible by a professional art handler in Los Angeles. After de-installment and being placed on a flat bed, the piece will be taken to the conservationist's studio, said Meverowitz. The conservationist will assemble the piece as

best accordingly to the original intentions of the artists that will be translated through the curator of the estate.

Cost of the damage is yet to be determined, as the repairs are in the preliminary stages. Zaragosa's insurance will be fully responsible to cover the costs for the repairs. The issue will come up as to whether or not he will have enough coverage under his current auto policy to pay for the amount of damage. The city is insured for the sculpture.

"It [the sculpture] is a real sensitive subject," said Meyerowitz.

Project Description

The Applicant, Wilshire Colonial Partners, LLC, has proposed to develop a five-story, maximum 61-foot high (including rooftop uses), mixed-use project on the vacant lot at **8600 Wilshire Boulevard**. The project would include a maximum of 25 residential condominium units; 6,383 square feet of ground-floor commercial space; and, up to 97 parking spaces located in a multi-level subterranean garage. Access to Project parking would be from Stanley Drive. The Project's loading facilities would be located on the site off of, and accessed from Stanley Drive. Approval of the project would be dependent on approval of a general plan amendment and an overlay zone for this location because the current C-3 zoning does not allow residential use; the current R-1 portion of the site would not allow multiple dwelling units; and the Project would exceed the existing three-story/45-foot height limit and FAR (Floor Area Ratio) allowed in the C-3 and/or R-1 Zone. In addition, approval of the project requires City Council approval of a planned development permit, a vesting tentative tract map, and a development agreement for this mixed use project

Background Information

At the City Council meeting of September 19, 2006, the City Council of the City of Beverly Hills considered an appeal of the Planning Commission's denial of a general plan amendment to allow a mixed use development project on the vacant lot at 8600 Wilshire Boulevard at the southwest corner of Wilshire Boulevard and Stanley Drive and extending southerly to Charleville Boulevard (the "Project Site"). The City Council approved in concept a mixed use development for the Project Site, and remanded the matter to the Planning Commission for additional input on the specifics of the project. The City Council further considered this matter at its meeting on Tuesday, June 19, 2007, and directed the applicant to return to the City Council with revised plans depicting options for the proposed townhomes on the parcel that is currently zoned R-1 and which fronts on Charleville Boulevard. The City Council continued the hearing on the project to July 25, 2007. Subsequently, the City Council changed its meeting date from Wednesday, July 25, 2007 to Tuesday, July 24, 2007. This notice is provided to inform the public of the changed meeting date.

A Draft Environmental Impact Report ("DEIR") was prepared for the project and the DEIR was released on April 17, 2006 for a 45-day public review and comment period pursuant to the California Environmental Quality Act. A public hearing on the DEIR was held on April 27, 2006. A final Environmental Impact Report has been prepared and the Council will consider certification of the final EIR.

Overlay Zone Ordinance and General Plan Amendment

The proposed overlay zone was requested by the project applicant. The proposed overlay zone would allow mixed use commercial/residential development on this segment of Wilshire Boulevard and apply it to the Project site. A General Plan amendment is also required and would allow additional height and density for this mixed use development. The General Plan amendment may be discussed in conjunction with a similar General Plan Amendment proposed for a development project at 9200 Wilshire Boulevard.

The July 24, 2007 Hearing
The City Council of Beverly Hills, at its meeting to be held on Tuesday, July 24, 2007 at 7:30 p.m., or as soon thereafter as the matter may be heard, will hold a public hearing to consider the following issues for a **proposed** mixed use project located at 8600 Wilshire Boulevard:

> CERTIFICATION OF THE ENVIRONMENTAL IMPACT REPORT FOR THE MIXED-USE PROJECT GENERALLY LOCATED AT 8600 WILSHIRE BOULEVARD AND CONSIDER ENVIRONMENTAL FINDINGS PURSUANT TO THE CALIFORNIA ENVIRONMENTAL

> AN APPLICATION FOR A PLANNED DEVELOPMENT APPROVAL AND VESTING TEN-TATIVE TRACT MAP FOR A MIXED USE PROJECT AT 8600 WILSHIRE BOULEVARD

> A GENERAL PLAN AMENDMENT TO ACCOMMODATE MIXED USE DEVELOPMENT AT THE HEIGHT AND DENSITY PROPOSED FOR THIS PROJECT

> AN ORDINANCE ESTABLISHING A MIXED-USE PLANNED DEVELOPMENT OVERLAY ZONE AND REGULATIONS PERTAINING THERETO

> AN ORDINANCE APPROVING A DEVELOPMENT AGREEMENT BETWEEN THE CITY OF BEVERLY HILLS AND THE PROJECT APPLICANT FOR DEVELOPMENT OF A MIXED-USE PROJECT

Public Participation

All interested persons are invited to attend and speak on this matter. Written comments may also be submitted and should be addressed to the City Council, c/o City Clerk, 455 N. Rexford Drive, Beverly Hills, CA 90210 and should be received prior to the public hearing.

The Board of Education approves contract with AT&T 4 to 1; Meshkaty opposes but won't explain why

After months of discussion, the Board of Education approved a contract in a 4 to 1 vote with AT&T Global Services for the Lan/Wan equipment and installation services at the district office and new science and technology center for \$350,000 at the board meeting July 10.

The installation services will support the LANs and wireless in the district office and science and technology center. It will also support the Voice Over IP in the new center. District technology consultant Daryl Vidal, from Networld Solutions, reviewed five proposals for the technology and found AT&T to offer the best proposal.

Board Member Nooshin Meshkaty voted against the proposal. Meshkaty returned the Weekly's call, but would not elaborate on the reasons for her vote.

Former Board of Education member AJ Willmer spoke at the meeting on behalf of the city, proposing the board enter a joint city-district venture for technology. Because of the timeline to get the technology installed before September this was not feasible, according to the Board.

"The district is in the process of negotiating the shared services agreement right now," said Willmer. "The major issue is that the city has a municipal area network, a fiber ring that will be in place in about one year. The intent is to connect the school district onto the fiber ring and as much as possible to purchase internet services and support from the city, rather than outside services."

Planning will begin immediately to complete the installation before the 2007-08 school year.

Beverly Hills undergoes driest summer season in 100 years

As the city of Beverly Hills is undergoing the driest summer season in more than 100 years, the city and Metropolitan Water District have joined forces in an effort to ask residents and businesses to voluntarily cut their water consumption by at least 10 percent.

The city has recommended various options for water conservation. Residents can save water by turning off the faucet while brushing teeth, or adjusting sprinklers so they do not hit sidewalks.

Beverly Hills has installed "Smart" irrigation controllers in the parks to regulate the amount of watering needed for landscaping by using climate sensors. In addition, the city is implementing a new water leak detection and repair program.

A one-year time extension request for a Tentative Parcel Map (No. 27089) to subdivide an existing 10-story office building into three parcels. The subdivision is located at <u>8484 Wilshire Boulevard</u> (Flynt Building), and the Tentative Parcel Map was initially approved on July 23, 2003. The subdivision was for the purposes of a change of ownership, and no other changes to the property are contemplated. The request for extension of the rights granted for the subdivision, was filed in a timely manner, and is the final extension that can be granted pursuant to local ordinances and State law. If the extension request is granted, the Tentative Parcel Map would remain valid through July 23, 2008.

This project was previously assessed in accordance with the authority and criteria contained in the California Environmental Quality Act (CEQA), the State CEQA Guidelines, and the environmental regulations of the City, and a Mitigated Negative Declaration was adopted. There have been no substantial changes to the project or to the environment that would cause the project to significantly impact the environment. Therefore, there is no substantial evidence that the approval of the requested extension may have any significant environmental impact. The original Mitigated Negative Declaration and the mitigation measures imposed continue to represent the independent judgment of the City, and no additional environmental review is required under CEQA.

Project Description

CITY CLERK

BYRON POPE, CMC

The Applicant, Legacy Partners, has proposed to develop a six-story, approximately 70-foot high (including rooftop uses), mixed-use project on the vacant lot at **9200 Wilshire Boulevard** between South Maple Drive and South Palm Drive. The project would include 54 residential condominium units; approximately 14,000 square feet of ground-floor commercial space; and, up to 283 parking spaces located in a multi-level subterranean garage. Access to Project parking would be split between Maple Drive (resident parking) and Palm Drive (visitor and commercial parking). The Project's loading facilities would be located on Palm Drive. Approval of the project would be dependent on approval of an overlay zone for this location as the current C-3 zoning does not allow residential use and the Project would exceed the existing three-story/45-foot height limit and 2:1 FAR (Floor Area Ratio) allowed in the C-3 Zone. In addition, approval of the project requires City Council approval of a planned development and a vesting tentative tract map for this mixed use project. Collectively, these actions constitute the "Project."

Background Information

At the City Council meeting of September 5, 2006 and October 9, 2006, the City Council of the City of Beverly Hills discussed and approved in concept a mixed use development project on the vacant lot at 9200 Wilshire Boulevard between South Maple Drive and South Palm Drive. At its meeting of April 26, 2007, the City Council held a public hearing, considered the Project and certified the final Environmental Impact Report.

The July 24, 2007 Hearing

At its meeting of **Tuesday, July 24, 2007**, the City Council will hold a public hearing beginning at **7:30 p.m.**, or as soon thereafter as the matter may be heard, to consider the actions set forth below related to the proposed Project:

A GENERAL PLAN AMENDMENT TO ACCOMMODATE MIXED USE DEVELOPMENT AT THE HEIGHT AND DENSITY PROPOSED FOR THIS PROJECT

AN ORDINANCE APPROVING A DEVELOPMENT AGREEMENT BETWEEN THE CITY OF BEV-ERLY HILLS AND LEGACY PARTNERS SSR 9200 WILSHIRE, LLC FOR DEVELOPMENT OF A MIXED-USE PROJECT

The City Council will also review Project revisions it recommended at its April 26, 2007 meeting. Further, the General Plan Amendment may be discussed in conjunction with a similar General Plan Amendment proposed for a development project at 8600 Wilshire Boulevard.

Other items related to this Project will be considered at a future meeting

Public Participation

All interested persons are invited to attend and speak on this matter. Written comments may also be submitted and should be addressed to the City Council, c/o City Clerk, 455 N. Rexford Drive, Beverly Hills, CA 90210 and should be received prior to the public hearing.

If you challenge the Council's action in court, you may be limited to raising only those issues you or someone else raised at the hearing before the City Council or in written correspondence delivered to the City, either at or prior to the hearing.

Kasikci leaves Peninsula

Reportedly will go to Montage By Rudy Cole

Last Friday word spread quickly: The very popular and highly regarded managing director of The Peninsula Hotel, **Ali Kasikci**, had resigned. We have it on reasonably good authority that Kasikci will soon, or already has, signed an agreement to become general manager of the Montage Hotel and Gardens.

Considering the often bitter and costly effort by the Peninsula owners to fight approval of the Montage, primarily because of their feelings that the Montage was receiving "entitlements" denied the Peninsula – which meant fewer hotel rooms and banquet facilities than they had wanted, the loss of Kasikci was very, very interesting.

Ali was not just an interested by-stander in the battle. His loyalty to the Peninsula owners and his involvement in the effort to prevent approval of the Montage, including the ballot measure, was very public.

However, neither the Montage owners, the Zarnegin family, or Kasikci suffered any permanent damage in the community. Most people seemed to understand their reasons and acknowledged their importance as a resource of the city, although some remain unforgiving.

Ali is the ultimate, responsible community leader. He has been a major supporter of a wide range of civic endeavors and, along with wife **Donanne**, took leadership roles in civic groups such as the Maple Counseling Center. All of this with the support and blessings of the Zarnegin's.

No question, The Peninsula, under the Zarnegin's and Kasikci's direction, has become one of the most prestigious in the world – and that has been an important

asset for our city.

If and when Ali does move to the Montage, it will be a very different experience. The Montage will have far larger public assembly (banquet) facilities and more dining areas, including a "fine" dining room with 55 "covers" and a three meal room with 170. The Peninsula's Belvedere, has 70 seats, 50 seat cocktail lounge and 40 on the roof.

The room counts are fairly close – 201 for the Montage and the Peninsula, around 240 – that the Peninsula has more is interesting, and probably due to the vocal anti-Montage campaign. (Both are under numbers of rooms and banquet facilities of The Beverly Wilshire (now a Four Seasons managed operation, the Beverly Hills Hotel and the Beverly Hilton – the leader in both rooms and banquet facilities.)

For the record, my sources for the management changes did not come from the Peninsula or Kasicki – who only said he was looking forward to new challenges or from the Montage or the Athens group's **Jay Newman** – all refused comment. But my information is reliable. Another hint that the story is true is the simultaneous resignation of veteran hotelier **John Rucci**, the Peninsula's resident manager, who will probably join Kasikci at the Montage which is scheduled to open in the fall of 2008.

It is always interesting to compare our hotels with neighboring cities, including some we lost and others that never happened. Beverly Hills will, along with other communities in West Los Angeles, face a major competitive challenge when the new hotel, entertainment complex opens in downtown Los Angeles around 2010.

There has been a change of "flags" in Century City that is worth noting. Earlier this year, and very quietly, the Hyatt became an Inter-Continental. The Hyatt groups still manages the venerable Century Plaza, the areas largest with the most banquet rooms.

The Inter-Continentals have always been a personal favorite and even though the Paris IC is now operating as a Westin, it was one of the French cities finest.

You can tell the difference the moment you enter the IC in Century City. A highly professional staff, a vastly improved restaurant and spacious rooms and suites, make this a new gem for the area. The hotel will soon undergo a "soft" renovation with beautification of rooms without interruption of services. The hotel also has a first rate spa and fitness center. When you dine at the Park Grill – with a French influence, and if you are from Chicago, you will enjoy talking with hostess Leticia Garcia, the room's host who left the Windy City for the IC and who can bring you up to date on everything Chicago, including the loss of Marshall

Yes, we lose bed tax revenues to every hotel that opens around us, but we do benefit from the shoppers they send to Beverly Hills and their concierge desk was very familiar with our city.

Why write about the Inter-Continental? It too has a big Beverly Hills connection. Before the Four Seasons had made their abortive effort to build at Rodeo and Wilshire, the property was owned by Savings and Loan legend, Mark Taper. Bill Marriott very much wanted to build in Beverly Hills and one day had lunch with Taper. The often very direct Taper quickly informed the hotel scion that "the Marriott was not the kind of hotel I envisioned for my property."

That was probably somewhat offensive to Marriott who then explored other possibilities, including G & L owned properties on North Bedford – also a site once eyed by the Ritz Carlton.

In any case, Bill Marriott decided to take his money and build the most expensive hotel in his collection in Century City, now the Inter Continental. Eventually, they sold the hotel and the new owners chose the Hyatt to be the operators. The design of the hotel, somewhat wedding cake in appearance, was due to the height limits then Los Angeles City Councilman Zev Yaroslavsky demanded.

Do we have enough hotel rooms? I asked the Athens Group's chief operating officer Jay Newman that question at a recent Chamber Economic committee luncheon at which he was a featured speaker. Interestingly, he thought we needed more and said he was looking forward to the likely arrival of the Waldorf Astoria on the Beverly Hilton property. In

TELL US WHAT YOU THINK ABOUT PLANS FOR ROXBURY AND LA CIENEGA PARKS!

fact, Newman said that he expected to work with the Waldorf, the Hilton and all the other hotels in our city in a continuing effort to market Beverly Hills. No matter who manages or operates our hotels and even though they are competitive, promoting tourism for Beverly Hills will be a mutual effort.

We know of the recent major and expensive renovations of the Hilton and many of our other hotels, but there is another change taking place in our hotel inventory. One of our oldest, which has been everything from a Holiday Inn to a Best Western at Wilshire and Crescent, is undergoing a major, total renovation and is expected to open this fall as part of the Pomeranc Group, known for "upscale and hip" hotels, will be called the Thompson Beverly Hills. There will also be a first rate restaurant, something predecessors never delivered, called the "Bond Street."

Of course, one of our other excellent European style hotels is the Luxe on Rodeo owned by the Harkham family and managed by **Seth Horwitz** who has quickly become a civic leader.

Finally, a word about terminology. When the story broke that the Hilton had been "sold," there was some concern that **Beny Alagem**, who has invested heavily in upgrading the Hilton, was leaving. The Hilton company, our largest employer, is based here, but the Beverly Hilton is operated, not owned, by the company. The different categories of name use are "owned and operated" or "operated" and owned by

others, or simply a hotel that uses the franchise name with no management services – a franchise that benefits from promotion and guest referrals. The name a hotel uses is called a "flag" but could be any of the three alternatives. The ever genial Beny is still with us.

LOCAL HERO: And this too has a hotel connection. When Bahador Mahboubi lost a bid to create a luxury hotel at Wilshire and Linden, he did not go quietly into the night and give up his support of city charities. On the contrary, Bahador is one of the first to buy tables at every event from the Beverly Hills Education Foundation's recent dinner to the Firefighter's annual ball. He still gives back and continues to share in the tradition of his family's community leadership. Bahador, is this week's Local Hero.

FINAL THOUGHT: Just maybe I brought the Peninsula and the Montage together, but not good for one of my favorite battles. Ali and Jay both supported **Barry Brucker's** campaign to ban outdoor dining smoking. Sorry they used my pipe to make peace.

Rudy Cole served for eight years as a member and chair of the city's Recreation & Parks Commission. He was also President of the Greystone Foundation and served on three other city committees. Rudy can be reached at: Rudy@bhweekly.com.

dents. It has been proven that the best way to decrease accidents is to slow traffic.

Ideally the traffic flow westward can be improved more by Los Angeles than Beverly Hills. Direct the traffic to Pico Blvd. by not allowing turns into or out of Century City from Olympic during peak traffic hours, increase parking restrictions during peak hours on Pico Blvd, and making the northbound 405 access only available from Pico Blvd during rush hours.

The City of Beverly Hills has the obligation to help our residents and small businesses on Olympic. Many of these businesses are vulnerable if their customer parking (9-10 a.m.) is taken away. The City should help support these businesses, not make it harder for them to survive.

I urge the City Council to not adopt this idea.

George Comfort & Sons proposes new headquarters for the William Morris Agency on North Beverly

By Abbey Hood

Morris Plaza in 1998 by the city of Beverly Hills may not house the William Morris

The portion of El Camino named William we had a meeting with William Morris to retain them as a corporate citizen. They have been here over half a century; they are an

have to implement a new overlay zone. The new zone, "Creative Office Planned Development" or C-O-PD would apply new development standards for the site, although where is not specified. The new overlay zone would affect the whole block from Wilshire to Davton.

"The new overlay zone is to encourage the type of zoning that would encourage entertainment companies to remain in the city of Beverly Hills," said Egerman.

Keeping and encouraging entertainment companies to stay in the city is important to Beverly Hills.

"One of the primary reasons William Morris and other talent agencies are important to Beverly Hills is that they are a cornerstone in the city's economic sustainability," said Mayor Jimmy Delshad. "Firms such as William Morris produce a significant amount of tax revenue which helps the city maintain high levels of service for its residents and

businesses. Employees and clients of talent agencies patronize nearby businesses, which also strengthens the city's economic base. Beverly Hills has a long-established history as the home of the "creative talent" end of the business — - making the "Beverly Hills" brand mutually beneficial to the city and the entertainment industry."

Planner assigned to the project for the city agrees the new overlay zone would help keep entertainment companies in the city.

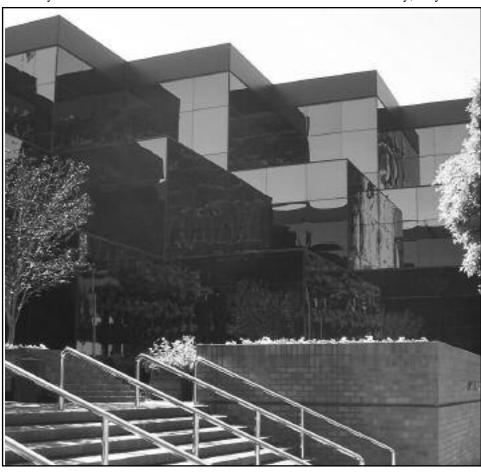

"They [William Morris] want larger space and the city does not have that kind of development available," said Rita Naziri, planner from the city assigned to the project. "It would be a Class A office, so the larger space would help accommodate the needs of entertainment companies. It appears that's why others left; they could not find any development available."

Others have already left.

CAA signed a lease in 2004 for 180,000 square feet at the 2000 Avenue of the Stars building in Century City. In 2006, ICM left the city of Beverly Hills and subleased a building from Metro -Goldwyn-Mayer in Century City. In 2004, William Morris almost signed a lease to move their headquarters to Westwood, said Egerman. Now, they don't

People have said they want to keep William Morris in Beverly Hills, said Egerman. The general feedback from the public has been positive, he said.

"There are so many good reasons [to keep William Morris in Beverly Hills] it is hard to know where to start," said CEO of the Beverly

Agency any longer as the company pursues new headquarters in a city that's losing their entertainment companies.

Entertainment companies International Creative Management and Creative Artists Agency decided when more office space was needed Beverly Hills just couldn't accommodate their growth. So they left town. Three years ago the William Morris Agency began to go through the same dilemma.

Unlike the others, the agency's need for larger headquarters was met when building owner George Comfort & Sons offered 210,000 square feet on 231-265 North Beverly Drive, next to the Bank of America. Now, the application for the building project is in the beginning planning stages. The draft environmental impact report will be presented to the planning commission in a public hearing July 25.

"William Morris very much wants to stay in Beverly Hills," said Mark Egerman, former Beverly Hills mayor and the attorney representing the building owner George Comfort & Sons. "When I was on the council [in 2004], excellent corporate citizen. They contribute highly to the community and they are very

The application for the project was filed by George Comfort & Sons last April. The Beverly Drive building's owners retained Gensler Architects, a firm based out of Santa Monica to design the building to the specification of the William Morris Agency, said

Such specifications for the project include: a proposed site of 208,100 square feet, 177,225 gross square feet of office space. A proposed maximum height building of 91.5 feet, Egerman said the approximate height of the proposed building is 89.5 feet.

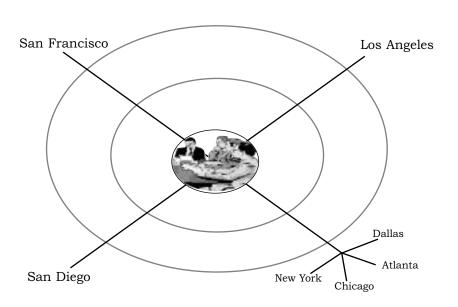

A four and one-half subterranean parking structure with 665 spaces, of the total 262 spaces will be replacement parking spaces for the Bank of America building. During construction, parking tenants of the B of A building will be removed. Tenants will have to park at other local facilities near the building.

The proposed new headquarters of the William Morris Agency, if approved, would

Hills Chamber of Commerce Dan Walsh. "The firm is a world class industry; the revenues that are derived from their business license in the city is significant. Their clientele and employees are significant revenue generators to the city. It adds to the cache of our city. It is a fit of the highest order. It is ter-

rific we are working at a way to retain them and have them grow at the same time."

Attorney and North Roxbury Drive resident Larry Larson said the main issues to look into going into the draft EIR report will be traffic and parking.

"Do they have adequate parking to service

the William Morris building and the Bank of America parking?" said Larson. "I think other issues to look at are the ingress and egress which will come off the side street." Larson voiced further concern about the traffic that could be generated by The Montage project being constructed across the street on North Beverly Drive.

Another issue Larson said is important to consider is the lease term that will be later addressed in reports outside of the draft EIR report.

"It is important to find out how long the lease would be," said Larson. "They [William Morris] are in the real estate business. We don't know if they are going to be a tenant or a joint venture partner with the developer, but it is important to find out. If they are going to make a zoning exception for William Morris it is important that they will remain in the city. It would seem a long term lease would be mandatory. There is nothing indicated in public record if William Morris could get out of the lease, is there a termination right at some point?"

"The lease has already been signed; a binding lease currently is in existence," said Egerman. "The lease is a 20 year lease with multiple options with no option to break the lease. The lease would begin when the building is granted a certificate of occupancy."

The proposed project is anticipated to be a one phase project, with an estimated completion date of 2009.

Last month, the Architectural Commission previewed the proposed North Beverly Drive

project.

"I can only comment on what was presented to the Architectural Commission in June 2007," said Architectural Commission chairperson Paul Langh. "It is my understanding the commission was pleased to review the William Morris project. It was felt the project needed further refinement in regard to the color of the exterior, the materials and style of the first floor retail and it's mass relative to adjacent structures. The applicant was asked to perform a color study of neighboring buildings and also to provide a model of the proposed building in relationship to neighboring buildings."

If the project is improved and completed, the increase of square footage does not necessarily mean an increase in employees. Currently, the William Morris Agency has crowded personnel into their existing space. One of the primary purposes of shifting to the new office space is so they can better accommodate the people currently employed at the agency, said Egerman.

The trademark building on El Camino, owned by the William Morris Agency, will most likely be leased out if the agency moves headquarters, said Egerman.

And what will happen to the street named William Morris Plaza if the William Morris Agency is on Beverly Drive?

Maybe that trademark will stay the same.

"At the present time I do not know of any plans to change that [William Morris Plaza]," said Egerman.

Saction 4. Health and Safety Code Findings. Pursuant to Health & Safety Code Saction
17958.5, the City may make modifications to the California Building Code that are reasonably
necessary because of local climatic, geological and topographical conditions. In particular, the
local climate which is characterized by hot dry summers, followed by strong Santa Ana winds
which make structures particularly vulnerable to rapidly spreading, wind-driven fires.
Geographically the City is located in Southern California in Los Angeles County, Much of the City
is located among steeply sloping, hilly areas, which can create hazardous building and fire conditions. Furthermore, the City is located near and over historic and active earthquake faults,
which require that special safety precautions be taken against earth movement and resulting fire
hazards. Finally, the city's soning ordinances promote the preservation of hattural caryon shrubbey in addition to a great deal of landscaping. Carryon fires and other brush fires are a frequent
and natural part of the Southern California ecosystem. Thus structures located in the City require
additional protection against ignition from flying embers.

These local climatic, geological and topographical conditions affect the acceleration, intensity and size of fires in the community. Times of little or no rainfall, of low humidity, and high temperatures create extremely hazardous conditions, particularly as they relate to wood shake and shingle roof fires and conflagrations. The winds experienced in this area can have a tremendous impact upon structure fires of buildings in close proximity to one other. During wood shake and shingle roof fires, or exposure fires, winds can carry sparks and burning brands to other structures, thus spreading the fire and causing conflagrations. In building fires, winds can literally force fires back into the building and create a blowtorch effect in addition to preventing "natural" ventilation and cross-ventilation efforts.

CEQA Findings. The City Council hereby finds that it can be seen with cerere is no possibility that the adoption and implementation of this Ordinance may have effect on the environment. The Ordinance does not authorize construction and, in s greater restrictions on certain development in order to protect the public health, peneral welfare. The Ordinance is therefore exempt from the environmental review s of the California Environmental Quality Act pursuant to Section 15061(b)(3) of Title liftornia Code of Regulations.

Section 7. Publication. The City Clerk shall cause this Ordinance to be published at least once in a newspaper of general circulation published and circulated in the City within fifteen (15) days after its passage, in accordance with Section 36933 of the Government Code; shall certify to the adoption of this Ordinance and shall cause this Ordinance and his certification, together with proof of publication, to be entered in the Book of Ordinances of the Council of this City.

ORDINANCE NO. 07-0-2522
AN ORDINANCE OF THE CITY OF BEVERLY HILLS ESTABLISHING RESTRICTIONS ON EXCESSIVE AND UNJUSTIFIED INCREASES IN CONSUMER PRICES DURING A DECLARED EMERGENCY

THE CITY COUNCIL OF THE CITY OF BEVERLY HILLS HEREBY ORDAINS AS FOLLOWS: Section 1. Pursuant to California Penal Code Section 396(i), municipalities are authorized to enact local legislation prohibiting excessive and unjustified increases in the prices of essential consumer goods and services when a declared state of emergency results in abnormal disruptions of the market. This Ordinance does not apply where prohibited or preempted by state or federal law.

RESTRICTIONS PERTAINING TO EXCESSIVE AND UNJUSTIFIED INCREASES IN CONSUMER PRICES DURING A DECLARED EMERGENCY (also known as the 'Anti-Price Gouging Ordinance')

Findings and Intent.

The City Council hereby finds that during emergencies and major disasters elsewhere, including, but not limited to, earthquakes, fires, floods, or civil disturbances, some merchants have taken unfair advantage of consumers by greatly increasing prices for essential consumer goods and services. While the pricing of consumer goods and services is generally best left to the market-place under ordinary conditions, when a declared state of emergency results in abnormal disruptions of the market, the public interest requires that excessive and unjustified increases in the prices of essential consumer goods and services be prohibited. It is the intent of the City Council in enacting this ordinance to protect citizens from excessive and unjustified increases in the prices charged during or shortly after a memergency for goods and services that are valar and necessary for the bealth, safety, and welfare of consumers. Further it is the intent of the City Council that this Article be liberally construed so that its beneficial purposes may be served.

A. 'Building materials' means lumber, construction tools, windows, and anything else used in the building or rebuilding of property.

D. 'Emergency supplies' includes, but is not limited to, water, flashlights, radios, batterie dles, blankets, soaps, diapers, temporary shelters, tape, toiletries, plywood, nails, and har E. 'Gasoline' means any fuel used to power any motor vehicle or power tool.

F. 'Goods' has the same meaning as defined in subdivision (c) of Section 1689.5 of the California Civil Code.

H. 'Medical supplies' includes, but is not limited to, prescription and nonprescription medications, bandages, gauze, isopropyl alcohol, and antibacterial products.

1. Upon the proclamation of a Declared Emergency or an event triggering a State of War Emergency, and for a period of 30 days following the proclamation of a Declared Emergency or the event that triggered a State of War Emergency, it is unlawful for a person, contractor, business, or other entity to sell or offer to sell any consumer food lems or goods, goods or services used for emergency cleanup, emergency supplies, medical supplies, home heating oil, building materials, housing, transportation, fleight, and storage services, or gasoline or other motor fuels for a price of more than 10 percent above the price charged by that person for those goods or services immediately prior to the proclamation of a Declared Emergency or the event that triggered a State of War Emergency.

2. A person may increase prices in excess of the amount permitted in subsection A1. if the seller or vendor can demonstrate that the increase in price is directly attributable to additional costs imposed on that person by the supplier of the goods, or directly attributable to additional costs for labor or materials used to provide the services, provided that in those situations where the increase in price is attributable to additional costs imposed by the seller's supplier or additional costs of providing the good or service during the Declared Emergency or State of War Emergency, the price represents no more than 10 percent above the total of the cost to the seller plus the markup customarily applied by the seller for that good or service in the usual course of business immediately prior to the proclamation of a Declared Emergency or the event that triggered a State of War Emergency.

1. Upon the proclamation of a Declared Emergency or an event triggering a State of War Emergency, and for a period of 180 days following the proclamation of a Declared Emergency or the event that triggered a State of War Emergency, it is unlawful for a contractor to declared period of 180 days following the proclamation of a Declared Cleanup for a price of more than 10 percent above the price charged by that person for those services immediately prior to the proclamation of a Declared Emergency or the event that triggered a State of War Emergency.

1. Upon the proclamation of a Declared Emergency or an event triggering a tate of War Emergency, and for a peried of 30 days following the proclamation of a Declared mergency or the event that triggered a State of War Emergency, it is unlawful for an owner or perator of a hotel or motel to increase the hotel or motel's regular rates, as advertised immeditely prior to the proclamation of a Declared Emergency or the event that triggered a State of War mergency, by more than 10 percent.

A hotel owner or operator may increase prices in excess of the amount permitted by subsection C.1. if the owner or operator can prove that the increase in price is directly attributable to additional costs imposed on it for goods or labor used in its business, to seasonal adjustments in rates that are regularly scheduled, or to previously contracted rates.

Extension of Time Period During Which Prohibition is in Effect.

The provisions of this Article may be extended for additional 30-day periods by the Director of Emergency Services or the City Council, if deemed appropriate to protect public health, safety, or welfare.

CAN YOU TURN YOUR \$1 MILLION IRA INTO \$10 MILLION?

If you are over 70
and have accumulated
more money in your
IRAs and Pensions than
you need to live on,
Alan Kaye can show
you how to create more
money for your heirs
and favorite charities
than you ever
anticipated!

At age 70½, people who have IRAs, Pensions and 401k plans are required to take minimum annual distributions that are subject to ordinary income tax. If you don't spend or give that money away, it could be subject to estate taxes as well. After income and estate taxes, those in the highestbrackets could be leaving their families less than 1/3 of what they anticipated.

Why bother to make "wise" investments when it is likely that more than half of your accumulated wealth will go to the government instead of your family?

Simple Solutions!

If you have a large amount of money in your IRA, you can gift your annual distribution to your family, using that money to buy a life insurance policy that would create tax-free money for your heirs. In many cases, using the money to buy life insurance could give your heirs more than they would receive after-tax, by continuing to accumulate the funds in their retirement plans.

Assuming that your retirement plan earns a return of 5% annually, you could withdraw that amount without diminishing the principal. One client with a \$1million IRA used his annual distribution to buy \$3 million of life insurance to benefit his family. If he doesn't spend the principal, his plan is to leave the balance of his IRA to his own charitable foundation.

Under current law, without life insurance, his \$1 million IRA would have to grow to more than \$10 million, so that after income and estate taxes, his family could get the same \$3 million that life insurance would pay tax-free. What's more, he can now leave more money to charity than he ever expected to.

Why wait for your \$1 million retirement plan to grow to \$10 million? As president of the Alan Kaye Insurance Agency and vice president of Barry Kaye Associates, Alan Kaye has helped thousands of people meet their goals by creating insurance plans that best satisfy their needs.

If you are over 70 years old and not maximizing the use of your assets, find out how life insurance can provide you with the opportunity to leave more tax-free money for both your heirs and charities. Call for a free consultation and be sure to ask when Alan Kaye's next free seminar will be held in your area.
