Four Spanish revival structures for historical landmarking

Academy Library on La Cienega

The Cultural Heritage Commission voted unanimously on April 9 on four Spanish revival structures to be nominated for historical landmark designation.

"It's very important that we be looking at all types of buildings in all parts of the City," Chair Richard Waldow said. "This preservation ordinance isn't directed only toward grand estates or huge mansions, but there are all kinds of buldings in all parts of the City that deserve recognition and they're important to the cultural fabric and our [City's] history."

The Spanish Romanesque styled former Water Treatment Plant is not only eligible for inclusion in the City's historical landmarks, but also for the National Registrar.

The plant was a key factor in Beverly Hills' independence. In 1923, a water crisis almost led to the City's annexation into Los Angeles. Though a vote prevented the annexation, Beverly Hills needed to purify its water sources. The Water Treatment Plant finished construction in 1928 on a budget of \$145,000, and maintained the City's independence by having a local water supply.

After the 1971 Sylmar earthquake, the plant was significantly damanged, and was decommissioned in 1976 due to the high cost of repair. Though the site was planned for demolition, public activism worked to save the building. The Motion Picture Arts and Sciences offered to repurpose the building, and re-opened in 1991.

A Spanish Revival styled residence at 707 Walden Drive was designed by Master Architect Rene Riverre.

"We really want to see it preserved in the state that it was in originally and that nobody can come tear it down," owners William and Joy Fay said.

The Fays previously restored another Spanish revival house at 706 Walden. The previous owners at 707 Walden wanted to preserve the house, and sold the property to the Fays after seeing the care they took upon a house of similar style.

films, was a former prominent homeowner of the residence, who appeared in the first all color, all talking musical comedy, "On with the Show," in 1929, while he was a resident of the house.

The Helms Estate at 135 Copley Place is another Spanish revival residence designed by Master Architect Gordon Kaufmann. A prominent landscape architect, A.E. Hanson, did the original landscaping. In the 1980s, a large portion of the landscape was removed, but was then redone by Edward Huntsman-Trout, another prominent landscaper.

The property was owned by baking industry executive Paul H. Helms. The residence began construction in the late 1920s and Helms occupied the residence in the early 1930s. Helms Bakery was prominent in the 1930s and the 1960s, and maintained operations through the Depression era.

The Beverly Gardens is an example of a multi-use Spanish colonial revival complex and features a courtyard. The 16-unit apartment structure is "U" shaped and has two- and three-story buildings. The apartments were constructed in 1930 and cost approximately \$50,000. The courtyard housing design was prominent in the 1920s.

One property that was taken into consideration for nomination, but was opposed by the owners, is a residence at 805 North Linden Drive originally designed by Master Architect Wallace Neff.

Former Mayor Richard A. Stone owned the house for over 40 years and recently sold it.

"Property owners should have some say," former Mayor and attorney for the property owners Steve Webb said.

NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that the Council of the City of Beverly Hills, at its meeting to be held on **Tuesday, April 22, 2014, at 7:00 p.m.,** in the Council Chambers of the City Hall, 455 N. Rexford Drive, Beverly Hills, CA 90210, will hold a public hearing to consider:

AN ORDINANCE OF THE CITY OF BEVERLY HILLS AMENDING THE BEVERLY HILLS MUNICIPAL CODE TO REVISE THE REQUIREMENTS FOR PUBLIC NOTICING OF PLANNING APPLICATIONS.

The proposed Ordinance would amend various sections of Chapter 3 of Title 10 of the Beverly Hills Municipal Code regarding public notice requirements for planning applications. These amendments would add a new Article 2.5 to Chapter 3 of Title 10 of the Beverly Hills Municipal Code assembling all public notice requirements for planning applications in one municipal code section. The Ordinance would clarify, standardize and expand public notice requirements for most planning applications.

A resolution recommending City Council adoption of the Ordinance was previously reviewed by the Planning Commission on October 10, 2013. The Planning Commission unanimously approved the resolution.

This Ordinance has been assessed in accordance with the authority and criteria contained in the California Environmental Quality Act (CEQA), the State CEQA Guidelines, and the environmental regulations of the City. The City has determined that the adoption and implementation of the Ordinance will not have a significant environmental impact. The City Council will consider the recommendation to find the Ordinance exempt from the environmental review requirements of CEQA pursuant to Section 15061(b)(3) of Title 14 of the California Code of Regulations.

At the public hearing, the City Council will hear and consider all comments. All interested persons are invited to attend and speak on this matter. Written comments may also be submitted and should be addressed to the City Council, c/o City Clerk, 455 N. Rexford Drive, Beverly Hills, CA 90210. The comments should be received prior to the hearing date.

Please note that if you challenge the Council's action in regards to this matter in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence delivered to the City, either at or prior to the public hearing.

If there are any questions regarding this notice, please contact **Timothea Tway**, **Associate Planner** in the Beverly Hills Community Development Department at **310.285.1122**, or by email at **ttway@beverlyhills.org**. The case file, including the ordinance and associated documents are on file in the Community Development Department and can be reviewed by any interested person at 455 N. Rexford Drive, Beverly Hills, California 90210.

BYRON POPE, CMC City Clerk "Absent [of] unusual circumstances [or] something of truly high degree of architectural significance, this City should not force landmark status on a resident who does not want it."

A separate report was requested by the owners show significant changes made to the interior and exterior that would disqualify the property to be included in the local registrar. The report claimed that the property is not a notable work for Wallace Neff in comparison to other properties in the same time period.

Although Howard Hughes did crash his plane into the house in 1949, the event does not signify as an important factor to his career, and does not qualify under a significant historical event according to the report.

The Commission directed staff to conduct another report addressing the points the owners addressed to fully consider the historic potential the Caldwell residence has.

1922 in Philadelphia. She met her husband, Sam Goldman, during high school when she was 15 and he was 17. They married on Dec. 6, 1942 when Sooky was 20 and Sam was 22. In 1953, they moved to Beverly Hills where they raised their children David Goldman, Kaye Goldman Clark, and Joel Goldman.

"She never wanted any personal recognition, but she was absolutely incredible in her ability to create organizations that were really important for our community," former BHUSD Board of Education member and daughter-in-law Myra Lurie said.

Sooky was deeply involved in the community, which is evident from her educational to political endeavors. She was involved in Beverly Vista's PTA and in Girl Scouts. In city service, she served as a Solicitations Advisory Committee commissioner, and chaired the Beverly Hills Bicentennial Committee and the City's 75th Anniversary Diamond Jubilee. She founded several organizations such as People Assisting the Homeless (PATH) and the Beverly Hills Theatre Guild, and was The Maple Counseling Center's cofounder. Sooky was behind the annual Black and White and Backdraft Balls benefitting the City's Police and Fire Departments, and worked with the Friends of the Beverly Hills Library, Beverly Hills Teen Center, American Field Service, and Century Institute of Living.

"When Sooky had her name on something, it meant something," Lurie said.

Sooky was integral in preventing Franklin Canyon from becoming housing lots throughout its 650-acres. The Department of Water and Power (DWP) decommissioned Franklin Canyon's upper and lower reservoirs after the 1971 Sylmar earthquake. Since there was no need for the reservoirs and the majority of the canyon was privately owned, DWP was opening the way for development. Sooky and former Representative Howard Berman (D-Van Nuys) boosted efforts to have Franklin Canyon become a park. The National Park Service purchased Franklin Canyon Ranch in 1981 to become part of the Santa Monica Mountains National Recreation Area. The park includes the Sooky Goldman Nature Center, the Sam Goldman Amphitheater, and the Eugene and Michael Rosenfield Auditorium, where over 10,000 Los Angeles Unified School District students visit annually.

"It wasn't just on a local level, but on a national level as well," Lurie said. "She played a really significant role in furthering the campaigns for people who turned out to just be very important in the Democratic Party and city politics, not just [in] Beverly Hills, but also [in] Los Angeles."

Goldman was a delegate to the Democratic Party Convention. Though Goldman never ran for office, she worked on local, state, and national political campaigns, including former Los Angeles Mayor Tom Bradley, who was elected as the first Los Angeles African American mayor, Representative Henry Waxman (D - Los Angeles) and former Representative

Trousdale estate plans approved with 2-1 vote

The Planning Commission approved the construction of a new residence, a guesthouse, and an orchid/greenhouse in the Trousdale Estates area with a 2-1 vote.

Commissioners Alan Block, who served as acting Chair, and Joe Shooshani approved the project with Commissioner Craig Corman dissenting. Chair Brian Rosenstein's father, Arnold Rosenstein, is the applicant and owner of the project, so Rosenstein recused himself from the discussion. Vice Chair Howard Fisher was absent from the meeting.

The property is located on the corner of Robert Lane and Hillcrest Road with an irregular land shape when compared to surrounding residences. Other properties in the Trousdale Estate area are on rectangular plots, while Rosenstein's land is on a pie-shaped lot.

Though the legal entrance to the property would be from Robert Lane, having an entrance from Robert Lane would require "extensive" grading, which is altering the ground level to a flat surface, and demolition of "matured trees" according to former Planning Commissioner and the project's architect Grant Kirkpatrick.

According to the Trousdale Ordinance, which was created in 1987 to prevent inappropriate construction, no excessive grading can be done to the land to accommodate land designs.

The entrance to the property will be from Hillcrest Road due to the topography along Robert Lane. Since the entrance is switched to Hillcrest, the front of the property is flipped from Robert to Hillcrest. The proposed guesthouse and orchid house is perceived to be in "front" of the main residence, and closer to the "front" setbacks.

Block, Corman, and Shooshani approved a permit and variance to allow the guesthouse and orchid house to be constructed in its planned location due to the relocation of the front of the property.

The proposed guesthouse will have full amenities, including a kitchen, bathroom, and living and sleeping quarters. Due to a kitchen addition to the guesthouse, an extra parking space must be provided.

The propose carport design will cause grading and the construction of retaining walls that will cut into the hillside land.

"The rules are the rules," Trousdale Estate Homeowners Association representative Frieda Berlin said. "In Trousdale, we do not cut the slopes. We are very concerned with upholding our ordinance for the benefit of all the other homeowners in Trousdale. There are 530 homes [and] we all abide by it."

Howard Berman (D - Van Nuys).

"She was a very devoted, wonderful family woman and an incredible mom and mother-in-law," Lurie said. "[She] did so much to help not only her kids and her grandkids, but her nieces, her nephews and cousins and so many family members [who] were so touched by her generosity.'

Sooky is survived by her husband, her son David and his wife Lurie, her daughter Kaye and husband Steve Johnson, and her seven grandchildren: Cary Clarke and wife Mari Dunn, and Eli, Jessie, Jonah, Max, Seth, and Zack Goldman. Her son Joel passed away in 2002 at 50 years old.

Olivencia-Curtis to retire after 33 years with the City

Administrative Services, Human Resources Assistant Director Sandra Olivencia-Curtis is retiring after 33 years of service with the City of Beverly Hills.

Olivencia-Curtis first started working for the City in 1981 while working on a master's program at USC. She was hired

in the Rent Stabilization Office. "Our internship

and

program was, contin-

ues to be, a very prestigious program," Olivencia-Curtis said. "The program gave me good insight as to what city service was about and provided me with the opportunity to choose what I wanted to do for a career."

Human Resources former Director Amy Meadow introduced Olivencia-Curtis to the Human Resources department where she spent the rest of her career working for the City. She is responsible for the overall administration, coordination, and evaluation of the Human Resources services, policies, and programs.

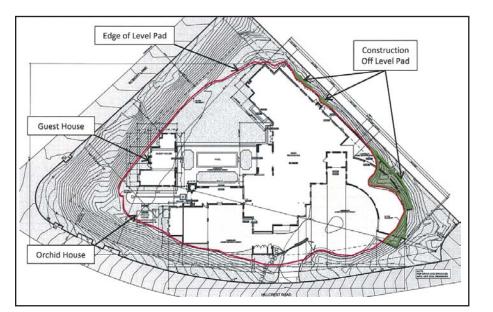

"Human resources deals with employee matters and happy employees produce wonderful work," Olivencia-Curtis said. "You touch employees in all departments with[in] the City. You help in the development of employees [and] you assist with departments with their strategic plans. You're a strategic partner and being a strategic partner is always great because there's always something new."

Olivencia-Curtis met her husband, retired Assistant BHPD Chief Officer Robert Curtis, in 1985 on a City shuttle bus while they were both working for the City.

"I would see him around town but I wasn't sure it was Bob since many motorcycle cops look alike in uniform, sunglasses and helmet," Olivencia-Curtis said.

Robert stopped to say hello to Sandra and asked her if she knew who he was. She responded that she didn't recognize him in his "costume and hat," to which

Corman said that by not including a kitchen to the guesthouse, the extra parking space would not be needed, and there would be optional areas to construct the carport that would not cause a gradation of the slopes.

"Conceptually there are other ways to design a house on the lot [and] there was a house on the lot before that was designed differently," Corman said. "I just don't see, looking at the property as it exists, why there is [an] irrevocable need to cut into that portion of the hillside."

According to Block and Shooshani, the abnormal shape and typography of the land would deprive the applicant of the same privileges of the surrounding residences, who do not have the same lot shape, and would allow a variance for the property to cut into the hillside.

"We're talking about a minimal amount of grading," Block said. "With regards to the variance, I think that each case has to be decided on its own individual merits. I don't think that allowing this variance to go through today is going to have any precedence on any other project."

Waldorf Astoria Beverly Hills to break ground in the summer

Designs for Beverly Hills' Waldorf Astoria were unveiled April 10 at the Beverly Hilton Hotel.

Waldorf Astoria Beverly Hills, The Beverly Hilton, and future Waldorf condominiums will sit on a nine-acre property with landscaped grounds and gardens.

Alagem Capital Group and Guggenheim Partners' clients own the property. The entire project will cost approximately \$500 million, with Waldorf Astoria Beverly Hills costing more than \$200 million.

The 12-story hotel with 170 rooms will be located next to The Beverly Hilton on the corner of Wilshire and Santa Monica Boulevard. The current building occupying the space, which was previously Trader Vic's restaurant, will be demolished to make way for the new project.

Groundbreaking is set for this upcoming and is planned to open in 2017.

"Beverly Hills is synonymous with luxury," Waldorf Astoria Hotels and Resorts Head John Vanderslice said. "This Waldorf Astoria hotel will be impeccably designed to provide unforgettable experiences reflective of its iconic location."

Interior design company Pierre-Yves Rochon Inc. (PYR) incorporated upholstered furniture, custom Strauss crystal chandeliers, and lacquered sycamore interior finishes. PYR has offices based in Paris, Chicago, and Shanghai, and brings its services to the California for the first in over a decade.

The three-story high lobby will feature contemporary Art Deco designs, California landscaped hand-painted murals, and custom chandeliers.

Replicating an east coast element to the West, the iconic Waldorf Astoria clock will be featured in Beverly Hills' lobby. The original clock in New York's lobby weighs approximately two tons and stands at nine feet high, and Waldorf Astoria purchased the clock fashioned by the Goldsmith Company of London for the 1983 Chicago World's Fair exhibit.

"Waldorf Astoria Beverly Hills will be one of the most luxurious urban hotels in the country," Alagem Capital Group Chair Beny Alagem said. "From the world-class design to the exclusive services, every detail is designed to create an unprecedented hospitality experience that doesn't exist today."

PYR's parent company Perkins+Will and the architectural firm Gensler, who worked on The Beverly Hilton's \$90 million renovation, co-designed Waldorf Astoria's exterior. They were given the task to have Waldorf Astoria complement The Beverly Hilton's 1950's architecture. Inspired by streamline moderne styles, polished metals and sleek glass are layered in between curved, smooth stoned surfaces extending in long horizontal lines that are embellished with bronze ornaments.

Waldorf Astoria Beverly Hills rendering

Indoor meeting spaces and a ballroom will take up 6,300 square feet and can hold up to 200 guests. Features include advanced technology and a ground level outdoor dining terrace.

Retailers include Graff Diamonds, a 5,000 square foot Waldorf Astoria Spa and high-end restaurants.

Hotel guests will have exclusive access to the largest rooftop pool deck in Beverly Hills, complete with cabanas, lounge space, and landscaping.

Waldorf Astoria has 24 other projects, and Beverly Hills is their first new project on the West Coast.

coverstory A DAY IN THE LIFE OF **"WALK WITH THE MAYOR**

From City Hall to the Witch's House, on the road with Lili Bosse's new program

By Nancy Yeang

MONDAY, APRIL 7, 2014

8:25 a.m. I park my car in the City library parking lot on the second level. I was out of my normal business work wear and traded in my black heels and dress pants with shorts and Nike running shoes. I spot another resident tying up her sneakers and stretching as I rush out the parking structure to make sure I catch the group.

8:35 a.m. I arrive in front of City Hall on Crescent Drive and see a crowd of people already waiting to being the walk. I had on a blue and grey windbreaker but realize I misjudged the weather. The temperature was rising and I wanted to put on sunblock as I see people wearing sunglasses and hats.

Three dogs are leashed and ready to go as they panted and walk back and forth while their owners are among the 40 people chatting, waiting to begin the trek.

Newly-installed Mayor Lili Bosse is vibrant with her neon orange jacket and a hot pink shirt underneath and back pants. Other members for the Beverly Hills Healthy City Committee were also wearing Bosse's favorite color; bright orange shirts with "#BHHealhtyCity" printed on the front.

We're going to walk through our history!" Bosse said, revving everyone up for the day's walk that would lead us through the residential areas between Sunset Boulevard and South Santa Monica Boulevard.

"Let's go!" she announces and pumps her fists in the air, and the group starts the walk on Crescent. I'm already sweating.

8:36 a.m. While we wait at the crosswalk on North Santa Monica and Crescent, two more people wave from across the street and waits for the group to cross to join the walk. Although the traffic lights turned green, the walking sign didn't light up with the green "Go" hand sign and we all pause, even though it was our right of way. No one had pressed the crosswalk button. We wait at the crosswalk as cars nervously drive through slowly, eyeing us from both the curiosity of why we weren't crossing the street and also why there is a large crowd of people in workout gear. We wait another turn after Bosse pressed the button.

8:42 a.m. "Lili should pick up the pace if we want a workout," I overhear a few ladies behind me gossip on schools and community events, while we are crammed on the sidewalk.

We stroll through the neighborhood, and people walk in pairs, or rows of three. A few walk along the parking lanes along Crescent to get some more elbowroom.

This is my first time walking through the neighborhood. I'm usually driving my beige hand-me-down Toyota Camry on the streets below Santa Monica Boulevard, and I'm busy paying attention to traffic. Right when we crossed the streets, we switch from the bustle of City Hall and the Business Triangle to tree-lined streets and manicured lawns.

8:44 a.m. Community members outside of Beverly Hills also joined the walk. Samuel works on Wilshire as a life insurance representative, and stops by to talk with me. I was walking on the grass area to have some space to walk and talk.

"Watch it!" he says and he grabs me towards to sidewalk so that I would avoid stepping on what seemed like dog doo. He apologizes for grabbing me suddenly, and I tell him, "It's okay," as I move to walk on the street to avoid any unfortunate mishaps.

8:52 a.m. A van driving down Crescent honks at us. The driver was in a Recreation and Parks van and slows down to wave at everyone.

8:53 a.m. We cross Lomitas and Crescent, and head to Will Rogers Park. The crowd was over 50 at this point and I spot a few more dogs in the group. I was surprised at the large

group of community members taking over the sidewalks.

8:56 a.m. We stop at a house that was built in 1908. Phil Savenick, who is documenting Beverly Hills' history in "100 Years 100 Stories," holds up a black and white image showing a "Before" photo of the lone house with the Beverly Hills Hotel on barren, dirt land, prior to all the development and landscaping that exists today.

The tail end of the group stops to admire the contrast from the empty lots to landscaped residential developments right in front of us.

9:00 a.m. I meet Hawthorne's retired teacher Rachelle Marcus at this point. She tells me that since she retired, she has been doing some substitute work at Hawthorne, picked up some needle pointing and does volunteer work at Cedars-Sinai. She joined the first Walk with the Mayor the previous week as well. She mentions how the days are passing by quickly and tells me how the Weekly interviewed her when she retired.

9:02 a.m. We stopped at the Will Rogers Memorial Park fountain and Marcus explained how the ducks used to pick at the fish in the fountain and points at some coins at the bottom of the fountain.

"So here's some money, if we need some money," Marcus points as she takes a seat by the fountain and another person laughed who overheard the comment.

Bosse gathers everyone in front of the fountain to introduce Beverly Hills Heritage President Kimberly Reiss and Savenick who stood on a bench.

They explain how the park, originally named Sunset Municipal

name was changed to Will Rogers Memorial Park in the 1950s.

Park, opened in 1915 and was the Victoria Gordon, Lori Greene Gordon, Marc Saleh, first park in Beverly Hills. The Annette Saleh, and Lucky

Savenick points out how the five-cornered intersection behind us "proves the civility of Beverly Hills," since no accidents have occurred on that intersection.

The bench Savenick is standing on was the same bench Charlie Chaplin sat on in "The Idle Class." Though the bench was moved from its original spot, Phil said that this was the park Chaplin ran through as he was being chased in the movie.

9:10 a.m. We get a sneak peak at the Centennial rose, with the bushes resting in fresh soil donning pink buds, almost in full bloom. Centennial Tree Planting and Commemorative Rose Bush Co-Chair Ray Flade was in the dirt, with a yellow shovel and grayed gardening gloves, preparing to plant more roses. A resident walks up to the rose and cups it with one hand as he stoops over to smell it.

9:16 a.m. We walk along Sunset and made a left on North Rodeo Drive to view more historic sites. I compliment a woman with a simple, black shoulder bag with bright fabric and patterns that seemed like it was from Southeast Asia or India. She tells me how she bought it at a shop that was Ray Flade in Beverly Hills but it moved to

a different location. She is a not-

quite resident who lived on Burton Way between Beverly Hills and Los Angeles and tells me she heard about the walk through word of mouth and thought it was a good activity to do once a week.

9:28 a.m. We make a right on Elevado Avenue. The temperature was either rising or I was walking quicker, but I roll up the sleeves on my windbreaker. Luckily, a food truck was

parked on the street, and a few individuals stop to get some refreshments.

9:30 a.m. We make a left on Walden and arrive at the Witch's house, which, according Reiss, is one of the best examples of a storybook house. The roof's steep slopes and the windows' irregular patchwork patterns with a front fence that looked like it was from Disneyland definitely made it look like someone grabbed the image from a bedtime story.

Savenick explains to me that the house was moved in from Culver City in 1929 where "it's been scaring children ever since." Jack Haley, who played the Tin Man in the "Wizard of

since." Jack Haley, who played *The Witch's House at 516 Walden Drive*

Oz," lived across the street and in Beverly Hills, the Tin Man lived near the Witch. Savenick mentions how Haley's son, Jack Haley, Jr. married Judy Garland's daughter, Liza Minnelli. Savenick points out that Howard Hughes crashed a plane at 805 North Linden in 1949 [see related story on pg. 2). The 50,000 spectators who came by to look at the crash were the biggest problem during the event.

9:42 a.m. Two residents and a dog walk away from the group and continue to their homes. There is a break in the group, with the tail end a bit further behind the head.

9:44 a.m. We make a right on Roxbury Drive, and then a left on South Santa Monica Boulevard where we stopped by The Nosh, a restaurant that opened in 1975 and known for their bagels. A box of Arrowhead water bottles was waiting for us inside and the group took a mini-break.

I wait outside and meet former Recreation and Parks commissioner Marty Geimer. I ask him where the Locke House was, and he tells me that I missed it on the beginning of the walk. We pass a few people walking in front of us as we try to catch up to the head of the group well ahead of us.

10:00 a.m. We arrive at City Hall's entrance, as everyone prepares to get a group shot. "Are we the healthy city?" Bosse yelled out and everyone responds, "Yah!" and cheers. The bright orange shirts with "#BHHealthyCity" on the front were passed out, along with pedometers and Centennial pins. Everyone gathers to talk to Bosse and the crowd disperses as they went on about their day.

"It doesn't even feel like a Monday!" a resident says before she leaves.

Ribbon cutting at Greystone Demonstration Garden dedication

The City of Beverly Hills and Mayor Lili Bosse hosted a ribbon cutting event for Greystone Demonstration Garden's grand opening on Sunday.

"The Greystone Demonstration Garden is an important part of our Healthy City initiative," Mayor Lili Bosse said. "I hope that everyone will take advantage of this opportunity to enjoy gardening in a community setting and learn about the benefits of locally grown, organic food." Attendees participated in a free herb and vegetable class by Armstrong Garden Centers, pro-

motional giveaways, and healthy snacks provided by Whole Foods Market.

Armstrong Garden Centers hosted a plant sale during the dedication ceremony where 20% of sales went towards Greystone Mansion. The funds will develop the garden, seating and accommodations, planting supplies and materials, and free classes.

Garden Founder Barbara Linder was presented a check for \$4,856.11 from the project's sponsor, Whole Foods, who held a "Five Percent Day" where five percent of a day's net sales went towards the Greystone Demonstration Gardne.

The Greystone Demonstration Garden is sponsored by the City of Beverly Hills, Armstrong Garden Centers, and Whole Foods Market. It is a public outdoor venue for visitors to develop a green thumb by learning how to plant flowers and grow herbs and organic vegetables.

established in 3-3.2.3(a) shall be applied to the Subcontractor's costs as determined under 3-3.2.2. An allowance for the Contractor's overhead and profit shall be added to the sum of the Subcontractor's costs and markup and shall constitute the full and complete markup for all overhead and profit for the Contractor on work by the Subcontractor. For Contractor markup of Subcontractor's costs, the allowance shall be 10% on the first \$2,000 or portion thereof, and 5% on costs in excess of \$2,000.

LIQUIDATED DAMAGES - There will be a Five Hundred Dollar (\$500.00) assessment for each calendar day that work remains incomplete.

ENGINEER'S ESTIMATE - The preliminary cost of construction of this Work has been prepared and the said estimate is **<u>\$360,000</u>**.

PREVAILING WAGES - In accordance with the provisions of Section 1770 et seq., of the Labor Code, the Director of the Industrial Relations of the State of California has determined the general prevailing rate of wages applicable to the work to be done. The Contractor will be required to pay to all workers employed on the project sums not less than the sums set forth in the documents entitled "General Prevailing Wage Determination made by the Director of Industrial Relations pursuant to California Labor Code Part 7, Chapter 1, Article 2, Sections 1770, 1773, 1773.1".

A copy of said documents is on file and may be inspected in the office of the City Engineer, located at 345 Foothill Rd., Beverly Hills, California 90210.

Attention is directed to the provisions of Sections 1777.5 and 1777.6 of the Labor Code concerning the employment of apprentices by the Contractor or any subcontractor under him. The Contractor and any subcontractor under him shall comply with the requirements of said sections in the employment of apprentices.

Information relative to apprenticeship standards and administration of the apprenticeship program may be obtained from the Director of Industrial Relations, San Francisco, California, or from the Division of Apprenticeship Standards and its branch offices.

PAYROLL RECORDS - The Contractor's attention is directed to Section 1776 of the Labor Code, relating to accurate payroll records, which imposes responsibility upon the Contractor for the maintenance, certification, and availability for inspection of such records for all persons employed by the Contractor or by the Subcontractors in connection with the project. The Contractor shall agree through the Contract to comply with this section and the remaining provisions of the Labor Code.

INSURANCE AND BOND REQUIREMENTS - The Contractor shall provide insurance in accordance with Section 3-13 of the City of Beverly Hills, Public Works Department, Standard Contractual Requirements, included as part of these Specifications. All subcontractors listed shall attach copies of the Certificate of Insurance naming the Contractor as the additional insured as part of their insurance policy coverage. In addition, the Contractor shall guarantee all work against defective workmanship and materials furnished by the Contractor for a period of one (1) year from the date the work was completed in accordance with Section 2-11 of the Standard Contractual Requirements. The Contractor's sureties for the "Performance Bond" shall be liable for any work that the Contractor fails to replace within a specified time.

CONTRACTORS LICENSE - At the time of the Bid Deadline and at all times during performance of the Work, including full completion of all corrective work during the Correction Period, the Contractor must possess a California contractor's license or licenses, current and active, of the classification required for the Work, in accordance with the provisions of Chapter 9, Division 3, Section 7000 et seq. of the Business and Professions Code.

In compliance with Public Contract Code Section 3300, the City has determined that the Bidder must possess the following license(s): "A" or "C32"

The successful Bidder will not receive a Contract award if the successful Bidder is unlicensed, does not have all of the required licenses, or one or more of the licenses are not current and active. If the City discovers after the Contract's award that the Contractor is unlicensed, does not have all of the required licenses, or one or more of the licenses are not current and active, the City may cancel the award, reject the Bid, declare the Bid Bond as forfeited, keep the Bid Bond's proceeds, and exercise any one or more of the remedies in the Contract Documents.

SUBCONTRACTORS' LICENSES AND LISTING - At the time of the Bid Deadline and at all times during performance of the Work, each listed Subcontractor must possess a current and active California contractor's license appropriate for the portion of the Work listed for such Subcontractor and shall hold all specialty certifications required for such Work. When the Bidder submits its Bid to the City, the Bidder must list each Subcontractor whom the Bidder must disclose under Public Contract Code Section 4104 (Subcontractor Listing Law), and the Bidder must provide all of the Subcontractor information that Section 4104 requires (name, address, and portion of the Work). In addition, the City requires that the Bidder list each Subcontractor's license number and the dollar value of each Subcontractor's labor or services.

SUBSTITUTION OF SECURITIES - Pursuant to California Public Contract Code Section 22300, substitution of securities for withheld funds is permitted in accordance therewith.

GENERAL INSTRUCTIONS - Bids must be submitted on the Proposal Form prepared for this project and shall be delivered at the office of the City Clerk within a sealed envelope and marked on the outside as follows: "PROPOSAL FOR CITYWIDE PAVEMENT AND CURB MARKINGS." Each Bid shall be accompanied by a cashier's check or certified check drawn on a solvent bank, payable to "City of Beverly Hills," for an amount equal to ten percent (10%) of the total maximum amount of the Bid. Alternatively, a satisfactory corporate surety Bid Bond for an amount equal to ten percent (10%) of the total maximum amount of the Bid may accompany the Bid. Said security shall serve as a guarantee that the successful Bidder will, within fourteen (14) calendar days after the date of the award of the contract, enter into a valid contract with the City for said Work in accordance with the Contract Documents.

THE CITY RESERVES THE RIGHT TO REJECT ANY BID OR ALL THE BIDS AND TO WAIVE ANY INFORMALITY OR IRREGULARITY IN ANY BID, BUT IF THE BIDS ARE ACCEPTED, THE CONTRACT FOR THE IMPROVEMENT WILL BE LET TO THE LOWEST RESPONSIBLE BIDDER FOR THE PROJECT AS A WHOLE.

Please contact **Tristan Malabanan** in the Office of Civil Engineering at **tmalabanan@beverlyhills.org** for any procedural questions or concerns regarding this project.
