### "BHUSD legal fees for fourth quarter fiscal year exceed \$1.7 million" [Issue 825]

BHUSD legal expenditures for the fiscal year ending June 30, 2015 were \$5.4 million. This does not include invoices remaining to be processed. Are there other California school districts with legal expenditures this high?

In the fourth quarter alone, \$367431 of Measure E Bond Funds were spent in opposition to the Purple Line extension project and its route.

Is it appropriate for Measure E funds, earmarked for school construction projects to be used to fight METRO? If not, then money should be taken from the General Fund and returned to Measure E. If the General Fund has insufficient funds to do this, the state may have something to say about our school district.

As a result of this possible misuse of funds, does it make sense to reelect members of this Board of Education? Let the voters decide.

### Paysinger files for Board of Education race; Goldberg attacks

In the opening salvo in what will likely be a contentious Board of Education race, Board President Brian Goldberg sent out an email newsletter July 23 denouncing former Beverly High Principal Carter Paysinger, who filed papers for the November 3rd Board election Wednesday morning.

"I have been a part of the Beverly Hills school community for nearly 50 years and an employee of the BHUSD for 36 years, and I have been there through the good times and the bad, and I've never seen it worse than it is right now," Paysinger said. "It appears that our Board is dysfunctional and unprofessional at times and I really believe that I can help restore our district to the level that we're accustomed to."

Paysinger filed a lawsuit against the BHUSD and Board member Lewis Hall on nine causes of actions in July 2014. The Board recently approved a settlement agreement for \$685,000.

Paysinger retired in May after a 36-year career in the BHUSD. First hired as a coach in 1979, he became football coach in 1991,

# SUMMARY NOTICE

**PLEASE TAKE NOTICE** that on **July 21, 2015**, the Council of the City of Beverly Hills adopted an ordinance entitled:

AN ORDINANCE OF THE CITY OF BEVERLY HILLS AMENDING THE BEVERLY HILLS MUNICIPAL CODE ARTICLE 2.5: PUBLIC NOTICING, ARTICLE 32: HISTORIC PRESERVATION, ARTICLE 32.5: HISTORIC INCENTIVE PERMIT, AND SECTION 9-1-104 RELATED TO DEMOLITION PERMITS FOR POTENTIALLY HISTORIC PROPERTIES.

Mayor Gold and Councilmembers Krasne and Brien, voted for the adoption of the Ordinance (Ordinance No 15-O-2682), Councilmember Bosse voted against the Ordinance, and Vice Mayor Mirisch was not present for the vote. A summary of that Ordinance, which has been prepared and published in accordance with the requirements of Government Code Section 36933 follows:

### Summary of Ordinance

Title 10, Chapter 3, Article 32 of the Beverly Hills Municipal Code ("Historic Preservation Ordinance") provides the ability to "acknowledge, honor, and encourage the continued maintenance and preservation of those select properties in the city that, through exceptional architecture, contribute to the city's cultural history." Major amendments proposed to the Ordinance include the following:

1. Revision to select definitions (BHMC §10-3-3202). Several definitions are modified. New definitions are introduced for terms such as "architect," "iconic property," "exceptional work," "eligible property," "person of great importance," "person of local prominence," "property of extraordinary significance," "substantial integrity," and others. Some definitions are deleted, such as "archaeological site."
2. Revision to the Intent and Purpose of the ordinance (§10-3-3203). Refinements are made to the existing language.
3. Revision to the Powers and Duties of the Cultural Heritage Commission (§10-3-3208). Refinements are made to the existing language.
4. Establishment of the Inventory of Eligible Properties (§10-3-3210). The Cultural Heritage Commission is responsible for determining which properties are eligible for listing on the inventory and for maintaining and updating the list.
5. Revision to Landmark Designation Criteria (§§10-3-3212; 3213). The criteria for landmark status are raised to a standard that would capture "exceptional" or "iconic" works and properties. The criteria also allow for more leeway if the designation is expressly sought or agreed to by the property owner.
6. Revision to Historic District Designation Criteria (§10-3-3213). Historic District designation criteria are modified to eliminate non-contiguous (thematic) districts and districts in the single-family residential zone.
7. Revision to Landmark and Historic District Designation Proceedings (§10-3-3215). Institutes timeframes within which applications must be reviewed and acted upon. Establishes a new "Preliminary Evaluation and Hearing" procedure. Increases notification times and requirements to provide information to the applicant/property owners. Designation of a landmark property or district where the property owner(s) oppose designation requires a "supermajority" vote of the City Council (four positive votes, unless a quorum is constituted of three members, then three positive votes).
8. Clarification and expansion of temporary protections regarding permit issuance on properties while designation proceedings are pending (§10-3-3217). Provides protection to potentially historic properties until a designation decision is reached, while allowing for permits to be issued on improvements that would not detrimentally alter the character-defining features of the potential historic resource.

9. Clarification of the operation of the hold period on permits to alter buildings older than 45 years (§10-3-3218). Institutes timeframes within which the right to building permits must be exercised after a decision has been rendered on the historic status of a property.
10. Refinement of Certificate of Appropriateness procedures (§10-3-3219). Revises the standard of review and compliance when a Certificate of Appropriateness is required.
11. Revision to Certificate of Economic Hardship findings and procedures (§10-3-3220). Application requirements are clarified. Finding requirements are revised. Allows for conditions of approval to be applied to the Certificate and extension of time periods to be considered.
12. Replacement of the Director's Determination of Ineligibility process (§10-3-3204) with a new Certificate of Ineligibility Process (§10-3-3221). Allows for a property owner to request a determination that the subject property is not an eligible property and therefore is exempt from the provisions of Article 32.
13. Insertion of a section to enable designated historic properties to apply for inclusion into the City's In Lieu Parking Program (§§10-3-3228; 10-3-3311). Expands the properties eligible to apply for in lieu parking from those that are adaptively reusing a building listed on the National Register of Historic Places (current requirement) to all "designated historic properties." Article 33 ("In Lieu Parking") is updated accordingly to maintain consistency.
14. Institution of timeframes within which applications must be processed and acted upon in multiple provisions in Article 32.
15. Expansion of the applicability of the Historic Incentive Permit (§10-3-3251). Currently only designated historic properties may apply for the HIP; the expansion would enable those properties that have been determined to be eligible at a preliminary hearing by the Cultural Heritage Commission to also be eligible to apply.
16. Establishment of a period in which to exercise demolition rights after demolition permit issuance on certain potentially historic properties (§9-1-104).
17. Additional minor text changes in the Municipal Code.

To maintain internal consistency, minor amendments to other sections of the Beverly Hills Municipal Code are required. These amendments include:

18. Revision to BHMC Article 2.5 (Public Notice Requirements) to reflect the new and revised public noticing timelines included in the ordinance.
19. Revision to BHMC Article 33 (In Lieu Parking), specifically §10-3-3303, to reflect the expansion of the in lieu parking program to designated historic properties, as stipulated in (new) §10-3-3228.

The provisions of the Ordinance will become effective one hundred and twenty (120) days after enactment of the Ordinance, to allow for the preparation of administrative procedures, and for consideration by the City Council of applicable fees.

A certified copy of the entirety of the text of Ordinance 15-O-2682 is available in the office of the City Clerk, 455 N. Rexford Drive, Beverly Hills, CA 90210 and is available for public inspection at that location.

and later athletic director and principal in 2010. He is a 1974 Beverly High graduate who recently moved to Beverly Hills so that his son can attend Beverly Hills schools. His wife, Karen Paysinger, is a teacher at Crescent Heights elementary school in the LAUSD.

Goldberg, who accuses Paysinger of draining the district's money, is president of a Board that spent over \$5.4 million on legal

fees during fiscal year 2014-2015.

"Every dollar spent defending employees in legal actions caused while in their jobs (i.e. Fisher and Cooke cases, which we are paying to defend Carter Paysinger in the Fisher Case and [former assistant principal] Amy Golden in the Cooke case as Defendants) and now in actions they have filed against the district is taking money directly out of our classrooms," Goldberg wrote.

Though Goldberg has told the *Beverly Hills*

*Courier* that he intends to run for re-election, he had not filed as of Wednesday noon.

"I think that the rambling email by Brian Goldberg demonstrates that he fears Carter Paysinger's candidacy because Carter has a 36-year track record with the Beverly Hills Unified School District," said Paysinger's Campaign Consultant Matt Klink. "Equally important, what this rambling document says about Brian Goldberg, is it highlights the fact that Brian Goldberg is not fit to be on the

Board of Education. And on November 3, we will make sure that Beverly Hills voters have a clear choice about who should be on that Board."

## LaVan, Oaxaca look forward to the new school year

Newly appointed Hawthorne principal Ena LaVan may be new to Hawthorne, but the longtime educator has children in Beverly Hills schools.

Ena LaVan

LaVan currently has two children enrolled in the BHUSD: T a y l o r LaVan-Asla, an incoming sophomore at Beverly High, and Tatum LaVan-Asla, a Beverly Vista student. Her daughter Tatjana Asla graduated from the high school in 2012.

"One thing that really excites me about this position is it's

kind of a homecoming," LaVan said. "For me, my kids have attended Beverly Hills schools for the last eight years, so it's kind of home, which feels very good. As a parent who's been working in public school education for the past 20 years, I find it a unique opportunity to do my service for this community that has given so much to my children and lend my expertise to a cause that I'm really passionate about, which is children and meaningful parent engagement in schools."

LaVan earned a B.A. degree in political science from UCLA and a M.A. degree in educational leadership and administration from Pepperdine.

Before being appointed Hawthorne principal, LaVan was a finalist for the same opening at Beverly High.

LaVan's career in education spans 20 years. In 1995, she worked as the head of counseling at the Yale Summer School Program. Most recently, she was area superintendent of schools for Alliance College-Ready Public Schools, a network of 26, free public charter high schools and middle schools in the Los Angeles area.

LaVan first came to the Alliance in 2004, as the assistant principal at Alliance Gertz-Ressler High School, which is ranked 59 in California and has an Academic Performance Index (API) score of 838.

Horace Mann principal F.J. "Harvey" Oaxaca began his educational career teaching Newcomer English for Speakers of Other Languages (ESOL) at Westview Middle School in Austin, Texas. From 2012 to 2015, Oaxaca was principal of Lake Forest Elementary School in Sandy Springs, Georgia. During his tenure, Lake Forest grew to approximately 1,000 students in PreK-5th grades and opened

# PUBLIC NOTICE

## NOTICE OF AVAILABILITY/NOTICE OF INTENT TO ADOPT – INITIAL STUDY/MITIGATED NEGATIVE DECLARATION FOR THE BEVERLY HILLS DOG PARK PROJECT

The City of Beverly Hills has prepared a Mitigated Negative Declaration (MND) for a proposed dog park located at the southeast corner of the intersection of Foothill Road and Alden Drive in Beverly Hills. Mitigation measures have been identified for Air Quality, Cultural Resources, Hazards and Hazardous Materials, and Noise.

### PROJECT LOCATION

The project site is located at the southeast corner of the intersection of Foothill Road and Alden Drive in the City of Beverly Hills. The project site consists of the western portion of Assessor's parcel number 4342-009-906, which is bounded by Foothill Road to the west, Alden Drive to the north, and an alley to the east.

### PROJECT DESCRIPTION

The proposed project would involve demolition of an existing asphalt-capped surface parking lot and construction of a new off-leash dog park on the site, with possible internal separation by chain-link fence to differentiate areas of use for large and small animals. The project would not involve the addition of permanent structures; however, improvements would include new surface materials; benches; shade canopies; trash receptacles; water fountains; and related basic support needs.

### ENVIRONMENTAL REVIEW

This project is being assessed in accordance with the authority and criteria contained in the California Environmental Quality Act (CEQA), the State CEQA Guidelines, and the environmental regulations of the City. The City prepared an Initial Study to determine the proposed project's potential impact on the environment. After reviewing the Initial Study, the City has determined that this project may have a significant effect on the environment, but by implementing certain mitigation measures, the project's potentially significant effects could be reduced to less than significant levels. Accordingly, a Mitigated Negative Declaration has been prepared. The project site is not included in any databases of hazard waste facilities, properties, or disposal sites compiled pursuant to Government Code 65962.9 (Cortese List).

### PUBLIC REVIEW AND COMMENT ON DRAFT MND

The MND is being circulated for a 20-day public review and comment period, from July 31, 2015 to August 20, 2015. During the public review period, written comments concerning the document may be submitted by any interested person and/or affected agency. At the City Council Study Session at 2:30 PM on August 4, 2015, the Council will discuss preliminary design concepts and operations for the dog park as well as the MND. No final action will be taken at this meeting.

All comments received will be compiled, and following the public review period, a separately noticed public hearing will be scheduled to consider adoption of the MND.

“What’s interesting about education is that all parents want the same thing and all administrators want the same thing: we want our students to be successful,” Oaxaca said.

## Planning Commission deliberates synthetic turf in residential front yards

At their July 23rd hearing, the Planning Commission expressed general skepticism about the possible revision of the Beverly Hills Municipal Code to allow synthetic turf in residential front yards.

Currently, synthetic turf is prohibited in front yards and does not count towards “landscaped area” or hardscape.

“It just seems to me inappropriate to change the landscape of our community this drastically based on something that is an environmental situation that will ultimately change,” said Commissioner Lori Greene Gordon.

The City Council enacted a Stage D Emergency Water Conservation Ordinance in May. According to Associate Planner Timothea Tway, landscaping accounts for about 65-70 percent of water use.

In late June, the Council gave direction for the use of synthetic turf in front yards. The artificial grass would not be allowed in park-

ways or near heritage trees.

Coverage requirements were also included in the Council’s discussion: artificial turf cannot comprise more than 70 percent of the landscape area.

“This isn’t something that will be super economical,” said Parks and Urban Forest

## SUMMARY NOTICE

**PLEASE TAKE NOTICE** that on JULY 21, 2015, the Council of the City of Beverly Hills adopted an ordinance entitled:

AN ORDINANCE OF THE CITY OF BEVERLY HILLS REVISING AND CODIFYING RECONSTRUCTION STANDARDS RELATING TO BUILDINGS DAMAGED BY DISASTER.

Mayor Gold and Councilmembers Krasne, Brien, and Bosse voted for the adoption of the Ordinance (Ordinance No 15-O-2681). Vice Mayor Mirisch was not present for the vote. A summary of that Ordinance, which has been prepared for publishing in accordance with the requirements of Government Code Section 36933, follows.

### Summary of Ordinance

The City’s zoning code establishes regulations for buildings, properties and uses in the City. In the event of an emergency or natural disaster, buildings can be damaged and destroyed, necessitating reconstruction after the disaster. The City of Beverly Hills currently has regulations that govern certain aspects of disaster reconstruction that were established after the 1994 Northridge earthquake; however, there is a desire to codify, update and clarify the code language related to reconstruction.

The Ordinance would update, clarify, and codify the existing disaster reconstruction policies. The Ordinance would not substantially change the existing disaster reconstruction regulations.

The Ordinance adds a new Article 46 of Chapter 3 of Title 10 of the Beverly Hills Municipal Code, which outlines the disaster reconstruction regulations.

Changes proposed under the ordinance include a requirement that single family homes rebuilt after a disaster undergo Design Review, if in an area of the City that is subject to Design Review. Additional changes in the Ordinance include minor language revisions to ensure consistency with the current structure and practices of the Community Development Department.

Further, the Ordinance establishes new time limits for temporary structures and uses after a disaster. Under the Ordinance the Director of Community Development may issue permits after a disaster to allow temporary uses and temporary structures for a period of 180 days with an optional 180-day extension.

Finally, the Ordinance provides for the creation of a Disaster Reconstruction Administrative Guidelines document that will contain detailed information on the disaster reconstruction regulations and policies. This document will summarize the regulations set forth in code section 10-3-46 and also outline the City’s policies for implementation of these regulations.

A certified copy of the entirety of the text of the Ordinance is available in the office of the City Clerk, 455 N. Rexford Drive, Beverly Hills, CA 90210 and is available for public inspection at that location. For more information please contact **Timothea Tway, Associate Planner**, Community Development Department, at **310.285.1122** or **ttway@beverlyhills.org**.

## NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that the Council of the City of Beverly Hills, at its meeting to be held on **Tuesday, August 4, 2015, at 7:00 p.m.**, in the Council Chambers of the City Hall, 455 N. Rexford Drive, Beverly Hills, California, 90210, will hold a public hearing to consider:

AN APPEAL OF A DECISION BY THE PLANNING COMMISSION DENYING A REQUEST FOR A ZONE TEXT AMENDMENT AND R-4 PERMIT TO ALLOW ADDITIONS TO AN EXISTING MULTI-FAMILY RESIDENTIAL BUILDING LOCATED AT 310 NORTH CRESCENT DRIVE.

The proposed project seeks City authorization for additions to an existing multi-family residential building that are not presently allowed pursuant to the Beverly Hills Municipal Code. The project includes a request for a Zone Text Amendment to amend Beverly Hills Municipal Code Section 10-3-2804(B) and 10-3-2850 to allow additions to existing buildings with legally nonconforming height through an R-4 Permit application. The proposed project also includes a request for an R-4 Permit to allow for additions to two existing penthouse units at the subject property, contingent upon approval of the related Zone Text Amendment. If approved, the R-4 Permit would allow the additions to be built up to the same height as the existing legally nonconforming building, which has a height of approximately 42 feet. The project would result in a total increase of approximately 1,052 square feet to the uppermost story of the existing building. The requested R-4 Permit is contingent upon the approval and implementation of the proposed Zone Text Amendment.

The Planning Commission, at its regular meeting on March 12, 2015, voted unanimously to deny the requested Zone Text Amendment.

This project has been assessed in accordance with the authority and criteria contained in the California Environmental Quality Act (CEQA), the State CEQA Guidelines, and the environmental regulations of the City. The project qualifies for a Class 1 Categorical Exemption (Existing Facilities) in accordance with the requirements of Section 15301 of the Guidelines because the proposed project consists of minor additions to an existing building. The project also qualifies for a Class 5 Categorical Exemption (Minor Alterations in Land Use Limitations) in accordance with the requirements of Section 15305 of the Guidelines because adoption of this ordinance results in minor changes to land use limitations pertaining to building height, and applies to properties with an average slope not exceeding 20%. The City Council will also consider the provisions of Section 15270 of the Guidelines, which establishes that CEQA does not apply to projects which a public agency rejects or disapproves.

At the public hearing, the City Council will hear and consider all comments. All interested persons are invited to attend and speak on this matter. Written comments may also be submitted and should be addressed to the City Council, c/o City Clerk, 455 N. Rexford Drive, Beverly Hills, CA 90210. The comments should be received prior to the hearing date.

Please note that if you challenge the Council’s action in regards to this matter in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence delivered to the City, either at or prior to the public hearing.

If there are any questions regarding this notice, please contact **Andre Sahakian, Associate Planner** in the Beverly Hills Community Development Department at **310.285.1127**, or by email at **asahakian@beverlyhills.org**. The case file, including the ordinance and associated documents are on file in the Community Development Department and can be reviewed by any interested person at 455 N. Manager Ken Pfalzgraf.

Pfalzgraf said that the installation process requires excavating "several inches of soil."

Another issue with artificial turf is its heat retention. The average surface temperature of natural turf from 7 a.m. to 7 p.m. is 78.19

degrees Fahrenheit. With artificial turf, that number climbs to 117 degrees.

"Almost 40 degrees higher than natural turf," Commissioner Craig Corman pointed out.

The Wallis Annenberg Center for the Performing Arts currently has over 5,000 square feet of turf in plain view.

**BHUSD enrollment dips to 4040**

As the first day of school approaches August 11, BHUSD enrollment hovers around 4,040, a 160-student drop since March 2014. This number includes faculty, staff and City employee permits, which usual total around 100.

As a basic-aid district, the BHUSD is no longer paid per pupil by the state, meaning that low enrollment is not necessarily a bad thing. Smaller class sizes are known to facilitate student learning and engagement, giving students the opportunity for more individualized attention from their teachers.

Still, the dip in enrollment points to another problem: the financial implications of an over-staffed district. Also, schools need to have a critical mass of students in order to be able to offer extracurricular and elective programs.

Beverly High enrollment has decreased by 633 since the end of the 2009-2010 school year. According to Chief Administrative Officer La Tanya Kirk-Carter, the over-staffed school is costing the district \$1.8 million annually.

For many years, Beverly High's enrollment stood at approximately 2,000, but 1,568 students are enrolled as of this week.

According to Chief Academic Officer Jennifer Tedford, the enrollment number changes almost daily with new registrations.

The July 14th Board staff report points out that kindergarten registration traditionally occurs just before school starts. Last year, registration began after school started, warranting the addition of a 12th class. Also, the district experienced a surge in enrollment in second grade last year.

At their July 14th meeting, amidst protests from parents, the Board approved the addition of a third and fourth grade class at Horace Mann and a fourth grade class at Hawthorne.

The Commission will revisit the discussion at their next regularly scheduled meeting on August 13.

**BHHS Alumnus Wins Silver Medal at Pan American Games**

Beverly High alumnus Sandra Uptagrafft won the silver medal in the women's 25-meter pistol competition at the Pan American Games.

Uptagrafft and Lynda Kiejko of Canada tied each of the first two series in the gold medal match July 15 at the Toronto International Trap & Skeet Club in Innisfil, Ontario, located about an hour north of Toronto.

Kiejko won the third. The fourth ended in a tie and Kiejko won the fifth for a 7-3 victory.

"It was a tough competition," said Uptagrafft, who also won a silver medal in the event in the 2011 Pan American Games. "I'm excited and relieved all at the same time. You really had to win it. No one was giving it to you today."

The 44-year-old Uptagrafft finished second in the semifinals with 12 hits to qualify for the gold medal match. She was fifth in qualifying with a score of 571 out of a possible 600.

The second-place finish guaranteed the U.S. a spot in the event at the 2016 Olympics in Rio de Janeiro. The U.S. could earn a second spot in the World Cup competition that will be held in Gabala, Azerbaijan Aug. 6-16.

The U.S. Olympic competitors in the event will be decided in the Olympic trials to be held in March or April.

Uptagrafft finished 28th in qualifying in the 25-meter pistol competition at the 2012 Summer Olympics. Her husband Eric Uptagrafft was also a member of the 2012 U.S. Olympic team, finishing 16th in qualifying in the men's 50m prone rifle event.

Uptagrafft was known by her maiden name of Sandra Utasy when she attended Beverly High. She was a member of the school's orchestra and graduated in 1989.

## TODD TAKES THE HELM

### Newly appointed Chamber of Commerce Executive Director Todd Johnson on what's next

By Mina Riaz

**You formerly served as Chair of the Chamber Board of Directors. How will you apply what you learned from that experience to this role?**

When I was Chair, it was a pretty challenging year. That's actually when we had to let go of the Executive Director and for the most part, for the whole year, I didn't have an Executive Director. We hired Alex [Stettinski] a week before I stepped down. I think I've seen the organization in a pretty difficult time and I think that's where we were able to turn the organization around and get it to where it is today. I think now we're just going to try to keep going in the direction that it is.

**What do you think sets apart the Beverly Hills Chamber of Commerce from other Chambers?**

I think it's the prestige of one of the most well-known cities in the world: we have just about every type of business to offer to people visiting the city, from incredible restaurants to retail [stores]. I think that that sets it apart in such a small town of [5.7] square miles—to have so much in it and to be so well known throughout the world.

**Your career in the restaurant business spans 27 years. Tell us about that.**

My first eight years I jumped around a little bit—I think I had three different jobs in the business. [But] my real restaurant knowledge, or I guess it's a combination of everything, but I spent 17 years with Lawry's and ran Lawry's the Prime Rib in Beverly Hills for 10 years. I was an area director for about two years and came over to Grill [Concepts] for some growth opportunities and that's only been the last eight months, and now I find myself getting out of the business.

**Why did you leave the hospitality industry?**

I left because it's a great opportunity to begin a new chapter in my life. You can't get any closer to the public than dealing in retail, especially in restaurants. So this

was a great opportunity to hone my skill-set and what I am good at and apply it to the Chamber and the business of Beverly Hills. Ultimately, I think you've got to have fun and you've got to like what you do and I thoroughly enjoyed the restaurant business for 27 years. I've been on the Board for 12 years; I didn't stay on it because it was hard work, I enjoyed what the Chamber does for businesses and I had fun.

**You went from volunteer Board member to paid Executive Director. Tell us about that transition.**

I certainly know the Board pretty well and I know who I'm working for. I don't think it's going to be as difficult a transition as some might think because there are no surprises: I helped put the budget together, I helped hire Alex, I've been a part of the Executive Board for 10 years. So I don't think there are going to be any surprises. I have a good ability of getting a bunch of "A" personalities that certainly have their own opinions and their own view points on things and getting them all to agree—at the end we can disagree—to go in [one] direction. And I think that's what was so challenging during my years as President. It was a unique

year, but we were able to reach agreements and make tough decisions that have paid off four-and-a-half, five years later. Also, I believe in my skill set and I believe in my capabilities. I was able to move restaurants in the right direction if they were facing a fiscal challenge; we were able to turn it around. I don't see the Chamber in the same spot of needing to be turned around—that's what we did five years ago—but it's an entity, it's a non-profit, it's still about sponsorship. And sponsorship is about relationships and convincing people why they should invest in the City of Beverly Hills or in the Chamber. [They wonder], "What am I going to get out of this for my business?" I think you can get a lot out of it. But it's a matter of what you put into it as well. I think I'm good at conveying that to people and in the end, I will prove it. I'll walk the walk, I won't just talk the talk.

**What do you think is the greatest challenge facing the Chamber right now?**

I think it's about creating value for the people that invest in the program. I think you're continually having to prove and get a business [owner] to go, "Wow, I put in \$10,000 this year and my business has grown because of that." The greatest challenge is creating value.

**How do you plan on tackling that**

**challenge?**

I'm going to certainly hone in on the skill-set that's around me and identify who's good at [different things]—whether it be sales or event planning—and continue to build on it and continue to help people grow. That's what I enjoy doing: helping people do things that they didn't think they could do before.

*"I want to create a buzz and an energy around the City and the businesses, even more than there is now. And that's a pretty big task—because I think there is already a big buzz."*  
—Chamber of Commerce Executive Director Todd Johnson

**How will your leadership style differ from Alex Stettinski's approach?**

Alex is a great leader and he's a ball of energy—I may not be as visually exciting as him. I think people will find [my leadership style] comfortable, I think they'll find it approachable. I'm very open-minded and I think everyone's opinion counts for something. Alex has a really positive energy and I think

people feed off that. I think people feed off my leadership skills and my knowledge base of the organization and my will and the fact that I'm really not a politician. In the restaurant business, you encounter problems and you fix them. You certainly hope to learn from those mistakes and then not make them again. That's what's great about the restaurant business and I think that's what's great about this organization and this job.

**Tell us about your family.**

I have a daughter, Lesley, who is 29, and a son, Trent, who is 24. I have a grandson named Mason. And my wife is Aiko. My daughter lives back east and my son is getting his master's degree at the University of Michigan.

**What do you hope to accomplish as Executive Director?**

I want to create a buzz and an energy around the City and the businesses, even more than there is now. And that's a pretty big task—because I think there is already a big buzz. I want people to know and say that this is the best city in the world for food, or it's the best [city] for shopping or the best for doing business; it's the best because of City Hall and the ability to get things through City Hall. I truly [hope] to continue to bring the City and the Chamber closer and closer and to continue to build that relationship.

(Left to right): Brad Robbins, Mason Robbins, Lesley Robbins, Jim Bubb, Lynne Bubb, Aiko Johnson, Todd Johnson, Trent Taylor, Wilma Johnson, Don Johnson.

## PROJECT 15-42

### CITY OF BEVERLY HILLS PROJECT ADMINISTRATION 345 FOOTHILL ROAD BEVERLY HILLS, CALIFORNIA 90210

### REQUEST FOR PREQUALIFICATION OF BIDDERS AND PREQUALIFICATION INSTRUCTIONS FOR:

### POLICE FACILITY INTERIOR REMODEL (PARTIAL ADMINISTRATION, RECORDS & TRAFFIC BUREAUS)

Notice is hereby given that the City of Beverly Hills ("CITY") has determined that all bidders for the construction of the Police Facility Interior Remodel ("Project") must be pre-qualified prior to submitting a bid on that Project. It is mandatory that all Contractors who intend to submit a bid, fully complete the prequalification questionnaire, provide all materials requested herein, and be approved by the CITY to be on the final qualified Bidders list.

No bid will be accepted from a Contractor that has failed to comply with these requirements. If two or more business entities submit a bid as part of a Joint Venture, or expect to submit a bid as part of a Joint Venture, each entity within the Joint Venture must be separately qualified to bid. The last date to submit a fully completed questionnaire is **2:00 PM Friday, August 21, 2015**. [Insert time, including a.m. or p.m., and date - month, day, year]~Contractors are encouraged to submit prequalification packages as soon as possible, so that they may be notified of omissions of information to be remedied or of their prequalification status in advance of the prequalification deadline for

this Project.

Answers to questions contained in the attached questionnaire are required. The CITY will use these documents as the basis of rating Contractors with respect to whether each Contractor is qualified to bid on the Project, and reserves the right to check other sources available. The CITY's decision will be based on objective evaluation criteria.

The CITY reserves the right to adjust, increase, limit, suspend or rescind the prequalification rating based on subsequently learned information. Contractors whose rating changes sufficiently to disqualify them will be notified, and given an opportunity for a hearing consistent with the hearing procedures described below for appealing a prequalification rating.

While it is the intent of the prequalification questionnaire and documents required therewith to assist the CITY in determining bidder responsibility prior to bid and to aid the CITY in selecting the lowest responsible bidder, neither the fact of prequalification, nor any prequalification rating, will preclude the CITY from a post-bid consideration and determination of whether a bidder has the quality, fitness, capacity and experience to satisfactorily perform the proposed work, and has demonstrated the requisite trustworthiness.

The prequalification packages should be submitted under seal to the **Office of the City Clerk, City of Beverly Hills, 455 North Rexford Drive, Room 290, Beverly Hills, CA 90210**. The following should be clearly marked on the outside of the package "CONFIDENTIAL PREQUALIFICATION STATEMENT FOR THE POLICE FACILITY INTERIOR REMODEL PROJECT"

The prequalification packages submitted by Contractors are not public records and are not open to public inspection. All information provided will be kept confidential to the extent permitted by law. However, the contents may be disclosed to third parties for purpose of verification, or investigation of substantial allegations, or in an appeal hearing. State law requires that the names of contractors applying for prequalification status shall be public records subject to disclosure, and the first page of the questionnaire will be used for that purpose.

Each questionnaire must be signed under penalty of perjury in the manner designated at the end of the form, by an individual who has the legal authority to bind the Contractor on whose behalf that person is signing. If any information provided by a Contractor becomes inaccurate, the Contractor must immediately notify the CITY and provide updated accurate information in writing, under penalty of perjury.

The CITY reserves the right to waive minor irregularities and omissions in the information contained in the prequalification application submitted, and to make all final determinations. The CITY may also determine at any time that the prequalification process will be suspended for the Project and the Project will be bid without prequalification.

Contractors may submit prequalification packages during regular working hours on any day that the offices of the CITY are open. Contractors who submit a complete prequalification package will be notified of their qualification status no later than ten business days after submission of the information.

The CITY may refuse to grant prequalification where the requested information and materials are not provided by the due date indicated above. There is no appeal from a refusal for an incomplete or late application, but re-application for a later project is permitted. Neither the closing time for submitting prequalification packages for this Project will be changed in order to accommodate supplementation of incomplete submissions, or late submissions, unless requested by the CITY in its sole discretion.

In addition to a contractor's failure to be pre-qualified pursuant to the scoring system set forth in the prequalification package, a contractor may be found not prequalified for either omission of or falsification of, any requested information.

Where a timely and completed application results in a rating below that necessary to pre-qualify, an appeal can be made by the unsuccessful Contractor. An appeal is begun by the Contractor delivering notice to the CITY of its appeal of the decision with respect to its prequalification rating, no later than two business days following notification that it is not pre-qualified. The notice of appeal shall include an address where the

Contractor wishes to receive notice of the appeal hearing. Without a timely appeal, the Contractor waives any and all rights to challenge the decision of the CITY, whether by administrative process, judicial process or any other legal process or proceeding.

If the Contractor gives the required notice of appeal, a hearing shall be conducted no earlier than five business days after the CITY's receipt of the notice of appeal and not later than five business days prior to the date of the Notice Inviting Bids for this Project. Prior to the hearing, the Contractor shall, in writing, be advised of the basis for the City's pre-qualification determination.

The hearing shall be conducted by a panel consisting of three members of the Capital Assets Department senior management staff (the "Appeals Panel"). The Appeals Panel shall consider any evidence presented by the Contractor, whether or not the evidence is presented in compliance with formal rules of evidence. The Contractor will be given the opportunity to present evidence, information and arguments as to why the Contractor believes it should be pre-qualified. Within one day after the conclusion of the hearing, the Appeals Panel will render a written determination as to whether the Contractor is pre-qualified. It is the intention of the CITY that the date for the submission and opening of bids will not be delayed or postponed to allow for completion of an appeal process.

**Contact Person:** A bidder or potential bidder who has a procedural question may call Julio Guerrero at telephone number 310-288-2823 or email at [jguerrero@beverlyhills.org](mailto:jguerrero@beverlyhills.org).

#### ORDINANCE NO. 15-O-2683

AN ORDINANCE OF THE CITY OF BEVERLY HILLS ESTABLISHING REGULATIONS ON THE USE OF HEAVY TRUCKS IN THE TROUSDALE ESTATES AREA

THE CITY COUNCIL OF THE CITY OF BEVERLY HILLS DOES HEREBY ORDAIN AS FOLLOWS:

**Section 1.** The City Council hereby amends the Beverly Hills Municipal Code by adding Chapter 8 ("TROUSDALE ESTATES HEAVY TRUCK REGULATIONS") to Title 9 ("BUILDING AND PROPERTY HEALTH AND SAFETY REGULATIONS") to read as follows:

Chapter 8: TROUSDALE ESTATES HEAVY TRUCK REGULATIONS

##### 9-8-1: PURPOSE

The purpose of this section is to regulate construction activities, including the regulation of heavy trucks accessing and parking at construction sites, within the Trousdale Estates area.

##### 9-8-2: DEFINITIONS

A. "Trousdale Estates area" shall mean all property within the City's boundaries located north of Doheny Road and east of Schuyler Road, except that land zoned R-1.X, and that portion of lot A of the Doheny Ranch tract northwesterly of tract numbers 24485 and 24486, commonly referred to as the Greystone Mansion property.

B. "Gross weight" shall mean the combined weight of any vehicle, its trailer, passengers, equipment, payload, and any other items associated with the vehicle.

##### 9-8-3: APPLICABILITY

Notwithstanding any other provision of the Beverly Hills Municipal Code, and unless otherwise exempt under state law, all persons in receipt of a building permit issued by the building official for a construction project located in the Trousdale Estates area are subject to this chapter. The requirements and restrictions of this section shall be included as conditions of approval in any building permit issued for work within the Trousdale Estates area, and shall be in lieu of any other permit required under Title 8, Chapter 2 for hauling debris, materials, or equipment. The City Council may establish by resolution a fee for the cost of coordinating and monitoring compliance with this Chapter.

##### 9-8-4: TROUSDALE CONSTRUCTION TRAFFIC MANAGEMENT PLAN

A construction traffic management plan documenting haul routes, delivery times, parking

plans, contact persons, and demonstrating compliance with the requirements and restrictions of this Chapter, in a form approved by the building official, must be submitted to the building official or his or her designee before a vehicle having a gross weight of ten thousand (10,000) pounds with three (3) or more axles or a vehicle having a gross vehicle weight of twenty six thousand (26,000) pounds or more may access a construction site within the Trousdale Estates area. The construction traffic management plan required by this Chapter shall be consistent with any other traffic management plan for the construction project and shall be updated as necessary to ensure consistency with other traffic management plans.

##### 9-8-5: PARKING RESTRICTIONS

No more than two hauling or construction related vehicles associated with a single construction site may park on a public street, except as otherwise permitted by the building official or transportation official or when parking at the Greystone Mansion property. Hauling or construction vehicles must park immediately in front of the construction site and must display a parking permit issued by the building official at the time the initial building permit is issued and which corresponds to the specific construction project. The City Council may establish by resolution a fee for each parking permit. This section shall not be construed to prohibit any vehicle from parking on private property.

##### 9-8-6: REGULATIONS APPLICABLE TO VEHICLES HAVING A GROSS WEIGHT OF 10,000 POUNDS OR MORE WITH THREE OR MORE AXLES OR VEHICLES HAVING A GROSS WEIGHT OF 26,000 POUNDS OR MORE

Vehicles having a gross weight of ten thousand (10,000) pounds with three (3) or more axles or vehicles having a gross vehicle weight of twenty six thousand (26,000) pounds or more may only travel on streets within the Trousdale Estates area to access a construction site if the following conditions are satisfied:

A. The vehicle may only travel on streets within the Trousdale Estates area to access a construction site between the hours of 8:30 AM and 3:15 PM.

B. The vehicle must be annually inspected and certified by the City's licensed safety inspector. The City Council may set a fee by resolution for the cost of the vehicle inspection and related administrative costs. The inspection required by this section is separate and distinct from all other truck inspection requirements established under State law.

C. A record of the vehicle's certification must be on record with the City at all times the vehicle is operated within the Trousdale Estates area.

D. The vehicle shall prominently display a City-issued decal indicating that the vehicle has been certified for operation within the Trousdale Estates area.

E. The vehicle must have a functioning secondary braking system.

F. The person in receipt of the building permit must provide the building official, or his or her designee, 24-hour advanced notice, excluding weekends and holidays, prior to causing the vehicle to travel into or through the Trousdale Estates area.

##### 9-8-7: REGULATIONS APPLICABLE TO VEHICLES HAVING A GROSS WEIGHT OF 50,400 POUNDS OR MORE

No vehicle having a gross weight of fifty thousand four hundred (50,400) pounds or more may travel on any street located within the Trousdale Estates area to access a construction site unless the recipient of the building permit demonstrates to the satisfaction of the building official that a truck exceeding 50,400 pounds in gross weight is necessary and no other feasible options exist to conduct the permitted construction activity. If a truck exceeding 50,400 pounds is approved for use in the Trousdale Estates area, in addition to the conditions required under Section 9-8-6, the following conditions must be satisfied:

A. The person in receipt of the building permit must provide the building official, or his or her designee, 72-hour advanced notice, excluding weekends and holidays, prior to travelling into or through the Trousdale Estates area.

B. The vehicle must be escorted by the

Police Department to and from the truck's destination. The recipient of the building permit shall be responsible for all costs related to the police escort, including but not limited to the cost of police officers, traffic control officers, and signage.

##### 9-8-8: REMEDIES

If the recipient of a building permit violates or causes a violation of this section, the building official may temporarily suspend work authorized by the building permit, amend a project's construction traffic management plan, impose fees in connection with investigating alleged violations, or revoke the building permit. Any vehicle violating a provision of this section shall be denied access to a construction site within the Trousdale Estates area or directed to a commercial scale to demonstrate that the vehicle's gross weight otherwise conforms to the requirements of this section.

**Section 2.** Subsection B. of Section 7-2-202 of Article 2 ("Commercial Vehicle Restrictions") of Chapter 2 ("TRAFFIC REGULATIONS") of Title 7 ("TRAFFIC, PARKING, AND PUBLIC TRANSPORTATION") of the Beverly Hills Municipal Code is amended to read as follows:

B. Except as otherwise provided by Title 9, Chapter 8, any vehicle when necessary, for the purpose of making pick ups and deliveries of goods, wares, or merchandise from or to any premises located on any prohibited street, or for the purpose of delivering materials on a prohibited street to be used in the repair, alteration, remodeling, or construction of any building or structure for which a building permit has previously been obtained;

**Section 3. CEQA Finding.** The City Council hereby finds that it can be seen with certainty that there is no possibility the adoption of this Ordinance will have a significant effect on the environment because the Ordinance only regulates the use of heavy vehicles accessing construction sites and will not result in any increased vehicle traffic within the City. It is therefore exempt from California Environmental Quality Act review pursuant to Title 14, Section 15061(b)(3) of the California Code of Regulations.

**Section 4. Severability.** If any section, subsection, subdivision, sentence, clause, phrase, or portion of this Ordinance or the application thereof to any person or place, is for any reason held to be invalid or unconstitutional by the final decision of any court of competent jurisdiction, the remainder of this Ordinance shall remain in full force and effect.

**Section 5. Publication.** The City Clerk shall cause this Ordinance to be published at least once in a newspaper of general circulation published and circulated in the city within fifteen (15) days after its passage in accordance with Section 36933 of the Government Code, shall certify to the adoption of this Ordinance and shall cause this Ordinance and the City Clerk's certification, together with proof of publication, to be entered in the Book of Ordinances of the Council of this city.

**Section 6. Effective Date.** This Ordinance shall go into effect and be in full force and effect at 12:01 a.m. on August 29, 2015.

Adopted: July 21, 2015  
Effective: August 29, 2015
