A city for humans, not dogs

I agree with Pablo Nankin's March 10th letter about the dog park. When the founder, Burton Green, designed Beverly Hills, it was for humans-not dogs.

In support of the Beverly Hills Garden and Open **Space Initiative**

When it comes to the new proposal for the Beverly Hilton property, residents should arm themselves with some basic facts about what has already been approved and the improved plan they will be able to choose should the Beverly Hills Garden and Open Space Initiative make the ballot in November.

Correction Issue #858

The story "Board deliberates faculty dismissals, class sizes" states that a probationary counselor was discharged last week. In fact, a full-time counselor who had been on leave resigned, which created a vacancy.

The approved plan includes the construction of two residential buildings one on Wilshire Boulevard and the second on Santa Monica Boulevard - along with a list of \$5 million worth of traffic and pedestrian improvements.

The Beverly Hills Garden and Open Space Initiative would eliminate the residential building on Wilshire Boulevard, the building that would most impact the nearby neighborhood and families of El Rodeo School. There would be no additional impact to traffic, and the proposed initiative retains those \$5 million in improvements to roads and sidewalks.

A big plus to the proposed initiative is what Beverly Hills would get instead of a second building. The Beverly Hills Garden and Open Space Initiative would beautify one of the most prominent spots in Beverly Hills, with gardens to be designed by an award-winning landscape architect that include a rose garden, fountains and sculptures for the community to enjoy for decades to come. We would have an indoor/outdoor restaurant that would be unlike anything in Beverly Hills. I sincerely hope all of us will be able to make a choice in November!

Beloved El Rodeo Principal Steve Fisher passes

Former El Rodeo principal Steve Fisher passed away Monday. He was 74.

In 1966, after graduating from UCLA, Fisher returned to the BHUSD as a teacher at El Rodeo. He taught there for 20 years and became assistant principal at Horace Mann in 1986.

In 1990, Fisher was named principal at El Rodeo, where he served until his retirement in 2004.

'Steve and I were great friends for 50 years," said former BHUSD Superintendent Dick Douglas. "We both served as history teachers, assistant principals and principals during our long tenure in the district. Steve was a Beverly Hills institution. The community was his life. He savored every minute of his experience in Beverly Hills and sought out every bit of information about the district during his retirement. He touched the lives of countless students, parents, and teachers. His smile, sense of humor, and intellect will be missed by all."

Fisher battled leukemia for 15 years and died of complications from pneumonia. He is survived by his wife Shahla Zand Fisher; his son Chris Fisher; his daughter Cindy Leong; his stepchildren Susie and Hank Guttman; his brother Gary; his five grandchildren Ryan, Dylan, Bryan, Kyle and Alyssa; and Shahla's sister Shahin Zand and her daughter Arya.

A memorial service will be held at the Beverly Hilton on April 23 from 1:00 p.m. to 4:00 p.m. Though the family has requested no flowers, they would greatly appreciate if donations were made to St. Jude Children's Hospital.

Mirisch talks presidential race

Aftonbladet, a daily newspaper based in Stockholm, asked newly installed Mayor John Mirisch earlier this week whether he thinks the 2016 presidential race is the "dirtiest" in history.

"I said I didn't think it was-yet," Mirisch said.

The councilmember has indicated his support for Republican Ohio Governor John Kasich.

Autumn Burke

Burke appointed to Rendon's leadership team

Assemblymember Autumn Burke (D-Marina Del Rey) has been named Assistant Speaker Pro Tempore of Assembly Speaker Anthony Rendon's leadership team.

"This is a great opportunity and I'm truly humbled by Speaker Rendon's confidence in me," Burke said. "I'm proud to be part of the leadership team as we move California forward."

Burke represents the 62nd Assembly District, which includes Venice, Marina Del Rey, Gardena, Hawthorne and Inglewood.

Board of Education Vice President Mel Spitz's statements from the March 15th study session

BHUSD Math Program Overview and Request for Action

The Mission Statement of BHUSD includes these objectives and beliefs: • To inspire and empower each student to achieve academic excellence

- Nothing will take precedence over the elementary through secondary educational program
- Every [student] deserves the opportunity to achieve his or her potential
- 100% of our graduates will feel satisfied with their preparation for post-graduate pursuit

The good news is that in Beverly Hills we have all the essential elements to achieve those objectives: Our annual revenue is \$15,000 per student (compared with \$10,000 in neighboring districts), the community is affluent and supportive, the families are education-oriented, and we have a staff of competent teachers and school administrators.

The bad news is that the academic program is deficient. Here are the facts:

Excluding economically- and minority- disadvantaged students from all districts, BHUSD ranked 71st in English Language Arts proficiency, and 73rd in Math proficiency, among 173 unified school districts in California STAR test results for grades 3-7 during the six-year period 2008-13 (Table A)

- At a school board meeting on September 24, 2013, Chief Academic Officer Tedford stated, "We have the greatest concern of 8th and 9th grade math transition because that is where we see the dip in student performance. That has

been a focus for us for the past two years".

- STAR testing was discontinued after 2013, and replaced by the California Assessment of Student Performance and Progress (CAASPP). In 2014-15, excluding economically- and minority- disadvantaged students from all districts, BHUSD ranked 73rd in ELA proficiency, and 72nd in Math proficiency, among 179 unified school districts for grades 3-7 (Table B)

- Many of our students resort to private tutors and the city's after-school tutoring program, to surmount the inadequacies in the math curriculum.

- At a study session on January 19, 2016 BHHS principal Jackson reported that one-third of the seniors cannot meet A-G graduation requirements.

- At a school board meeting on February 23, 2016, math teacher Schmidt reported that middle school students must take summer school bridge courses in order to qualify for accelerated math courses.

The problems in the math curriculum

To rectify the problems in our math department we must understand the difference between Common Core standards versus Common Core teaching methods and instructional materials.

Common Core standards itemize academic content for math and ELA. Public school districts in California are mandated to cover that content. This was never a problem for BHUSD because we were already teaching beyond that content under the old California state standards.

Common Core teaching methods and instructional materials are not mandated. Instead, local school districts retain autonomy to decide which textbooks to use, their curriculum and teaching methods. According to the California Department of Education website, "Although the standards are intended to provide objectives for students and teach-

ers, decisions about classroom instruction are generally made at the local level by the teacher, local administrator, and/or the locally-elected school board." California Ed Code explicitly states that districts are not even required to utilize textbooks on the state's list of recommended instructional programs.

The distinction between meeting minimum standards and adopting teaching methods is important because Common Core is designed to equalize the quality of public school

level of training.'

ricula and honors courses.

With Common Core teaching methods and instructional materials, our elementary grade math classes are not sufficiently rigorous to prepare students for higher levels of

math. Challenging math problems are virtually excluded from Common Core textbooks. So-called "differentiated instruction" in classes that mix together students of all aptitudes is ineffective. Honors courses in 6th through 10th grades

have been dropped or replaced by less rigorous "accelerated" courses, holding back students who have the aptitude for more advanced math. Stopgap measures and band-aids like summer school bridge classes simply do not compensate for watered down Common Core content.

What other school district superintendents report

La Cañada: "We use pre-Common Core math textbooks for elementary and middle school students. We created a hybrid program called the La Cañada Pathway. It provides regular and advanced pathways to AP Calculus. Our placement policy permits teachers to have students advance quickly, even bypass a class. It is all based on skill level. For example, students can be advanced to 7th grade Geometry. We have 7th and 8th grade honors courses. We utilize the Stanford University online Redbird program to supplement classroom instructions for those students who are qualified. We have a before-school reading intervention program for grades 1, 2 and 3 students who need it."

San Marino: "Honors math begins in 7th grade. Grouping of students of all skill levels can only be effective with a stellar teacher. A teacher that can effectively teach to all levels of students simultaneously is rare to come by.'

Palos Verdes Peninsula: "We adopted the rigorous program Math in Focus for grades K-5 which is based on Singapore Math. We made revisions at the intermediate level, and stayed traditional for Algebra 1 and above."

Conclusion and request for action

After more than four years of focusing on middle school math transition, staff has failed to identify and resolve the problems. The math curriculum is not compatible with the district's Mission Statement. The deficiencies in the program are so extreme that an infusion of technology would not begin to correct the situation. Our students are being deprived of a superior education. How much longer shall we permit this to continue?

I am asking my colleagues on the school board to join me in requesting that Superintendent Kessler propose a plan and budget to improve the math curriculum as quickly as possible. Implementation should be initiated on the first day of the upcoming 2016-17 school year. The plan should identify root problems and their remedies. Each intervention and program change should be clearly defined. There should be a means of tracking progress and monitoring performance. Each goal in the plan should be specific, measurable, results-focused, and achievable within a stated timeframe.

Registration and applications for scholarships are now open. Entry into the Broadway Dreams Foundation is by audition only. THE ARTS AND CRIMINAL JUSTICE REFORM

By Congressmember Ted Lieu and actor Tim Robbins

Our nation's criminal justice system is in a moral crisis. As a country, we comprise five percent of the world's population and nearly 25 percent of the world's prison population. Currently, more than 2.3 million people are incarcerated, and an additional 4.5 million are under correctional control in the form of parole or probation. Taxpayers are spending almost \$70 billion each year on our correctional system. Equally disturbing, America's recidivism rate is one of the highest in the world, and over a third of prisoners will be arrested again within six months of release, going up to half within a year. This is not sustainable. As Congress, the President, and States begin to look critically at our criminal justice systems and find ways for reform, they should embrace creative, proven solutions already in practice including prison arts programs. Arts

education in prison has been shown to lower recidivism, save taxpayers' dollars, and improve inmate behavior.

The Actors' Gang Prison Project brings arts programs inside prisons across the state of California. With six out of ten inmates re-incarcerated in California within three years of release, the Actors' Gang is working creatively to change that. The Prison Project has had great success in rehabilitating inmates through increasing their self-esteem and tolerance and developing their emotional and social skills. They have further seen an increase in racial integration and a reduction in prison violence and recidivism. A recent study by the Department of Corrections shows an 89% reduction in 115s (or in prison violations) amongst inmates that have been through the Prison Project.

Two years ago, the Actors' Gang

successfully lobbied California lawmakers to reinstate funding for the Arts in Corrections program and because of reinstated funding, visual, performing, literary, media,

and fine craft disciplines are available in California correctional institutions. A Captain with the California Department of Corrections and Rehabilitation said the following about the Actors' Gang Prison Project: "I have seen a real change in the Inmates since they started the program with The Actors' Gang. They aren't as ready to snap. They used to get real excited and now they seem very

in touch with how they are feeling. They seem to be experiencing more patience with themselves and with the other inmates. We are starting to see more empathy amongst the other Inmates as well."

Recently in Congress, the House Judiciary Committee passed the Corrections and Recidivism Reduction Act (H.R. 759), which works to help reduce recidivism by providing inmates the help they need to rehabilitate and succeed. We are very excited that the Judiciary Committee heeded our request to include arts language, and Section 5 of the bill now lists "art organizations" as groups the Bureau of Prisons must enter into partnerships with to reduce recidivism. In looking at broadly addressing criminal justice reform, arts should be included in all aspects of education and rehabilitation. We hope that the Senate will also include arts language in their criminal

justice reform bills and that the two chambers will work together to send a bill to the President's desk very soon.

"Currently, more than 2.3 million people are incarcerated, and an additional 4.5 million are under correctional control in the form of parole or probation. Taxpayers are spending almost \$70 billion each year on our correctional system."

Exciting reforms are happening in criminal justice, and states, lawmakers and President Obama are beginning to take note. The White House hosted an event in December entitled Arts & Innovation -Prison Reform & Reentry in the 21st Century, which was a unique opportunity to discuss innovative ways to transform the prison experience, crimi-

nal justice system, and the reentry process through arts-based initiatives. With our prisons overflowing and released inmates cycling back into prisons months after being released, we must embrace creative, evidencebased solutions such as arts education in any discussion involving criminal justice reform. We ask that you join us in our initiative as we continue to push lawmakers and correctional facilities across the nation to expand arts education as a means to rehabilitate inmates for society, lower recidivism, increase public safety, and save taxpayers money.

Congressmember Ted Lieu (D-Torrance) represents the 33rd District, which includes Beverly Hills. Actor Tim Robbins is the founding artistic director of the Actors' Gang, a theatre company based in Culver City.

BHHS promotes assistant to be new football coach Norman boys' tennis team defeats Windward By Steven Herbert

Beverly High assistant coach Steve

Geanakos has been named as the school's football coach, principal David Jackson said Wednesday.

Geanakos was the lone certificated applicant from the district to apply by the 5 p.m. deadline on March 9, Jackson said.

Under the collective bargaining agreement covering the Beverly Hills Unified School District's teachers, if a qualified teacher from the district applies for a vacant coaching position, he or she is hired to fill that position, Jackson said.

"He's absolutely 100 percent qualified," Jackson said. "He's great with the kids. I've seen him on the football field. He knows football. I've seen him in the classroom. He's extremely organized. He's extremely positive."

Geanakos has been a football and track coach and science teacher at Beverly High since 2008, according to his LinkedIn profile.

"We're just very happy we have an onstaff football coach," Jackson said. "The best way to go with any head coach is with an on-staff coach."

The advantages to having a football coach on the teaching staff include that "if there is an issues any place with other teachers, they have someone to go to right away," Jackson said. Geanakos coached football, basketball and softball and taught science at Trinity High School in Weaverville in Northern California from 2000-2008.

Geanakos also coached and taught at Summerville Union High School in Tuolumne in Central California from 1998-2000 and at Atascadero High School from 1992-98.

Geanakos succeeds Charlie Stansbury, who resigned after three seasons because his wife got a job with San Luis Obispo County's government.

Geanakos inherits a team that was 1-9 each of the past two seasons and 6-44 over the past five seasons.

COVERSTORY BEVERLY HIGH ALUMINI INDUCTED INTO HALL OF FAME

Honorees discuss how Beverly High shaped their lives

By Mina Riazi

SPENCER PAYSINGER Class of 2006

NFL linebacker Spencer Paysinger's time at Beverly High was a pivotal point in his life.

"Being able to attend Beverly [High] and see so many different cultures melting together was one of the best things that happened to me at a young age," Paysinger said.

At first, Beverly High was like a different universe to Paysinger, who had grown up in South Central and attended elemen-

tary school and junior high in Inglewood.

"I now know how to maneuver my way with people who aren't necessarily from my background, and I think that's definitely something that Beverly taught me," Paysinger said.

A second-generation Norman athlete, Paysinger trailed his father Donald and his uncles Carter and Vonzie. His football career at Beverly High is marked by many triumphs: he was credited with a team-high 54 catches for an Ocean League-leading 1,093 yards and 10 touchdowns as a senior.

Paysinger, who concluded his high school career by earning first-team all-CIF Division IV and unanimous league MVP honors, acknowledges the role his family played in shaping his athletic trajectory.

"I always had to make sure that I didn't bring any bad news or any bad grades or any dishonorable things to my family, as well as to the high school, because essentially, Paysingers have been at Beverly for decades," Paysinger said.

Paysinger signed as a free agent with the New York Football Giants in 2011 and as a free agent with the Miami Dolphins in 2015. Accruing 25 tackles, he was named team captain four times throughout the season.

WILLIAM LYON Class of 1941

A 1941 Beverly High graduate, General William Lyon has prospered as both a businessman and a member of the military.

More than 60 years ago, Lyon began building homes for returning military personnel and others attracted to the Golden State. This modest effort evolved into William Lyon Homes, currently one of the nation's largest Western U.S. regional homebuilders.

Lyon's distinguished military career spans more than 35 years. He flew combat missions in Korea and carried out several assignments in Europe, the Pacific and North Africa during World War II.

Over the years, Lyon has collected numerous awards and decorations, including the Distinguished Service Medal, Legion of Merit, the Distinguished Flying Cross, the Air Medal—with two oak clusters— and the Presidential Unit Citation.

Propelled by his love for flying, Lyon established the Lyon Air Museum in 2009. Currently, he serves as a director on the Segerstrom Center for the Arts Board. A Los Angeles native, Lyon and his wife Willa Dean Lyon have five children and six grandchildren.

"It led me to unique opportunities."

After graduating from Columbia University in 1976, Brown signed a free-agent contract with the New York Jets and played briefly in the summer preseason.

"My years at Beverly were probably better athletic years—better coaching—than I received at any point after that," Brown said.

Principal F. Willard Robinson, Chuck Kloes, Ben Bushman and Lyle Suter were among the faculty members that shaped Brown's career. Most memorable of all was football coach Jack Riley.

"He had the real vision for what I could achieve as an athlete and he devoted a great deal of his personal time to developing my athleticism," Brown said. "He certainly was monumental."

Brown recently moved back to Los Angeles after spending four decades on the East Coast.

"I decided this would be the perfect time to return to Los Angeles and spend these years with my [94-year-old] mother," Brown said.

JANE WORTMAN Class of 1971

Jane Wortman is a longtime match teacher at Beverly High, recently retired. However, she was traveling and unavailable for comment.

High, was also the football coach.

"He was a well-disciplined and very classy guy," Fox said. "When he said something, you know he meant it. When we had practices and matches, he had very good control of the team, which is hard to do in tennis, because it's an individual sport."

Fox eventually became a coach himself, leading the men's team at Pepperdine University to a top-five ranking in Division I for 10 consecutive years, including six NCAA quarterfinals and two final berths.

"Keeping the players' heads straight is 85 percent of your job as a coach," Fox said.

Combining his experiences as an athlete and as a graduate of the UCLA Psychology Department, Fox later authored several books on tennis, including The Winner's Mind and Tennis: Winning the Mental Match.

"In an individual sport, there's no coaching, there's no help, there's no nothing—you have to figure out how to control yourself," Fox said.

Fox and his wife Nancy currently live in San Luis Obispo.

FRANK DEXTER BROWN Class of 1972

During his three years at Beverly High, Frank Dexter Brown established himself as both an athlete and a scholar. He juggled football, basketball and track-andfield, eventually achieving letterman status in all three sports. Outside of athletics, Brown founded the Beverly High Human Relations Club and became involved in theater arts.

"Beverly High was certainly a very significant experience for me," Brown said.

ALLEN FOX Class of 1957 Allen Fox acknowledges that unlike most sports tennis relies more on the indi

most sports, tennis relies more on the individual and less on team spirit. He started playing the sport as a 14-year-old growing up in Tucson, Arizona.

Then, during his junior year, Fox transferred to Beverly High, where he had "hard working, intelligent friends" and enjoyed Beverly for its "very serious academic and athletic program."

Joe Sabel, Fox's tennis coach at Beverly

RON CRAWFORD

McCarthy Lifetime Achievement Award Throughout his 35-year teaching career at

Beverly High, Ron Crawford impacted many lives. "I have letters from former students saying that if it hadn't been for Ron, they wouldn't know where

their life would have gone," said Crawford's wife Lynn, who taught at Hawthorne for 16 years. "He really gave them the right direction."

Crawford taught physical education and coached swimming and water polo at Beverly High from 1966 to 2001. A three-time Olympic water polo

player, he competed in the 1960, 1964 and 1968 Summer Olympics, scoring five goals in his first tournament.

"He was very dedicated, even outside of coaching," Lynn said. "He would always tell people if you're going to do something, you need to make a total commitment."

In 1977, Crawford was inducted into the U.S.A. Water Polo Hall of Fame. He became the International Water Polo Hall of Fame's first-ever American inductee in 1983.

"Playing and coaching water polo has been a big and important part of my life," Crawford said in a June 2014 interview with Water Polo Planet.

Crawford passed away on December 20, 2015. He was 76.

NOLAN FRIZZELLE Class of 1939

Bob Frizzelle remembers his father Nolan as a resilient fighter who survived many neardeath experiences while serving in the Marine Corps. Undeterred by disaster, Frizzelle joined the Marines on December 8, 1941, the day after the attack on Pearl Harbor.

Frizzelle's career in politics, which eventually led him to the California State Assembly, seemed to be a natural outcome of his fiery personality.

"He got involved in politics because of the schools in Pasadena, which had started teaching creative writing where you didn't correct creative spelling," recalls Bob, the youngest of four children. "Dad thought that was a stupid idea and he told the people at the school that it was a stupid idea."

After successfully overthrowing the superintendent of the Pasadena Unified School District, Frizzelle became the target of numerous death threats, and decided to relocate his family to Newport Beach, where he met other conservatives and built a network of friends.

Frizzelle later served as President of the Newport Beach Rotary Club, director of the Boys Club and a member of the Newport-Mesa School District Board of Education. In 1980, he ran for the California Assembly and defeated three-term Democratic Assemblymember Dennis Mangers.

Frizzelle passed away in 2013.

HOSEA FORTUNE Class of 1977

Joyce Fortune describes her late son Hosea as a diligent worker who triumphed over any obstacle.

"I think [Beverly High] gave him a chance to develop his leadership skills," Joyce said.

Fortune's arrival at Beverly High in 1974 spelled good news for the 10th-grade footballers, who saw an increase in the number of games they won from two during their freshman year to five during their sophomore year.

His accomplishments extended to track as well. Fortune became the Ocean League 120 Yard High Hurdle Champion and was a member of the Third Place Beverly High Ocean League 4x100 yard relay team.

"He was fun and gregarious and very popular, but also very humble," Joyce remembers. By the time Fortune graduated from Beverly High in 1977, he had established himself as one of the school's greatest football players and multi-sport athletes and the first "King" elected by the student body. His only setback that final year came when he broke his leg returning a kickoff in the annual Shrine All-Star Classic.

"Hosea had a steel rod in his leg for almost a year because the bone was broken in half," Joyce said.

Nevertheless, Fortune continued to play. He spent one year at San Jose State and then transferred to Rice University where he started as a wide receiver for the Rice Owls. His statistics improved every year.

Fortune passed away in July 2004 from ALS, also known as Lou Gehrig's disease.

The 2016 Beverly High Alumni Hall of Fame Dinner will be held March 31 at Carnesale Commons on the UCLA campus. Cocktails will be served at 6:30 pm and the dinner starts at 7:30 pm. For additional information, email hofdinner@gmail.com or call 310-385-0679.

LET THE VOTERS DECIDE: A Better Plan for Beverly Hills

In 2008, Beverly Hills voters approved the Beverly Hilton Revitalization Plan to enhance and protect this iconic local landmark. Upon receiving valuable feedback from neighbors – and carefully studying how to make this project most beneficial to the property and our community at large – **a new plan to create an environmentally sensitive garden open to the public has been unveiled.**

NEW GARDEN AND OPEN SPACE

The initiative will create a beautiful, lush garden at the city's gateway on Wilshire Blvd. and Merv Griffin Way for residents and hotel guests to enjoy – at no cost to taxpayers. This will bring the total amount of gardens, landscaping, and open space on the property to over four acres.

TWO BUILDINGS COMBINED INTO ONE

This new garden and open space will be made possible by eliminating the building originally planned to be built on Wilshire Blvd. and adding eight stories to the approved building on Santa Monica Blvd. and Merv Griffin Way. **There will be no additional square footage than what is already in the approved plan.**

TRAFFIC IMPROVEMENTS

The new plan will deliver the same comprehensive package of transportation improvements as contained in the original plan, including \$5 million in offsite traffic improvements. Those will include new lanes on Wilshire and Santa Monica Blvd. and a new traffic signal at the intersection of Santa Monica Blvd. and Merv Griffin Way. **The revised plan will not result in any additional traffic as compared to the approved plan.**

Help make The Beverly Hills Garden & Open Space Initiative a reality

Let the Voters Decide: The first step will be to gather enough signatures to place The Beverly Hills Garden & Open Space Initiative on the November 2016 ballot – thereby granting decision-making authority to the people.

NOTICE OF PETITION TO ADMINISTER ES-TATE OF DANIEL LESLIE BRENNER aka DAN-IEL L. BRENNER Case No. BP171633

To all heirs, beneficiaries, creditors, contingent creditors, and per-sons who may otherwise be interested in the will or estate, or both, of DANIEL LESLIE BRENNER aka DANIEL L. BRENNER A PETITION FOR PROBATE has been filed by Robert F. Kunst in the

Superior Court of California, County of LOS ANGELES. THE PETITION FOR PROBATE requests that Robert F. Kunst be appointed as personal representative to admin-ister the estate of the

decedent. THE PETITION requests the decedent's will and codicils, if any, be

admitted to probate. The will and any codicils are available for examination in the file kept by the court.

THE PETITION requests authority to administer the estate under the Independent Administration of Estates Act. (This authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however the personal representative will be required to give notice to interested persons unless they have waived notice or consented to the proposed action.) The independent administration authority will be granted unless an inter-ested person files an objection to the petition and shows good cause why the court should not grant the authority.

A HEARING on the petition will be held on April 7, 2016 at 8:30 AM in Dept. No. 67 located at 111 N. Hill St., Los Angeles, CA 90012. IF YOU OBJECT to the granting of the petition, you should appear

at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney. IF YOU ARE A CREDITOR or a contingent creditor of the decedent,

you must file your claim with the court and mail a copy to the personal representative appointed by the court within the later of either (1) four months from the date of first issuance of letters to a general personal representative, as defined in section 58(b) of the Califor-nia Probate Code, or (2) 60 days from the date of mailing or personal delivery to you of a notice under section 9052 of the California Probate Code.

Other California statutes and legal authority may affect your rights as a creditor. You may want to consult with an attorney knowledgeable in California lav

YOU MAY EXAMINE the file kept by the court. If you are a person interested in the estate, you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250. A Request for Special Notice form is avail-able from the court clerk.

Introducing One Beverly Hills

Originally approved in 2008 with 235 residences and retail space, **One Beverly Hills** improves upon the previously approved 9900 Wilshire residential project by replacing five floors of residences in the South Building with a luxury boutique hotel. There are no substantial changes to the overall architectural concept, height or square footage from the original project.

One Beverly Hills will include:

- 193 new luxury residences
- 134-room luxury boutique hotel
- 3/4-acre public gardens and over 3 acres of open green space throughout the property
- LEED certification of Silver or higher
- Greywater recycling system

The City is currently preparing the Supplemental Environmental Impact Report for the project which will include a study of potential traffic impacts. We anticipate that the independent traffic engineers will determine that there will be no significant impacts.

One Beverly Hills will follow all City processes, including review and consideration by the Beverly Hills Planning Commission and the Beverly Hills City Council.

As the public review process continues, we will be hosting open houses at our offices to hear your thoughts and answer your questions. We look forward to meeting with you.
