"Majority of Council agrees to Hilton 'A' Building" [Issue 447]

Typically I don't respond to letters to the editor but last week's entry from a homeowner's association representative calls for a response to clarify what was reported as fact but in truth is mostly fantasy.

The Beverly Hilton Hotel expansion project approved by the City Council majority was never reviewed by the Planning Commission. The project they modified and approved was not a project that could be built within the economic viability for success. The City Council didn't take the developer's word on this we had an independent evaluation by the city's CFO as well as a leading hospitality consultant. As incorrectly reported the approved council project has only been reviewed by the 5 members of the Council and not any member of the Planning Commission.

Once the Council Ad-Hoc committee was charged with trying to find alternatives for consideration, we met with the developer team and our staff. While I am flattered that I was given credit for "single-handedly" redesigning the Hilton expansion, it isn't so. No more than it is so that Mayor Brucker designed his version. We simply told the architect what elements we would like to have in the project and he went to work to redesign alternatives.

My suggestion and Mayor Brucker's were identical for the Waldorf=Astoria. Both of us wanted a 12-story hotel but with 30 more rooms than the Planning Commission version. Building "B" in the Council-approved project is similar to Building "B" in the Planning Commission approved version, less dense with a 70-foot-smaller footprint than the Mayor's suggested Building "B". To the majority of the Council decision makers and City Planning staff it was overly dense and out of scale. The material difference is that most of us preferred a Building "A" set back a considerable distance more than the Planning Commission reviewed and with the front portion even lower than anything they considered to house a smaller number of residences. It was determined that this would create a more balanced site plan. Building "A" could hardly be referred to as a tower of any sort.

With 47 fewer hotel rooms and the addition of approximately 100 condos resulting in a net gain of about 50-60 keys how can there be a substantial increase in traffic? There are no additional ballrooms, no material intensification of use so where will that increase come from? The 100 condos fully parked to code and the additional 550+ parking spaces for the hotel use with fewer rooms hardly equates to run-away expansion. If anything, there should in fact be great relief from event traffic in the approved project. There is also a built in safeguard to add more spaces if the director of Community Development believes it necessary and a requirement for free employee parking if there is determined abuse of employees parking on adjacent residential streets.

In addition, the Wilshire/Santa Monica Blvd. intersection improvement will be a major benefit to traffic circulation. Couple that with the Development Agreement contributions and the projected revenue from this world-class hotel, and what you have, in the opinion of Senior City Staff, the majority of the City Council and many of our residents and merchants, is a very good project for our City.

The Council can only look to entitle the best land-use for the least impact and the most revenue. This site already is a hotel. This project is a true revitalization. There should be no consideration on the part of the City Council for referendum. That is not our charge.

On Tuesday evening, we witnessed one of the most vicious personal attacks yet from the opposition to this project toward the council. The homeowner's association spearheading this effort has many decent members but also has leadership that frequently distorts the truth and tries to intimidate whoever has the vote. While it is certainly their right, it would be extremely disappointing and unfortunate if any sitting Council members or Planning Commissioners signed on to promote this behavior. Saying the process was flawed because the outcome isn't what you wanted serves no purpose. It simply isn't so. urge our residents to fully investigate the letters cont. on page 9

## Council approves General Plan amendment and Specific Plan in Hilton Project

By Lauren Gabbaian

In a historically short meeting with regard to this project, the City Council approved an amendment to the General Plan and a Specific Plan for the Hilton R e vitalization Project, in two 3-

Linda Briskmal

to-2 votes on April 29, with Mayor Barry Brucker and Councilmember Nancy Krasne voting against in both.

The Staff presentation reflected the developers' last-minute desire to reduce the number of floors in its underground parking facility from four to three, thus, according to Brucker, saving them an extra \$10 million. To accomplish this, the developers will increase the percentage of parking spaces to 15 percent from 10 percent, and widen the tunnel that connects

the garage under the Waldorf=Astoria to that under the condominiums to accommodate for parking lanes on the two sides. They also plan to widen and shorten the compact spaces, making the compact spaces more "usable" than before, according to Director of Community Development Vince Bertoni. He and Councilmember Linda Briskman also pointed out the Planning Commission had actually approved a maximum of 25 percent compact spaces.

In another last-minute change, the developers asked to revert to a phasing plan very similar to its original.

"[Last-minute changes are] very typical of this applicant, so we're just going to have to watch them," Brucker said in an interview before the meeting. "But I feel very confident that they already know they have three votes."

Both Brucker and Krasne brought up objections similar to those they had made

BYRON POPE City Clerk in the past. Krasne said the project was going through the Council too quickly and she was against moving forward when so much new information was being given to her "piecemeal." Brucker protested that with Building A on Wilshire Blvd. and Merv Griffin Way the project will become "the beginning of the Wilshire corridor" and obstruct the view corridor of the original Hilton tower.

Brucker and Krasne were also concerned the current project had strayed from the Planning Commission's version, but Briskman responded that the Planning Commission had not seen the latest iteration of the project and thus the Council could not predict whether it would approve or not.

Brucker twice tried to have the vote postponed to the May 6 meeting, first by claiming the public had not received adequate notice of the parking changes and then by asking developer Beny Alagem

himself whether it would be all right. Brucker was denied both times.

Later in the meeting, with regards to the Specific Plan, Krasne and Brucker once again voiced their desire for free employee parking, at least until there exists viable public transportation through Beverly Hills. Briskman was opposed to such a plan, but confirmed the existence of clause within the agreement stipulating that if residential parking is abused, free parking for employees will have to be instated.

Brucker also pointed out the fact that Staff's traffic consultant had based its data on information obtained by the developers and by calling restaurants' valet companies for their information, rather than conducting his own studies. Briskman and Bertoni agreed the latter course of action was accepted practice, but their response to the former was unclear.

A summary of that Ordinance is as follows:

## Summary of Ordinance

The Ordinance approves a development agreement between the City of Beverly Hills and Oasis West Realty, LLC, that would enable revitalization of the Beverly Hilton Hotel property for development of a mixed-use project including a multi-story luxury hotel building, multi-story residential condominium buildings, restaurant uses, ancillary commercial uses, and open space. The development agreement approved by this Ordinance is intended to eliminate uncertainty in planning and provides for orderly development of the Beverly Hilton Specific Plan in a manner consistent with the City's General Plan, Zoning Regulations, and other applicable rules. Among other provisions, the development agreement requires Oasis West Realty, LLC to pay to the City a hotel revitalization contribution and public benefit contribution part of which is set aside for use in promoting the provision of affordable housing in the City, establishment of an environmental mitigation and sustainability fee program applicable to the property, payment of a municipal surcharge in addition to the transient occupancy tax on gross room revenue generated by the new luxury hotel, provision of a gateway statement near the intersection of Santa Monica and Wilshire Boulevards, provision of bus turnouts, providing for City shuttle bus access to the project site, providing an easement for a potential future subway portal, and payment of a school benefit fee.

## 18 BHUSD faculty to retire in June

The Beverly Hills Unified School District (BHUSD) announced last week that 18 teachers will officially take part in its Supplemental Employee Retirement Program (SERP) at the end of the year.

The faculty members taking part include Denise Magasin and Maureen Winick from Beverly Vista; Helen Rogaway from Beverly Vista and Horace Mann; Christine Dagodag, Rosalyn Fleishman, Karen Knowles and Karen Sadlier from Horace Mann; Cynthia Blum and Gil Young from El Rodeo; Craig Davis and Cheri Kaminsky from Hawthorne; and Gwendolyn Graham, Michael Grant, Chuck Howard, Lee Morris and Margit Raney from Beverly High; and Bliss Trafton, who has been on leave from Horace Mann.

SERP, informally known as the "Golden Handshake," is a retirement benefit package offering an annuity to teachers who are at least 55 years old and have worked in the BHUSD for at least five years. Because it is offered through a third-party financial services company – Keenan and Associates – rather than California State Teachers' Retirement System (CalSTRS), teachers will still be allowed to work anywhere else in the state and add to their State pension fund.

According to Human Resources Coordinator Nora Roque and other District insiders, the program was put in place to help

NOTICE OF PUBLIC HEARING

The City Council of Beverly Hills, at its regular meeting to be held on **Tuesday**, **May 6, 2008, at 7:00 p.m.**, in the Council Chambers of the City Hall, 455 N. Rexford Drive, Beverly Hills, CA 90210; will hold a public hearing to consider:

AN APPEAL OF THE PLANNING COMMISSION DECISION DENYING THE REQUEST FOR A CHARACTER CON-TRIBUTING DETERMINATION FOR THE CONVERSION OF AN EXISTING APARTMENT BUILDING INTO COM-MON INTEREST DEVELOPMENT FOR THE PROPERTY LOCATED AT <u>404 NORTH MAPLE DRIVE</u> (BETWEEN ALDEN DRIVE AND BEVERLY BOULEVARD).

The Planning Commission at its meeting of January 24, 2008 denied a request that the structure at 404 North Maple Drive be found character contributing pursuant to Beverly Hills Municipal Code Section 10-2-707 B. The character contributing determination is the first step in a two step process for conversion of multi-family residential buildings to common interest developments such as condominiums.

The project applicant has filed a timely appeal of the Planning Commission's decision with the City Clerk of the City of Beverly Hills.

This matter involves a review of the building's architectural style, design and building features and does not involve any physical or operational changes to the existing multifamily building. As such, the project is exempt from California Environmental Quality Act (CEQA) pursuant to Section 15061 b (3) of the State CEQA Guidelines, and the environmental regulations of the City.

All interested persons are invited to attend and speak on this matter. Written comments may also be submitted and should be addressed to the City Council, c/o City Clerk, 455 N. Rexford Drive, Beverly Hills, CA 90210 and should be received prior to the public hearing. ## **REVISED-NOTICE OF PUBLIC HEARING**

## **REVISED - NOTICE OF PUBLIC HEARING**

DATE: May 8, 2008

**TIME:** 71:030 p.m

LOCATION: Commission Meeting Room A Beverly Hills City Hall 455 North Rexford Drive Beverly Hills, California 90210

The Planning Commission of the City of Beverly Hills, at its regular meeting on Thursday, May 8, 2008, will hold a public hearing beginning at 7:00 p.m., or as soon thereafter as the matter may be heard, to consider:

A resolution recommending that the City Council adopt an ordinance amending the Zoning Code (Title 10) to establish a Green Building Program and new building standards for certain commercial, mixed use and housing developments. The Green Program will also require certain projects to exceed Title 24 (California Energy Code) requirements by 15% and require photovoltaic panels on new construction projects and substantial renovation projects.

The Project has been reviewed pursuant to the California Environmental Quality Act ("CEQA"), (Public Resource Sections 21000, et seq.), the State CEQA Guidelines (California Code of Regulations, Title 14, Sections 15000 et seq.), and the City's Local CEQA guidelines ("Guidelines"). It has been determined that this project is not subject to CEQA pursuant to Section 15061(b)(3) of the Guidelines because CEQA only applies to projects which have the potential for causing a significant effect on the environment. This ordinance would establish requirements intended to reduce energy consumption and construction waste along with other measures, and therefore, it would not pose a significant effect on the environment. Additionally, two categorical exempts would apply to a project of this nature. Section 15307 categorically exempts actions taken by local ordinances that assure maintenance, restoration or enhancement of a natural resource. Section 15308 categorically exempts actions taken by local ordinance that assures maintenance, restoration, enhancement, or protection of the environment

Any interested person may attend the meeting and be heard by or present written comments to the City Council. To submit comments in advance of the hearing date, please send written correspondence to Peter Noonan, Planning Division, Beverly Hills City Hall, 455 North Rexford Drive, Beverly Hills, CA 90210. To be considered, all written submittals must be received by the Planning Division by 12:00 pm, noon, on the day of the meeting.

If you challenge the Commission's action in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence delivered to the City, either at or prior to the public hearing.

If there are any questions regarding this notice, please contact Peter Noonan, AICP with the Planning Division at 310.285.1127. People and Jobs: When the genial and highly regarded general manager of Neiman Marcus, **John Martens**, left the store two years ago, he was honored and feted for his good work, not only as the head of one of our leading retailers, but for his service to the city. Well, he's back, but without much fanfare.

Store officials would only confirm that Martens has taken up his former duties but they are not saying whether this is a long or short term assignment. I guess, if you are given a going away party, you probably won't have a welcome home fete. In any case, welcome back John. The Peninsula will soon announce the hiring of a new executive chef for their Belvedere restaurant, **James Overbaugh**. Before coming to the Peninsula, he worked at a leading restaurant in Yosemite. Still one of our most comfortable and sophisticated dining rooms in the city, the menu had become very predictable and somewhat pedestrian, although high in quality. What it always had was sophisticated, efficient service, especially when Michael is your table captain.

We have finally learned the name of the executive chef of the soon to open Montage Beverly Hills, and his credentials are also

Former president **Jimmy Carter** explained his visit to the Hamas-controlled area of Palestine as an effort to bring peace to the region. He also told **Wolf Blitzer** on CNN's Situation Room that the State Department voiced no objection to his visit. Maybe he misunderstood. It is possible they meant go, but don't come back.

Before Carter loyalists start all those angry emails again, I do know and appreciate all the wonderful things he and his family have done for the environment, for creating housing for the poor, his record on civil rights and his often well intentioned but naive ventures into foreign affairs.

However, there is something so wrong in giving even the slightest credibility to this terrorist, military occupying power that it should have calmed his desire to once again inject himself in the middle east, where his past prejudices against Israel have only encouraged the extremists of the region.

Why? Hamas and their allies not only continue to launch missiles into easy Israeli targets, they are doing this from areas surrounded by innocent civilians and Palestinian children. This cynical, inhuman use of children shields and the resulting loss of lives is sufficient reason alone not to take this moment to give them the sanction of a visit by a former president of the United States.

Did Carter leave with a pledge from Hamas to recognize the right of the State of Israel to exist? His intervention at a time when Egypt was working to obtain a mutual ceasefire, was also unlikely to be productive.

Carter told Blitzer he would make his endorsement, as a "super delegate" based on the "candidate's position on foreign affairs." This from the president who watched Iran become a terrorist nation. No, I won't turn against that candidate simply because they accept Carter's support, but I would want some assurances that he does not become a key advisor in the next Democratic administration. No guilt by association, of course.

NOTICE OF PROPOSED ADOPTION OF AN ORDINANCE OF THE CITY OF BEVERLY HILLS ADOPTING THE BEVERLY HILTON SPECIFIC PLAN ZONE TO ENABLE THE REVITALIZATION OF THE BEVERLY HILTON HOTEL SITE WITH A NEW LUXURY HOTEL, CONDOMINIUMS, AND OPEN SPACE

PLEASE TAKE NOTICE that on May 6, 2008 at 7:00 p.m. in the Council Chambers, Beverly Hills City Hall, 455 North Rexford Drive, Beverly Hills, California the City Council of the City of Beverly Hills will consider adopting an Ordinance entitled: "AN ORDINANCE OF THE CITY OF BEVERLY HILLS ADOPTING THE BEVERLY HILTON SPECIFIC PLAN ZONE TO ENABLE THE REVITALIZATION OF THE BEVERLY HILTON HOTEL SITE WITH A NEW LUXURY HOTEL, CONDOMINIUMS, AND OPEN SPACE." A summary of that Ordinance is as follows:

Summary of Ordinance

The Ordinance adopts a new zone classification, entitled the "Beverly Hilton Specific Plan" zone, and adds the new zone to Article 15.8 of Title 10 of the City's Municipal Code. The new zone classification is also applied to the site of the Beverly Hilton Hotel at 9876 Wilshire Boulevard in the City of Beverly Hills. The new zone classification, in conjunction with other approvals, would enable revitalization of the Beverly Hilton Hotel property for development of a mixed-use project including a multi-story luxury hotel build-ing, multi-story residential condominium buildings, restaurant uses, ancillary commercial uses, and open space.

A certified copy of the entirety of the text of the Ordinance is available in the office of the City Clerk, 455 North Rexford Drive, Beverly Hills, California and is available for public inspection at that location.

Dated: April 25, 2008 Byron Pope, City Clerk City of Beverly Hills always a penetrating interviewer, seemed to be throwing Carter easy pitches.

Speaking of guilt by association, the flap over the often outrageous remarks of Barack Obama's pastor, Rev. Jeremiah A. Wright, Jr., are being overblown, distracting and unfair. I am not a supporter of Obama, but I think he deserves to be judged on his own record of service, his own position on critical issues and not by what anyone else says. In a more cynical world, in a time of conspiratorial assumptions. Mr. Wright may be thought to have been Hillary Clinton and John Mc Cain's best political assets. It does beg the question: Why would Wright want to hurt the chances of the most credible African American candidate for president in our history?

Let's put aside another distraction. Some of my emailers seem to believe that Wright also made anti-Semitic comments. Not true. In fact, when the bombastic minister was describing religious differences in the world and calling for reconciliation, he also cited the split between the Orthodox and Reform Jewish movements. Not the words of a religious bigot.

Wright alone is not responsible, although he seriously aggravated the problem, for the loss of the great feeling of a color blind primary the nation felt after Iowa. It didn't matter whether you were for or against him, Obama's win in the Hawkeye state, with so small an African American vote, brought us closer together. Obama and Clinton supporters can share the blame for making race a factor in the election. \*

Sometimes my colleague at the other newspaper reminds me of a fellow student in college who always managed to upset a professor's lecture on literature by insisting that it was Bacon who actually wrote works attributed to Shakespeare. It must be lonely to be the town's contrarian, but the publisher, whose name sometimes escapes me, has done it again.

Not content to be the only person who has managed to anger both pro- and antigrowth organizations in our city, he has now come out swinging against the concept of Global Warming. I think he refuses to accept the science that it is "man" made, not a natural change in the climate. It must be troubling to him to see both **Newt Gingrich** and **Nancy Pelosi** share a television message on the environment – another plot by the "tree huggers."

Considering the publisher's other passion, I'm surprised he didn't come up with a solution for environmental challenges: Deport all the illegal immigrants.

I'm sending him a tape of **Al Gore**'s "An Inconvenient Truth." That could mean turning **Rush Limbaugh** off for a whole day.

Speaking of geographical challenges, a public relations firm sent us a press release on an excellent new program: EverySpace. This online program will give visitors an opportunity to actually "see" in 3-D stores, hotels and restaurants from the street and inside. Called "The Real World Online," the program is, according to their press release, being cosponsored by the Beverly Hills Conference and Visitor's Bureau.

What was their geographic challenge? Their release places Beverly Hills "just west of downtown Los Angeles." What a shock to visitors when they arrive at Alvarado and Sixth Streets.

Praise for the program, however, comes from **Brendan Carlin** of the charming Mosaic Hotel on Spalding. Carlin says hotel guests love the ability to use the program to plan their touring of the city.

Credit city department head **Steve Miller** and his staff for supporting the concept of a coffee shop in front of the city's library. Kelly's is doing good business and fills a need for city staffers, library visitors and others in a restaurant-deprived area.

In another section of the city, booming with new eateries, is the outstanding Champagne, a small coffee shop with very high quality coffees, baked goods and sandwiches – open from early morning to about 9 p.m. at Charleville and South Beverly.

They will soon be joined by the opening of Leonidas on the other east corner. The highly regarded Belgian chocolate will be offered in many forms, including ice creams and hot and cold drinks in a newly designed store that once housed Jamba Juice.

Both shops are in what is called The Four Corners, created by the silent film star and South Beverly loyalist, **Corrine Griffith**. She also gave us the tribute to the film industry sculpture at South Beverly and Olympic.

Today the Holocaust is remembered and last week the Armenian community demonstrated in remembrance of the slaughter of 1.5 million Armenians by the Turks. What the Armenians demand is recognition by the Turkish government of that genocide.

But there is a linkage. Had the civilized world made an effort to prevent the Ottoman empire's atrocities, maybe the nations of the world would have prevented Hitler Germany's mass killings. Silence and indifference was not a good teacher.

Monempour works to help students in need The first day of Passover, April 20, marked a special day for Sahar Monempour. A young member of the congregation of Nessah Synagogue, where

Monempour is an active member, came up to her and said, "Because of you, I want to [study] psychology." To have even affected this one person, Monempour said, has made her work worthwhile.

Monempour had just made a speech to the more-than-1,000-person congregation, urging them to donate money for her new teen outreach program at Beverly High, called the Shalom Club, or the Teen Outreach Program. The Program is a club for troubled teens to meet and get help and support from psychologists, social workers and other mentors once a week during lunch in math teacher Edna Broukhim's classroom. Monempour likened the club to a Big Brothers Big Sisters program.

"It's just being friends to them," Monempour said. "Friends who are older, who can help."

She ultimately raised \$10,000 at the synagogue, which will go toward buying lunches for participants and for future programs.

A 2003 Beverly graduate and Cal State Northridge student, Monempour has been working as an aide to special education teacher Alissa Melvin at Beverly High since 2005. She has worked with teenagers who have dealt with drug addiction, pregnancy and other issues, and she understands their behavior is often just a cry for attention and support. She hopes the Shalom Club will help them get what they need.

Monempour is graduating from Cal State

### "Environmental Building Standards"

Perhaps, like me, you recently opened your mail only to find a brochure from the developer of the Beverly Hilton Project. The pamphlet announces the "new color of luxury is Green." All of this eco-hoopla is interesting, but hardly compelling. Despite the glossy format, the developer is not promising a zero carbon footprint building or even a zero energy project — true environmental achievements.

Even the developer gives us a clue that we may be hearing more buzz than substance. You do not hear the developer — or the City — say occupancy will be conditioned upon achieving the LEED certification.

The LEED program has its eco-limitations. You can gain points for LEED certification just by incorporating a bicycle rack or having your architect attend a LEED course. You can even gain LEED certification without incorporating any energy saving design techniques.

According to the Final Environmental

### Playboy to host free Jazz Festival

Put on your dancing shoes and get ready to jump, jive, and swing with Lavay Smith and her Red Hot Skillet Lickers when the band performs in a free concert in Beverly Hills from 3 to 5 p.m. on May 4 at the Civic Center Plaza.

The show will also feature Grammy-nominated Latin Jazz trumpeter and bandleader Bobby Rodriguez.

This will be the first free concert in Playboy's series of free community events presented in conjunction with this year's

Impact Statement, the project presents a different story, a story of increased environmental degradation. Consider the following impacts of the Hilton project over current conditions: (a) yearly electrical demand will increase 15 percent; (b) annual solid waste generation will increase by 27 percent; (c) annual waste water generation will increase by 13 percent and (d) increased water use will combine with other projects to increase by 25 percent city demand for water by 2030. This does not even speak to the pollution from vehicle generation.

Lots of other green is missing. Where is the commitment to solar energy? Where is the commitment to pre-treatment of wastewater? Where is the commitment to the use of electrical machinery during construction? Where is the commitment to recycling?

The cover of the pamphlet shows a Bugatti car plugged into an electrical outlet. Yet, the project does not specifically commit to an electric vehicle charging station.

Unfortunately, a full understanding of the project details suggests the project is more pale yellow than dark green. Recycle your pamphlet - it may be the only true environmental commitment associated with the hotel.

# COVERSTORY A DAY IN THE LIFE OF A BEVERLY HILLS CROSSING GUARD

## Lauren Gabbaian stops to spend the day with Stephanie Moody

## FRIDAY, APRIL 25, 2008

**7:30 a.m.:** Though I'm not usually awake at this time of morning, I arrived today to see Stephanie already at her post on the corner of Elm Drive and Gregory Way, wielding her stop sign like a pro.

**7:32 a.m.:** Stephanie crosses the first child of the day. The second and third, sisters, follow soon after, greeting and thanking Stephanie for her efforts. It's not particularly crowded at this time of morning, and Moody is able to tell me a little bit about herself and her job. She lives in Crenshaw with her two daughters – Samantha, 12, and Melissa, 15 – and buses to Beverly Vista twice a day. She recently left her husband, who was about 15 years her senior, and raises her daughters on her own. She credits the change she made in her life to the now-weekly ritual of going to Church and the desire to set an example for her girls.

She got the job through the All-City Management Services (ACMS), which gave her the skills she needed to get a job, including interview skills and on-the-job habits. She began work as a crossing guard last year but had to find something new with the beginning of the summer break and was rehired as a crossing guard this January. She said her ACMS supervisor, whom she called Ms. Ball, was like a second mother to her, and her natural mother passed away three weeks ago. She had had diabetes and had been on dialysis for 17 years. She left behind 11 children, 28 grandchildren and even some great-grandchildren.

Stephanie went on to say how much the job means to her. "I like it very much," she said, "for giving me a chance when I didn't have nothing. This is a big opportunity for me." This was a sentiment Stephanie repeated a number of times throughout the day.

**7:41 a.m.:** To the unpracticed eye, a seeming disaster! Children are waiting to cross over to us from two different corners. But Stephanie handles the situation with ease, telling the child on the other side of Elm Drive to stay put as she walks the other child over Gregory Way. Then she comes back to cross the first. It becomes totally apparent in this case that the children really do respect Stephanie.

On the other hand,

**7:55 a.m.:** A child on his iPhone crosses the street without Stephanie guiding him, and Stephanie has to remind him of the rules. Apparently this has happened before with this boy. Also, the traffic situation starts to heat up when two cars almost collide in trying to turn onto Elm Drive. Twice! Stephanie agrees with me that people do not seem to know how to drive at this corner.

We get to talking again and Stephanie starts to tell me about how she had worked as a custodian at UCLA during the time between her stints as crossing guard. She says she was a good employee, always respectful and punctual. The job gave her more money and a retirement plan. However, she says she was hurt when she was let go after four months.

**8:09 a.m.:** A man walks by with his golden retriever – one of many dogs and dog-walkers who passed by this morning – and it's clear they see Stephanie on a pretty regular basis. The man says his dog keeps trying to say hello, but the dog will not let Stephanie pet her. Maybe tomorrow!

Stephanie tells me that, understanding the importance of education, she sends her girls to Frederick Douglass Academy, a charter school, rather than the local public school, even though it is a long way from home. There, she says the teachers are like parents, really taking the time to support the students, even after school. Her daughters have both said they want to go into medicine, one as a veterinarian and the other an OB/GYN.

**8:14 a.m.:** People in some cars turning the corner stop to say hello to Stephanie. Later on, a mother with her baby strolls by. Apparently, Stephanie had inadvertently made the baby cry when trying to pick her up the day before. Today Stephanie playfully calls the little girl "spoiled" and tickles her, only getting a bit of a grimace.

"The people over here are real friendly," Stephanie says. "There's no chaos going on on this side of town. I think if I try something new I can benefit."

She wants to try to get a job as a janitor for the District, which will extend throughout the year and give her more hours. She is also considering moving closer to the west side to be closer to her job. She is also considering moving to Las Vegas.

**8:36 a.m.:** Stephanie has been telling me about what it was like growing up. She is almost 40 years old now, but she grew up too fast and left her mother's home and had her first child at 16. Though her daughters think Stephanie is overly strict as a parent, Stephanie sees her firmness as the only way to keep her daughters out of similar trouble.

**8:45 a.m.:** It is time for Stephanie to head out for the morning. She has a hair appointment at 10, and then she plans to go home for a bit before coming back in the afternoon.

**2 p.m.:** We've both arrived a bit early, so we take some time out to sit in the shade across the street. The Weather Channel says the high was only 80 degrees that day, but my new sunburns say it was even hotter. While I'm wearing a t-shirt, skirt and sandals, Stephanie is wearing a dress shirt, jeans and boots that were definitely made for the winter.

**2:27 p.m.:** Stephanie goes to get her stop sign, vest and visor, and we're back on her corner by 2:30. Soon a girl comes up to the corner, drops her backpack and proclaims, "I come early again!" Stephanie makes conversation with the girl until a woman in a minivan calls her over and they have a nice chat about hairdressers. Stephanie told me later the family had given her a box of candy for Valentine's Day.

**2:46 p.m.:** A traffic officer arrives and puts up a No-Left-Turn sign for people traveling east on Gregory Way. Apparently, the traffic gets really bad at this time of day if the sign is not there. He stays around to direct traffic and help Stephanie get kids across the street safely.

Two young brothers strike up a conversation with Stephanie about weekend plans. While the boys were possibly going to get a dog, Stephanie's plans included doing laundry and attending a ground maintenance class at Crenshaw High on Saturday morning.

Later on, a girl walks by with her family and tells Stephanie she lost a tooth and would be getting money for it that night.

**3:10 p.m.:** Stephanie gets an unexpected visit from her supervisor, Ms. Ball. It's evaluation time and she passed! Ms. Ball stays a while to critique Stephanie's performance and show her how certain things are done. Such evaluations determine whether she will keep her job and how high her wage will be. If she passes another, more secret evaluation, she will move up to \$9 per hour.

**3:22 p.m.:** All of a sudden it gets very busy and Stephanie has to start taking children across in large groups. Some children use this opportunity to cross without her help, but she handles it in stride and eventually it is quiet again.

**3:34 p.m.:** Stephanie gets a call from her daughter Samantha to say she has gotten out of school. Calls like this help me remember Stephanie

is a parent, just like all those picking up children from Beverly Vista.

**3:45 p.m.:** Stephanie helps a young boy, who Stephanie had identified as her "Little Man" earlier today but who had been too shy initially to say hello, and his father to cross the street. Finally Little Man speaks:

"Thank you, Lady!"

Notice of Power to Sell Tax-Defaulted Property in and for Los Angeles County, State of California, has been divided and distributed to various newspapers of general circulation published in the County. A portion of the list appears in each of such newspapers

NOTICE OF IMPENDING POWER TO SELL TAX-DEFAULTED PROPERTY Made pursuant to Section 3361, Revenue and Taxation Code

Notice is hereby given that real property taxes and assessments on the parcels described below will have been defaulted five or more years, or, in the case of nonresidential commercial property, property on which a nuisance abatement lien has been recorded or that can serve the public benefit by providing housing or services directly related to low-income persons when three or more years have elapsed and a request has been made by a city, county, city and county, or nonprofit organization that property will become subject to the Tax Collector's power to sell.

by operation of law. The Tax Collector's power to sell will arise unless the property is either redeemed or made subject to an installment plan of redemption initiated as provided by law prior to 5 p.m., on June 30, 2008. The right to an installment plan terminates on June 30, 2008, and after that date the entire balance due must be paid in full to prevent sale of the property at public auction.

The right of redemption survives the property becoming subject to the power to sell, but it terminates at 5 p.m. on the last business day before actual sale of the property by the Tax Collector.

All information concerning redemption or the initiation of an installment plan of redemption will be furnished, upon request, by Mark J. Saladino, Los Angeles County Treasurer and Tax Collector, 225 North Hill Street, First Floor, Los Angeles, California 90012.

The amount to redeem, in dollars and cents, is set forth opposite its parcel number. This amount includes all defaulted taxes, penalties, and fees that have accrued from the date of tax-default to the date of June 30, 2008.

I certify, under penalty of perjury, that the foregoing is true and correct. Dated this 14th day of April, 2008.

Right now, we have an historic opportunity to replace acres of concrete with lush public gardens...

## ...Or we can leave things the way they are.

If approved, The Beverly Hilton Revitalization Plan will bring one of the world's great hotels — the Waldorf = Astoria — to Beverly Hills and transform acres of concrete into open space and lush gardens. CBRE Financial Consulting concluded that this project will generate more than \$700 million in revenue to the City of Beverly Hills over 30 years. Let's not miss the chance to complete this historic transformation.

Currently under consideration by the Beverly Hills City Council
