"An Open Letter to the Community" [Issue 863]

If you are like me and want to see more open space in our city, I hope you will join me in support of the Beverly Hills Garden & Open Space Initiative.

The new plan will completely remove an 8-story building on Wilshire Boulevard, which was approved by voters in 2008, and replace it with a garden open to the public. The new plan will take units that would have been built along Wilshire, across from El Rodeo school, and will add them to a building already approved to be built on Santa Monica Blvd. I appreciate that the owners of this property are allowing voters to have a say in what the new plan will look like and hope it passes on the ballot in November!

Brittany Nuvoletta Beverly Hills

"The Beverly Hills Garden & Open Space Initiative" clearly has a better ring to it than "The Sneak-a-26-Story-Skyscraper-into-the-Community Initiative," but it sounds like that is a more

accurate picture. I am very grateful for Mayor Mirisch' articulate, eye-opening letter. I am struck by the fact that all the lovely, pervasive artwork somehow manages to avoid showing the top half of the tower - there is no sense of scale. In fact, the front-page rendering of the garden in this weekend's mailing suggests there are no buildings nearby whatsoever.

If I wanted to build a puny, little fence around my green space, I mean, my front yard, I would have to go through the proper City process, not just get my friends and neighbors to say it's ok with them. A 26-story skyscraper should have to do the same.

Helene Harris **Beverly Hills**

I believe it is much more desirable to have a gorgeous green open space, with beautiful flowers and trees, instead of another building that won't serve as an amenity to residents the way a garden will.

The Beverly Hills Garden & Open Space Initiative is our chance, as residents of Beverly Hills, to have a say in development on the Beverly Hilton property, and to get a beautiful garden instead of a building. There is already an approved project to build on that site. If we don't sign the petition, that project will be built-an 18-story building on Santa Monica and an 8-story building on Wilshire.

The question is, do we want to combine *letters cont. on page 3*

Dog park donations fall short at just under \$14K

Earlier this year, the City Council approved a \$600,000 "base option" for the off-leash park. Currently, \$400,000 is available in "Fund 160," a fund reserved for expenditures related only to Recreation and Parks capital projects.

"There needs to be at least \$1.1 million for the dog park," Beverly Hills Courier Publisher Marcia Hobbs said last month

those buildings into a single, 26-story building on Santa Monica and get a beautiful new garden on Wilshire? At the very least, I believe our city should have a chance to vote on which project we like better. Please join me in signing the petition, which will place the initiative on the November ballot and give our city the right to decide.

"Being adequately informed is a democratic duty, just as the vote is a democratic right. A misinformed electorate, voting without knowledge, is not a true democracy" Jay Griffiths

Truer words have never been spoken, and now it will be up to us the Residents of Beverly Hills to live up to the rights and obligations of an informed and responsible citizenry by making educated and informed decisions before we lend our name and our signature to the "Beverly Hills Garden and Open Space Initiative. "

As concerned voters and residents we view this Petition drive as an affront to our intelligence. If the Hilton was truly serious about letting the "Voter Decide"

they would go thru the usual and customary vetting process of any NEW development, and yes this is a NEW development. Do not let yourself be fooled into believing that this is an already approved project. The 2008 approved project looks nothing like this NEW project. How can we "decide" without fully knowing the facts?

Fact: The NEW garden is NOT a "Public Park"

Fact: The NEW "Open Space" could be eliminated in the future

Fact: The NEW project does NOT comply with Beverly Hills maximum height allowance for commercial buildings

Fact: The NEW project is NOT environmentally friendly

Fact: The NEW project does NOT take into account additional traffic impacts and other impacts which cannot be studied, or mitigated without an EIR

The Hilton is asking for is a Blank Check, they are asking the Citizens of Beverly Hills turn a blind eye to good governance. Our system of checks and balances is built to safeguard the process by which we are governed by every governmental entity from the Executive, to the Legislative to the Judicial and yes by our very local government.

We urge you to fully consider the rami-

MEET THE MAYOR

New WeHo Mayor Lauren Meister on water rates and the "D" word

By Mina Riazi

You're new to West Hollywood city government. What inspired you to run for office?

I had been active in the community for many years: I was president of a residents' association, I was on the Public Safety and Planning commissions, and I felt that the best way to make change is to do it from inside.

You ran on a slow-growth platform, which is unique to West Hollywood. Tell

us about that.

I think people were ready for that. I had always run on that platform, and I honestly really tried to not use the "D" word-development. I talked about parking, traffic and water issues, and people reacted and actually said to me, "We need to slow down this development"so they were

"Market research is all about opinions and then taking those opinions and actually figuring out what it is that people want and making actionable recommendations. That's how it works well with what I'm doing as a city councilmember."

ready to have someone like me in turns over, except in the last elecoffice.

Is the Beverly Hills water rate increase an issue you hear about from West Hollywood constituents?

Yes, I hear about it quite a bit from both the residents and the businesses that are serviced by the City of Beverly Hills Water Department. It's a big percentage to have to conserve, and when we compare it to other parts of our city that are covered by [the Los Angeles Department of Water and Power], there's really a big difference. People are very concerned about the penalties and rates going up.

You have a close working relationship with Beverly Hills Mayor John Mirisch. Tell us about that.

I met John back in 2011. I think that we have similar views as far as development and maintaining what's good about our cities. I also think that we both understand that there has to be a good relationship between our cities, because we're next-door neighbors. I think it's a great idea for

> mayors to talk to each other and let each other know what's going on in our cities and what challenges we have, [including] anything we've done really that's innovative that we feel would benefit other cities as well.

Unlike Beverly Hills, the West Hollywood **Council rarely**

tion. Why do you think that is?

I think people were ready for change, and several years ago, we got term limits passed, so I believe that the mindset was there. People were thinking Ok, 30 years is a long time, let's get some new blood in there. I think my message resonated-it was a positive message. People had seen me speaking at Council meetings and Planning Commission meetings for so many years, and I think they felt confident. I think there was a feeling of I may not agree with her on every issue, but she cares about this city. They wanted somebody that they felt was a community person-a community-minded perfor the neighborhoods—not only my

own neighborhood, but other neighborhoods as well. I always stayed involved in all different issues, not just issues in my backyard.

Tell us about your family.

My parents live behind me in a guest house and my sister is also a West Hollywood resident. My dog Spike probably helped me win the election, because everyone thought that his picture was the cutest. He's helping me with all the dog issues. West Hollywood residents love their animals. cated dog park-it needs a little bit of a facelift—and then, as we do our West Hollywood Park, we are going to be including a small dog area for small dogs and an area for large dogs.

You have a career in market research? I've been in market

research since 1982 and I started my own company in 1991. I mainly set up market research studies-mostly qualitative onesall over the country, for everything from automobiles to health care to mayonnaise. I think it's helped me quite a bit with my career [as a city councilmember] because I know how to read numbers and I know how to tell a story by looking at a set of data tabulations. Market research is all about opinions and then taking those opinions and actually figuring out what it is that people want and making actionable recommendations. That's how it works well with what I'm doing as a city councilmember.

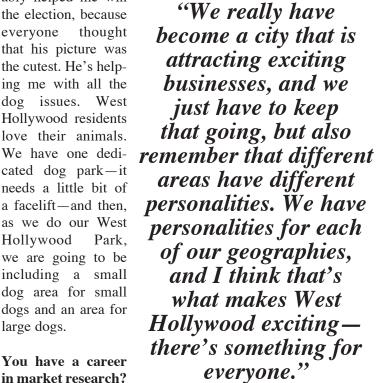

What advice did you get from former Mayor Lindsey Horvath?

To be myself. You make the mayorship what you want it to be. I think everyone works at their own pace, and it takes a lot of patience.

What is your top priority?

One, aging in place and what I call

son-to elect to Council. I advocated "rewriting the third act." [Rewriting the third act] is to make sure that,

along with aging in place, in terms of housing and transportation and healthcare, that we also look at the arts, social, cultural and recreational activities to go along with and to that rewrite that

for a younger senior-a senior that is actually younger today than seniors were 30 years ago. The other is to work with the small businesses, so that they age in place, because it's very difficult for a small business to open and [operate] in West Hollywood; rents very high,

it's a challenge everywhere, but it's particularly a challenge in West Hollywood. The small businesses are what our neighborhood personalities come from.

are

We really have become a city that is attracting exciting businesses, and we just have to keep that going, but also remember that different areas have different personalities. We have personalities for each of our geographies, and I think that's what makes West Hollywood exciting-there's something for everyone. When I first moved to West Hollywood, I thought of it as very bohemian, and now we've sort of gotten very "chichi cool," so it's interesting to see how we've developed.

You should also be aware that the lien being auctioned off may be a junior lien. If you are the high-est bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. If you wish to learn whether your sale date has been postponed, and, if ap-plicable, the rescheduled time and date for the sale of this property, you may call (844) 477-7869 or visit this Internet Web site WWW.STOXPOSTING.COM, using the file num-ber assigned to this case 010038-CA. Information about postponements that are very short in duration or that oc-cur close in time to the scheduled sale may not immedi-ately be reflected in the telephone information or on the

ORDINANCE NO. 16-O-2702

AN ORDINANCE OF THE CITY OF BEVERLY HILLS AMENDING THE BEVERLY HILLS MUNICIPAL CODE TO ESTABLISH TIME LIMITS FOR LEGALLY NONCONFORMING AND CONDITIONALLY PERMITTED USES TO BE REESTABLISHED ONCE THEY HAVE BEEN DISCONTINUED

THE CITY COUNCIL OF THE CITY OF BEVERLY HILLS HEREBY ORDAINS AS FOLLOWS:

Section 1. On October 22, 2015, and February 25, 2016, the Planning Commission held duly noticed public hearings after which it adopted Resolution No. 1767, recommending that the City Council amend portions of Title 10 (Planning and Zoning) of the Beverly Hills Municipal Code to establish maximum time limits for abandoned and discontinued legal non-conforming and conditionally permitted uses (collectively, the "Amendments"). On April 5, 2016, the City Council held a duly noticed public hearing, received public testimony, and thereafter introduced this Ordinance.

Section 2. This Ordinance and the Amendments were assessed in accordance with the authority and criteria contained in the California Environmental Quality Act (CEQA), the State CEQA Guidelines, and the environmental regulations of the City. The City Council finds that adoption of the Amendments will not have a significant environmental impact and is exempt from CEQA pursuant to Section 15305 of Title 14 of the California Code of Regulations because the Amendments represent minor alterations in land use limitations and do not result in any changes in intensity of land use or density. Further, the areas of the City affected by the Amendments have average slopes of not more than 20%.

Section 3. The Amendments are consistent with the objectives, principles, and standards of the General Plan because establishing a maximum time within which legal non- conforming uses can be reestablished promotes the following policies: General Plan Policy "LU 2.1 "City Places: Neighborhoods, Districts, and Corridors," which calls for the maintenance and enhancement of the character and aesthetic qualities of the City's distinctive neighborhoods; General Plan Policy LU 5.8 "Encroachment of Incompatible Land Uses," which calls for the protection of residential neighborhoods from the encroachment of incompatible nonresidential uses; and General Plan Goal 12 "Business Districts and adjoining residential neighborhoods," which calls for the string compatible relationships between commercial districts and adjoining residential neighborhoods to ensure that quality of life is maintained.

<u>Section 4.</u> The City Council hereby adds Section 10-3-3806 to Article 38 of Chapter 3 of Title 10 of the Beverly Hills Municipal Code to read as follows with all other provisions in Article 38 of Chapter 3 of Title 10 remaining in effect without amendment:

"10-3-3806: TIME LIMITS FOR A DISCONTINUED CONDITIONALLY PERMITTED USE:

A. If a use, which requires a conditional use permit, has been discontinued for a period of five years, the use shall not be reestablished unless a new conditional use permit is granted pursuant to the provisions set forth in this Article. For purposes of determining whether a use has been discontinued, the property owner shall have the burden of proof in demonstrating a continuation of the use.

1. Exceptions:

a. Owners of properties impacted by circumstances that are out of the property owner's control, including, but not limited to, government regulations, the presence of hazardous substances on the property that must be removed in order for the property to be developed with the approved use, or an extended statewide economic downturn, may request an extension of the five year period from the Planning Commission. The Planning Commission must make the following finding in order to grant an extension:

i. The Conditionally Permitted use is not substantially adverse to the public health and safety of the neighborhoods adjacent to the property.

b. Residential uses.

c. Medical uses. Such uses shall be governed by Beverly Hills Municipal Code Section 10-3-1620.1.

d. Reestablishment of a conditionally permitted use may occur after the passage of five years, provided that a complete application for either a planning entitlement or building permit associated with such reestablishment has been filed prior to expiration of the five-year time limit, provided the application is subsequently approved by the City."

Section 5. The City Council hereby adds Subsection (c) to Section 10-3-4101 of Article 41 of Chapter 3 of Title 10 of the Beverly Hills Municipal Code to read as follows with all other provisions in Article 41 of Chapter 3 of Title 10 remaining in effect without amendment:

"10-3-4101: NONCONFORMING USES

C. Time Limits for a Discontinued Nonconforming Use: If a nonconforming use of a building or land has been discontinued for a period of five years, the nonconforming use shall not be reestablished. Subsequent use of the building and/or land shall conform to the regulations of the zone in which the land is located. For the purposes of determining whether a use has been discontinued, the property owner shall have the burden of proof in demonstrating a continuation of use.

1. Exceptions:

a. Owners of properties impacted by circumstances that are out of the property owner's control, including, but not limited to, government regulations, the presence of hazardous substances on the property that must be removed in order for the property to be developed with the approved use, or an extended statewide economic downtown, may request an extension of the five year period from the Planning Commission The Planning Commission must make the following finding in order to grant an extension:

i. The nonconforming use is not substantially adverse to the public health and safety of the neighborhoods adjacent to the property.

b. Residential uses.

c. Medical uses. Such uses shall be governed by Beverly Hills Municipal Code Section 10-3-1620.1.

d. Reestablishment of a nonconforming use may occur after the passage of five years, provided that a complete application for either a planning entitlement or building permit associated with such reestablishment has been filed prior to expiration of the five-year time limit, provided the application is subsequently approved by the City."

Section 6. Severability. If any section, subsection, subdivision, sentence, clause, phrase, or portion of this Ordinance or the application thereof to any person or place, is for any reason held to be invalid or unconstitutional by the final decision of any court of competent jurisdiction, the remainder of this Ordinance shall be and remain in full force and effect.

Section 7. Publication. The City Clerk shall cause this Ordinance to be published at least once in a newspaper of general circulation published and circulated in the City within fifteen (15) days after its passage in accordance with Section 36933 of the Government Code, shall certify to the adoption of this Ordinance, and shall cause this Ordinance and his certification, together with proof of publication, to be entered in the Book of Ordinances of the Council of this City.

Section 8. Effective Date. This Ordinance shall go into effect and be in full force and effect at 12:01 a.m. on the thirty-first (31st) day after its passage.

Adopted: April 19, 2016 Effective: May 20, 2016

One Beverly Hills is following the City's approval process

The project located at 9900 Wilshire Boulevard (the former Robinsons-May Department Store), now called One Beverly Hills, is currently moving through the State-mandated and City-directed environmental review and approval process. We believe that the California Environmental Quality Act [CEQA] protects the public and creates comprehensive mitigation measures for all development projects.

Beverly Hills residents will have many opportunities to provide their input and insight into the One Beverly Hills Project. This will allow our elected and appointed decision makers the ability to review the potential impacts of the One Beverly Hills project and determine what is best for our City.

We encourage Beverly Hills residents to participate in the process. That is the only way the community, Planning Commission and City Council can have all the facts and make the right possible decisions.
