## Paysinger cleared by the District Attorney

On March 10 the District Attorney's office informed Principal Carter Paysinger that he will not be charged relating to the Sports Academy controversy, thereby closing the case.

"Carter Paysinger has never engaged in any wrongdoing," Paysinger's attorney Reed Aljian said. "The DA's decision fully supports that fact. Mr. Paysinger could not be happier that these baseless accusations are now behind him."

## Campus reacts to false alarm

(updated from Thursday's eblast)

BHPD securing Moreno Drive in front of Beverly High's swim gym

At approximately 2:45 p.m. on Thursday, a call was made to BHPD that claimed an armed man was holding a student hostage at Beverly High, according to Lieutenant Lincoln Hoshino.

BHPD arrived at Beverly High at approximately 3:00 p.m. The school was on lockdown while students and staff were kept inside the school. Moreno Drive was shut down from Santa Monica Boulevard to Olympic Boulevard. Performing Arts Department Chair teacher Herb Hall was with his students in the auditorium, preparing for rehearsal for their upcoming musical, "The Wiz."

Hall said that when the alarm sounded, it was not audible in their building. Due to alarm testing the previous day, they thought it was a drill or more testing was being done on the alarms.

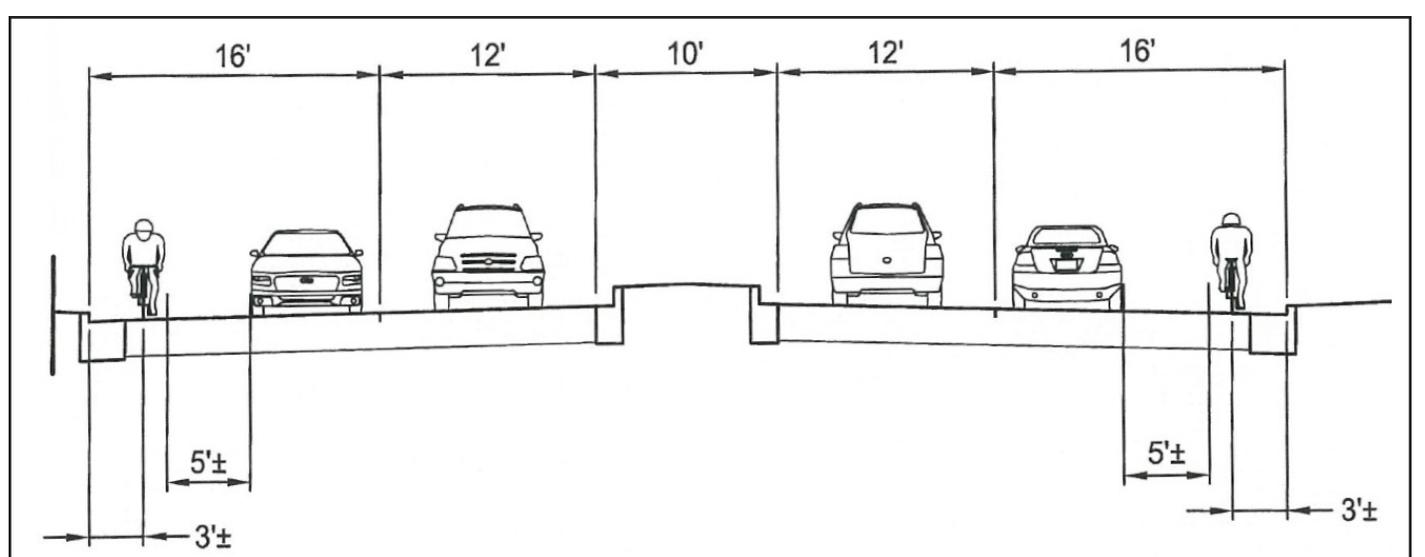

A student's parent who works for Channel 11 received a phone call about police activity at Beverly High, and a few students came into the room saying there was police on campus telling them to get into the rooms.

"My first thought was do the lockdown, take roll, figure out who's here, and then keep the kids safe," Hall said.

Although the doors were locked and nobody inside could get out, the doors were not locked from the outside and somebody could still have access to get from the outside in. Hall moved the students to the shop, and then they heard voices and banging, but didn't know where they were coming from. Everyone dropped to the floor, and the lights went on in the shop since the switch was outside the door.

"All I kept thinking was don't open the door, don't open the door," Hall said. "They never opened the door"

Hall and Technical Director Annie Terry, moved the students into their offices with secure locks. They hid five to six

Possible Santa Monica Boulevard reconstruction facing west, widening lanes to 66 feet with outer lanes at 16 feet, inner lanes at 12 feet, a 10 foot median, and bicycle lanes at three feet on the outer lanes

## Santa Monica Boulevard reconstruction costs jumps from \$17 million up to \$35 million

Speakers from all over the area and the City Council discussed the Santa Monica Boulevard reconstruction project and possible enhancements at the Mar. 4 City Council formal meeting.

Santa Monica Boulevard's current conditions are not suitable to handle weather conditions and the road is degrading as a result of improper maintenance according to PSOMAS consultant Sean Vargas.

Previous asphalt resurfacing was done in an attempt to provide smoother surfaces. Due to a weak base pavement and materials and continuous weather degradation, the elevation of the roadway was altered which prevents proper water drainage, and the road continues to crack and deteriorate.

If reconstruction were to maintain the widths of the road with no median, the project would focus on fixing the road's infrastructure, which includes smooth surfacing, paving proper road elevation to alleviate drainage issues, and replacing deteriorated roadway pavement, curbs, and gutters.

"The issue is how to redo the boulevard and meet our primary goals of maintaining or improving vehicular flow, maintaining the quality and the nature of the boulevard and enhancing it if possible, and maintaining easy ingress and egress to our business community," Blue Ribbon Committee and Public Works Chair Barry Pressman said.

The Blue Ribbon Committee is a 15-member panel selected by City Council members. The Committee's responsibilities were to provide recommendations on enhancements to include with the reconstruction project.

The core recommendations that the Blue Ribbon Committee addressed to coincide with the boulevard reconstruction were to widen the boulevard to a maximum of 66 feet, whether or not stripe the pavement for bicycle lanes, and adding vegetated medians to improve green space.

"I think that unfortunately, at all the committee meetings and at the council meeting, bike lanes seemed to be the primary issue," Pressman said. "The issues here are do we widen the boulevard and do we put in medians? The bike lanes come secondary, but everyone sees it as the only issue and it's not."

Public comments in both Blue Ribbon Committee public meetings and at the City Council formal meeting on Mar. 4 focused on bike paths, and what constitutes a safe passage for both drivers and bicyclists to share the road. Speakers from the Beverly Hills community and from surrounding areas gave their comments on adding bicycle lanes on Santa Monica Boulevard.

students inside the closets in their offices, where they stayed for about an hour.

"I told all the kids it would be okay and that we'd take care of them," Hall said. "If any bad things happened, the latches on the window and on Annie Terry's office window would open and if I told them to, they were to go out the window and run like hell."

Volunteer Assistant Technical Director Emilio Renteria said he heard banging

and voices to the office area, but couldn't tell who it was. Renteria also heard somebody making attempts to pick the lock to get inside.

Hall said he was at a vantage point where he was able to see whoever came into the room without the person seeing him. He saw who he thought was the police but didn't say anything. He heard the police say to call 911 to verify that they were the police. Terry made the call

"To me, road safety, the safety of people who travel in and through Beverly Hills, should be the first thing we talk about," Blue Ribbon Committee member Mark Elliot said. "Then we could talk about costs and then we could talk about how we balance the various interest people have in tomorrow's Santa Monica Boulevard."

A propose Santa Monica Boulevard street widening option showed a 66 foot widening of the street, with the two outermost lanes at 16 feet, the inner lanes at 12 feet, and a 10 foot median. The bicycle lanes would be three feet closest to the curb from the outer lanes (widening option shown in photo).

If bicycle lanes are included in the reconstruction project, park space would be taken away in order to widen the street, and the green space will be made up through vegetated medians. Some residents were against taking away park space for a bicycle lane.

"We're taking away park land and then we'll make it up by having a median," Beverly Hills North Homeowners Association Chairman Victor Bardack said. "What do we do, leap from the median across to the park?"

Community Development Director Susan Healy Keene said that projected costs for Santa Monica Boulevard reconstruction increased from \$17 million to nearly double the cost of \$30 - \$35 million.

"I really think that we have to have a very detailed understanding of what's in \$35 million," Councilmember Julian Gold said. "I'd like to have a much better understanding of the impacts of widening or not widening just based on the cost. I understood the logic [of widening Santa Monica Boulevard], I'd really like to see the numbers."

Although the Committee was not in charge of budgeting and pricing, the doubled budgeted estimated costs was as much of a shock to Committee members as it was to the City Council and the public.

"The council definitely needs more information on the cost," Elliot said. "That was kind of a bomb that was dropped on the council and also the public. I had heard nothing about ballooning costs estimates until right there at the meeting."

The Santa Monica Boulevard reconstruction discussion will resume at the April 1 City Council formal meeting.

"I think that anytime you do any project, you're available dollars against your objectives have to be considered," Pressman said. "It was a good first step, but it was late, and there were so many community public speakers that the Council members really didn't have an opportunity to have a dialogue, so all they could do was give their preliminary thoughts and there's a lot more to be done. I thought [the conversation] moved forward, but it moved it forward by a baby step and there's a long way to go."

to confirm that they were the police.

Rehearsal was canceled and the students were sent home. Hall talked with Assistant Principal Toni Staser to make sure Norman Aide, the campus counseling center, was available for students.

"We didn't know until after the fact that apparently somebody was being held hostage in the auditorium which [was] where we were, and nobody was being held

briefs cont. on page 4

briefs cont. from page 3

hostage,” Hall said. “If we had known we could’ve called the police and go, ‘You know what? That’s not happening, there’s nobody in here.’”

The BHPD and SWAT team did a thorough security sweep through the school and students, parents, and staff were let out of the school at approximately 4:15 p.m.

“The police reported there is no credibility to the threat,” Board of Education President Noah Margo said. “Students, staff, and the police and fire departments acted professionally and with poise to ensure everyone’s safety in an expeditious manner.”

Hall said that a few students did seek counseling services, but were able to resume their daily activities.

“This one was close enough to the real thing that I think some things came up that could be addressed,” Hall said. “One of the things was the alarms not being audible [and] I think our locks were definitely an issue. In terms of the kids knowing what to do, I was really proud of them. They were brave, they helped each other out and they did exactly what they were supposed to do.”

## Board opts for partially enclosed atrium at Beverly High

The board opted 5 – 0 for a partially enclosed atrium with cover over the current library location at Tuesday's Board of Education meeting.

Board member President Noah Margo and Board members Brian Goldberg, Howard Goldstein, Lewis Hall and gave direction to DLR Group to include a partially enclosed atrium for the project. Board member Lisa Korbatov was absent at the meeting, but phoned in her choice for the partially enclosed atrium.

DLR Group presented three options for atrium enclosure.

The partial atrium enclosure includes having a stair amphitheatre seating which would be where the current library is located. The covering will be over the stair amphitheatre and the second floor courtyard will stay as an open-air area.

"[The partial atrium enclosure] was actually what most of the participants of the workshop liked," DLR Group Principal and Architect Andrea Cohen Gehring said. "It's also less expensive, so from a cost point of view, it would help us stay on budget which is very important."

Pre-planning workshops to gather ideas for Beverly High construction took place in February. The workshop included students, teachers, staff, the architectural team and some Board members, who broke out into three groups to brainstorm ideas.

"We will be proceeding in that direction so that all the drawings you'll see from now on will have [a partially enclosed atrium] implemented," Gehring said.

Option one showed a full glass covering enclosure. The covering would be weather-protect the second floor courtyard and third floor atrium.

"Not one of the three groups actually came up with the full enclosure," Gehring said. "As a matter of fact we had a lot of vocal students saying, 'We really love the natural light and air.' Because of that, we decided that we would put three options in front of the Board for their discussion and their final decision."

Estimate costs for the full enclosure would be \$3 to \$4 million over the budgeted \$132 million construction costs for Beverly High.

"Full enclosure is a much larger area of glass and it puts a lot of new structural load on the

Atrium option two with partial atrium enclosure

existing structure of the building," Gehring said. "When we do the little partial cover over the [current] library [location] it's much easier from a structural point of view and less invasive to the existing building."

Option three provided an open-air second floor courtyard where the stair amphitheatre would be located. A covering was provided only to protect the stairs and seating areas so that the students can still collaborate in those areas in case of rainy days.

"Everybody on the board had their own opinions about the different options, but we wound up actually agreeing to go with [the partially enclosed atrium]," Board of Education President Noah Margo said. "We have chosen the option that would not put us over budget and serves both aesthetics of having an enclosed space and an outdoor space, and [we moved] the schematic process ahead as quickly as possible."

## BHHS Softball Team Routs Archer

Norman boys' golf team defeats West Torrance twice.

By Steven Herbert

Shyra Costas drove in three runs and Lena Shapiro two to back Aleks Recupero's five-hitter as Beverly High defeated Archer, 5-0, in a nonleague softball game Monday at Archer.

Recupero (1-2) struck out seven and did not walk a batter.

The Normans scored all the runs they would prove to need in the first inning as Shapiro singled in Recupero and Costas, who both walked.

Costas' two-out single in the second drove in Abi Hakimi, who walked.

Costas' sacrifice fly drove in Recupero during Beverly Hills' two-run fourth. Emma Carruth walked and scored the first run.

The Normans added four runs in the sixth, including Costas driving in Carruth, who singled.

### St. Monica Tournament

**Immaculate Heart 5, Beverly Hills 4**

The Normans scored all their runs in the

sixth in a season-opening pool play game Friday at Beverly High, after being held to one hit over the first five innings.

Alex Denton singled leading off the inning and scored. Recupero tripled in Carruth, who singled, and scored on Costas' ground out.

Shapiro tripled in Beverly Hills' final run.

The Normans loaded the bases with none out in the seventh as Denton reached on an error, Hakimi walked and Carruth singled.

However, Beverly Hills was unable to score the tying run. Denton was thrown out at home on Recupero's ground ball, Costas popped out and Maddie Tirella grounded out.

The Pandas scored three times in the first and once each in the second and fifth.

Recupero pitched a complete game allowing five runs (four earned) and six hits in seven innings, walked three and struck out seven.

Among the plaintiffs' allegations include management ordering Eden employees to make graves fit and to break outer burial containers in adjacent graves to do so, disturbing and/or improperly disposing of decedents' remains in the same spoil piles with outer burial container and casket pieces, and remains buried in particular grave site areas may be in areas where previous spoil piles are located and remain to this day.

The defendants deny the claims and say that they have "always met or exceeded accepted industry standards and protocols for the operation of a cemetery."

### Rolling Hills Prep 6, Beverly Hills 5

The Normans led 5-1 after two innings, but the Huskies chipped away at the lead with two runs in the third and three in the sixth in a pool play game Saturday at Beverly High called after six innings because of the tournament's time limit rule.

Beverly Hills combined singles by Carruth, Tirella and Molly Hersh and doubles by Costas and Shapiro for four runs in the first.

Carruth, who was three-for-four, doubled with one out in the second and scored when Costas reached base on an error by the Rolling Hills third baseman.

Recupero pitched a complete game, allowing six runs (three earned) and seven hits in six innings. She struck out five and walked five.

### Boys' Golf

**Beverly Hills 202, West Torrance 205, Culver City No Score**

Lydia Choi and James Dohm were the overall low scorers with two-over-par 38s helping the Normans to the victory in their season opener March 5 at Alondra Golf Course in Lawndale.

Choi, who has signed a letter of intent to accept an athletic scholarship from UCLA, is playing on the boys' team under a Southern Section ruling allowing girls to play on boys' team when the school does not field a girls' team in her sport.

**Beverly Hills 202, West Torrance 211, Culver City No Score**

Carson Mandic shot a team-low two-over-par 38 for the Normans last Thursday

at Rancho Park Golf Course.

### Glendora Varsity Invitational

Mandic shot a team-low 11-over-par 83 Monday at Glendora Country Club.

### Boys' Lacrosse

**Chaminade 11, Beverly Hills 9**

Morgan Henderson had four goals and two assists and Sammy Edwards had three goals and three assists as the Normans opened the season with a loss in a non-league game at Beverly High March 3.

Devin Fernandes and Yaniv Sadka both had a goal and an assist for Beverly Hills.

### Girls' Lacrosse

**Mira Costa 16, Beverly Hills 9**

Natasha Kashani had six goals and two assists and Olivia Rehbinder scored the Normans' other three goals in a nonleague game at Mira Costa Friday night.

Beverly Hills goaltender Inbar Avrahami made 22 saves.

**El Segundo 20, Beverly Hills 15**

Kashani had 11 goals and one assist and Rehbinder scored three times Monday at Beverly High.

Kate Ganon scored the other goal for the Normans (0-3).

Avrahami made nine saves.

## Possible monetary settlement for plots in Eden Memorial Park Cemetery

Authorized representatives who have purchased a plot or have had a loved one buried at Eden Memorial Park Cemetery in Mission Hills, between February 7, 1985 to September 10, 2009, may be entitled to a possible settlement case in an ongoing class action lawsuit.

If, between Feb. 7, 1985 to Sept. 10, 2009, an authorized representative purchased any plots, cemetery goods, and/or services at Eden, and/or have a loved one buried at Eden the representative may submit a claim form to request monetary compensation to the Claims Administrator by June 5, 2014.

Representatives will not receive any monetary compensation if a claim is not filed. Go to <http://gilardisecure.com/edencl- assaction/> fileclaim to file a claim.

The total value of the settlement is estimated to be over \$80.5 million.

A class action lawsuit was filed on September 10, 2009 against SCI California Funeral Services Inc., which owns and operates Eden Memorial Park, on 12 causes of action including intentional infliction of emotional distress, negligence and tortious interference with dead bodies.

Decedents' remains buried in the ground are required by Eden Memorial Park to be placed in cement outer burial containers.

## El Rodeo's Sam Krutonog named "Best 8th Grade and Under Goalkeeper"

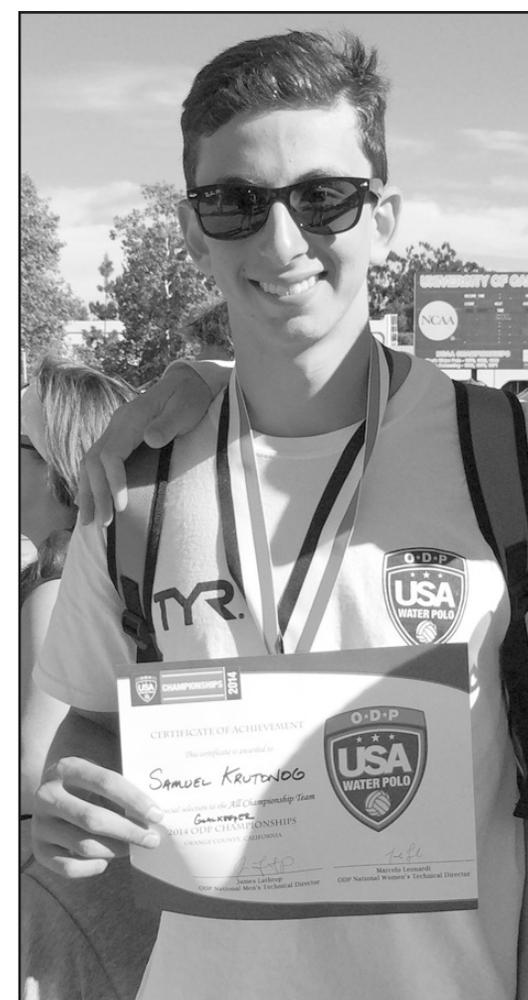

The USA Water Polo's national team scouts named El Rodeo's Sam Krutonog, "Best 8th Grade and Under Goalkeeper" at their 2014 Olympic Development Program's Pacific Coast Championships that took place from March 8 to 9 in Orange County.

Krutonog was chosen for USA Water Polo's All Championship Team, and will participate in the National Team Selection Camp in May. Krutonog was the only goalie in his age bracket to be awarded the Goalkeeper award and was able to win Bronze with his team.

"Winning this award was a major goal of mine. I am so honored and happy," Krutonog said. "I attended the selection camp last year but I didn't have the Championship Team award. My goal this year is to get on the Development National Team."

Krutonog is also USA Water Polo's 2013 TYR Champions Sportsmanship Award winner and a 2012 Junior Olympic All-American. He is LA Premier Water Polo 14 Starting Goalie and Team Captain and an Ironman Water Polo athlete.

USA Water Polo's Olympic Development Program consists of the nation's 11 zones using the nation's top coaches. This past weekend, six zones were played against each other. The zones include 42 of the best water polo athletes from their area's local clubs. National Team Selection Camp participants will have a chance to make it to the next step, which is the Development National Team.

## PHILANTHROPY AND BUSINESS

### Lisa and Mark Schwartz to be honored by Temple Emanuel Wednesday

By Nancy Yeang

**Both of you are being honored with the Humanitarian Award from Temple Emanuel Wednesday because of both of your family's history and involvement [with Temple Emanuel] as well as your philanthropic work and participation. Tell us about your families and the work that you do.**

**Lisa**

My parents have been members of Temple Emanuel for 50 years this year. My grandparents joined the Temple as well at that time so we presently have four generations of family at Temple Emanuel. We have a very long history there. Temple Emanuel also turned 75 this year and I'm the Chairperson for that. Mark and I were married by Rabbi Jonathan Aaron almost eight years ago and both of my children [Kyle and Kirsten] were B'nai Mitzvahed there.

**Mark**

My family has been members of Temple Emanuel for 55 years. My father passed away ten years ago, and was on the Board of Directors with Lisa's father. They were both very involved in the Brotherhood which is now called the Men's Club. They were both past presidents of the Brotherhood, or Men's Club, and Scott Redston, my brother-in-law and Lisa's brother, is the current president of the Men's Club.

I used to experience what my father went through serving on the board and 30, 40 years later, it's the same old issues. So I serve on the Board of Temple Emanuel. I have for the last four years and I'm Vice President of Resource Development, which is a fancy way of saying fundraising. So I'm in the business of dialing for dollars which a lot of the work.

**Both of you serve on different boards for Temple Emanuel and you told us a little bit about the resource development position. Tell us what you do as Chair for Temple Emanuel's 75th anniversary.**

**Lisa**

We threw a big party back in October was it?

**Mark**

October 5.

**Lisa**

So we had a fantastic party for multigenerational families and everyone was able to get together. We also organized artifacts from the Temple that different members lent out and we had them in cases, and we had things about the building and the history. At the party we also had a montage of different pictures of the last 75 years.

Also, I was able to get Tommy Lasorda to come to Temple Emanuel to speak to the school and parents. He gave a motivational speech, and my brother-in-law, Ben Platt, also interviewed him and did a question and answer period while Tommy was there.

**Mark**

I forgot to go back, there's a couple of other things. Both my brother and I were Bar Mitzvahed at the Temple. Lisa mentioned Kyle [Kay] and Kirsten [Kay] were Bar and B'nai Mitzvahed there, my nephew Ben, my

brother's son, was Bar Mitzvahed there, and I tutored him. My mother was in an adult bat mitzvah class when I went to college, and Barbra Streisand's mother was in her class and Barbra Streisand came to the ceremony which was kind of interesting.

**Interesting in what way?**

**Mark**

Well you know, Barbra Streisand is in the congregation here. So we have a rich history. My grandmother on my mother's side was also a member so as Lisa mentioned, we're in the fourth generation of Temple Emanuel members. Lisa's done a wonderful job spearheading the 75th [Anniversary] celebrations.

When the Temple was founded, it was the same year that Hollywood Park was founded. Who would've thought 50 years ago 25 years ago if you said which [one] was still going to still be around, Hollywood Park would not be the one.

It's kind of an interesting time for the Temple, having survived and is still a vibrant part of our community here in Beverly Hills.

**Lisa, you're also the health and safety commissioner for Beverly Hills. What are some of the accomplishments that you were able to work on while you've been commissioner?**

**Lisa**

The big thing that we've been working on right now is the e-cigarettes, the vaping in the City, and the City Council has asked our commission to research it and to make a recommendation which they just adopted. So we are now in the City of Beverly Hills connecting the laws for tobacco cigarettes with the e-cigarettes and vaping so the same laws will exist for those, which is proactive. A lot of cities haven't really made moves about this yet so we're being proactive about people not smoking or using e-cigarettes in our city.

**You volunteered through a numerous amount of organizations such as the Camp Dream Street, New Directions, and the "Every 15 Minutes" program at Beverly**

**High. Why is it important for you to volunteer through these organizations?**

**Lisa**

I love giving back and I think it's so important to not only volunteer and give with your checkbook, but also if you have the time to give personal time. For example, [Camp] Dream Street, I've been a volunteer counselor for more than 20 years. We are a sleep away camp for kids who are terminally and chronically ill. [It's] very gratifying to see the smiles on the campers' faces and they're able to enjoy a week of normalcy where they can feel like they're just any other kid. So that's really, really fun.

My aunt was one of the founders of New Directions, [a program dedicated to helping veterans who have faced homelessness, drug or alcohol addiction]. At her funeral, since she didn't have any daughters I thought I would try and carry on her legacy so now I've been teaching a class there for the last eight years. Our veterans have become addicted to drugs, alcohol or have become homeless, so it's also very gratifying to see our veterans in our program get on their feet and inevitably get a job.

Not only did Mark and I go to Beverly [High], our children went there too. [The Every 15 Minutes program] is a national program. What we do is, we simulated a drunk driving accident in front of the high school students, actually using high school students, and it takes almost a year to plan. What we're trying to show the students are the benefits of making good choices and what the disadvantages of not making good choices while driving or being a passenger in a car.

**Mark, you served on Starbucks Coffee's Board of Directors for two years. Can you tell us more about that?**

**Mark**

While I was an investment banker at Donaldson, Lufkin and Jenrette, I helped Howard [Schultz, Starbucks' CEO] raise his first round of institutional money in the late 80s, early 1990s, when the company was just a few stores in Seattle and Portland and ventured really outside that market to Chicago. We raised \$13 million, had a \$35 million evaluation, and I've stayed close to Howard and helped him raise additional money, convertible debt offering, and do some merger and acquisition work. In fact, Howard and Sheri Schultz have made a very generous contribution to the Purim Ball so we still have a very nice friendship.

Fortunately I invested in Starbucks early on and it's been a tremendous company, a great organization, and really an iconic brand. The fifth most admired company in the world according to Fortune Magazine last week.

**After Starbucks you launched a few other businesses as well.**

**Mark**

I really got interested in becoming an entrepreneur after my investing banking experience at Starbucks. Through my Starbucks connections, I was introduced to someone in the grocery business who was Latino, and through that we created a Hispanic grocery store com-

*Kyle Kay, Kirsten Kay, Lisa Schwartz and Mark Schwartz*

pany: Bodega Latina Corporation. The stores are known as El Super and now they're 45 stores in Southern California, Arizona and Nevada. Many of the people attending our event are shareholders in the company.

**What continues your spark to continue building and acquiring these businesses?**

**Mark**

I like the process of building something great and working with really smart, courageous, and resourceful individuals who not only have great management skills, but also great entrepreneurial skill. Now I kind of turn the tables and do a lot of investing in early stage companies and serving on boards of medium to large companies, and mentoring a lot of these young entrepreneurs. I run the Harvard Business School Angel Group here in Southern California and invest in a lot of different companies and help mentors achieve and fulfill their goals and ambitions.

**Along with that, what is important with helping and guiding others through business and entrepreneurship?**

**Mark**

So I have a couple of rules that I've honed over a couple years of investing. The first thing: you need to find an entrepreneur who's coachable. In fact, that was a term that someone used for Howard Schultz when I was helping them raise money. Is the founder coachable? Can he be coached? Will he or she listen to the advice and expertise of people who's done this before? Do they have the entrepreneurial drive to be resourceful enough to get stuff done?

Some people are really good at it and being an executive in a big company and they know how to work through the political organizational structure of a large company. But when you're an entrepreneur, it's about a pretty tough 24/7 grind of just not taking, "No," for an answer and finding the people who can say, "Yes" or get to yes and get stuff done and that's not a transition that everyone can make. You just have to figure out a way to solve problems when you don't have much resources, human or capital, to do it.

**Do you and Lisa share ideas with each other?**

**Mark**

There are sometimes when I'm looking at companies that Lisa will say, "This sounds like a really good deal, I think you should do it," and push very hard for it. And there's sometimes when they're crazy and I don't even tell her about it.

When she's teaching [at New Directions], it used to be she taught on Monday, so Sunday night was a bit of a homework night. She'll be grading papers and writing up her lesson plan and some of the time I would help her do some internet research and get stuff for her.

**Lisa**

And definitely when I was even at camp, Mark and the children would come up and help at the camp. Sometimes there was a carnival that Mark and Kirsten would come out for and Kyle taught baseball and ran a baseball game

up at camp. They are very involved in the different organizations, and Kirsten and Mark would also come and volunteer on the day of, "Every 15 Minutes," so they're very supportive in my philanthropic endeavors.

**Along with the Humanitarian Awards, you received a proclamation from the City. How do you feel about being honored through all these awards?**

**Lisa**

It's a huge honor, to be recognized, and it's very humbling. There's so many people who do so many wonderful things.

**Mark**

I mean the great thing about Beverly Hills is we feel it's a very small community so we have very close and deep relationships with many of the members of the City Council. To be formally recognized in the middle of their formal, official, City Hall proceedings is indeed a high honor.

**Lisa**

During the Centennial year.

**Mark**

During the Centennial year, absolutely right. As we say, as Temple Emanuel celebrates its 75th anniversary, the City of Beverly Hills celebrates its Centennial. So it's very gratifying to get that recognition from friends who are also involved in important work in the City.

**John Bendheim to receive Community Spirit Award at Purim Ball.**

John Bendheim is Bendheim Enerprises, Inc. President, a real estate investment holding company that operates in Nevada and California. He was a former Cedars Sinai Sports Spectacular chairman, which fundraises for the Genetic Birth Defects Center. He also received the Cedars Sinai Board of Governors Philanthropic Leadership Award in 2008 for his contributions to the Heart Stem Cell Center and to the Beverly Hills community. He is currently the Beverly Hills Chamber of Commerce President. The Weekly profiled Bendheim in issue #713's cover story, "Bendheim Means Business."

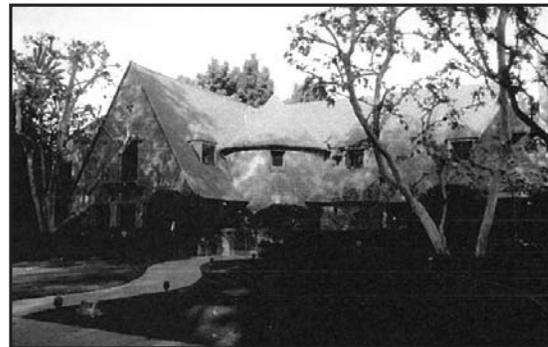

**City Council approves four properties for local landmark designation**

The City Council approved the McGilvray House, the Harry Cohn Estate, Beverly Wilshire Hotel's north "E" shaped building, and the Slavin House for inclusion on the local registrar of historic properties on March 4th with a 4 – 0 vote.

Mayor John Mirisch and Councilmembers Julian Gold, Nancy Krasne and Willie Brien approved the nominations. Vice Mayor Lili Bosse lives within 500 feet of one of the Harry Cohn Estate and recused herself from the discussion.

"Each of these properties is really truly an exceptional example of the work of Master Architects," Cultural Heritage Commission Chair Richard Waldow said. "Although the design styles vary, each one shows a tremendous pride of ownership. These properties have been diligently and lovingly preserved and maintained through the decades."

The property owners gave their full support for having their nominated properties be designated as a local landmark.

**MCGILVRAY HOUSE**

The McGilvray House located at 804 North Alpine Drive was constructed in 1927 and designed by Master Architect Wallace Neff. The French Revival style is evident in the L-shaped façade with a circular bay topped by a conical turret at the intersection of two wings, which is one of Neff's signature elements.

**HARRY COHN ESTATE**

The Harry Cohn Estate located at 1000 North Crescent Drive was constructed in 1927 and designed by Master Architect Robert D. Farquar for bank executive Robert Rogers. Columbia Studios head Harry Cohn later occupied the house from 1946 to 1958. The property is an example of a 1920s Mediterranean Revival style.

**BEVERLY WILSHIRE HOTEL**

Beverly Wilshire Hotel's north "E"-shaped building located on the Wilshire Boulevard's south side between Rodeo and El Camino drives was constructed in 1928 and designed by Los Angeles-based Master Architects Walker and Eisen. The Second Renaissance Revival style nine-story hotel is an example of commercial architecture buildings in the City's prime development period. In 1987, The Beverly Wilshire Hotel was also added to the National Register of Historic Places, among other buildings such as the Fox Wilshire Theatre, Beverly Hills Women's Club, and the Greystone Mansion.

**SLAVIN HOUSE**

The Slavin House is located at 620 North Sierra Drive was designed by Master Architect Marshall Wilkinson and constructed in 1936. The French Revival style home features asymmetrical subtype styles and is an example of revival styles during the 1920's and '30s.

The four properties will be added to the local register of historic properties to make a total of 19 landmark designations so far.

The Los Angeles Conservancy awarded the City of Beverly Hills an A+ rating for its historic preservation program yesterday and has recognized the City as one of the three "most improved" cities in terms of preservation since the last Preservation Report Card in 2008.

## HALL CONTROVERSY CONTINUES

Board of Education member denies wrongdoing in filling out form 700

By Nancy Yeang

Board of Education member Lewis Hall filed two statements of economic interests, form 700s, with the second form omitting ownership of the 15 stocks and mutual funds, and his business, Elevated Lab Press.

Hall gave a statement at Tuesday's Board of Education meeting regarding his iPad only math application, Elevated Math, and clarified the two form 700s.

Hall was elected as a Board of Education member in 2011. Hall filed a form 700 dated on December 12, 2011 on which he declared 15 different stocks, bonds, and other interests where ownership interest is less than 10 percent. He also listed himself as the "sole proprietor" of "Elevated Lab Press," where financial interests are more than 10 percent with a fair market value between \$100,001 and \$1 million.

In the next year's form 700 that reflects dates from January 1, 2012 to December 31, 2012, which is 19 days after the first form 700 was signed, Hall reported having no ownership of any bonds or businesses. He told the Weekly that he had asked the district staff for instructions on how to file the second form 700.

All locally elected officials must file a form 700 every calendar year to disclose personal financial interests, which includes any business ownerships and assets, to provide transparency and to prevent conflict of interest.

"The form 700s are there to allow the public to see that their public officials are hopefully making decisions that are based on the public interest and not for personal gain," Fair Political Policies Committee Communications Director Jay Wierenga said. "The rules to follow in filing those out are fairly well established."

Wierenga said that if public officials have any questions, they can contact their local filing clerk or filing official, and also call FPPC for assistance in filling a form 700.

"If there are cases where they're not filled out properly and it comes to our attention, sometimes we look into that," Wierenga said. "It can be a minor inquiry or we can do a full investigation and it

can lead to determining whether it was an oversight or done intentionally."

According to Board President Noah Margo, form 700s were given last month to fill out for 2013.

After Hawthorne School teachers and administrators gave a presentation on the one to one iPad pilot program's progress and impact, Hall gave a public statement.

"To avoid any appearance of a conflict, I sold all my Apple stock two days after I sworn in as a member of the school board," Hall said at Tuesday's Board of Education meeting.

Hall has been the owner of Elevated Lab Press since its inception in June 2009 to the present day. On Elevated Lab Press' website, both companies are "creative boutiques" that improves the "quality and innovation of media."

"I'm still the owner of Elevated Lab Press," Hall told the Weekly. "In Elevated Lab Press, I have a couple books [that I wrote] and I also have some apps I made called, Elevated Math."

When Apple introduced the iPad, Lewis Hall and Elevated Lab Press acquired rights to adapt BestQuest math lessons

for the iPad, which led to the creation of Elevated Math in 2010.

Elevated Math is an iPad only application that provides varying level math lessons. The application adapted BestQuest's math lessons, which were available on VHS and DVD, and in bound printed materials.

Elevated Math Program Director, editor and writer Maryscott Glasgow said that Hall had a programmer who converted and programmed BestQuest lessons from DVD to Elevated Math's iPad format.

According to the iTunes store, over 120 hours of math instruction and 70 hours of animation make Elevated Math "the largest content-based app that Apple has in its store."

The application has two free lessons and one free career video, with each additional lesson at \$1.99, lesson materials ranging from \$0.99 to \$4.99, and lesson packages ranging from \$15.99 to \$42.99.

Hawthorne math teachers Jeff Harris, who still teaches at Hawthorne, and Jesse Meyen, who now teaches math at a Minnesota middle school, led Math Factor, a summer math-tutoring program that prepared students for the school year. According to Hall, his app was used at the summer program prior to him becoming a board member.

Harris and Meyen did not return a phone call to the Weekly before press time.

"Before I decided to run for a school board position, I made my math application available to two Hawthorne math teachers for use in their summer math camp which was not in any way affiliated with the [BHUSD]," Hall said. "Importantly, I did not receive any income from this and never had any intention of being compensated. To reinforce the

integrity of my actions, within a month of my becoming a board member I spoke with our superintendent Dr. Gary Woods and explained that I created some math apps and was willing to provide them for free to the district if requested to do so."

Woods said that because the conversation happened a long time ago, he remembered having a conversation with Hall but not the details of the conversation.

At an August 13, 2013 Board of Education meeting, which can be viewed on BHUSD's video archives, Hawthorne Principal Kathy Schaeffer gave a presentation on technology integration in Hawthorne classrooms, and indicated the uses of a 1:1, student to iPad use.

At the next Board of Education meeting on August 27, 2013, an agenda item was presented for approving \$85,353.87 of funding towards purchasing iPads and iPad-related products for Hawthorne.

"Lewis obtained the rights to use [the math lessons] with devices like the iPad and tablets," Glasgow. "Now it's set up just for an Apple product. He hasn't expanded it to use on the iPhone."

The meeting minutes show that Board members Brian Goldberg, Jake Manaster, Lisa Korbatov, Margo and Hall approved the funding.

According to section 87100 of the Political Reform Act, "No public official at any level of state or local government shall make, participate in making or in any way attempt to use his official position to influence a governmental decision in which he knows or has reason to know he has a financial interest." Under 87105 of the same code, it states a public official must publicly state where the conflict of interest lies, and recuse himself/herself from the discussion and leave the room until after the "discussion, vote, and any other disposition of the matter is concluded."

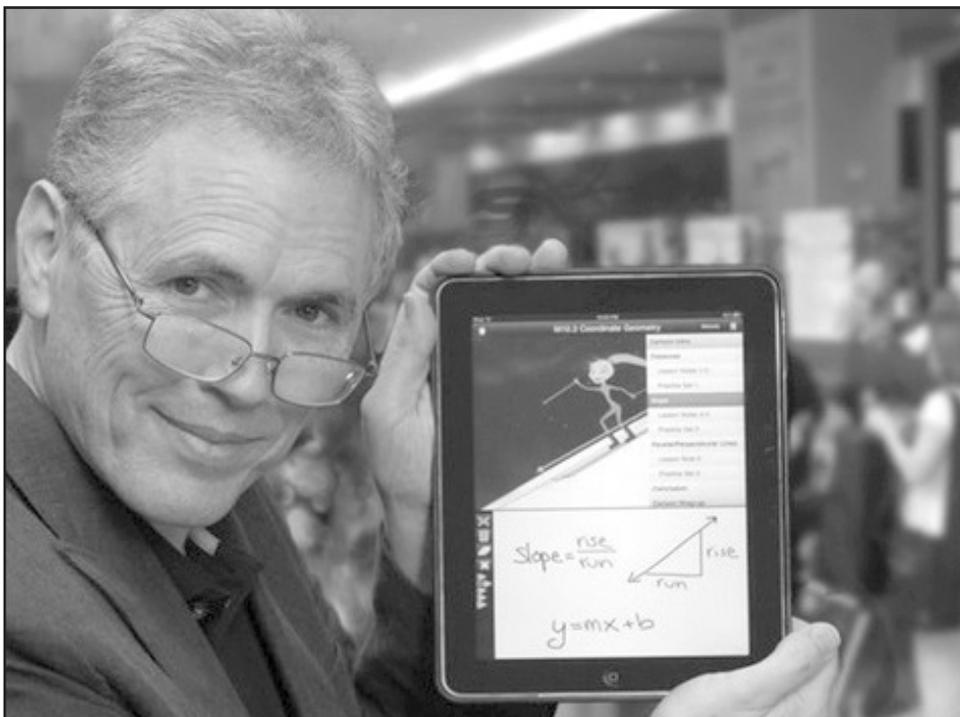

According to the minutes and video records, Hall he did not announce that he is the developer for Elevated Math, nor did he state that he is the owner of Elevated Lab Press.

"I have not had any involvement in the Hawthorne iPad program other than allowing the district to purchase the tablets," Hall said. "I have not promoted my app, and should my app come to a vote on the board, I would recuse myself. That said, the district neither endorses my math app program nor has it stated any intention to use it."

The Los Angeles County District Attorney's former head of public integrity David Demerjian declined comment on the case.

*"The form 700s are there to allow the public to see that their public officials are hopefully making decisions that are based on the public interest and not for personal gain."*

ANY INFORMATION OBTAINED WILL BE USED FOR THAT PURPOSE. NOTICE TO POTENTIAL BIDDERS: If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, this information can be obtained from one of the following three companies: LPS Agency Sales and Posting at (714) 730-2727, or visit the Internet Web site www.lpsasap.com (Registration required to search for sale information) or Priority Posting and Publishing at (714) 573-1965 or visit the Internet Web site www.priorityposting.com (Click on the link for "Advanced Search" to search for sale information), or auction.com at 1-800-280-2832 or visit the Internet Web site www.auction.com, using the Trustee Sale No. shown above. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web site. The best way to verify postponement information is to attend the scheduled sale. A-4443161 02/20/2014, 02/27/2014, 03/06/2014

ILIEV, HUSBAND AND WIFE AS JOINT TENANTS Duly Appointed Trustee: NATIONAL DEFAULT SERVICING CORPORATION Recorded 01/25/2007 as Instrument No. 20070154948 (or Book, Page) of the Official Records of LOS ANGELES County, California. Date of Sale: 03/27/2014 at 11:00 AM Place of Sale: By the fountain located at 400 Civic Center Plaza, Pomona, CA 91766 Estimated amount of unpaid balance and other charges: \$1,801,938.66 Street Address or other common designation of real property: 3085 Franklin Canyon Drive, Beverly Hills, CA 90210 A.P.N.: 4386-001-003, 4386-001-004, 4386-001-008 The undersigned Trustee disclaims any liability for any incorrectness of the street address or other common designation, if any, shown above. If no street address or other common designation is shown, directions to the location of the property may be obtained by sending a written request to the beneficiary within 10 days of the date of first publication of this Notice of Sale. If the Trustee is unable to convey title for any reason, the successful bidder's sole and exclusive remedy shall be the return of monies paid to the Trustee, and the successful bidder shall have no further recourse. The undersigned mortgagee, beneficiary or authorized agent for the mortgagee or beneficiary pursuant to California Civil Code Section 2923.5(b) declares that the mortgagee, beneficiary or the mortgagee's or beneficiary's authorized agent has either contacted the borrower or tried with due diligence to contact the borrower as required by California Civil Code 2923.5. NOTICE TO POTENTIAL BIDDERS: If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call 714-730-2727 or visit this Internet Web site www.ndscorp.com/sales, using the file number assigned to this case 13-20609-SP-CA. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web site. NOTICE IS HEREBY GIVEN that the Beverly Hills Unified School District of Los Angeles County, California, acting by and through its Governing Board, hereinafter referred to as "DISTRICT," will receive up to, but not later than, the above-stated time, sealed bids for the award of a contract for the above Project. Those bids timely received shall be opened and publicly read aloud.

A "MANDATORY" Pre-Bid Conference and walk will be held at **10:00 am Friday March 21, 2014** at the **El Rodeo School, 605 Whittier Drive, Beverly Hills CA 90210**. Late arrivals will not be allowed entrance. All attendees will be escorted through the school site by a District Representative. Any bidder failing to sign-in, attend the entire job walk and conference will be deemed a non-responsive bidder and will have its bid returned unopened. Bids "WILL NOT" be accepted from any bidder who did not attend the Pre-Bid Conference. Prospective bidders may not visit the Project Site without making arrangements through the Facilities and Planning Department.

Bidders may obtain an electronic copy **ONLY** of the Contract Documents from the District's Facilities and Planning Department 241 Moreno Drive, Beverly Hills, CA at (310) 551-5100, Ext. 2390 at no cost to the contractor. **Bid Contract Documents will be available for bidders on or after March 13, 2014.** To the extent required by Public Contract Code Section 20103.7, the District shall also make the Contract Documents available for review at the following plan rooms:

- Planwell – C2 Reprographics – [www.c2repro.com](http://www.c2repro.com)
- FW Dodge McGraw Hill – [www.construction.com](http://www.construction.com)
- iSQFT – [www.isqft.com](http://www.isqft.com)
- Reed Construction Data – [www.reedconstructiondata.com](http://www.reedconstructiondata.com)

In accordance with the provisions of California Business and Professions Code Section 7028.15 and Public Contract Code Section 3300, the DISTRICT requires that the bidder possess the following classification(s) of contractor's license(s) at the time the bid is submitted: **CLASS B or CLASS C-10**. Any bidder not so licensed at the time of the bid opening will be rejected as non-responsive.

Each bid shall be accompanied by a bid security in the form of cash, a certified or cashier's check or bid bond in an amount not less than ten percent (10%) of the total bid price, payable to the DISTRICT.

Each Bidder is required to furnish and maintain proof of Commercial General Liability Insurance, Comprehensive Automobile Liability Insurance, and Workers' Compensation Insurance.

The DISTRICT reserves the right to reject any or all bids or to waive any irregularities or informalities in any bids or in the bidding process.

The DISTRICT has obtained from the California Department of Industrial Relations the general prevailing rate of per diem wages in the locality in which this work is to be performed for each craft or type of worker needed for the Project. Such rates are as follows:  
Craft, Classification, or Type: Use Applicable Prevailing Wage Rate

The general prevailing rate of per diem wages is based upon a working day of eight (8) hours. The rate for holiday and overtime work shall be at least time and one-half. It shall be mandatory upon the successful bidder to whom the contract is awarded, and upon any subcontractor listed, to pay not less than the said specified rates to all workers employed by them for the Project.

No bidder may withdraw any bid for a period of Sixty (60) calendar days after the date set for the opening of bids.

Pursuant to Section 22300 of the Public Contract Code, the Agreement will contain provisions permitting the successful bidder to substitute securities for any monies withheld by the DISTRICT to ensure performance under the Agreement or permitting payment of retentions earned directly into escrow.

Award of Contract: The District shall award the Contract for the Project to the lowest responsible bidder as determined from the base bid alone by the District. The District reserves the right to reject any or all bids or to waive any irregularities or informalities in any bid or in the bidding process. Bid protests, if any, must comply with the requirements set forth in the information for Bidders in order to be timely and considered by the District.

The last day to submit questions shall be March 25, 2014. All questions must be submitted in accordance with the procedures set forth in the Information for Bidders.

Publication Dates: March 13, 2014 & March 20, 2014

## PROJECT 14-26

**CITY OF BEVERLY HILLS  
PROJECT ADMINISTRATION  
345 FOOTHILL ROAD  
BEVERLY HILLS, CALIFORNIA 90210**

### **REQUEST FOR PREQUALIFICATION OF BIDDERS AND PREQUALIFICATION INSTRUCTIONS FOR: POLICE FACILITY OVERSIZED VEHICLE STORAGE PROJECT – RE-BID**

Notice is hereby given that the City of Beverly Hills ("CITY") has determined that all bidders for the construction of the Police Facility Oversized Vehicle Storage ("Project"), must be pre-qualified prior to submitting a bid on that Project. It is mandatory that all Contractors who intend to submit a bid, fully complete the prequalification questionnaire, provide all materials requested herein, and be approved by the CITY to be on the final qualified Bidders list.

No bid will be accepted from a Contractor that has failed to comply with these requirements. If two or more business entities submit a bid as part of a Joint Venture, or expect to submit a bid as part of a Joint Venture, each entity within the Joint Venture must be separately qualified to bid. The last date to submit a fully completed questionnaire is **2:00 PM Friday, April 11, 2014**. [Insert time, including a.m. or p.m., and date - month, day, year]—Contractors are encouraged to submit prequalification packages as soon as possible, so that they may be notified of omissions of information to be remedied or of their prequalification status in advance of the prequalification deadline for this Project.

Answers to questions contained in the attached questionnaire are required. The CITY will use these documents as the basis of rating Contractors with respect to whether each Contractor is qualified to bid on the Project, and reserves the right to check other sources available. The CITY's decision will be based on objective evaluation criteria.

The CITY reserves the right to adjust, increase, limit, suspend or rescind the prequalification rating based on subsequently learned information. Contractors whose rating changes sufficiently to disqualify them will be notified, and given an opportunity for a hearing consistent with the hearing procedures described below for appealing a prequalification rating.

While it is the intent of the prequalification questionnaire and documents required therewith to assist the CITY in determining bidder responsibility prior to bid and to aid the CITY in selecting the lowest responsible bidder, neither the fact of prequalification, nor any prequalification rating, will preclude the CITY from a post-bid consideration and determination of whether a bidder has the quality, fitness, capacity and experience to satisfactorily perform the proposed work, and has demonstrated the requisite trustworthiness.

The prequalification packages should be submitted under seal to the **Office of the City Clerk, City of Beverly Hills, 455 North Rexford Drive, Room 290, Beverly Hills, CA 90210**. The following should be clearly marked on the outside of the package **"CONFIDENTIAL PREQUALIFICATION STATEMENT FOR THE POLICE FACILITY OVERSIZED VEHICLE STORAGE PROJECT"**.

The prequalification packages submitted by Contractors are not public records and are not open to public inspection. All information provided will be kept confidential to the extent permitted by law. However, the contents may be disclosed to third parties for purpose of verification, or investigation of substantial allegations, or in an appeal hearing. State law requires that the names of contractors applying for prequalification status shall be public records subject to disclosure, and the first page of the questionnaire will be used for that purpose.

Each questionnaire must be signed under penalty of perjury in the manner designated at the end of the form, by an individual who has the legal authority to bind the Contractor on whose behalf that person is signing. If any information provided by a Contractor becomes inaccurate, the Contractor must immediately notify the CITY and provide updated accurate information in writing, under penalty of perjury.

The CITY reserves the right to waive minor irregularities and omissions in the information contained in the prequalification application submitted, and to make all final determinations. The CITY may also determine at any time that the prequalification process will be suspended for the Project and the Project will be bid without prequalification.

Contractors may submit prequalification packages during regular working hours on any day that the offices of the CITY are open. Contractors who submit a complete prequalification package will be notified of their qualification status no later than ten business days after submission of the information.

The CITY may refuse to grant prequalification where the requested information and materials are not provided by the due date indicated above. There is no appeal from a refusal for an incomplete or late application, but re-application for a later project is permitted. Neither the closing time for submitting prequalification packages for this Project will be changed in order to accommodate supplementation of incomplete submissions, or late submissions, unless requested by the CITY in its sole discretion.

In addition to a contractor's failure to be pre-qualified pursuant to the scoring system set forth in the prequalification package, a contractor may be found not prequalified for either omission of or falsification of, any requested information.

Where a timely and completed application results in a rating below that necessary to pre-qualify, an appeal can be made by the unsuccessful Contractor. An appeal is begun by the Contractor delivering notice to the CITY of its appeal of the decision with respect to its prequalification rating, no later than two business days following notification that it is not pre-qualified. The notice of appeal shall include an address where the Contractor wishes to receive notice of the appeal hearing. Without a timely appeal, the Contractor waives any and all rights to challenge the decision of the CITY, whether by administrative process, judicial process or any other legal process or proceeding.

If the Contractor gives the required notice of appeal, a hearing shall be conducted no earlier than five business days after the CITY's receipt of the notice of appeal and not later than five business days prior to the date of the Notice Inviting Bids for this Project. Prior to the hearing, the Contractor shall, in writing, be advised of the basis for the City's pre-qualification determination.

The hearing shall be conducted by a panel consisting of three members of the Department of Public Works & Transportation senior management staff (the "Appeals Panel"). The Appeals Panel shall consider any evidence presented by the Contractor, whether or not the evidence is presented in compliance with formal rules of evidence. The Contractor will be given the opportunity to present evidence, information and arguments as to why the Contractor believes it should be pre-qualified. Within one day after the conclusion of the hearing, the Appeals Panel will render a written determination as to whether the Contractor is pre-qualified. It is the intention of the CITY that the date for the submission and opening of bids will not be delayed or postponed to allow for completion of an appeal process.

Please contact **Julio Guerrero at the Office of Project Administration**, at [jguerrero@beverlyhills.org](mailto:jguerrero@beverlyhills.org) for any procedural questions or concerns regarding this project.

## ORDINANCE NO. 14-O-2656

AN ORDINANCE OF THE CITY OF BEVERLY HILLS AMENDING TITLE 1, CHAPTER 9, ARTICLE 1 OF THE MUNICIPAL CODE REGARDING COMPENSATED LEGISLATIVE ADVOCATES

THE COUNCIL OF THE CITY OF BEVERLY HILLS HEREBY ORDAINS AS FOLLOWS:

Section 1 Section 1-9-102 (Definitions) of Article 1 of Chapter 9 of Title 1 of the Beverly Hills Municipal Code is amended to read as follows:

#### **"1-9-102: DEFINITIONS:**

The following terms used in this Article shall have

the meanings set forth below. For any term not specifically defined herein, the definitions shall be as set forth in the California Political Reform Act of 1974, as amended, and in the regulations of the California Fair Political Practices Commission, if defined therein.

**ATTEMPTING TO INFLUENCE:** Promoting, supporting, opposing, seeking to modify, or seeking to delay municipal legislation by any means, including, without limitation, providing or generating political contacts, presenting information, statistical analyses or studies.

**CITY OFFICIAL:** The mayor, any member of the city council and any member of a City of Beverly Hills commission.

**CLIENT:** Any Person who provides compensation to a Legislative Advocate for Legislative Advocacy, whether the compensation is provided directly, indirectly or through an intermediary.

**COMPENSATION:** Monetary or in-kind payment or remuneration in an amount in excess of fifty dollars, or the expectation of such remuneration, for engaging in the Legislative Advocacy. Compensation does not include the salary of an employee who devotes less than twenty percent (20%) of that employee's work time to Legislative Advocacy during any one year and who engages in legislative advocacy only on behalf of a single employer. Compensation also does not include reimbursement of or payments for reasonable travel or business expenses, such as copying, telephone charges and meals.

**DIRECT COMMUNICATION:** Appearing as a witness before, talking to (either in person or by telephone), corresponding with, or answering questions or inquiries from, any City Official either personally or through an agent who acts under one's direct supervision or control.

**LEGISLATIVE ADVOCACY:** Includes the following and similar conduct for compensation when the conduct is related to Attempting to Influence Municipal Legislation:

A. Engaging in, either personally or through an agent, written, electronic, or oral Direct Communication with a City Official;

B. Drafting ordinances, resolutions, or regulations;

C. Attempting to Influence the position of any third party on Municipal Legislation or an issue relating to Municipal Legislation by any means, including, but not limited to, engaging in community or media relations activities.

D. Advising clients regarding strategy for Legislative Advocacy.

**LEGISLATIVE ADVOCATE:** Any individual who is Compensated or who is hired, directed, retained or otherwise becomes entitled to be compensated for engaging in Legislative Advocacy.

**MUNICIPAL LEGISLATION:** Any legislative, quasi-judicial, or administrative matter proposed by or pending before the City Council or any City commission. "Municipal Legislation" includes, without limitation, those matters involving the granting, denial, amendment, revocation, or restriction of any license, permit or entitlement for use (including all land use permits); the consideration, adoption, amendment or repeal of all municipal ordinances; and the consideration and award of bids and proposals for city contracts. "Municipal Legislation" does not include purely ministerial actions. A development application shall be considered to be pending before the City Council or a City commission once any preliminary material, including an application for concept review, has been filed with the City."

**Section 2.** Section 1-9-105 (Registration) of Article 1 of Chapter 9 of Title 1 of the Beverly Hills Municipal Code is amended to read as follows:

**"1-9-105: REGISTRATION:**

A. Within 10 days after a Legislative Advocate begins to engage in Legislative Advocacy that includes Direct Communication with a City Official other than in an open public meeting, the Legislative Advocate shall register as a Legislative Advocate with the City Clerk on a form provided by the City for that purpose. The registration form shall include the name, telephone number, business address, email address and fax number of the Legislative Advocate and the Legislative Advocate's employer, the identity of the Client, the

contact information for the Client, a description of the specific business in which the Client is involved, a description with specificity of the matter of Municipal Legislation the Legislative Advocate is attempting to influence, and the outcome desired by the Client. The form shall also include a description of Legislative Advocacy conducted during the previous twelve months that was not previously reported to the City by the Legislative Advocate.

Any form submitted by a Legislative Advocate shall be signed under penalty of perjury, shall be available for public view in the City Clerk's office as well as posted on the City's website in a searchable database and shall be forwarded by the City Clerk to each City Official, the City Manager and the City Attorney."

**Section 3.** Section 1-9-106 (Remedies) of Article 1 of Chapter 9 of Title 1 of the Beverly Hills Municipal Code is revised to address disclosure at public meetings and to read as follows:

**1-9-106: DISCLOSURE AT PUBLIC MEETINGS**

At any time that a Legislative Advocate engages in Legislative Advocacy at a City Council or City Commission meeting, the Legislative Advocate shall announce the specific matter being addressed and shall identify the Client who is being represented by the Legislative Advocate.

**Section 4.** Section 1-9-107 (Remedies for Violations) is hereby added to Article 1 of Chapter 9 of Title 1 of the Beverly Hills Municipal Code to read as follows:

**1-9-107: REMEDIES FOR VIOLATIONS:**

Pursuant to the administrative remedies and procedures set forth in Chapter 3 of this Title, any person who knowingly and willfully violates any provision of this Article, may be assessed an administrative penalty not to exceed five hundred dollars (\$500) per violation.

Additionally, the City Prosecutor is delegated the authority to investigate any charge that a person has knowingly and willfully violated this Article. If the City Prosecutor determines that there is probable cause to believe that a Legislative Advocate has knowingly, willfully and materially violated the provisions of this Article, the City Prosecutor may request that the City conduct an administrative hearing to determine whether such a violation has occurred and, if so, whether the Legislative Advocate should be prohibited from engaging in Legislative Advocacy for a period of time.

Upon the request of the City Prosecutor, a hearing officer shall be retained and an administrative hearing shall be conducted substantially in accordance with the procedures set forth in Chapter 3 of this Title for conducting hearings on administrative citations.

If, after conducting a hearing pursuant to this Section, a hearing officer determines that the Legislative Advocate has knowingly, willfully and materially violated the provisions of this Article, then for the first violation of this Article, the hearing officer may prohibit the Legislative Advocate from engaging in Legislative Advocacy for a period of up to six months, for a second violation, the hearing officer may prohibit the Legislative Advocate from engaging in Legislative Advocacy for a period of up to one year, and for a third or subsequent violation, the hearing officer may prohibit the Legislative Advocate from engaging in Legislative Advocacy for a period of up to four years. The hearing officer may issue an order prohibiting the Legislative Advocate from engaging in Legislative Advocacy for a period of less than the maximum period set forth in this paragraph if the hearing officer determines that mitigating circumstances justify a lesser period of prohibition.

If the hearing officer determines that the Legislative Advocate has knowingly, willfully and materially violated the provisions of this Article, or if the Legislative Advocate accepts the allegation of knowing, willful and material violation and waives the opportunity for a hearing, then the City's website shall identify the Legislative Advocate and indicate that the Legislative Advocate has violated the City's regulations governing Legislative Advocacy. The website identification shall remain posted on the website for one year.

Notwithstanding the provisions of Chapter 3 of this Title, any decision by a hearing officer pursuant to this Section 1-9-07 shall be a final decision and not subject to appeal or review by the City Council.

**Section 5.** The City Council hereby approves this Ordinance and authorizes the Mayor to execute the Ordinance on behalf of the City.

**Section 6.** Publication. The City Clerk shall cause this Ordinance to be published at least once in a newspaper of general circulation published and circulated in the City within fifteen (15) days after its passage in accordance with Section 36933 of the Government Code, shall certify to the adoption of this Ordinance and shall cause this Ordinance and his certification, together with proof of publication, to be entered in the Book of Ordinances of the Council of this City.

**Section 7. Effective Date.** This Ordinance shall go into effect and be in full force and effect at 12:01 a.m. on the thirty-first (31st) day after its passage.

Copies of the Specifications and Proposal Form may be inspected and obtained at the office of the **City Engineer, 345 Foothill Road, Beverly Hills, CA 90210**. There is no charge or deposit required for this material; therefore, they are not to be returned to the City for refund. Each bidder shall furnish the City, the name, address, and telephone number of the firm requesting Specifications.

References in the project specifications to specific sections of the Standard Specifications refer to the book of "Standard Specifications for Public Works Construction", Latest Edition, written by a Joint Cooperative Committee of the Southern California Chapter of the American Public Works Association and Southern California district of the Associated General Contractors of California (**GreenBook**). Contractors wishing to obtain this book may purchase copies directly from the publisher, Building News, Inc., 1612 South Clementine Street, Anaheim, CA, 92802.

**GENERAL INSTRUCTIONS** - Bids must be submitted on the Proposal Form prepared for this project and shall be delivered at the office of the City Clerk within a sealed envelope supplied by the City

and marked on the outside as follows: **“HEATH AVENUE STREET RECONSTRUCTION BETWEEN OLYMPIC BLVD. AND HILLGREEN DRIVE.”** Each Bid shall be accompanied by a cashier’s check or certified check drawn on a solvent bank, payable to “City of Beverly Hills,” for an amount equal to **ten percent (10%)** of the total maximum amount of the Bid. Alternatively, a satisfactory corporate surety Bid Bond (on a city-provided form attached in Contract Specifications as Exhibit “A”) for an amount equal to **ten percent (10%)** of the total maximum amount of the Bid may accompany the Bid. Said security shall serve as a guarantee that the successful Bidder will, within **fourteen (14) calendar days** after the date of the award of the contract, enter into a valid contract with the City for said Work in accordance with the Contract Documents.

**ENGINEER’S ESTIMATE** - The preliminary cost of construction of this Work has been prepared and the said estimate is **\$550,000**.

**LIQUIDATED DAMAGES** - There will be a **One Thousand Dollar (\$1,000.00)** assessment for each calendar day that work remains incomplete beyond the time stated in the Proposal Form. Refer to the Proposal Form for specific details.

**PREVAILING WAGES** - In accordance with the provisions of Section 1770 et seq., of the Labor Code, the Director of the Industrial Relations of the State of California has determined the general prevailing rate of wages applicable to the work to be done. The Contractor will be required to pay to all workers employed on the project sums not less than the sums set forth in the documents entitled “General Prevailing Wage Determination made by the Director of Industrial Relations pursuant to California Labor Code Part 7, Chapter 1, Article 2, Sections 1770, 1773, 1773.1”.

A copy of said documents is on file and may be inspected in the office of the **City Engineer, located in 345 Foothill Road, Beverly Hills, California 90210**.

Attention is directed to the provisions of Sections 1777.5 and 1777.6 of the Labor Code concerning the employment of apprentices by the Contractor or any subcontractor under him. The Contractor and any subcontractor under him shall comply with the requirements of said sections in the employment of apprentices.

Information relative to apprenticeship standards and administration of the apprenticeship program may be obtained from the Director of Industrial Relations, San Francisco, California, or from the Division of Apprenticeship Standards and its branch offices.

**PAYROLL RECORDS** - The Contractor’s attention is directed to Section 1776 of the Labor Code, relating to accurate payroll records, which imposes responsibility upon the Contractor for the maintenance, certification, and availability for inspection of such records for all persons employed by the Contractor or by the Subcontractors in connection with the project. The Contractor shall agree through the Contract to comply with this section and the remaining provisions of the Labor Code.

**INSURANCE AND BOND REQUIREMENTS** - The Contractor shall provide insurance in accordance with *Section 3-13* of the City of Beverly Hills, Public Works Department, Standard Contractual Requirements, included as part of these Specifications. In addition, the Contractor shall guarantee all work against defective workmanship and materials furnished by the Contractor for a period of one (1) year from the date the work was accepted in accordance with *Section 2-11* of the Standard Contractual Requirements. The Contractor’s sureties for the “Performance Bond” shall be liable for any work that the Contractor fails to replace within a specified time.

**CONTRACTORS LICENSE** - At the time of the Bid Deadline and at all times during performance of the Work, including full completion of all corrective work during the Correction Period, the Contractor must possess a California contractor’s license or licenses, current and active, of the classification required for the Work, in accordance with the provisions of Chapter 9, Division 3, Section 7000 et seq. of the Business and Professions Code.

In compliance with Public Contract Code Section 3300, the City has determined that the Bidder must possess the following license(s): **“A”**

The successful Bidder will not receive a Contract award if the successful Bidder is unlicensed, does not have all of the required licenses, or one or more of the licenses are not current and active. If the City discovers after the Contract award that the Contractor is unlicensed, does not have all of the required licenses, or one or more of the licenses are not current and active, the City may cancel the award, reject the Bid, declare the Bid Bond as forfeited, keep the Bid Bond’s proceeds, and exercise any one or more of the remedies in the Contract Documents.

**SUBCONTRACTORS’ LICENSES AND LISTING** - At the time of the Bid Deadline and at all times during performance of the Work, each listed Subcontractor must possess a current and active California contractor’s license appropriate for the portion of the Work listed for such Subcontractor and shall hold all specialty certifications required for such Work. When the Bidder submits its Bid to the City, the Bidder must list each Subcontractor whom the Bidder must disclose under Public Contract Code Section 4104 (Subcontractor Listing Law), and the Bidder must provide all of the Subcontractor information that Section 4104 requires (name, address, and portion of the Work). In addition, the City requires that the Bidder list each Subcontractor’s license number and the dollar value of each Subcontractor’s labor or services.

**SUBSTITUTION OF SECURITIES** - Pursuant to California Public Contract Code Section 22300, substitution of securities for withheld funds is permitted in accordance therewith.

**THE CITY RESERVES THE RIGHT TO REJECT ANY BID OR ALL THE BIDS AND TO WAIVE ANY INFORMALITY OR IRREGULARITY IN ANY BID, BUT IF THE BIDS ARE ACCEPTED, THE CONTRACT FOR THE IMPROVEMENT WILL BE LET TO THE LOWEST RESPONSIBLE BIDDER FOR THE PROJECT AS A WHOLE.**

Please contact **Anne Zaworski** at the **Office of City Engineering**, at **AZaworski@beverlyhills.org** for any procedural questions or concerns regarding this project.

#### ORDINANCE NO. 14-O-2657

AN ORDINANCE OF THE CITY OF BEVERLY HILLS INCLUDING ELECTRONIC CIGARETTES WITHIN THE CITY’S TOBACCO RETAILER PERMITTING AND SMOKING REGULATIONS; AND REGULATING ELECTRONIC CIGARETTE USE IN THE SAME MANNER AS TOBACCO USE UNDER CERTAIN STATE LAWS.

THE CITY COUNCIL OF THE CITY OF BEVERLY HILLS HEREBY ORDAINS AS FOLLOWS:

**Section 1.** On February 18, 2014, the City Council considered the adoption of this Ordinance at a duly noticed public meeting and on the basis of the record thereof finds the following facts to be true:

A. Electronic cigarettes, commonly known as e-cigarettes, e-cigars, e-cigarillos, e-pipes,

and e-hookahs, are battery operated devices designed to look like and be used in the same manner as conventional tobacco products. Electronic cigarettes employ the use of a cartridge, generally containing up to 20 mg of nicotine to deliver vaporized nicotine to users. Some cartridges used by electronic cigarettes can be re-filled with liquid nicotine solution, creating the potential for exposure to dangerous concentrations of nicotine;<sup>1</sup> and

B. The U.S. Food and Drug Administration (“FDA”) conducted laboratory analysis of electronic cigarettes and found the following: 1) Diethylene glycol, an ingredient used in antifreeze and toxic to humans, was found in one cartridge; 2) Certain tobacco-specific nitrosamines, which are human carcinogens, were detected in half of the samples tested; 3) Tobacco-specific impurities suspected of being harmful to humans—*anabasine*, *myosmine*, and *β-nicotyrine*—were detected in a majority of the samples tested; 4) All but one tested cartridge labeled as containing no nicotine did in fact contain low levels of nicotine; 5) Three identically labeled cartridges emitted markedly different amounts of nicotine with each puff. Nicotine levels per 100 mL puff ranged dramatically from 26.8 to 43.2 mcg nicotine; and 6) One high-nicotine cartridge delivered twice as much nicotine to users as was delivered by a nicotine inhalation product approved by the FDA for use as a smoking cessation aid which was used as a control; and

C. The FDA has raised concerns that electronic cigarettes, which are often marketed in appealing flavors, can increase nicotine addiction among young people and may lead youth to try conventional tobacco products;<sup>2</sup> and

D. The FDA has also raised concerns that electronic cigarettes are marketed and sold to young people and are readily accessible online and via mall kiosks;<sup>3</sup> and

E. A study published in the *American Journal of Public Health* found similar results to the FDA testing and concluded that the electronic cigarettes tested so far have demonstrated “poor quality control; toxic contaminants, albeit at low levels; misrepresentation of the nicotine delivered; and insufficient evidence of the overall public health benefit”;<sup>4</sup> and

F. Clinical studies about the safety and efficacy of electronic cigarettes for their intended use have not been submitted to the FDA, and for this reason, consumers currently have no way of knowing: 1) Whether electronic cigarettes are safe for their intended use; 2) What types or concentrations of potentially harmful chemicals the products contain; and 3) What dose of nicotine the products deliver;<sup>5</sup> and

The federal law restricting the sale of tobacco products to minors currently applies only to cigarettes, cigarette tobacco, roll-your-own tobacco, and smokeless tobacco, not electronic cigarettes. 21 U.S.C. § 387a(b). L. Recent newspaper reports from across the nation indicate that electronic cigarettes have a propensity for exploding while charging or in use. These explosions have caused severe burns and physical injuries to users. Additionally, these explosions have caused property damage; and

M. The use of electronic cigarettes in smoke free locations threatens to undermine compliance with smoking regulations and reverse the progress that has been made in establishing a social norm that smoking is not permitted in certain locations; and

N. The City of Beverly Hills has been among a growing list of progressive cities throughout the nation which have adopted more stringent local smoking and tobacco control ordinances to protect public health. In 2008, the City Council adopted the “90210 Fresh Air Dining Ordinance” (BHMC Title 5, Chapter 4), which banned smoking in all outdoor dining areas. In 2010, the City Council passed an ordinance to regulate tobacco retailers through an annual permitting process (BHMC Title 4, Chapter 2, Section 2101, *et seq.*). These two ordinances refer to the terms “smoke,” “smoking,” and “tobacco paraphernalia,” but do not explicitly include electronic cigarettes; and

O. California law prohibits the sale of electronic cigarettes to minors. Health & Safety Code § 119405. No other state law currently regulates the sale and use of electronic cigarettes. In contrast, multiple state laws regulate tobacco sale and use. For instance, smoking tobacco use is prohibited in, among other places: public buildings; enclosed places of employment; residential units where smoking is prohibited by the landlord; playgrounds and tot lots; daycare facilities; vehicles with minors; public transit systems; and public-entity vehicles. But none of the state tobacco laws that prohibit smoking tobacco products in those locations expressly prohibit electronic cigarette vaping. The City is not expressly preempted from regulating electronic cigarettes in the same manner as tobacco products pursuant to certain state laws; and

P. Labor Code Section 6404.5 prohibits the smoking of all tobacco products in all enclosed places of employment in the state. Enclosed places are defined to include “lobbies, lounges, waiting areas, elevators, stairwells, and restrooms that are a structural part of the building...” Labor Code § 6404.5(b). The smoking of electronic cigarettes is not regulated by this Labor Code section and the City is not preempted from regulating the smoking of electronic cigarettes within enclosed places of employment in the City; and

Q. Civil Code Section 1947.5 provides a landlord of a residential dwelling unit may prohibit the smoking of a cigarette or other tobacco product on the landlord’s property or in any portion of the landlord’s building. Residential dwelling unit is defined as “a structure or the part of a structure that is used as a home, residence, or sleeping place by one person who maintains a household or by two or more persons who maintain a common household.” Civil Code § 1940(c). The smoking of electronic cigarettes is not regulated by this Civil Code section and the City is not preempted from providing land-

lords the ability to prohibit the smoking of electronic cigarettes on their property or in any portion of their building within the City; and

R. Government Code Section 7597(a) provides in pertinent part that no "...member of the public shall smoke any tobacco product inside a public building, or in an outdoor area within 20 feet of a main exit, entrance, or operable window of a public building..." Public building is defined as "a building owned and occupied, or leased and occupied, by the state, a county, a city, a city and county, or a California community college district." Government Code § 7596(a). Pursuant to this Government Code authority, the City has prohibited smoking in all public buildings in the City. Government Code Section 7597(b) provides a city is not preempted from adopting and enforcing additional smoking and tobacco control ordinances, regulations, or policies that are more restrictive than the applicable standards required by Government Code Section 7596 *et. seq.* Pursuant to Government Code Section 7597(b), the City may adopt a more restrictive ordinance, regulation or policy that provides definitions for these terms, and expressly prohibits the use of electronic cigarettes in public buildings in the City; and

S. Health and Safety Code Section 104495 prohibits the smoking of tobacco products, or disposing of tobacco related waste, within 25 feet of a playground or tot lot. A playground is defined as "any park or recreational area specifically designed to be used by children that has play equipment installed, or any similar facility located on public or private school grounds, or on city, county, or state park grounds." Health & Safety Code § 104495(a)(1). A tot lot is defined as "a designated play area within a public park for the use by children under five years of age..." Health & Safety Code § 104495(a)(2). The smoking of electronic cigarettes is not regulated by this Health and Safety Code section and the City is not expressly preempted from regulating the smoking of electronic cigarettes within 25 feet of a playground or tot lot in the City; and

T. Health and Safety Code Section 1596.795 prohibits smoking on the premises of a licensed day care center, and in a licensed family day care home during the hours of operation as a family day care home, and in those areas of the family day care home where children are present. This section also provides "[n]othing in this section shall prohibit a city or county from enacting or enforcing an ordinance relating to smoking in a family day care home if the ordinance is more stringent than this section." Health & Safety Code § 1596.795(a). The smoking of electronic cigarettes is not regulated by this section and the City may adopt a more stringent ordinance that expressly prohibits the use of electronic cigarettes on the premises of a licensed day care center and in a licensed family day care home in the City; and

U. Health and Safety Code Sections 118925 through 118945 prohibit the smoking of tobacco or any other plant product on any public transit system or in any vehicle of an entity receiving transit assistance from the State. A public transit system is defined as "any system of an operator which provides transportation services to the general public by any vehicle which operates on land or water, regardless of whether operated separated from or in conjunction with other vehicles." Public Utilities Code § 99211. The City operates a public transit system and receives transit assistance from the State. Pursuant to Health and Safety Code Section 118940, the City may adopt a more restrictive ordinance to the benefit of the nonsmoker. The smoking of electronic cigarettes is not regulated by this Health and Safety Code section and the City is not expressly preempted from regulating the smoking of electronic cigarettes on the City's public transit system or in any City vehicle.

**Section 2.** The City Council hereby amends Sections 4-2-2101 ("Purpose") through 4-2-2111 ("Suspension or Revocation of Tobacco Retailer Permit") of Article 21 ("Tobacco Retailer Permitting Regulations") of Chapter 2 ("Regulatory Business Permits") of Title 4 ("Regulation of Certain Types of Businesses and Activities") of the Beverly Hills Municipal Code to read as follows:

**4-2-2102: Purpose:**

In enacting this article, it is the intent of the City Council to encourage responsible tobacco and electronic cigarette retailing and to discourage violations of tobacco and electronic cigarette related laws, especially those that discourage the sale or distribution of tobacco and nicotine products to minors. There is no intent, however, to expand or reduce the degree to which the acts regulated by federal or state law are criminally proscribed or to alter the penalties provided therein.

**4-2-2102: Definitions:**

For purposes of this article, the following words and terms shall be defined as follows:

**ELECTRONIC CIGARETTE:** an electronic and/or battery-operated device, the use of which may resemble smoking, which can be used to deliver an inhaled dose of nicotine or other substances. The term includes any such device, whether manufactured, distributed, marketed, or sold as an electronic cigarette, an e-cigarette, an electronic cigar, an electronic cigarillo, an electronic pipe, an electronic hookah, or any other product name or descriptor. The term does not include any inhaler prescribed by a licensed doctor.

**PERMITTEE:** Any proprietor holding a permit issued by the City pursuant to this article.

**PERSON:** Any individual, partnership, copartnership, firm, association, joint stock company, corporation, or combination of the above in whatever form or character.

**PROPRIETOR:** A person with an ownership or managerial interest in a business. An ownership interest shall be deemed to exist when a person has a ten percent (10%) or greater interest in the stock assets, or income of a business other than the sole interest of security for debt. A managerial interest shall be deemed to exist when a person can or does have, or can or does share ultimate control over the day to day operations of a business.

**TOBACCO AND ELECTRONIC CIGARETTE PARAPHERNALIA:** Includes cigarette papers or wrappers, pipes, electronic cigarettes and their component parts, holders of smoking materials of all types, cigarette rolling machines, and any other item designed for the smoking or ingestion of tobacco or products prepared from tobacco.

**TOBACCO PRODUCT:** Any manufactured substance made from the tobacco plant, including, but not limited to, cigarettes, cigars, pipe tobacco, snuff, chewing tobacco and smokeless tobacco, or products prepared from tobacco and designed for smoking or ingestion.

**TOBACCO AND ELECTRONIC CIGARETTE RETAILER:** Any person or business that operates a store, stand, booth, concession or other place at which the person or business sells, offers for sale, or exchanges or offers to exchange for any form of consideration, tobacco, tobacco products, or tobacco and electronic cigarette paraphernalia.

**TOBACCO AND ELECTRONIC CIGARETTE RETAILER PERMIT:** A permit issued by the City authorizing a proprietor to engage in tobacco and electronic cigarette retailing.

**TOBACCO AND ELECTRONIC CIGARETTE RETAILING:** The selling, offering for sale or exchanging or offering to exchange for any form of consideration tobacco, tobacco products, or tobacco or electronic cigarette paraphernalia products.

**4-2-2103: Tobacco and Electronic Cigarette Retailer Permit Required:**

A. It shall be unlawful for any person to act as a tobacco and electronic cigarette retailer without first obtaining and maintaining a valid tobacco and electronic cigarette retailer permit pursuant to this article for each location at which that activity is to occur.

B. Notwithstanding the provisions of Chapter 1, Article 1 of this title ("general provisions"), the issuance, suspension, and revocation of a tobacco and electronic cigarette retailer permit, and all related procedures, shall be governed solely by this article.

C. Failure to obtain a tobacco and electronic cigarette retailer permit prior to commencing the

sale of tobacco products, or tobacco or electronic cigarette paraphernalia, shall constitute a separate violation of this section for each day such business is carried on without a permit.

**4-2-2104: Application Process:**

A. An application for a tobacco and electronic cigarette retailer permit shall be submitted in the name of each proprietor proposing to conduct tobacco and electronic cigarette retailing and shall be signed by each proprietor or an authorized agent thereof. An application is required for each location where retail tobacco or electronic cigarettes or tobacco and electronic cigarette paraphernalia sales are to occur.

B. All applications shall be submitted to the administrative services department, finance division, on a form supplied by the City and shall contain the following information:

1. The name, address, and telephone number of each proprietor;

2. The business name, address, and telephone number of the fixed location for which a tobacco and electronic cigarette retailer permit is sought;

3. The name and mailing address authorized by each applicant to receive all permit related communications and notices (the "authorized address"). Failure to supply an authorized address shall be understood to consent to the provision of notice at the business address specified in subsection B2 of this section;

4. Whether any applicant has previously been issued a permit pursuant to this article that is or was at any time suspended or revoked and, if so, the dates of the suspension period or the date of revocation;

5. Proof that the location for which a tobacco and electronic cigarette retailer permit is sought has been issued a valid state tobacco and/or electronic cigarette retailer permit, as applicable, by the California Board of Equalization; if such permits are not issued by the California Board of Equalization for electronic cigarette retailers, this proof of permit shall not be required for electronic cigarette sales.

6. Such other information as the City deems necessary for the administration or enforcement of this article.

C. All information required to be submitted in order to apply for a tobacco and electronic cigarette retailer permit shall be updated whenever the information changes. A tobacco and electronic cigarette retailer shall provide the City in writing with any updates within ten (10) business days of a change.

**4-2-2105: Permit Fees:**

The annual fee for a tobacco and electronic cigarette retailer permit shall be established by resolution of the City Council. A tobacco and electronic cigarette retailer permit is invalid if the appropriate fee has not been timely paid in full.

**4-2-2106: Issuance and Renewal of Permit:**

A. Upon receipt of both the application for a tobacco and electronic cigarette retailer permit and the permit fee, the director of administrative services or his or her designee, shall issue a tobacco and electronic cigarette retailer permit unless:

1. The application is incomplete or the information presented in the application is inaccurate or false;

2. The application seeks authorization for tobacco and electronic cigarette retailing by a proprietor who has a suspended or revoked tobacco and electronic cigarette retailer permit;

3. The application seeks authorization for tobacco and electronic cigarette retailing that is prohibited pursuant to this article, or that is unlawful pursuant to any other local, state or federal law;

4. The proprietor has not obtained a valid state tobacco and/or electronic cigarette retailer permit, as applicable, from the California Board of Equalization: if such permits are not issued by the California Board of Equalization for electronic cigarette retailers, then failure to obtain a permit from the California Board of Equalization shall not be grounds for denial of an application to sell electronic cigarettes pursuant to a tobacco and electronic cigarette permit from the City.

5. The City has information that the applicant or his or her agents or employee(s) has violated any local, state or federal tobacco or electronic cigarette control law at the location for which the permit or renewal of the permit is sought within the preceding thirty (30) day period.

B. A tobacco and electronic cigarette retailer permit shall be valid for one year and must be renewed not later than thirty (30) days prior to the expiration of the permit, but no earlier than sixty (60) days prior to the expiration of the permit. Unless revoked on an earlier date, all permits shall expire one year after the date of issuance.

C. A tobacco and electronic cigarette retailer permit that is not timely renewed shall expire at the end of its term. To reinstate a permit that has expired, or to renew a permit not timely renewed, the proprietor must:

1. Submit the permit fee plus a reinstatement fee and the application renewal form; and

2. Submit a signed affidavit affirming that the proprietor has not sold and will not sell any tobacco product or tobacco and electronic cigarette paraphernalia after the permit expiration date and before the permit is renewed.

D. Where the permit is not approved or renewed, the director of administrative services shall notify the applicant of the specific grounds for the denial in writing. The notice of denial shall be served personally or by mail not later than five (5) calendar days after the date of the denial. If by mail, the notice shall be placed in a sealed envelope, with postage paid, addressed to the applicant at the address as it appears on the application. The giving of notice shall be deemed complete at the time of deposit of the notice in the United States mail without extension of time for any reason. In lieu of mailing, the notice may be served personally by delivering to the person to be served and service shall be deemed complete at the time of such delivery. Personal service to a corporation may be made by delivery of the notice to any person designated pursuant to the Code of Civil Procedure to be served for the corporation with summons and complaint in a civil action.

**4-2-2107: Permits Nontransferable:**

A tobacco and electronic cigarette retailer permit is nontransferable and is valid only for the person(s) and location specified in the permit application. If a permittee changes business location, that permittee must obtain a new permit prior to acting as a tobacco and electronic cigarette retailer at the new location. If a business permitted to conduct tobacco and electronic cigarette retailing is sold, the new owner must obtain a permit for that location before acting as a tobacco and electronic cigarette retailer.

**4-2-2108: Permit Conveys A Limited, Conditional Privilege:**

Nothing in this article shall be construed to grant any person obtaining and maintaining a tobacco and electronic cigarette retailer permit any status or right other than the limited conditional privilege to act as a tobacco and electronic cigarette retailer at the location identified on the face of the permit. A tobacco and electronic cigarette retailer permit does not make the retailer a "retail or wholesale tobacco shop" for the purposes of California Labor Code Section 6404.5.

**4-2-2109: Requirements for Operation:**

A. It is the responsibility of each tobacco and electronic cigarette retailer to be informed of the laws affecting the issuance of a tobacco and electronic cigarette retailer's permit.

B. The sale of tobacco products and tobacco and electronic cigarette paraphernalia from other than a fixed location, including, but not limited to, tobacco and electronic cigarette retailing by persons on foot or from vehicles is prohibited and no permit shall be issued under this article for any such activity.

C. The display of an advertisement relating to tobacco products or tobacco and electronic cigarette paraphernalia that promotes the same or distribution of such products from the tobacco and electronic cigarette retailer's location or that could lead a reasonable consumer to believe that such product can be obtained at that location without first obtaining and maintaining a valid tobacco and

electronic cigarette retailer permit pursuant to this article, is prohibited.

D. The tobacco and electronic cigarette retailer shall prominently display the tobacco and electronic cigarette retailer permit in a publicly and readily visible location at the permitted location.

E. No person engaging in tobacco and electronic cigarette retailing shall sell or transfer a tobacco product or tobacco and electronic cigarette paraphernalia to another person who appears to be under the age of thirty (30) years without first examining the identification of the recipient to confirm that the recipient is at least the minimum age under state law to purchase and/or possess the tobacco products or electronic cigarettes.

F. No person who is younger than the minimum age established by state law for the purchase or possession of any tobacco product or electronic cigarette shall engage in tobacco and electronic cigarette retailing.

G. It shall be a violation of the tobacco and electronic cigarette retailer permit for a permittee or his or her agent or employee to violate any local, state, or federal tobacco or electronic cigarette related law.

#### **4-2-2110: Compliance Monitoring:**

The City shall not enforce any law establishing a minimum age for tobacco product and electronic cigarette purchases or possession against a person who otherwise might be in violation of such law because of the age of a purchaser of tobacco or tobacco and electronic cigarette paraphernalia (hereinafter "youth decoy") if the potential violation occurs when: a) the youth decoy is participating in a compliance check supervised by a peace officer or a code enforcement official of the City; or b) the youth decoy is participating in a compliance check funded in part, either directly or indirectly through subcontracting, by the Los Angeles County Health Department or the California Department of Health Services.

#### **4-2-2111: Suspension or Revocation of Tobacco and Electronic Cigarette Retailer Permit:**

A. In addition to any other remedy authorized by law, the following penalties shall be imposed if the City finds that the permittee or his or her agents or employees has or have violated any of the provisions of this article:

1. Upon a finding by the City of a first violation within any five (5) year period, the permittee shall pay a civil penalty to the City in the amount of two hundred fifty dollars (\$250.00).

2. Upon a finding by the City of a second violation within any five (5) year period, the tobacco and electronic cigarette retailer permit shall be suspended for ninety (90) days and the permittee shall pay a civil penalty to the City in the amount of seven hundred fifty dollars (\$750.00).

3. Upon a finding by the City of a third violation within any five (5) year period, the tobacco and electronic cigarette retailer permit shall be revoked and the permittee shall pay a civil penalty to the City in the amount of one thousand dollars (\$1,000.00).

B. A tobacco or electronic cigarette retailer permit shall be revoked if the City finds that either one or both of the following conditions exist:

1. One or more of the bases for denial of a permit under Section 4-2-2106 of this chapter existed at the time the application was made or at any time before the permit was issued.

2. The information contained in the permit application, including supplemental information, if any, is found to be false in any material respect.

C. In the event the City suspends or revokes a permit, written notice of the suspension or revocation shall be served upon the permittee within five (5) days of the suspension or revocation in the manner prescribed in Section 4-2-2106 of this chapter. The notice shall contain:

1. A brief statement of the specific grounds for such suspension or revocation;

2. A statement that the permittee may appeal the suspension or revocation by submitting an appeal, in writing, in accordance with the provisions of Section 4-2-2112 of this chapter, to the City Clerk, within ten (10) calendar days of the date of service of the notice; and

3. A statement that the failure to appeal the notice of suspension or revocation will constitute a waiver of all rights to an administrative appeal hearing, and the suspension or revocation will be final.

D. A permittee for whom a permit suspension is in effect must remove all tobacco products, tobacco and electronic cigarette paraphernalia and tobacco and electronic cigarette related advertising from public view at the address that appears on the suspended permit."

Section 3. The City Council hereby amends Section 5-4-1 ("Definitions") of Chapter 4 ("Smoking Regulations") of Title 5 ("Public Health, Welfare, and Sanitation") of the Beverly Hills Municipal Code to read as follows:

#### **"5-4-1: Definitions:**

**ELECTRONIC CIGARETTE:** an electronic and/or battery-operated device, the use of which may resemble smoking, which can be used to deliver an inhaled dose of nicotine or other substances. The term includes any such device, whether manufactured, distributed, marketed, or sold as an electronic cigarette, an e-cigarette, an electronic cigar, an electronic cigarillo, an electronic pipe, an electronic hookah, or any other product name or descriptor. The term does not include any inhaler prescribed by a licensed doctor.

**ENCLOSED:** Closed in by a roof and walls with appropriate openings for ingress and egress.

**HOTEL:** Shall have the same definition as that set forth in Title 10, Chapter 3 of this code.

**NONENCLOSED:** A predominantly outdoor area that does not meet the definition of "enclosed," including, but not limited to, open air dining areas.

**OPEN AIR DINING AREA:** Any nonenclosed area located on private or public property made available to or customarily used by the general public that is designed, established or regularly used for consuming food and/or beverages or where food and/or beverages are served whether or not for compensation. This includes, but is not limited to, restaurants, hotels, bar standing and seating areas, patios, and coffee shops. An open air dining area does not include open air dining areas that are immediately adjacent to and accessory to a private smokers' lounge, as that term is defined in Labor Code Section 6404.5 or its successor statute.

**SMOKE, SMOKING, VAPE or VAPING:** The carrying, holding, or operating of a lighted pipe, cigar, cigarette, electronic cigarette, or other kind of smoking equipment. Smoke also means the lighting, operating, emitting, or exhaling of the smoke or vapor of a pipe, cigar, cigarette, electronic cigarette or other kind of smoking equipment. Smoke also means the gaseous or vaporous products and particles created by the use of a lighted or operated pipe, cigar, cigarette, electronic cigarette or other kind of smoking equipment."

Section 4. The City Council hereby amends Section 5-4-5 ("Prohibition of Cigarette Vending Machines") of Chapter 4 ("Smoking Regulations") of Title 5 ("Public Health, Welfare, and Sanitation") of the Beverly Hills Municipal Code to read as follows:

#### **"5-4-5: Prohibition of Cigarette or Electronic Cigarette Vending Machines:**

Unless otherwise prohibited by state or federal law, no person shall install, place, operate, or maintain within the City any cigarette vending machine. "Cigarette vending machine" shall mean any self-service device which, upon insertion of money or tokens, dispenses cigarettes or electronic cigarettes without the necessity of replenishing the device between each vending operation."

Section 5. The City Council hereby rennumbers Section 5-4-6 ("Penalties and Enforcement") of Chapter 4 ("Smoking Regulations") of Title 5 ("Public Health, Welfare, and Sanitation") of the Beverly Hills Municipal Code to be Section 5-4-12 and amends it to read as follows:

#### **"5-4-12: Penalties and Enforcement:**

A. It is unlawful for any person who owns, manages, operates or otherwise controls the use of any premises subject to the regulation under this chapter to fail to comply with its provisions.

B. It is unlawful for any person to smoke in any area restricted by the provisions of this chapter.

C. Any person who violates any provision of this chapter shall be guilty of a misdemeanor or may be prosecuted as an infraction in the discretion of the city prosecutor.

D. The city prosecutor, any peace officer and any city code enforcement officer shall have the authority to enforce the provisions of this chapter.

E. Punishment under this chapter shall not preclude punishment pursuant to any provision of law pertaining to smoking or littering. Nothing in this chapter precludes any person from seeking any other remedies, penalties or procedures provided by law. The remedies provided in this section are cumulative and in addition to any other remedies available at law or in equity."

Section 6 The City Council hereby adds new Section 5-4-6 ("Prohibition of Smoking Electronic Cigarettes in and around Public Buildings") of Chapter 4 ("Smoking Regulations") of Title 5 ("Public Health, Welfare, and Sanitation") of the Beverly Hills Municipal Code to read as follows:

#### **"5-4-6: Prohibition of Smoking Electronic Cigarettes in and around Public Buildings:**

Smoking electronic cigarettes is prohibited in and around City public buildings in the City where smoking of tobacco products is prohibited by California Government Code Section 7597 or any successor statute thereto."

Section 7. The City Council hereby adds new Section 5-4-7 ("Prohibition of Smoking Electronic Cigarettes in Enclosed Places of Employment") of Chapter 4 ("Smoking Regulations") of Title 5 ("Public Health, Welfare, and Sanitation") of the Beverly Hills Municipal Code to read as follows:

#### **"5-4-7: Prohibition of Smoking Electronic Cigarettes in Enclosed Places of Employment:**

Smoking electronic cigarettes is prohibited in all enclosed places of employment where smoking of tobacco products is prohibited by California Labor Code Section 6404.5 or any successor statute thereto."

Section 8. The City Council hereby adds new Section 5-4-8 ("Landlord May Prohibit Smoking Electronic Cigarettes") of Chapter 4 ("Smoking Regulations") of Title 5 ("Public Health, Welfare, and Sanitation") of the Beverly Hills Municipal Code to read as follows:

#### **"5-4-8: Landlord May Prohibit Smoking Electronic Cigarettes:**

A landlord may prohibit the smoking of electronic cigarettes in the same manner as the smoking of tobacco products as provided by California Civil Code Section 1947.5 or any successor statute thereto."

Section 9. The City Council hereby adds new Section 5-4-9 ("Prohibition of Smoking Electronic Cigarettes in and around Playgrounds and Tot Lots") of Chapter 4 ("Smoking Regulations") of Title 5 ("Public Health, Welfare, and Sanitation") of the Beverly Hills Municipal Code to read as follows:

#### **"5-4-9: Prohibition of Smoking Electronic Cigarettes in and around Playgrounds and Tot Lots:**

Smoking electronic cigarettes is prohibited in and around playgrounds and tot lots where smoking of tobacco products is prohibited by California Health and Safety Code Section 104495 or any successor statute thereto."

Section 10. The City Council hereby adds new Section 5-4-10 ("Prohibition of Smoking Electronic Cigarettes in Daycare Facilities") of Chapter 4 ("Smoking Regulations") of Title 5 ("Public Health, Welfare, and Sanitation") of the Beverly Hills Municipal Code to read as follows:

#### **"5-4-10: Prohibition of Smoking Electronic Cigarettes in Daycare Facilities:**

Smoking electronic cigarettes is prohibited at all daycare facilities where smoking of tobacco products is prohibited by California Health and Safety Code Sections 1596.795, 1596.890 or any successor statute thereto."

Section 11. The City Council hereby adds new Section 5-4-11 ("Prohibition of Smoking Electronic Cigarettes on City Public Transit System and in City Vehicles") of Chapter 4 ("Smoking Regulations") of Title 5 ("Public Health, Welfare, and Sanitation") of the Beverly Hills Municipal Code to read as follows:

"5-4-11: Prohibition of Smoking Electronic Cigarettes on City Public Transit System and in City Vehicles: Smoking electronic cigarettes is prohibited on the City's public transit system and in City vehicles where smoking of tobacco or any other plant product is prohibited by California Health and Safety Code Sections 118925 through 118945 or any successor statute thereto."

Section 12. Any person with an existing tobacco retailer permit shall be allowed to sell electronic cigarettes. No new permit is required. If the tobacco retailer permit is renewed, at that time a tobacco and electronic cigarette retailer permit shall be required.

Section 13. CEQA. The City Council hereby finds that it can be seen with certainty that there is no possibility the adoption of this Ordinance will have a significant effect on the environment because the Ordinance only includes electronic cigarettes within existing City tobacco retailer permitting and smoking regulations, and existing state tobacco use laws. It is therefore exempt from California Environmental Quality Act review pursuant to Title 14, Section 15061(b)(3) of the California Code of Regulations.

Section 14. Severability. If any section, subsection, subdivision, sentence, clause, phrase, or portion of this Ordinance or the application thereof to any person or place, is for any reason held to be invalid or unconstitutional by the final decision of any court of competent jurisdiction, the remainder of this Ordinance shall remain in full force and effect.

Section 15. Publication. The City Clerk shall cause this Ordinance to be published at least once in a newspaper of general circulation published and circulated in the City within fifteen (15) days after its passage in accordance with Section 36933 of the Government Code, shall certify to the adoption of this Ordinance and shall cause this Ordinance and the City Clerk's certification, together with proof of publication, to be entered in the Book of Ordinances of the Council of this City.

Section 16. Effective Date. This ordinance shall go into effect and be in full force and effect at 12:01 a.m. on June 1, 2014.

#### Q: What are electronic cigarettes?

**A:** Electronic cigarettes are products designed to deliver nicotine or other substances to a user in the form of a vapor. Typically, they are composed of a rechargeable, battery-operated heating element, a replaceable cartridge that may contain nicotine or other chemicals, and an atomizer that, when heated, converts the contents of the cartridge into a vapor. This vapor can then be inhaled by the user. These products are often made to look like such products as cigarettes, cigars, and pipes. They are also sometimes made to look like everyday items such as pens and USB memory sticks, for people who wish to use the product without others noticing.

#### Q: What concerns does FDA have regarding electronic cigarettes?

**A:** FDA has not evaluated any e-cigarettes for safety or effectiveness. When FDA conducted limited laboratory studies of certain samples, FDA found significant quality issues that indicate that quality control processes used to manufacture these products are substandard or non-existent. FDA found that cartridges labeled as containing no nicotine contained nicotine and that three different electronic cigarette cartridges with the same label emitted a markedly different amount of nicotine with each puff. Experts have also raised concerns that the marketing of products such as e-cigarettes can increase nicotine addiction among young people and may lead kids to try other tobacco products. Visit FDA's Electronic Cigarettes webpage<sup>3</sup> for additional information.

#### Q: What action did FDA take today on electronic cigarettes?

**A:** FDA issued warning letters to five distributors of electronic cigarettes for violations of the Federal Food, Drug, and Cosmetic Act (FDCA). These violations included unsubstantiated claims and poor manufacturing practices.

#### Q: Would it be possible for an electronic cigarette to receive FDA approval?

**A:** Yes. FDA issued a letter to the Electronic Cigarette Association inviting electronic cigarette firms to work in cooperation with the agency toward the goal of assuring that electronic cigarettes sold in the United States are lawfully marketed. The agency intends to regulate electronic cigarettes and related products in a manner consistent with its mission of protecting the public health.

#### Q: What products should people who want to quit smoking use?

**A:** There are a number of FDA-approved smoking cessation aids, including nicotine gum, nicotine skin patches, nicotine lozenges, nicotine oral inhaled products, and nicotine nasal spray that are available for smokers to use to reduce their dependence on nicotine. Free help is available to all smokers who want to quit at 1-800-QUIT-NOW or by visiting [www.smokefree.gov](http://www.smokefree.gov)<sup>4</sup>.

#### FDA and Public Health Experts Warn About Electronic Cigarettes

The U.S. Food and Drug Administration today announced that a laboratory analysis of electronic cigarette samples has found that they contain carcinogens and toxic chemicals such as diethylene glycol, an ingredient used in antifreeze.

Electronic cigarettes, also called "e-cigarettes," are battery-operated devices that generally contain cartridges filled with nicotine, flavor and other chemicals. The electronic cigarette turns nicotine, which is highly addictive, and other chemicals into a vapor that is inhaled by the user.

These products are marketed and sold to young people and are readily available online and in shopping malls. In addition, these products do not contain any health warnings comparable to FDA-approved nicotine replacement products or conventional cigarettes. They are also available in different flavors, such as chocolate and mint, which may appeal to young people.

Public health experts expressed concern that electronic cigarettes could increase nicotine addiction and tobacco use in young people. Jonathan Winickoff, M.D., chair of the American Academy of Pediatrics Tobacco Consortium and Jonathan Samet, M.D., director of the Institute for Global Health at the University of Southern California, joined Joshua Sharfstein, M.D., principal deputy commissioner of the FDA, and Matthew McKenna, M.D., director of the Office of Smoking and Health for the Centers for Disease Control and Prevention, to discuss the potential risks associated with the use of electronic cigarettes.

"The FDA is concerned about the safety of these products and how they are marketed to the public," said Margaret A. Hamburg, M.D., commissioner of food and drugs.

Because these products have not been submitted to the FDA for evaluation or approval, at this time the agency has no way of knowing, except for the limited testing it has performed, the levels of nicotine or the amounts or kinds of other chemicals that the various brands of these products deliver to the user.

The FDA's Division of Pharmaceutical Analysis analyzed the ingredients in a small sample of cartridges from two leading brands of electronic cigarettes. In one sample, the FDA's analyses detected diethylene glycol, a chemical used in antifreeze that is toxic to humans, and in several other samples, the FDA analyses detected carcinogens, including nitrosamines. These tests indicate that these products contained detectable levels of known carcinogens and toxic chemicals to which users could potentially be exposed.

The FDA has been examining and detaining shipments of e-cigarettes at the border and the products it has examined thus far meet the definition of a combination drug-device product under the Federal Food, Drug, and Cosmetic Act. The FDA has been challenged regarding its jurisdiction over certain e-cigarettes in a case currently pending in federal district court. The agency is also planning additional activities to address its concerns about these products.

Health care professionals and consumers may report serious adverse events (side effects) or product quality problems with the use of e-cigarettes to the FDA's MedWatch Adverse Event Reporting program either online, by regular mail, fax or phone.

# FDA Warns of Health Risks Posed by E-Cigarettes

The Food and Drug Administration (FDA) has joined other health experts to warn consumers about potential health risks associated with electronic cigarettes.

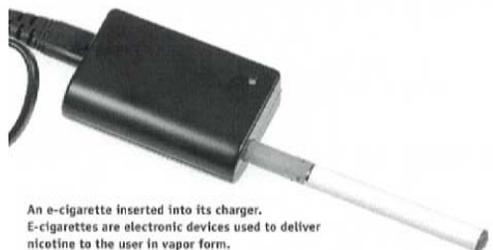

Also known as "e-cigarettes," electronic cigarettes are battery-operated devices designed to look like and to be used in the same manner as conventional cigarettes.

Sold online and in many shopping malls, the devices generally contain cartridges filled with nicotine, flavor, and other chemicals. They turn nicotine, which is highly addictive, and other chemicals into a vapor that is inhaled by the user.

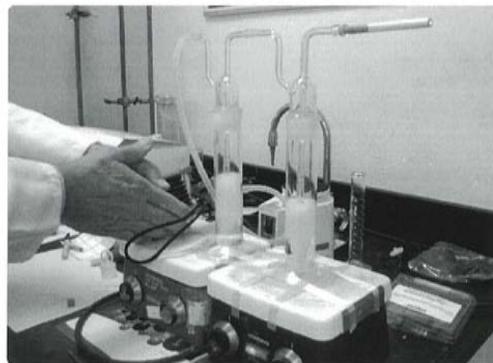

"The FDA is concerned about the safety of these products and how they are marketed to the public," says Margaret A. Hamburg, M.D., commissioner of food and drugs.

The agency is concerned that

- e-cigarettes can increase nicotine addiction among young people and may lead kids to try other tobacco products, including conventional cigarettes, which are known to cause disease and lead to premature death
- the products may contain ingredients that are known to be toxic to humans
- because clinical studies about the safety and efficacy of these products for their intended use have not been

JULY 2009

submitted to FDA, consumers currently have no way of knowing whether e-cigarettes are safe for their intended use about what types or concentrations of potentially harmful chemicals, or what dose of nicotine they are inhaling when they use these products

The potential health risks posed by the use of e-cigarettes were addressed in a July 22, 2009, phone conference between Joshua M. Sharfstein, M.D., principal deputy commissioner of food and drugs; Jonathan Winickoff, M.D., chair of the American Academy of Pediatrics Tobacco Consortium; Jonathan Samet, M.D., director of the University of Southern California's Institute for Global Health; and Matthew T. McKenna, M.D., director of the Office on Smoking and Health at the national Centers for Disease Control and Prevention.

Conference participants stressed the importance of parents being aware of the health and marketing concerns associated with e-cigarettes. It was stated that parents may want to tell their children and teenagers that these products are not safe to use.

Of particular concern to parents is that e-cigarettes are sold without any legal age restrictions, and are available in different flavors (such as chocolate, strawberry and mint) which may appeal to young people.

In addition, the devices do not contain any health warnings comparable to FDA-approved nicotine replacement products or conventional cigarettes.

During the phone conference, which was shared with the news media, FDA announced findings from a laboratory analysis that indicates that electronic cigarettes expose users to harmful chemical ingredients.

FDA's Division of Pharmaceutical Analysis—part of the agency's Center for Drug Evaluation and Research—analyzed the ingredients in a small sample of cartridges from two leading brands of e-cigarette samples.

An FDA chemist uses a device set to the same temperature as an activated e-cigarette. This helps determine what might be inhaled by users of these products.

One sample was found to contain diethylene glycol, a toxic chemical used in antifreeze. Several other samples were found to contain carcinogens, including nitrosamines.

#### Agency Actions

FDA has been examining and detaining shipments of e-cigarettes at the border and has found that the products it has examined thus far meet the definition of a combination drug device product under the Federal Food, Drug, and Cosmetic Act.

The agency has been challenged regarding its jurisdiction over certain e-cigarettes in a case currently pending in federal district court.

FDA is planning additional activities to address its concerns about electronic cigarettes.

Meanwhile, health care professionals and consumers may report seri-

ous adverse events or product quality problems with the use of e-cigarettes to FDA through the MedWatch program, either online at [www.fda.gov/Safety/MedWatch/default.htm](http://www.fda.gov/Safety/MedWatch/default.htm) or by phone at 1-800-FDA-1088. [F026](#)

JULY 2009

Adopted by the 63<sup>rd</sup> WMA General Assembly, Bangkok, Thailand, October 2012

## INTRODUCTION

Electronic cigarettes (e-cigarettes) are products designed to deliver nicotine to a user in the form of a vapor. They are usually composed of a rechargeable battery-operated heating element, a replaceable cartridge that contains nicotine and/or other chemicals, and an atomizer that, when heated, turns the contents of the cartridge into a vapor (not smoke). This vapor is then inhaled by the user. These products are often made to look like other tobacco-derived products like cigarettes, cigars, and pipes. They can also be made to look like everyday items such as pens and USB memory sticks.

No standard definition of e-cigarettes exists and different manufacturers use different designs and different ingredients. Quality control processes used to manufacture these products are substandard or non-existent. Few studies have been done to analyze the level of nicotine delivered to the user and the composition of the vapor produced.

Manufacturers and marketers of e-cigarettes often claim that use of their products is a safe alternative to smoking, particularly since they do not produce carcinogenic smoke. However, no studies have been conducted to determine that the vapor is not carcinogenic, and there are other potential risks associated with these devices: Appeal to children, especially when flavors like strawberry or chocolate are added to the cartridges. E-cigarettes can increase nicotine addiction among young people and their use may lead to experimenting with other tobacco products.

Manufacturers and distributors mislead people into believing these devices are acceptable alternatives to scientifically proven cessation techniques, thus delaying actual smoking cessation. E-cigarettes are not comparable to scientifically-proven methods of smoking cessation. Their dosage, manufacture, and ingredients are not

1/3

consistent or clearly labelled. Brand stretching by using known cigarette logos is to be deplored.

Unknown amounts of nicotine are delivered to the user, and the level of absorption is unclear, leading to potentially toxic levels of nicotine in the system. These products may also contain other ingredients toxic to humans.

High potential of toxic exposure to nicotine by children, either by ingestion or dermal absorption, because the nicotine cartridges and refill liquid are readily available over the Internet and are not sold in child resistant packaging.

Due to the lack of rigorous chemical and animal studies, as well as clinical trials on commercially available e-cigarettes, neither their value as therapeutic aids for smoking cessation nor their safety as cigarette replacements is established. Lack of product testing does not permit the conclusion that e-cigarettes do not produce any harmful products even if they produce fewer dangerous substances than conventional cigarettes.

Clinical testing, large population studies and full analyses of e-cigarette ingredients and manufacturing processes need to be conducted before their safety, viability and impacts can be determined as either clinical tools or as widely available effective alternatives to tobacco use.

## RECOMMENDATIONS

That the manufacture and sale of e-cigarettes and other electronic nicotine delivery systems be subject to national regulatory bodies prior approval based on testing and research as either a new form of tobacco product or as a drug delivery device.

That the marketing of e-cigarettes and other electronic nicotine delivery systems as a valid method for smoking cessation must be based on evidence and must be approved by appropriate regulatory bodies based on safety and efficacy data.

That e-cigarettes and other electronic nicotine delivery systems be included in smoke free laws.

Physicians should inform their patients of the risks of using e-cigarettes even if regulatory authorities have not taken a position on the efficacy and safety of these products.
