## “Fashion Night Out celebrates fashion in style” [Issue #572]

I work on Rodeo Drive and was working the evening of “Fashion Night Out”. We found the people who participated very nice and did not encounter any trouble, so kudos to BHPD! We hope that this tradition continues, and that with even more publicity we can make it a large, and financially lucrative venture for the stores. The only complaints I have heard, is that sales were slow, but consumption of food and alcohol was large!

Let’s try to push the charity event and get the Fashion Night Out partners on the back of the tee shirts!

## Assistant city managers earn \$750K combined; city manager among highest paid in state

The League of California Cities has released a study listing city manager salaries for the state of California.

This list, from 2009, named former Beverly Hills City Manager Rod Wood’s reported total compensation at approximately \$438,571. This compensation included vacation and sick leave payoffs of \$140,289.

Current City Manager Jeff Kolin makes

\$274,999 but with benefits, \$382,773. Assistant City Manager Madhi Aluzri is paid \$231,174; with benefits: \$314,416. Deputy City Manager David Lightner makes \$154,211; with benefits: \$222,995 and Deputy City Manager Cheryl Friedling is paid \$147,499; with benefits: \$214,641. The three assistant city managers combined make approximately \$750K.

Of the 74 cities listed with populations 20,000 over and under the Beverly Hills population of 33,784, the Beverly Hills current city manager ranks 6th highest paid overall before factoring in his annual benefit compensation.

## SMILE FOR SAFETY NORTH REXFORD DRIVE

6-year-old Jonah DuFour, Beverly Hills Police Officer Jason DuFour and 3-year-old Caleb DuFour pause in uniform at the BHPD pancake breakfast Sunday, September 19.

although people are looking into city managers compensation, no amount of money will seem extreme in comparison to the former salaries in Bell.

Jeff Kolin

“What’s happening is a result of [the City of] Bell,” Vosburgh said. “They’re trying to protect themselves. Some of the people in the downtown City Hall in LA, when

they’re highly paid and highly compensated, just say they’re not like Bell. No one’s like Bell.”

Rod Wood

Although working in a bigger city means that a city manager should be compensated more, Vosburgh said there is a limit on how much more that should be. A bigger

city does not necessarily mean more work for one person.

“If you’re in a larger community, you have more assistants, a larger staff, and the key is to be able to direct the activities of these departments and make sure the departments are running smoothly, the

budgets are run on time, the city council meetings are properly scheduled and the city business is reported properly to those who need to know,” Vosburgh said. “There’s a lot of responsibility there and if you’re not making these things happen it’s going to become apparent. You have a tremendous pool of people who are already working.”

The League of California Cities, in an effort to secure quick information, asked the city managers to report the amount of compensation that appeared in “Box 5” of the Federal W-2 form for the calendar year of 2009. The number reported includes salary and a variety of fringe benefits, including car allowance, deferred compensation and payouts of unused leave. In most cases it does not include health benefits.

As an example, Santa Monica pays their city manager \$317,000; West Hollywood, \$283,000, with a deferred compensation of \$13,500, auto allowance of \$6,100, technology allowance of \$4,200 and health benefits of \$2,200; and Burbank, \$236,057, with a technology allowance of \$1,200 a year and a car allowance of \$500 a month.

#### Suspect pleads not guilty to triple homicide

31-year-old Harold Yong Park pled not guilty to the triple homicide that occurred in West Hollywood last month. A preliminary setting is slated for October 28, at which time the preliminary hearing date should be scheduled.

2001 Beverly High graduate Bernard Khalili, 27; and brothers, 2001 Beverly High graduate Pirooz “Petey” Mousazadeh, 27 and Shahriar Moussazadeh,

38; were found in the West Hollywood Apartment shot at approximately 9:18 p.m. All three were pronounced dead at the scene.

Harold Yong Park

Pirooz and Shahriar shared in an apartment in the 600 block of North Kings Road, where Khalili was visiting the night of the murders.

Lt. Patrick Nelson with the Los Angeles Sheriff’s Department said the murders were over a marijuana deal, worth over \$20,000, gone wrong.

“It ultimately [led to murder],” Nelson said. “I don’t know that it was intended to start out that way. But I think it’s safe to say the murders were over the marijuana.”

Although police have not yet substantiated how, they are certain Pirooz and Khalili dealt in marijuana.

“They were either purchasing for dispensaries, from cultivators, or buying marijuana from dispensaries and selling it on the streets,” Nelson said. “This may have been some kind of side deal but we don’t have any verification of that yet, just what sources have told us.”

Shahriar is not suspected to have been involved, just “in the wrong place at the wrong time,” Nelson said.

If convicted, Park could face the death penalty.

## Council votes not to move tour bus loading zone

After hearing resident testimony, the City Council voted Tuesday 5-0 to not allow for a tour bus loading zone at the old metro facilities on the east side of Canon Drive between North Santa Monica Boulevard and Park Way.

The Traffic and Parking commission recommended this site to the City Council because it has bathroom and trash facilities and is located on the edge of the business triangle.

"This is just 100 yards from the Beverly Hills sign, which according to some people here at the city is the number one photo [spot] in the city," Traffic and Parking Commissioner Brian Rosenstein said. "It's half a block from where the new Chamber CDC building will be located, it's a great opportunity for people to walk there and get information from the city. You're one block from the Canon Drive restaurants, one block from the Beverly Drive shopping and two blocks from Rodeo Drive."

To get back to Santa Monica Boulevard from Canon Drive, buses will turn right onto Park Way and right onto Crescent Boulevard. This will directly affect the residential area.

"It's going to cause pollution and create traffic," Park Way Resident Abraham Assil said. "If they want to turn our beautiful residential zone into a commercial zone, they should change [the zoning

restrictions] and at least we would have to move."

Councilmember Nancy Krasne said she supports the idea of a tour bus loading zone but doesn't like the idea of the tour busses going on residential streets.

"I like the idea that the bathrooms are there," Krasne said. "The Traffic and Parking Commission did a great job and I think what they picked was an appropriate location but the wrong street. If they wanted to put a cut out on Santa Monica Boulevard, different ball game. They are not going on Park Way as far as I'm concerned."

## Non reliable electricity sends Beverly Hills looking elsewhere for power

Although the City Council is continuing to look into alternative electricity sources, Southern California Edison (SCE) is the only distribution company in the area. SCE owns the transformers, switches and high voltage cables the City of Beverly Hills uses to distribute their electricity.

The current monopoly SCE has ensures that unless the city wants to build their own costly municipal utilities system, even with another energy source the distribution will still be as unstable and unreliable as it has been in the past, said Councilmember John Mirisch.

"Let's say we wanted to buy green energy, we're still reliant on Edison for their system," Mirisch said. "The way I understand it is, you have a problem in one part of town so they try to redirect it to some of their other stations, which get

overloaded and blow. That's why you have a blackout."

Beverly Hills is infamous for fluctuating voltage, said Mirisch.

"I don't know if it's a question of infrastructure upgrades but clearly it's something that we should be looking into," Mirisch said.

Electricity is distributed in three parts, said Environmental Utilities Manager Shana Epstein, generation of electricity, transmission of that generated power to the local area and then distribution of the power from the substation to the destination. While right now SCE does all three for the city, communities like Los Angeles, Anaheim, Burbank and Glendale run their own municipal utility from generation to distribution.

"That would be harder for the city, not impossible but harder," Epstein said. "Essentially, we purchase SCE's infrastructure and start from there. We'd have to have all our own generation. It wouldn't mean that you wouldn't have some of the same distribution problems Edison has today."

Hosting a municipal utility facility is an option for the city, however it may not be reasonable to due to the high cost of building and maintaining it.

"You'd have to asses if it's better to buy Edison's system and repair it or if it's better to build your own," Epstein said. "But that would be very costly. Depending on how aggressive you want to be in having a capital improvement program for your energy depends on what customers want

reflected in their bill. It would be very expensive."

Problems with SCE have been affecting residents and business owners in the Beverly Hills area for several years. The most recent outages being from June 29 through July 7 when problems occurred with the Luckman circuit and closed down medical buildings and pharmacies on Linden Drive and Bedford Drive.

Pharmacies in the affected buildings lost tens of thousands of dollars in medicine, food and business. Medicines, such as the shingles vaccine, insulin and chemo, need to be refrigerated or they cannot be used.

Electricity problems are not new to Beverly Hills. Telephone Connection President Marc O'Krent, said his voice-mail business had many problems with electricity transformers. Old transformers or switches can malfunction, causing explosions and fires, and oftentimes Edison takes a long time to get there and assist in the situation..

"We had problems with Edison a few years ago," O'Krent said. "On South Beverly Drive, where our switching equipment is located, we had two incidents. One of them, I went out and there were firemen sitting around with smoke pouring out on the street. I asked what they were doing and they said we really want to help but we can't do anything for our safety until Edison gets here and turns the electricity off."

Now that the former Beverly Hills resident lives in Los Angeles, O'Krent said he

has fewer problems with his home power.

"[Los Angeles Department of Water and Power] does proactively replace transformers," O'Krent said.

Although electricity throughout Beverly Hills is continuously spotty, SCE Regional Manager Mark Olson said equipment is regularly upgraded.

"We have a policy of continuous upgrading of our equipment," SCE Regional Manager Mark Olson said. "The way we do that is through a combination of inspection and engineering review. The inspections are done on a regular basis to determine how the equipment is doing and if it's deteriorating or showing signs of aging and we also do engineering studies to determine what types of equipment need to be replaced so it's really a combination of engineering and inspection that determines that gets replaced first."

Overall, no electricity equipment is reliable 100 percent of the time, Epstein said. Utilities that are more reliable will cost more and it's up to the City Council and the community to decide if that is something worthwhile.

"All utilities are going to have some kind of outages and it's up to the community base if that's acceptable or not and to what level they want it funded so they don't have these issues," Epstein said. "It's unfortunate what happened this summer and I can't speak for Edison, there probably could have been ways to prevent it. But it happened and we have to just know that different utilities are going to have some kinds of interruptions."

## Corman could run

### And stop the subway route plan

By Rudy Cole

Planning Commissioner **Craig Allan Corman**, a long time Beverly Hills resident and community activist, is expected to announce soon that he will be a candidate for city council in the March, 2011 election.

With the very popular **Noah Furie**, also a planning commissioner, surprising friends and supporters by dropping out of the race last week, the decision of Corman assures that the election will be highly contested and interesting.

Councilmember **Nancy Krasne** is insisting that she will seek a second term although Mayor **Jimmy Delshad** has yet to make known his own plans for a possible third run. If either or both run this will be a very competitive election.

Corman was appointed to the planning commission on March 1, 2009. A lawyer, he has a B.A. from Stanford and his J.D. from the University of Michigan Law School. His wife, **Karen**, is also a lawyer and litigator specializing in labor law. She is a member of one of the largest law firms in America, Skadden Arps. They have two children, **Kyle**, 13, and **Paige**, nine.

A resident of the north area of the city, Corman attended Hawthorne and graduated from BHHS in 1977. Both of his parents, **Nan** and **Gene Corman** and his brother are graduates of our high school.

He has been associated with some very prestigious law firms including O'Melveny & Myers and Alschuler, Pine & Grossman. His clients have included many very high profile entertainment industry performers, however his experience is mostly in business law and litigation.

Generally considered a "slow growth" vote on the commission, before his appointment he had joined the Beverly Hills North Homeowner's Association to oppose a hotel project. However, he says his views are not knee-jerk opposition to any and all developments but will be "fair and open" on any issue that comes before the council.

At a time when some of our best and brightest run from, not for, public office, the community should welcome what promises to be a very meaningful city council election. Corman will help make that happen.

Although this is not meant as an endorsement or recommendation, that awaits her clarifying her position on some critical challenges facing the city, the candidacy of Planning Commission Chair **Lili Bosse** has to be considered a major plus for our community.

Few people ever to seek public office have shown more personal integrity, independence and commitment to a broad range of community needs as Bosse. Not just involvement, but proven leadership and ability to dig deep into complex issues, including zoning matters, has distinguished her role on two city commissions and a host of top jobs in civic organizations. You know Bosse will do what she feels is best for our city and not for some private or personal interest. We should all feel good about our political discourse with her in the race.

However, what we will need to hear, from her and all the candidates, is how they will deal with the serious budget problems the city faces, where and how cuts will be made and what they as councilmembers can and will do to assure that we remain one of the safest communities anywhere. That does not mean just police, fire and paramedics, but an entire city staff that needs and merits assurances on appreciating their service to our village.

Krasne should never be discounted as a campaigner and if she does indeed run, as she assured us she will, she will be very competitive. Although there were some very special circumstances in her first run, Nancy did run first helping defeat an incumbent, **Steve Webb**, who had the support of both newspapers and a broad range of community leaders. She even ran ahead of incumbent Jimmy Delshad.

However, Krasne has major problems with

at least one of her colleagues. **John Mirisch**, a surprise winner two years ago (endorsed only by Beverly Hills Weekly) had much of the same base of support as Krasne. They held very similar views on many high profile development issues – both opposed the Hilton referendum, which won approval by the voters, and many of the same anti-growth activists supported them. According to our sources, Mirisch has made it clear to Krasne that he will not endorse her. He will probably be joined by Vice Mayor **Barry Brucker** in backing other candidates.

What about Delshad's chances if he seeks a third term? Clearly, he is one of the most effective campaigners on the council. He is a tireless walker, effective fund raiser and has, as mayor, been highly visible in and out of Beverly Hills. We do not have term limits and their impact on state government has been devastating, but a reality check of recent elections clearly shows it is somewhat of an issue. Incidentally, one of the best councilmembers ever to serve, Dr. **Charles Aronberg**, easily won a third term, as have many others. Even **Thomas Levyn** won a third term and it is likely that Barry Brucker will make the try in 2013.

Of the other talked about candidates, former school board president and member **Myra Lurie** could still decide to run, but her colleague **Steven Fenton** continues to insist that he will not this year. If Corman does, as expected, make a formal announcement soon, it could discourage many others who had expressed some earlier interest.

Newspapers, printers, the post office and shoe stores love contested campaigns.

You have to give the MTA credit. They did what many organizations and community leaders have been trying to achieve for many years: Uniting our community in support of a common goal.

Seldom have I heard such agreement on any issue as our opposition to tunneling under the southwest and our high school for the proposed subway to the sea.

Thank you MTA. Our school board had serious problems in approving agendas, but now they are speaking as one in fighting the route alternative.

How often do Mayor Jimmy Delshad, Southwest HOA president **Ken Goldman** and North HOA president **Robert K. Tanenbaum** join forces? Not within my memory bank. This is not just a battle supported by the usual anti-change types, this time the opposition has been joined by both business and residential leaders. Again, it has brought us together.

It's important you make your voice heard. The MTA is holding a public meeting this Monday, 6 p.m. at Roxbury Park, focusing on findings of their Environmental Impact Report. But comments from the audience will be welcome.

Unfortunately, the city does not have the legal ability to prevent digging under our only high school and, incidentally, the designated

community venue in case of any disaster. There are very powerful interests fighting for the Century City route. Our only chance of preventing depends on our shouting our opposition, as one community.

I really try hard to take a balanced view on all problems and issues facing our community and clearly, I am not always right. But this time the inherent dangers are too self evident not to speak out. Don't let this happen without adding your voice. Email me and I will make sure your name is included in the good fight. Again, our thanks to Goldman for his leadership and time.

What were they thinking? The parking and traffic commission has some great talent, some members I have known and admired for many years. But somehow they fell on their collective faces in their attempt to find a place to accommodate a tour bus company.

Imagine this: the commission responded to objections from business and property owners on North Camden Drive, in the heart of the triangle, to the tour operator using their street. How did the commission react? By suggesting a stop in the north residential area!

In fairness, their choice, Park Way at North Canon, has some possible advantages. It was not going to be in front of a home and there is a convenient rest room, a big demand for tour bus patrons. However, the street, just north of Santa Monica, has sufficient intrusions from the business district without this added distraction and since when do we move any commercial interest into residential?

The Chamber of Commerce and the Conference and Visitors Bureau jointly appeared to favor the site, arguing that tour bus operators bring shoppers. Maybe, but I have some doubts on the economic value. Although a good argument can be made that any visitors add to the buzz of the retail areas, including Rodeo Drive, I doubt if those bussed in leave with a Bijan shirt.

Responding to resident appeals, including arguments made by former mayor Dr. Charles Aronberg – appearing for some friends in the area, the city council unanimously turned down Parkway and the commission recommendation.

Back to the drawing board, but how about near my favorite drug store:

Wrong Aide? Or, even better, 8840 Olympic Blvd (definitely the RIGHT side of the street).

Coming next week: report on a generous and exciting improvement on our Little Santa Monica west gateway to the city created by **Maynard Brittan** and family. And updates on the always excellent annual Maple Counseling Center's Crystal Ball to be held at the Beverly Hilton on Oct. 27.

My contribution to worst pun of the year award; I don't dig the subway.

## **The MTA is planning a subway DIRECTLY under our High School**

**METRO is planning to tunnel DIRECTLY under Beverly Hills High School and the school district headquarters and also under homes. All this because Century City developers want to move the planned subway station ONE BLOCK.**

**There is a viable alternative: the subway can stay (as originally planned and supported by the City Council) on Wilshire Boulevard through Beverly Hills and then go along Santa Monica Boulevard to Century City. This route would go under no homes or schools.**

**Beverly Hills High School is our city's disaster preparedness center and is the high school for ALL of Beverly Hills.**

**Please join hundreds of residents, homeowner groups and the unanimous vote of our School board in opposing the subway route under our high school and under homes -- supporting instead the alternative route under Santa Monica Boulevard.**

**We must tell the MTA: Don't tunnel under homes and schools!  
There is a real alternative!**

**I/we support the efforts to avoid tunneling under homes and Beverly Hills High School for the MTA subway expansion.**

**BHHS Football Team Shuts Out San Marcos**

While Frank Brown rushed for three touchdowns and 119 yards in Beverly High's 36-0 victory over San Marcos last Thursday night, the first words out of coach Donald Paysinger's mouth when asked about the nonleague game were praise for three reserves forced into play by injuries.

Defensive lineman Eric Simsolo made five tackles in his first varsity game, Adam Castro "came through for us playing both fullback" and defensive line and center Nathan Sabzerou "did a pretty good job for us," Paysinger said.

The trio, all juniors, played because of a

back injury to highly recruited defensive end Greg Townsend, an ankle injury to linebacker Terrence Lewis and a shoulder injury to center Nick Enayat.

Townsend, Lewis and Enayat are all expected to return to action Friday when the Normans play at Hamilton in an intersectional game beginning at 3 p.m.

Beverly Hills opened the scoring with eight minutes, 16 seconds left in the second quarter. With the Normans facing a fourth-and-four from the Royals' 23-yard line, quarterback Josh Newman fumbled the snap, then handed off to Brown.

"Everybody crashed in and he got to the outside," for the touchdown, Paysinger said.

Brown increased Beverly Hills' lead to 13-0 with a three-yard touchdown run 39 seconds before halftime.

The Normans (2-0) scored 16 points in the final 1:19 of the third quarter on Brown's five-yard touchdown run, a safety 1:02 later when the ball went out of the their end zone and Jordan Alleyne's 44-yard touchdown run as time expired in the quarter.

Newman threw a 48-yard pass to Henry Evans with 9:10 to play for the only touchdown of the fourth quarter.

Paysinger credited Brown's success to the play of the offensive line and "us being able to throw the ball."

Newman completed 11 of 21 passes for 178 yards.

The Beverly Hills passing game "started off slow," Paysinger said.

"It started to pick up once we gave Josh some time, once we figured out what they were doing," Paysinger said.

Paysinger said the shutout was the result of the Norman defensive line and linebackers being able to stop the run and "being able to put pressure on the quarterback to force him to throw the ball sooner than he needs to" and good play by the team's cornerbacks, including Daniel Yep, who Paysinger singled out for praise.

San Marcos (0-3) was held to 30 yards rushing on 23 carries. Andrew Griffin completed two of 14 passes for 25 yards and had passes intercepted by Brown and Willie Green.

**BHHS Girls' Tennis Team edges Marlborough**

Sweeps by Amanda Zalameda and the Erica Lee-Alison Isaacman and Miriam Binman-Sydney Segal doubles teams were enough to give Beverly High an 84-72 victory on games over Marlborough after the set score was tied 9-9 Tuesday in a nonleague match at Beverly Hills.

Zalameda won 6-1, 6-1, 6-0; the Lee-Isaacman team 6-2, 6-3, 6-4; and the Binman-Segal team 6-1, 6-3, 6-0.

Beverly Hills opened the season with a 13-5 loss to Mira Costa at Beverly Hills last Thursday in a nonleague match, with Zalameda (6-1), Isaacman (6-0) and the Megan Margolin-Hillary Monroy (6-2), Allison Lee-Erica Lee (6-2) and Binman-Segal (6-3) doubles teams each winning one set.

The Normans are scheduled to play host to Palisades today at 3 p.m., in an intersectional match, and Brentwood

Monday at 3:15 p.m. and at Corona Del Mar Wednesday at 3 p.m. in nonleague matches.

Corona Del Mar was ranked third in the Southern Section Division I poll released Monday.

**BHHS Girls' Volleyball Team loses to Windward, Torrance**

Although Beverly High lost to Windward, 25-17, 25-23, 25-14, in a nonleague girls' volleyball match last Thursday at the Swim-Gym, the Normans played "markedly better" than in a season-opening three-game victory over Crescenta Valley two days earlier and a Sept. 7 scrimmage against Windward.

Beverly Hills senior libero Emily Rosen had 14 digs and "really kept us in in the match in a lot of big points with her defensive play," Weiss said.

Michelle Wolff had 11 kills, Ore Ezer five and Danielle Kaye four kills and four service aces, including two which tied Game 2, 23-23, Weiss said.

The Wildcats were ranked fourth in the Southern Section Division 3-A poll released Monday.

Weiss said 32 unforced errors led to a 25-22, 25-22, 25-20, loss at Torrance in a nonleague match Tuesday.

The Normans (1-2) had 16 hitting errors, with 13 kills, and seven service errors.

Rosen had 11 digs. "There's not a lot of carryover from what we are working on in practice into the games," Weiss said.

"We don't have a powerful offense. If you don't have a powerful offense, you need to back it up with really good defense. We have really good defense. We need to minimize the unforced errors."

Beverly Hills is scheduled to compete in the North Torrance Tournament Saturday.

**BHHS Girls' Golf Team loses to North Torrance, Redondo**

The Beverly High girls' golf team opened its season last Thursday by losing to North Torrance 231-266, with Lydia Choi firing a team-low three-over-par 38 for the Normans in an Ocean League match at Rancho Park Golf Course.

Beverly Hills lost to Redondo, 215-232, Tuesday, with Choi shooting a team-low three-over-par 39, in an Ocean League match at Alondra Golf Course in Lawndale.

"We're suffering the effects of being off for the summer," coach Jason Newman said. "We need more consistency. We have a couple players (Choi and Ji Hyun Park) who are playing well, but we need to get the whole team playing well to be competitive."

Newman said one problem was the lack of tournament play by players over the summer.

"In order to truly be competitive, you have to practice your golf," Newman said. "Golf is not a game that you can put your clubs away for six months and then come back and expect to play well. Even playing once a week is not going to do it."

## MONUMENTAL DESIGN

**Beverly Hills Fire Chief Tim Scranton discusses the 9/11 memorial and how the community can help**

By Marla Schevker

### **Tell us about yourself?**

I was born and raised in southern California, in the San Gabriel Valley area. I started with the City of Alhambra as my first fire fighting job. I was fortunate enough to participate in the City of Beverly Hills firefighter exam so I started over as a firefighter. I've worked as firefighter, engineer, captain, training officer, fire marshal, battalion chief, assistant chief and now fire chief. I've been in the City of Beverly Hills since February 10, 1986.

### **Tell us about your family?**

I'm married to the most wonderful wife on the planet, her name is Michelle. I have two children, a daughter, Maile, who is almost 10 and my son, Carson, is 11. We live in Murrieta. We designed and built our own home about seven years ago. We moved to Murrieta while I was still on the beloved firefighters schedule. So that's our home now.

### **What is a firefighters schedule?**

They work 24 hour shifts but they work two shifts concurrently. So they spend 48 hours on duty and 96 hours off.

### **How does your commute work?**

I come in on Sunday afternoon and I stay here at the firehouse and then I go home on the weekends. It's hard for me and the family but it also allows for me to participate in the different civic functions and fundraising events and the other city sponsored events that I would like to be at.

### **What is it like being the fire chief?**

To be the fire chief in the city of Beverly Hills is an absolute privilege and honor. I'm the 8th in the history of the department and it's just absolutely incredible, the community support, the council support; the people's hearts are so big in this community when it

comes to purchasing equipment, staffing levels, providing training and education for our personnel.

### **What is the weirdest call you've ever been on?**

A peahen, female version of a peacock, was on the side of one of our high rise buildings. It had flown up to one of the upper stories and it took us many hours and a lot of resources to actually capture the bird and bring it down. It was someone's pet in Los Angeles and it got loose. It somehow walked to Wilshire boulevard and flew up the side of this high rise. We were on CNN, broadcast live across the nation. Friends from other states were calling and of course we were teased for a long time after that.

### **Why build a 9/11 memorial now, nine years after?**

This was our first opportunity to actually obtain a piece of the, an artifact from the world trade center site and we received it earlier this year but we wanted to do the ground breaking on this 9/11 so that on the 10th anniversary we'll actually have our monument complete. It was absolutely important to have for our monument.

### **Why did you decide to help facilitate the 9/11 memorial?**

Our Declaration of Independence talks about certain unalienable rights of life, liberty and the pursuit of happiness. On 9/11/2001, we had 19 Al Qaeda terrorists try and take that away. They hurt us. They hurt our country. But we didn't break and we came back and we're strong as ever and this monument demonstrates that collective strength that we have as a nation when we can come together for the common good.

### **How did you get the steel from the world trade center site for the 9/11 monument?**

I received a phone call from Anne Kellogg, who used to be at the Maple Counseling Center. She's a terrific lady that has helped us through some difficult times in the past. She put me in touch with the foundation that owns the steel artifacts from the world trade center site and I was able to obtain a piece from one of the Twin Towers. I went to Mitch Dawson, the Rotary president at the time, and he was able to secure the \$3,000 needed from our Beverly Hills rotary club to pay for the shipping of the steel from New York to California. So now we are in possession of that steel. This last

9/11, we held our groundbreaking ceremony for a 9/11 monument that's going to be placed at the corner of Burton and Rexford. This monument is going to be completely paid for by donations, no city funds will be used at all. I feel very strongly about that because as we look at our economy and how we're doing furloughs with city employees, I wanted this to be something people could participate in because they felt led to do so, something that people can feel good about contributing to.

### **The monument is going to be located in a remembrance garden?**

The corner was scheduled to be demoed and refurbished anyway because it's not part of the smart city initiative. So the city is going to clean out the area, we'll build the monument and then they'll come back and replace the garden area around it. Ben Stansbury, a former mayor who has since passed away, has a plaque in that garden area. That whole corner area is going to be our remembrance garden and incorporated into that is where the 9/11 monument will be.

### **What is the monument going to look like?**

The steel artifact is going to be the main feature. It's a rather long structural steel beam, one from the world trade center buildings. If you took a long beam that was 30 feet long and bent it in half, back over itself so it's like an inverted v, that's what it looks like. It's about 17 feet tall.

There will be two small replicas of the twin towers in the background and there will be a steel rod reaching out through the two twin towers to the steel artifact. It represents the aircraft that took the two towers down but now it's holding up the steel artifact, which was from the world trade center site.

The steel artifact will be over some water feature or some water and light feature. And of course it will have a flag pole.

### **How did you decide the design of the monument?**

I solicited city employee volunteers. Joe Matsch is our fire representative whose leading the project. There's a group of city employees from all different departments that volunteered their times and expertise to create the design and function of the monument. Engineering did the engineering part of the base that holds the monument up. One of the police officers did the lighting and water effect design. It's been a culmination of people that want to give, want to partici-

pate and be a part of something bigger than all of us. I'm really proud of everybody and extremely grateful for everybody's help on this.

### **What do you mean by bigger than all of us?**

This project, it's not something that we're just going to build and that's paid for by city funds or someone just wants to build or a piece of art that's in a garden. This is something that's bigger than us because all of us are going to be a part of it. Whether it's giving of ourselves, our time, giving our expertise in a particular area that we can contribute or a few dollars that we can contribute. I'm making sure that this is open not to just corporate sponsors or large donations this is anyone who wants to give any amount of money can be a part of this.

### **What is the fire departments role in the building of the monument?**

Up to this point we've been somewhat of organizing and leading the effort but we want to get more of a blend of other city employees and city, community leaders also involved. I don't want this to just be a fire department project, I want it to be a civic community rallying point where people can come together and participate. We will be asking some people. we've already had some people notify us that they want to volunteer on a steering committee and others who want to participate in the donations committee.

### **What are some challenges to building the monument?**

I have had enough experience in this community to believe that I don't think there are going to be a great deal of challenges. People are so gracious and giving of themselves and of their financial resources that I really believe that this is going to be something that is going to be widely supported. I've heard no negative comments about this and we've gotten commitments from community members for many thousands of dollars. We're probably half way to our mark. We anticipate needing \$75,000 and we're about half way there already just from the 9/11 ceremony. We haven't even finished putting together our accounts.

### **What does the 9/11 memorial mean to you?**

It signifies the resilience of the United States of America. I'm sure there will be more attacks but Americans are resilient. I understand there are people around the world who don't like what America stands for and they are going to do whatever they can to disrupt our way of life. But that's what our nation was founded on, was tolerance and acceptance and those unalienable rights of life liberty and the pursuit of happiness. I believe people have the right to do just that.

### **How can the community donate to the memorial?**

We're actually setting up a steering committee, there will be a 501-c3 nonprofit organization that will be established so it will be tax deductible that people can make donations to. We haven't finished setting it up yet but the information will be made available probably within the next week or so.

You have 30 CALENDAR DAYS after this summons and legal papers are served on you to file a written response at this court and have a copy served on the plaintiff. A letter or phone call will not protect you. Your written response must be in proper legal form if you want the court to hear your case. There may be a court form that you can use for your response. You can find these court forms and more information at the California Courts Online Self-Help Center ([www.courtinfo.ca.gov/selfhelp](http://www.courtinfo.ca.gov/selfhelp)), your county law library, or the courthouse nearest you. If you cannot pay the filing fee, ask the court clerk for a fee waiver form. If you do not file your response on time, you may lose the case by default, and your wages, money, and property may be taken without further warning from the court.

There are other legal requirements. You may want to call an attorney right away if you do not know how to proceed. You may also want to call an attorney for free legal attorney referral service. If you cannot afford an attorney, you may be eligible for free legal services from a nonprofit legal services program. You can locate these nonprofit groups at the California Legal Services Web site ([www.lawhelpcalifornia.org](http://www.lawhelpcalifornia.org)), the California Courts Online Self-Help Center ([www.courtinfo.ca.gov/selfhelp](http://www.courtinfo.ca.gov/selfhelp)), or by contacting your local court or county bar association.

Tiene 30 DÍAS DE CALENDARIO después de que le entreguen esta citación y papeles legales para presentar una respuesta por escrito en esta corte y hacer que se entregue una copia al demandante. Una carta o una llamada telefónica no lo protegen. Su respuesta por escrito tiene que estar en formato legal correcto si desea que procesen su caso en la corte. Es posible que haya un formulario que usted pueda usar para su respuesta. Puede encontrar estos formularios de la corte y más información en el Centro de Ayuda de las Cortes de California ([www.courtinfo.ca.gov/selfhelp/espainol](http://www.courtinfo.ca.gov/selfhelp/espainol)), en la biblioteca de leyes de su condado o en la corte que le quede más cerca. Si no presenta su respuesta a tiempo, puede perder el caso por incumplimiento y la corte le podrá quitar su sueldo, dinero y bienes sin más advertencia.

Hay otros requisitos legales. Es recomendable que llame a un abogado inmediatamente. Si no conoce a un abogado, puede llamar a un servicio de remisión a abogados. Si no puede pagar a un abogado, es posible que cumpla con los requisitos para obtener servicios legales gratuitos de un programa de servicios legales sin fines de lucro. Puede encontrar estos grupos sin fines de lucro en el sitio web de California Legal Services ([www.lawhelpcalifornia.org](http://www.lawhelpcalifornia.org)), en el Centro de Ayuda de las Cortes de California ([www.courtinfo.ca.gov/selfhelp/espainol](http://www.courtinfo.ca.gov/selfhelp/espainol)) o poniéndose en contacto con la corte o el colegio de abogados locales.

The Contractor will be required to pay to all persons employed on the project by the Contractor sums not less than the sums set forth in the documents entitled "General Prevailing Wage Determination made by the Director of Industrial Relations pursuant to California Labor Code, Part 7, Chapter 1, Article 2, Sections 1770, 1773, 1773.1." These documents can be reviewed in the office of the City Clerk or may be obtained from the State.

- Prebid Conference Date and Location:** A mandatory pre-bid conference will be held on Wednesday, September 29, 2010 at 10:30 a.m. at the Public Works Facility, located at 345 Foothill Road, Beverly Hills 90210.

All cashier's checks or certified checks must be drawn on a responsible bank doing business in the United States and shall be made payable to THE CITY OF BEVERLY HILLS. Bid bonds must be issued by a bonding company licensed to do business in the State of California. Bids not accompanied by the required bid security shall be rejected. # What you don't know about your life insurance policy could cost you a fortune!

At age 80, Norman's life insurance policy had a \$5 million death benefit with a yearly payment of \$66,000. Unfortunately, he didn't know that if he lived another ten years, his payment would increase to \$400,000 annually!

Until her consultation with Alan Kaye, Joyce didn't know that unless she continued making payments, her \$1 million policy would be cancelled on her 87th birthday.

#### Do you know:

- Whether your policy will be cancelled if you stop making payments?
- If it's guaranteed to stay in effect for your lifetime at your current payment?
- If your policy can stay in effect beyond age ninety or even one hundred?
- If your cash value is sufficient to buy 50% more coverage than you have now?
- If you can sell your policy for more than its cash surrender value, even if it's term insurance?

#### Let's face it! Most people don't have a clue!

Alan Kaye has over thirty years of experience helping individuals and businesses create an insurance plan that will best satisfy their needs. As president of his own company and vice president of Barry Kaye Associates, Alan is an authority on wealth creation and preservation.

He has helped thousands of people determine if their policies and plans really work, meet their goals and help implement creative solutions to their estate planning problems.

**Don't wait until you lose your health, your life insurance and your options! If you are over 70 years old and have at least \$250,000 of life insurance, ask for your complimentary consultation and policy appraisal, either on the phone or in person.**
