"Thanks for the Memories" [Issue 558]

I very nostalgically picked up a copy of the Weekly (#558) and was reminded of what made Beverly Hills the great school district it was and always should be. Ms. [Elaine] Palazzo was the first teacher I had when my family immigrated here from New York in 1978. We came in November and I can clearly recall my first assignment in her class. a turkey right before Thanksgiving. I still remember bits and pieces of 5th grade; like the Oregon trail game we played with Ms. [Diane] Mead's class and the Judy Blume books, both acceptable and forbidden. which our curious 10-year-old minds thumbed through incessantly; but most of all I remember taking up a certain fondness for learning. This helped me immensely when I became a teacher. I was hoping that my 4th grade son would benefit from her expertise, but alas, change is still the only

Mr. [Dick] Douglas on the other hand, will forever be, first and foremost, my swimming coach. When I watched him "instruct" juniors and seniors in varsity water polo and swimming I never thought that he was an actual "classroom teacher." I'm lucky I never wagered a bet on this. In 11th grade I wound up in his AP American history class and was blown away at his skill in the classroom. He was well read, very opinionated (James Polk was his favorite President) and most of all, well liked. I was never the studious or the athletic type, so taking first in the Ocean League finals in the 500 (yards) and getting an A in his history class made it a banner year. Coach Douglas inspired us in sport and in thought.

Coach, if you're reading this...We have a superintendent opening in your old neighborhood. What are you up to next year?

More than 100 Beverly High athletic alumni returned to the high school Sunday, June 13 as part of the inaugural Beverly Hills Athletic Alumni Association Alumni Day event.

"Coming back for alumni day reminded me of those special memories of playing sports at BHHS," said Class of 1985 football and baseball player Chris Williams. "I am so glad that BHAAA came up with the concept, and I can't wait to do this again next year."

BHAAA is also gearing up for its fourth annual Hall of Fame Dinner, which will be held Saturday, Oct. 16. This year's inductees include Ian Elliot ('40; football, basketball, track), Don Long ('55; football, basketball, baseball), Maurice 'Moe' Hill ('72; football, track, baseball), Missy Bims Halperin ('82; tennis, basketball, softball) and Bob Kay ('82; basketball, baseball). NOTICE OF PUBLIC HEARING AND INTENT TO ADOPT A **NEGATIVE DECLARATION**

DATE: Thursday, June 24, 2010

TIME: 1:30 p.m., or as soon thereafter as the matter may be heard

LOCATION: Commission Meeting Room 280 A

> Beverly Hills City Hall 455 North Rexford Drive Beverly Hills, CA 90210

The Planning Commission of the City of Beverly Hills, at its regular meeting on Thursday, June 24, 2010, will hold a public hearing beginning at 1:30 p.m. or as soon thereafter as the matter may be heard, to consider:

> An ordinance of the City of Beverly Hills amending various sections of Chapter 3 of Title 10 of the Beverly Hills Municipal Code to establish regulations regarding the restoration and maintenance of certain defined views from single-family residential property in the Trousdale Estates area of the City substantially impaired by certain foliage maintained on other private property. Trousdale Estates is defined in the Zoning Code as all property located north of Doheny Road and east of Schuyler Road, except that land zoned R-1.X, and that portion of Lot A of the Doheny Ranch tract northwesterly of tract numbers 24485 and 24486, commonly referred to as the Greystone Mansion property.

This is a first step in a process to review view restoration in Trousdale Estates and the Hillside Area of the City. The Planning Commission, at a future meeting, will separately consider the appropriateness of similar regulations for the Hillside Area of the City. Any Planning Commission recommendation regarding a draft ordinance would be forwarded to the City Council for its consideration at a duly noticed public hearing.

This project has been assessed in accordance with the California Environmental Quality Act (CEQA), the State CEQA Guidelines, and the environmental regulations of the City, and no significant unmitigated environmental impacts are anticipated; therefore, a negative declaration is being prepared, subject to review by the Planning Commission.

Copies of the staff report, Negative Declaration, and all documents referenced in the Negative Declaration will be available in the Planning Division on Friday, June 18, 2010 and can be reviewed by any interested person at 455 N. Rexford Drive, Suite 100, Beverly Hills, CA 90210. Copies of the documents will also be available on the same date for review in the Beverly Hills Public Library Reference section. Any interested person may attend the meeting and be heard or present written comments to the Commission. Comments on the proposed Negative Declaration may be submitted in writing to the Planning Division of the Community Development Department for a period of 20 days from June 18, 2010 until July 8, 2010, and written or oral comments will be accepted at the Planning Commission meeting at the date and time noted above.

If you challenge the Commission's action in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence delivered to the City, either at or prior to the public hearing.

If there are any questions regarding this notice, please contact Michele McGrath in the Community Development Department at 310.285.1135 or at mmcgrath@beverlyhills.org.

People Who Define Us

And other notes of interest **By Rudy Cole**

This week's sermon is about the people who have made important contributions to our community. Some you may admire, others you could have fought on some earth-shattering political or civic issue, and I have too, but they did give back to a city they love.

Sometimes people ask me whom I consider who was the "best" mayor or our most "important" civic leader. Despite assumptions to the contrary, I am not quite old enough to have actually known our first mayor, SM Spalding, 1928, or honorary mayor Will Rogers, 1926-28, who put us on the map by convincing the government to give us our own post office.

But I've known quite a few, and if pressed, my choice would have to be George Slaff, 1968 and 1975, with a lot of close seconds.

There is a very special knack to wielding the gavel at public meetings, often requiring putting aside personal likes and prejudices to maintain order, decorum and fairness. Slaff did this well, as did Hugh Darling, 1960.

As frequent readers know, I am not always in agreement with Barry Brucker. However, as board president and mayor, he was always consistently fair, courteous and prepared, and he served with some contentious colleagues.

Jimmy Delshad, as mayor, leads with restraint and openness. Lillian Raffel, as board president, showed great respect for the school's professionals and then-Mayor Ben Stansbury was the council intellectual. The most gentle giant at the podium was Ben Norton, even when wife Rose made appearances to disagree

Our school boards always seem to find reasons to squabble, and this one carries on that tradition. But as individuals, they too bring special talents to the education process. In fact, a meeting early this month was a good example of being able to focus on critical needs while putting aside personal divisions.

The issue was school security. It was encouraging to listen to new high school principal Carter Paysinger explain that this was one of his top priorities; and kudos to Lisa Korbatov for coming prepared and doing her homework, and to her colleagues Myra Lurie, Jake Manaster and Brian Goldberg for sending the education community a united message: our school must be safe.

Even though this meeting, and many recent-

ly, ran far too long, Board President Steven Fenton has grown into a positive leadership role. He now manages to put aside some personal differences with colleagues and use reason and logic to build consensus. Fenton's presiding job at the last meeting could be a model

As for bringing legal skills to public service, the board is fortunate to have Myra Lurie and Jake Manaster serving. Both are sharp lawyers who help sort out the legalistic challenges the district faces. Interestingly, the board has two lawyer members, the city council none.

Women have played such a critical role in community leadership that I had the idea of writing a book on the subject: "The Women of Beverly Hills." As I began my research, I discovered a terrible loss of historical material in our library: back copies of many of our longgone community newspapers. (Not the fault of our great, reasonably new librarian Nancy Hunt-Coffey). More on this later and how my readers could actually help by digging through attics for old newspapers. I still want to try to complete the work.)

Some of these Beverly Hills women greats are on the list below. Marcella Rabwin and Betty Wilson dragged our city into supporting the best public education possible. Phyllis Seaton did her magic for our schools as a board member and later as the first woman mayor of Beverly Hills. Lili Bosse, the mostly reserved giant of charities and leadership, carried on that tradition, and, of course, made my list.

However, if I had to single-out one person, male or female, who had the greatest impact on the civic, education and cultural life of our city. that would have to be the legendary Sooky Goldman, who, quite fortunately, is still with us. In the same breath, you would have to add her spouse, main supporter and best friend, Sam Goldman.

Sort of a long introduction, but here's my first installment, and yes, there will be a sequel for those I missed and readers nominate, of some of our past and present greats and a sampling of what they did for your community, in no particular order:

Donna Ellman Garber, Mayor, 1976, 1981: Our outstanding, model setting senior housing project on South Crescent, trolley buses for seniors and shoppers.

Dr. Charles Aronberg, Mayor 1974, 1979: Conceived the city funding Joint Powers Agreement for our schools that literally saved our education system's tradition of demanding excellence, and broadening the paramedic serv-

Ken Goldman: homeowner leader, activist and organizer of Police and Community Together (PACT) that backed our finest when they needed it most.

Vicki Reynolds, Mayor, 1991, 1994, 2000, who would not give up on her dream of creating a cultural center, now brought to reality as the Annenberg. (A special nod to Wally Annenberg for her enormous generosity and pace setting donation too.)

Bram Goldsmith, chair, City National Bank, who sets the example for corporate responsibility in community support and has been the leader of the Annenberg's incredible board and professional staff.

Judie Fenton: Her group's constant support of the police and fire association events and programs have set the highest standards for community involvement.

Allan Alexander, Mayor 1990, 1995: He led the effort for outdoor dining that changed the look of our business district, created many new city commissions that helped bring more leadership and involvement to city government, and has been the local maven on the subway to the sea. (On the latter, with big help from former Mayor Mark Egerman.)

Maxwell Hillary Salter, Mayor 1989, 1993: Showed city staff how much we appreciated their work and taught the importance of treating citizens as customers we need. (Janet not only

helps lead the small army of Salter family members, but continues as the guiding force of the Beverly Hills Theatre Guild.

Richard Stone, 1972, 1977: As councilmember, he may well have saved our city's financial stability by quickly restructuring our business license tax after the passage of the draconian **Howard Jarvis** Prop.13 property tax "reform."

Les Bronte, mayor, 1998: With the help of his family, designed and created our logo and official city flag. Les has also helped save our great CPR program.

Former City Manager Mark Scott: Many achievements, but the best is the traffic management system that has reduced and controlled car movement in the southwest. (Later, repeat on the work of recently retired City Manager Rod Wood.)

Fred Hayman: What can you add to this legend of giving? He helped create Rodeo Drive and with wife Betty set the standard for donations and support of the arts.

Beny Alagem, Beverly Hilton owner, who created our city's most enlightened labor union - management relationship, brought his hotel to new, higher standards of excellence and understands the importance of giving back. (No less a hotel maven than Hayman told me recently that no previous Hilton owner has done as

much as Beny to improve a city landmark.)

Kenneth Peters, pushed, shoved and dragged our schools into the modern era of educational services and made the superintendent's job the key leader of our school system. His life and times are an example of the value of promoting from within.

Bernice Hutter, longest serving member of our school board and always with class, dignity and civility. She helped support the goals of Kenneth Peters.

Betty Harris, a lifetime of dedication to her vision of keeping the small town feel of our community, one of the first organizers of the Friends of the Library: and my rational colleague in the Library Bond campaign, and the successful election drives of Bernie Hutter, Ernest Ach. Elinor Nathan, before we parted on the Hilton matter, but still remain friends, I hope.

Judges Andrew Weisz, Eldon Fox, Marsha Revel and Richard Stone, past and present greats who have made our court the envy of the state's judicial system.

Lya Cordova-Latta, protected and supported our great Theatre Forty and is a community activist who puts aside rancor and divisiveness, an example others could follow.

The Mahboubi, Pirnia, Soleimani, Meshkaty,

Delshad, Gabbay, Melamed, Shooshani families for helping lead the Persian community so smoothly into civic life.

Lili and Jon Bosse, by being major donors and civic leaders with modesty and class. (A best-ever city event was one Lili organized for the BHEF at the boat court; it was a feel good evening.)

Steve Miller, the unflappable leader of parks and recreation and later community services department who had the vision to keep the city green, the parks and facilities people friendly, and making whatever small contributions I made as chair of the Rec and Parks Commission into realities and not just dreams. Over strong objections, he is about to retire.

Patti Tanenbaum, a symbol of all the great women who have led our PTAs, with dignity and imagination. As for Mayor Robert, 1998 and 1992, a love-hate relationship for as long as either of us can remember. But always interesting. (Josette loves his books!)

Sue and Barry Brucker: Making politics interesting and proving that marriages can survive the Beverly Hills wars. Sue has done exemplary work for Temple Emanuel.

Dr. Willie Brien, the class act on the city council, always fair, thoughtful and open and, important to me, his mother Honey Bear is one of three people who actually admits reading me every week.

Monty Hall, our own great facilitator of civic and charitable events, whose selfless giving of time and energy has saved many an otherwise dull fundraising evening or luncheon. The real make-a-deal guy.

Horace Mann PTA President Monique Gibbons Named PTA Council President

Monique Gibbons was installed as president of the 2010-2011 PTA Council executive board during the council's annual installation luncheon June 4.

Gibbons, was served as the 2009-2010 Horace Mann PTA President, will be taking over for outgoing PTA Council President Franny Rennie.

"I'm looking forward to working with the board and district administrators to keep that high level of education that students deserve," Gibbons said. "Part of being involved in the council is we get to network between our district and council presidents in other districts in the area. So hopefully, we can see what we can bring into our district from other places."

Gibbons said her role as a site PTA president has helped her prepare for the council presidency because she understands the overarching program of the PTAs at the five BHUSD schools, which includes a "united approach in terms of fundraising and marketing."

"We have to play with all the players, so it's good to keep all lines of communication open," Gibbons said. "The thing about being council president versus being site president is our goals are a little wider spread, for lack of a better term. We're facilitators. We have more of an umbrella, and we want to make sure whatever we do fits into the goals of the school district."

Other executive board members installed onto the PTA council include Executive Vice President Jennifer Terrell Schwartz, First Vice President (Directory) Craig Bruenell, Second Vice President (Legislation) Cathy Baker, Third Vice President (Public Relations) Amy Deutsch, Fourth Vice President (Parent Education) Len Leatherwood, Recording Secretary Sherry Talasazan, Corresponding Secretary Julie Fluegel, Historian Colleen Shernstein, Parliamentarian Joel Ordesky and Treasurer Denise Leiter.

Coverstory ALL GROWN UP

With graduation tomorrow, two Beverly High seniors reflect on how high school has helped prepare them for what lies ahead

By Kimberly Cheng

Tomorrow, 563 seniors will receive their diplomas and begin a new chapter of their lives. These two graduating seniors are not necessarily the class valedictorians or the star athletes. They're just a cross section of rank-and-file students, as well as a reflection of teenage life in Beverly Hills today.

RYAN

With graduation so close, it's inevitable to think back to the beginning of high school and wonder how it ended so fast. I think of how I came in as a freshman thinking I was so cool, so smart, and so good at basketball. It wasn't until I was a victim of the infamous Freshman Friday, cut from the basketball team, and failed some tests that I realized high school was going to be much different from what I expected. While, at the time, those were all upsetting events, they have all now become funny stories and memories. It just demonstrates how much I've grown over the past four years. The changes and the maturity just snuck up on

me without me even realizing. I've grown up greatly, whether it was learning to put my family before my friends or taking the advice of my parents instead of dismissing it.

My years at Beverly High have been memorable because of the times I've shared with my friends. I came in to high school with my group of friends, but it was the new people that I met who left the biggest impact. Not knowing what to expect, it was the new friends, those unexpected people in my classes, who changed my high school experience. It's often the simplest things we did together as friends that were the most fun: playing basketball and poker, watching Lakers games, and our lunches at Korean Barbeque. But there are also the trips, the concerts, and the crazy nights that made high school exciting. My friends Neema Hakimianpour, Alex Lahijani, Jamie Ebrahimi, among others, and I drove out to Coachella Valley for the Coachella Music Festival in 11th grade. Somehow we managed to squeeze eight people in a one-bedroom casita, but one night of uncomfortable sleep on the floor was worth the memories of that trip. At 2 a.m., as we made it back to the room after a day at the concert, we fired up our portable grill and began to cook burgers and hot dogs. Only with friends like them can you leave a concert to start your own midnight barbeque party.

I was involved in the community throughout high school working at Teen Line and coaching in the Beverly Hills Basketball League. But it wasn't until my senior year that I got

involved in the school by participating in assemblies, playing in events like Junior-Senior night, and even running for Homecoming King. I remember campaigning hard, going as far as writing on my body and using it as a huge, walking advertisement. The more I put into my high school experience, the more fun I had. I think it's so interesting how I can complain about high school for years, yet when it's time to leave, I want to hold on. Now, as I head to USC next year, I feel that Beverly High and the people there have really prepared me for what lies ahead. I can't help but notice how I've grown up into a confident and mature person, aware of my priorities and excited about my future. If I've learned anything from my time at Beverly, it's that I need to enjoy the moment because it flies by so quickly.

BAHAR

Entering high school, every student has the mentality that they're there to get an education and somehow find a way into a UC, Ivy League, or whatever college they wind up loving. What most don't know is the key ingredient to high school, what they really learn: life lessons.

I was one of the naïve freshman who stormed into Beverly excited and anxious. I stepped into sophomore year still excited but over the whole rush of going to high school. I took slow steps as I approached junior year, not looking forward to the heavy workload. Lastly, I felt completely over high school and not too thrilled for another year as I entered my last year.

As exasperated as I was dealing with bundles of school work for four consecutive years, I started noticing different things I was experiencing during my senior year. My bond with my friends grew stronger than ever, and I started cherishing my final moments at Beverly Hills High School. I gained so much respect for my teachers, and I felt as though I remotely understood how they felt when they deal with a rowdy bunch like us, though they still remained so calm and patient. Of course, I had my moments where I left campus for 15 minutes for a McDonald's break, or pretended to go to the bathroom when, really, I went to go hangout in the back alley or sit on the couches in Mr. [Romeo] Carey's greenroom in the broadcasting studio; it doesn't mean I didn't learn what I was meant to learn at Beverly.

I don't think it really needs to be said that Beverly is an amazing school and the faculty and staff train you to do your best and set strong goals for yourself. One year in my Geometry class, my math teacher at the time, Mr. [Danny] Zadeh, made a statement I'll never forget. He told us the difference between Beverly Hills High School and other high schools was that our students had big hearts and so much compassion. We all formed this strong, secret bond with each other, and we never left anyone out of this circle. In my final months at Beverly I realized he was totally right; Beverly had its cliques, groups, whatever you want to call it, but at the end of the day, we are a gigantic family that will look back on our four years at Beverly and truly miss it. Graduating this year feels like I'm moving away, even though I'm still going to be living at home and will be attending Santa Monica College. I feel like I'm moving away from the security Beverly nurtured us with, which scares me a little bit. But thanks to my experience here the past four years, I know I'll surpass that fear. As excited as I am to move forward and get out of high school just like I always whine about, I know I'm going to miss Beverly and everyone in it. It's been a crazy ride, and I couldn't be more proud that I'm graduating from Beverly High.

ent and past commissioners who serve our city with distinction and caring. Noah does his research, comes prepared and is always fair to applicants and residents as chair and member of the city's hard working Planning Commission.

Nancy Krasne, who proves that emotions and strong feelings are not deterrents to honestly expressing her opinions, even in the face of colleague pique.

Last, on this first list, **John Mirisch**, and every community needs one. When the parade goes south, count on John to march north. He gives new meaning to the word maverick. Someday, I hope his family liberal roots will come out of hiding. Seriously, I know he cares about our community and he does enliven council meetings.

People really do help distinguish us as a great place to live, work and educate our children.

P.S., have to add the second great woman French martyr, **Josette Cole**; no explanation needed.

Notes on other matters of interest:

At first I thought it might be an extremely creative method of funding a possible campaign for city council, but it was not really funny. Some hacker gained entry into former school board member **John Millan**'s e-mail list and sent an appeal for a supposedly stranded-in-England-and-broke Millan and family. Just a nasty scam with no truth. He and family are just fine, but angry at this invasion of their privacy.

We were very impressed with a recent Robotic class presentation to the high school. This amazing program is self-funded, led by teacher **Eileen Kahn** and has won countess awards. Much more on this later, but a special shout-out to the representatives who came to

the board meeting: Jason Kahn, Nicole Weinstein, Ethan Gabbay, Shoshana Young, Alex Kern, Michelle Wolf, Priya Sumeran, Eva Zheng, Avi Hecht and Matt Cowell. Also working with Kahn is Kevin Bowers. (Other people who come to the board to speak could learn from their brevity and professionalism.)

And speaking of giving back, community and business leader **Michael Dates** has just been named to that great social service agency on our borders, Vista Del Mar, long the recipient of attention and support from the late **George Konheim**.

Dates is a William Morris Endeavor exec and a member of the Beverly Hills Chamber of Commerce board.

Finally, a great speech by President **Barack Obama** on the Gulf oil crisis. This one reminds us of why he was elected: Organized, rational and action-loaded and not just technically focused. However, where are all those who

want less government when a real national problem arises? No time for a tea party now.

Congratulations to the people of Finland for supporting the State of Israel when it was most needed. How is it the Finns got the real story of the flotilla tragedy, and few others? We should also always remember the heroic actions of the Danes during the Nazi occupation and their UN ambassador who so eloquently proposed UN admission of Israel to the council of nations. How about a sister city program with Helsinki and Copenhagen?

Rudy Cole served for eight years as a member and chair of the city's Recreation & Parks Commission. He was also President of the Greystone Foundation and served on three other city committees. Rudy can be reached at: Rudy@bhweekly.com.

ORDINANCE NO. 10-0-2583

AN ORDINANCE OF THE CITY OF BEVERLY HILLS AMENDING SEC-TIONS 10-3-2605 AND 10-3-2650 OF THE MUNICIPAL CODE REGARD-ING THE HEIGHT OF STRUCTURES IN TROUSDALE ESTATES

WHEREAS, on April 22, 2010, the Planning Commission conducted a duly noticed public hearing to consider proposed amendments to the height of structures in Trousdale Estates as set forth in the Beverly Hills Municipal Code and recommended that the City Council approve the proposed amendments

WHEREAS, on May 18, 2010, the City Council conducted a duly noticed public hearing to consider proposed amendments to the height of structures in Trousdale Estates and introduced the Ordinance.

WHEREAS, the City Council hereby finds and concludes that the Amendments have been environmentally reviewed pursuant to the provisions of the California Environmental Quality Act (Public Resources Code Sections 21000, et seq.("CEQA"), the State CEQA Guidelines

(California Code of Regulations, Title 14, Sections 15000, et seq.), and the City's Local CEQA Guidelines (hereafter the "Guidelines"), and that the Amendments qualify for a Class 5 Categorical Exemption pursuant to Section 15305 of the Guidelines for minor alterations in land use limitations. The Class 5 exemption is limited to areas that have an average slope of less than 20%. The proposed text amendment would slightly alter existing regulations regarding the allowable height of re-built homes in a particular area of the City. Existing regulations that apply to these properties limit construction to areas that have a slope of less than 5% and the proposed ordinance would not change this limitation.

NOW, THEREFORE, THE COUNCIL OF THE CITY OF BEVERLY HILLS DOES ORDAIN AS FOLLOWS:

Section 1 10-3-2605 of Article 2 of Chapter 3 of Title 10 of the Beverly Hills Municipal Code is amended to read as follows:

"10-3-2605: HEIGHT OF STRUC-TURES:

The maximum height of any structure in Trousdale Estates shall be fourteen feet (14').

However, notwithstanding the provisions of subsection 10-3-203C of this chapter, if a building lawfully exceeded fourteen feet (14') in height on October 15, 1987, then an addition to that building may exceed fourteen feet (14') in height if permitted by a Trousdale R-1 permit issued pursuant to Article 26.5 of this chapter.

Notwithstanding any other provision of this code, structures in Trousdale Estates which lawfully exceeded fourteen feet (14') in height on October 15, 1987, may be rebuilt or remodeled but shall not exceed the height or envelope of the building as it existed on October 15, 1987, unless permitted by a Trousdale R-1 Permit issued pursuant to Section 10-3-2650 B of this chapter.

Section 2 10-3-2650 of Article 2 of Chapter 3 of Title 10 of the Beverly Hills Municipal Code is amended to read as follows:

"10-3-2650: TROUSDALE R-1 PER-MIT:

Notwithstanding any other provision of this chapter, upon application by a property owner in a form satisfactory to the director of community development, the reviewing authority may issue a Trousdale R-1 permit to establish the following standards in accordance with the following criteria in Trousdale Estates:

A. Height Of Additions: The reviewing authority may issue a Trousdale R-1 permit that allows an addition to a building, including a side setback prolongation, to exceed four-teen feet (14') in height if the building lawfully exceeded fourteen feet (14') in height on October 15, 1987, the addition will not exceed the height of the building, the addition will not exceed twenty percent (20%) of the existing floor area, and the reviewing authority finds that: 1) the addition will not materially impair the view or line of sight of neighboring homes, 2) the addition will not materially change the scale, character or integrity of the area, and 3) the addition will not adversely affect the utility and value of neighboring properties or the general welfare of the neighborhood.

Estates Larger Than 5 Acres: A single family residence in Trousdale Estates that is located on a site in existence on April 22, 2010 that is larger than five (5) acres and contains a level building pad of at least one and one-half (1.5) acres, which residence lawfully exceeded fourteen feet (14') in height on October 15, 1987, may be rebuilt or remodeled up to the maximum height of the single family residence that existed on such site as of October 15, 1987, without otherwise conforming to the envelope of such single family residence.

In reviewing a request for a R-1 Permit under this subsection B, the reviewing authority may approve the request if it finds the newly constructed single family residence (1) will exceed one hundred and twenty percent (120%) of the existing floor area of the single family residence as it existed on October 15, 1987; (2) will not materially impair the view or line of sight of one or more neighboring homes; (3) will not materially change the scale, character or integrity of the area; and (4) will not adversely affect the utility of neighboring properties or the general welfare of the neighborhood.

Notwithstanding any other provision of

this code, the cumulative floor area of accessory structures located on a site for which a Trousdale R-1 Permit has been issued pursuant this subsection 10-3-2650 B shall, at all times, be limited in floor area so as not to exceed a maximum of 10% of the floor area of the primary residential struc-

Game Court Fences And Lighting Standards: The reviewing authority may issue a Trousdale R-1 permit to establish the height of a game court fence or game court lighting standard within five feet (5') of a property line in excess of the height allowed pursuant to subsection 10-3-2617C of this article if the reviewing authority finds that the game court fence or lighting standard will not have a substantial adverse impact on: 1) access to light and air by neighboring properties, or 2) the visual character of the area as viewed from streets and neighboring properties. However, in no case shall the reviewing authority allow any game court fence to exceed twelve feet (12') in height nor shall the reviewing authority allow any lighting standard to exceed twenty two feet (22') in height.

For the purposes of this section, a "substantial adverse impact" shall mean an adverse impact that is material and readily perceptible.

Except as explicitly provided in this section, no Trousdale R-1 permit shall be construed as a waiver of any requirement of this chapter."

The City Council hereby approves this Ordinance and authorizes the Mayor to execute the Ordinance on behalf of the City.

Publication. The City Clerk shall cause this Ordinance to be published at least once in a newspaper of general circulation published and circulated in the City within fifteen (15) days after its passage in accordance with Section 36933 of the Government Code, shall certify to the adoption of this Ordinance and shall cause this Ordinance and his certification, together with proof of publication, to be entered in the Book of Ordinances of the Council of this City.

Section 3. The City Council hereby approves this Ordinance and authorizes the Mayor to execute the Ordinance on behalf of the City.

<u>Section 4.</u> Publication. The City Clerk shall cause this Ordinance to be published at least once in a newspaper of general circulation published and circulated in the City within fifteen (15) days after its passage in accordance with Section 36933 of the Government Code, shall certify to the adoption of this Ordinance and shall cause this Ordinance and his certification, together with proof of publication, to be entered in the Book of Ordinances of the Council of this City.
