AN OPEN LETTER TO THE **COMMUNITY:**

As Mayor of Beverly Hills, I've been approached by a number of residents who have asked me about a petition circulating which would add to the Beverly Hilton's building entitlements without going through the standard City reviews, including environmental reviews. Let me tell you my personal opinion about the petition and initiative: I believe that the more you know about this deceptive initiative, the more you're going to want to say "no." For example, you are probably not aware that the initiative's real purpose is to allow the developer to build a 375-foot high skyscraper, and that there are no "public gardens," despite the pretty pictures.

As Mayor, and, more importantly, as a resident who cares about Beverly Hills, I urge you not to sign the petition. The initiative is being misrepresented by those asking, and in some cases pressuring you to sign. The circulators get paid per signature, so they clearly have a financial interest in getting you to sign. In many cases, the signature-gatherers aren't Beverly Hills residents and have no stake

in our Community.

Here's why you shouldn't sign (or should rescind your signature if you were pressured into signing or mistakenly signed the petition):

1) The campaign is deceptive, especially about the "open space." The developer has titled his scheme "The BH Garden and Open Space Initiative." In fact, his main goal is to build a 375-foot skyscraper, absolutely unprecedented in Beverly Hills.

a. The park is not a "public park." The developer has tried to give the impression that the small amount of additional open space created would be a public garden. Paid supporters have compared the new open space to the popular Beverly Canon Gardens by the Montage. The new open space is NOT a public park, like the Beverly Canon Gardens. It would be a private area, open to the public at the owner's discretion. It could be closed for private parties and events.

b. The "open space" could be eliminated in the future. There is nothing in the initiative which ensures that the park would remain green space forever. The open space would not be deeded to the City, nor is the City being offered a permanent easement, which means the developer could apply to build an additional high rise building there at some point in the future.

c. Disruption to El Rodeo. The "open space," as planned, would be more - not less disruptive - to El Rodeo across the street. One of the arguments made to El *letters cont. on page 3*

BHUSD legal fees for first QTR approach \$1 million

BHUSD legal expenditures inched towards \$1 million for the first quarter calendar year, totaling \$847,642 (see chart on right). Second-quarter legal fees stood at \$927,260.

Around \$285,000 was charged to the general fund and \$562,000 to Measure E. The \$285K was paid to six different

law firms, two more than the previous quarter, and Measure E expenditures were paid to five different law firms.

Attorney Fred Fenster from Greenburg Glusker represents the district in the litigation involving former BHUSD Facilities Director Karen Christiansen. The total judgment against the district currently exceeds \$20 million.

As of October 2014, Horvitz & Levy represented the district in the CEQA appeal involving Metro's proposed Purple Line extension project, which the district

Rodeo parents is that "a park would replace a building, and that would be better for El Rodeo." However, the developer has announced that the park space would host a "Tavern on the Green" style restaurant, which would serve liquor. It would likely host parties and the potential noise and impacts on the school cannot be studied, as the developer is avoiding a full environmental review through the initiative.

d. **No free or additional parking.** Not only can the owner close the park at his sole discretion for private events etc., but the initiative does not provide for free parking, such as the City provides at the lot below the Beverly Canon Gardens. Neither does the initiative add parking to the project to deal with the additional demand the new restaurant and event spaces would create.

2) At 375 feet, the building is much too high for Beverly Hills. While getting the skyscraper approved is the main goal of the initiative, none of the renderings shows the full height of the building. All of the developer's drawings cut off the skyscraper to deceptively minimize its visual impact. To put things in perspective: the proposed tower is 70 feet higher than the Statue of Liberty - including the base; it is 60 feet higher than Notre Dame in Paris; it is 60 feet higher than **<u>Big Ben</u>** in London; it is more than double the height of Niagara Falls. What's more, it is more than double the height of the current highest building in Beverly Hills. The maximum height allowable for commercial buildings by our General Plan is 45 feet. Beverly Hills is not Manhattan; we are not Dubai; and we are not Century City. There is simply no good reason for us to allow such a ridiculously outsize monstrosity just to satisfy the financial desires of a developer.

3) The process is unfair and sets a bad precedent. The Hilton is using a

lost. Murphy & Evertz represented the district in the CEQA case against Metro in opposition to the Purple Line extension route.

According to research conducted by Board of Education Vice President Mel Spitz last December, comparative school districts spend \$65 per student on legal fees, whereas the BHUSD spends \$478.

loophole, which would allow it to avoid the full environmental and public review which every other construction project has to go through in Beverly Hills. There are numerous additional impacts, including increased traffic and shade and shadow issues, which the project would create and which would be completely ignored because the loophole eliminates the full environmental review. This is clearly unfair to all of our residents and businesses who go through the existing process whenever they want to build, remodel or construct something. If anything, a project of the magnitude proposed by the Hilton should in fairness require more, not less environmental review.

4) The proposed project wastes water compared to the existing plan and is less environmentally friendly. The current Hilton project requires the Waldorf Astoria hotel and the condo buildings to have a gray water system, which means that the buildings would need to use recycled water, for example, to flush the toilets. The initiative would eliminate the buildings' gray water system, meaning each time a toilet is flushed, potable water is wasted. This is both irresponsible and unacceptable in a drought-stricken California in which the City of Beverly Hills has been mandated by the State to reduce our water usage by 32%, which has forced the City to assess penalties for residents who use too much vater.

5) The proposed project will have additional impacts, including additional traffic and circulation impacts, which can't be studied or mitigated with this initiative. The initiative creates new outdoor event areas, which could be used to host numerous private parties, conferences and other events. These kinds of events are among the most intense traffic generators, and we would not be in a position to regulate or mitigate any of the negative impacts

the project would necessarily create.

It is clear why the developer doesn't want to go through the same process and procedure as every other resident and business in the City; it's clear why the developer is spending millions on a deceptive campaign to get our residents to approve his plan. The fact is, the project, if approved as proposed, would enrich the developer by some \$200 to \$300 million -- without any additional financial benefits to the City.

Let me be clear: even if the developer would renegotiate the development agreement with the City to provide additional financial benefits to the City and schools, which are not included in the initiative, I would oppose it for all of the reasons stated above. While it may be a financial boon worth hundreds of millions of dollars to the developer, a 375-foot water-wasting skyscraper, which is what the initiative is really about, is simply wrong for the City and for our residents.

I would urge you not to sign the petition, and should you have signed by mistake and wish to rescind your petition, please contact our City Clerk, Byron Pope, at bpope@beverlyhills.org, 310-285-2401. You have the right to rescind your signature.

"Board forms advisory committee, increases K-3 cap to 23" [Issue 861]

On Tuesday night, a large number of educators in our district attended the Board of Education meeting because they were concerned about the Board's position on K-3 class sizes. The reason teachers did

not express their feelings at earlier Board meetings when revisions to the Board Policy on class size were being discussed was because they understood that this issue was being negotiated at the bargaining table and what is in our contract supersedes what is in our Board Policies.

In March, the Beverly Hills Education Association and the district came to a conceptual agreement to raise the K-3 class size to a maximum of 21 students when all classes at a given grade level is at 20. In other words, under the terms of this conceptual agreement, a 2nd grade class at Beverly Vista would get a 21st student only when every 2nd grade class in the district had 20 students. Under the current contract, with the revised Board Policy on class size, a 2nd grade class at Beverly Vista could conceivably have 23 students as long as the district-wide average for that grade level is at 20:1.

Community members and educators have long made it known that such a scenario is problematic. However, we understand it to be a temporary issue since a conceptual agreement has already been reached. But because some members of the Board of Education appear to be sending mixed signals regarding their stance on class size, BHEA wants to stress the importance of what it means to have a conceptual agreement as well as remind the Board that BHEA has always been open and willing to work with the district for the good of our students - we did so when the Board asked to revise the 2016-17 school calendar, we offered solutions that would allow for a 21st student in a K-3 classroom last year, and we will work with the district if flexibility is needed regarding class size or any other issue as we move forward.

LaVan to resign

Hawthorne Principal Ena LaVan has submitted a letter of resignation.

"I'm so sorry to see her go, but we'll be aggressive in getting a new principal for Hawthorne," said Superintendent Steve Kessler. "This will have my immediate attention."

Before she was appointed principal at the K-8 school last June, LaVan was briefly considered for the same opening at

opening at *Ena LaVan* Beverly High.

In a surprising move, the Board of Education publically named her as a candidate, and then turned her down for the position.

LaVan is the founding Principal of Alliance William & Carol Ouchi High School, a charter school in Los Angeles. She did not return a call from the

Weekly by press time.

Earlier this year, the Board of Education greenlit the bid process for the expansion of the Beverly Vista playfield, a project that will add two U-10 soccer fields to the existing space.

At Tuesday's meeting, the Board endorsed a contract totaling \$969,000 with Asphalt, Fabric and Engineering Inc. The bid includes an option to add school logos to the centers of the two fields, a \$24,000 addition that would bring the final price to \$993,000.

The logos did not receive the Board's unanimous support, and will be voted on at a later meeting.

In addition to BHUSD students, the expanded green space is expected to benefit members of youth organizations like AYSO.

AYSO Regional Commissioner Michael Karon told the Weekly earlier this year that school playgrounds play an "important role in our ability to put kids on fields."

The soccer organization has agreed to fund a significant portion of the \$969,000 undertaking, but has not yet finalized the amount.

After the project is complete, soccer fields will envelop nearly three quarters of the playground at Beverly Vista.

The Board received bids from two other firms.

District "technology" bond estimated at \$53 million

More than triple the original evaluation, the BHUSD "technology" bond is now estimated at \$53 million, as revealed in a presentation held by district staff and faculty members at the Board of Education meeting Tuesday.

Slated for the November ballot, the technology bond would fund tech equipment, infrastructure and projects, requiring an annual General Fund allocation of \$960,000

"We're talking about excellent teaching that's empowered through technology," said BHUSD Technology Director Bernadette Lucas.

The Board heard from bond proponents Chief

Academic Officer Jennifer Tedford, Beverly Vista Principal Christian Fuhrer and Tech Committee m e m Bernadette Lucas

A.J. Willmer, among others.

Following a proposal by Superintendent Steve Kessler, the Board directed Godbe Research last December to conduct a poll so that the district can conceptualize voter support for the new bond.

Board member Isabel Hacker wondered whether the \$53 million estimation requires fine-tuning.

"The amount of the bond that [Redondo Beach Unified School District] passed was \$36 million," Hacker said. "They have 16 schools and 10,000 students; it passed in 2012 and the life of the bond is14 years."

Hacker said she believes the district can minimize the cost of the bond.

The Board is expected to revisit the discussion at a future study session.

9908 South Santa Monica Boulevard Condominium Project

The City of Beverly Hills is preparing a Draft EIR for the proposed 9908 South Santa Monica Boulevard Condominium Project located at 9908 S. Santa Monica Boulevard as more fully described below. The public is invited to attend a preliminary "scoping" meeting on Tuesday, April 26, 2016 at 6:00 p.m. to comment on environmental issues that should be addressed in the Draft EIR.

Project Location: The 36,002 square foot (sf) project site is located at 9900-9916 South Santa Monica Boulevard, in the City of Beverly Hills. The site is located at the southwest corner of the intersection of Charleville Boulevard and South Santa Monica Boulevard and consists of five parcels. The project site is denoted by Assessor Parcel Numbers 4328-002-010, -011, -012, -013, and -034. The project site is regionally accessible from Interstate 405 (the San Diego Freeway) and Interstate 10 (the Santa Monica Freeway), and locally accessible from Santa Monica Boulevard (State Route 2).

Project Description: The project site is comprised of five lots located on the south side of South Santa Monica Boulevard, at the corner of South Santa Monica Boulevard and Charleville Boulevard. The proposed project would involve the construction of a new 27-unit condominium building with units ranging from one to four bedrooms and subterranean parking. The condominium building would consist of five stories of residential units, rooftop common areas, and one level of underground parking containing a total of 74 parking spaces for residents.

The project site is located in a C-3A Commercial Zone, which does not allow multi-family residential uses. Therefore, the proposed project would require amendments to the General Plan and Municipal Code in order to create a Residential Overlay Zone, as well as a Planned Development Permit.

Potential cumulative impacts and potential for growth inducement will also be addressed; alternatives, including the No Project Alternative, will be evaluated.

The City also invites written comments on issues related to potential environmental impacts during a 30-day comment period, which starts on April 14, 2016 and will conclude on May 13, 2016. Community meeting on Metro draft expenditure plan to take place April 21

The Los Angeles County Metropolitan Transportation Authority is holding a series of community meetings this month to share with the public the draft expenditure plan that could become part of a possible ballot measure in November.

A meeting will be held from 6:00 pm to 8:00 pm on April 21 at West Hollywood's Plummer Park Community Center, located at 7377 Santa Monica Boulevard.

The plan is based on public input and outlines \$120 billion in transit and highway projects and a host of other improvements. In addition to new transit and highway projects, the draft plan includes commuter rail; transit operations and projects to keep buses, trains and facilities in good repair; pedestrian and cycling connections and funding to support affordable fares for students, seniors and the disabled. It would also return revenues to local cities on a per-capita basis.

The potential ballot measure under consideration would ask voters to increase the county-wide sales tax by a half cent for 40 years and to continue the existing Measure R tax for an additional 18 years, both of which would run through 2057. In addition to a 40-year plan, staff also provided the Board with 45- and 50-year scenarios. The Metro Board of Directors has final say on the spending plan and is scheduled to decide in June whether to put a ballot measure before the voters.

The full expenditure plan is available for public review at www.metro.net/theplan. The public is encouraged to take a look at the plan, realizing that it is a working draft document and subject to change, as the process goes forward. The public will be able to provide input through a variety of outlets, including public meetings, telephone town hall meetings or at theplan@metro.net. Public input will be compiled and shared with Board members as they contemplate a final expenditure plan and decide at their June meeting whether to put the measure on the November ballot.

Signatures are needed from 15 percent of 21,000 registered Beverly Hills voters, Garvey said, which amounts to roughly 3,600 signatures.

"They need to back up, I would say, a minimum of 30 to 45 days prior to August 12 in order to potentially qualify for the November ballot," said City Clerk Byron Pope.

August 12 is the last day to approve consolidation requests for the county.

According to Garvey, the Beverly Hills Garden and Open Space Initiative has hired a canvassing and outreach firm to take on the project, which is standard protocol. In addition, 100 community members are volunteering to gather signatures, standing outside "different popular locations" throughout the city, as well as going door to door.

Mirisch has heard reports that the signature gatherers have often been aggressive, but he acknowledged that it was secondhand information.

"We're on pace to collect all the signatures we need," Garvey said. "And we're seeing a lot of support for putting this on the ballot."

coverstory Woman's World

Women's Club President Mumsey Nemiroff on philanthropy, the Electric Fountain and the club's centennial year

"It's not your

grandma's Beverly

Hills Women's Club"

By Mina Riazi

The Beverly Hills Women's Club is celebrating its centennial year. What do you consider to be its greatest accomplishment?

I think its greatest accomplishment is the diversity of our membership and the diversity of our philanthropic endeavors. We have always

been interested in philanthropy, and since I've been president, we have really branched We out. now include the UCLA Mattel Children's Hospital: we do little bags for the patients and their families to help them through a difficult time. Another of our philanthropies is called "college track" and it involves high school students from the Boyle

Heights area. A few weeks ago, we invited 80 of them to a day of inspiration at the club, and we had panelists who are club members who started from rather limited beginnings-as a matter of fact, some of them even went to school as kids in Boyle Heights and became lawyers and teachers and various professional women. They actually mentor these kids with their college applications, making sure that they get the applications in on time and that they're filled out properly. It's not only dollar philanthropy that we give, but our time as well. We fill [100] backpacks every year in August for back-to-school for the Salvation Army. The backpacks are age and grade-appropriate, from elementary to high school. And these kids wouldn't even be able to attend school without some of these necessary items that other kids take for granted. We support Aviva, which is

them—all kinds of things, things that they really need. We have a group called the Philanthropy Council within the Beverly Hills Women's Club and they vet each charity that we take on.

> What's your response to people who claim the Women's Club is an oldfashioned concept?

It's not your grandma's Beverly Hills Women's

Club. We have a very ethnically diverse membership, first of all, and we have a predominance of professional women as members. Monday is "game day," and while that does salute the traditional women's club with bridge and mahjong, there are also French class and book club meetings on Mondays as well. Tuesdays, Wednesdays and Thursdays we have different events like field trips to Rand Corporation, where we have lunch and tour [the institution] and have one of their experts speak to us; we have people who come and speak on climate change and a whole variety of things. We also have member participation. For instance, every year around Chinese New Year, one of our Chinese members hosts a dumpling cooking class in her kitchen-so we do a lot of things like that. Every Christmas, we have an open house where Santa Claus comes, and I [dress up as] Santa Claus. The Marines come and everyone brings Toys for Tots and it's a wonderful holiday celebration. Every year, our big luncheons are Mother's Day, holiday in December and Valentine's Day. During those we invite vendors who come and sell their products and all of that money goes towards our restoration and our charities. So we're very involved in the community as well as being philanthropic, and we do a lot of cultural things.

How does one become a member?

The process involves filling out a membership application, which is available online or can be picked up at the club. A person needs to be sponsored by two current members, and that shouldn't be a problem, because if someone is interested in becoming a member, we invite them to a couple of events as our guest so that they can meet members and see if it's a good fit. We actually have a lot of foreign members: we have two new members from Italy. It's very nice to walk around the club and hear other languages spoken. We have a mother and a daughter who both joined and they're from Tunisia, and there's a young couple who opened an art gallery in West Hollywood, and the four of them sat down and they were speaking French, their first language. It's really nice to be in that kind of environment and to be [surrounded by] interesting people whose paths, for one reason or another, would never have crossed if they didn't have the club in common.

What was the club's purpose when it was founded?

It has always had the same mission, which is community involvement in cultural, philanthropic and social endeavors.

What are you doing to attract younger members?

Our programs are now [scheduled] at different times of the day; we always make it a point every month in our program book to [offer] evening meetings, afternoon meeting and breakfast meetings, which are great because we give breakfast. [In this way], we accommodate the schedules of young mothers and working women. I think it's a very important way to attract members. The nature of the programs [also help attract younger members]. I took a group out to Pepperdine University in Malibu to see the Andy Warhol show and they loved it. A lot of them went to lunch afterwards and some of them went back to work. I've also taken groups down to the Broad Museum. We provide the opportunity to do things like that.

What was the club's role in the Electric Fountain restoration?

The Electric Fountain on the corner of Wilshire and Santa Monica was given by the Beverly Hills Women's Club and a couple of our members. We have two commemorative banners up on Santa Monica Boulevard for the Women's Club, and they're both up at the Electric Fountain.

Will Rogers and some of the other founding members had the foresight to not only purchase the lot on which our clubhouse is located on, but the lot next door, which is now our parking lot. Originally, Will Rogers had horse shows on the lot that's now our parking lot, so it's another kind of horsepower that occupies that lot today.

Does the Women's Club own the building?

Yes. People pass that building and think it's a home—it was never a home, it was built as a clubhouse. The building is a national, state and city landmark. It's Beverly Hills landmark #3.

Why is the club essential to Beverly Hills?

We provide something that is available nowhere else. We're not a country club—it's not elitist— it's a community club and a community organization and our philanthropic endeavors are not elitist either. As I mentioned, we try and have a broad spectrum of philanthropy that is very inclusive ethnically and geographically throughout Southern California and throughout the Los Angeles area. I think that we fill a lot of holes in the Swiss cheese that is Southern California.

Tell us about some upcoming events.

On Thursday, May 5, we have our big Mother's Day lunch and there will be vendors and we are thrilled to be having an Eileen Fisher fashion show. We have an estate sale every year, at the end of our season, and this year the estate sale is on June 25. Members donate furniture, clothing, designer handbags—all kinds of things—and we use the proceeds to maintain and restore our clubhouse. The public is invited. Our centennial gala will take place on November 12.

You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same Lender may hold more than one mortgage or Deed of Trust on the property. Notice to Property Owner The sale date shown on this Notice of Sale may be postponed one or more times by the Mortgagee, Beneficiary, Trustee, or a court, pursuant to Section 2924g of the California Civil Code. tioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. NOTICE TO PROPERTY OWNER. The Wilshire Gardens at One Beverly Hills

One Beverly Hills' Wilshire Gardens are truly public

One Beverly Hills will feature three-quarter acre public gardens on Wilshire Boulevard and along Merv Griffin Way. It will also offer over 3 acres of additional green space, walkways and seating areas.

Our existing Development Agreement grants an easement to the City that will make the gardens a <u>dedicated</u> public garden. The Wilshire Gardens at One Beverly Hills will remain public as long as the project exists. And One Beverly Hills is required to maintain them without cost to the City.¹

One Beverly Hills is serious about environmental sustainability. The project will:

- Integrate state-of-the-art greywater reclamation technology throughout the project, including the hotel, to maximize the reuse of the site's precious water resources
- Utilize sustainable native landscaping
- Deploy weather-based irrigation systems to significantly decrease irrigation

To ensure the community's use and enjoyment of the Wilshire Gardens, One Beverly Hills will provide 20 valet spaces at a time for 2 hours of free parking.
