Board indicates support for third Measure E bond acceleration

At Tuesday's meeting, the Board of Education indicated support for issuing the fourth series of Measure E bonds in an amount estimated at \$141 million by passing a tax levy resolution with a 4-1 vote. Board member Isabel Hacker dissented.

"I think we should ask the community for permission because the Board has had eight years to get the financing right on the bond," Hacker said.

By passing the resolution, the Board essentially has the ability to issue some amount of bonds before June 30, 2017. As a result of the decision, the tax rate is projected to reach a maximum of \$102 per \$100,000 of assessed value, which for the median homeowner means a payment of \$1,691 per year.

The current tax rate is approximately \$70 per assessed value.

Voters approved the \$334-million bond in November 2008 to finance school construction projects and seismic repairs. Since that time, the Board has spent several million dollars on Metro-related lawsuits that to date have been unsuccessful.

The ballot statement promised that Measure E would improve the safety of

Orlando mass shooting

What happened in Orlando should not have happened.

Assault weapons have no business in an out-of-control society.

Ban them and other weapons that can kill mass people.

I don't want to hear about the right to bear arms.

Those 50 people in Orlando had more of a right to live than the people's right to bear arms.

It is frightening to think that this can happen in Beverly Hills.

George Vreeland Hill **Beverly Hills**

the district without raising taxes for property owners, ensuring a rate of \$49.71 per \$100,000 of assessed value.

The bonds may be issued in any combination of current interest, capital appreciation or convertible capital appreciation bonds (CABs).

State officials have stated that CABs are especially risky when the bond's maturity

a

six years, serving as assistant principal of Horace Mann from 2009 to 2013. She is currently the artistic director of Beverly High Dance Company.

"I'm thrilled to be able to go back to Horace Mann-it's such a wonderful community school," Findley said. "I'm saddened to be leaving the high school, but excited about this new journey."

According to Findley, the district has already begun its search for a new artistic director.

"I know the [district] wants the dance program to continue to flourish," Findley said.

COMMUNITY WORKSHOP

School security focus of **Tuesday's Board meeting**

Earlier this year, the Board of Education pushed forward negotiations with design firm DLR Group for construction of a Beverly High "security" fence.

Under the \$12,000 agreement, DLR Group prepared three conceptual designs

that were later reviewed and approved by Superintendent Steve Kessler and district staff.

According to the June 14th Board staff report, the estimated cost of the fence ranges from \$1.75 million to \$2 million. Due to a jam-packed construction timeline,

briefs cont. on page 4

The Planning Commission of the City of Beverly Hills, at its regular meeting on Thursday, June 23, 2016, will hold a public hearing beginning at 1:30 PM, or as soon thereafter as the matter may be heard to consider a request to allow a pet wellness center to be established as an ancillary use to an existing retail business (Pet Food Express) located at 9153 Olympic Boulevard. The proposed project will require the following entitlements:

Zone Text Amendment. The project includes a zone text amendment that would amend portions of the Beverly Hills Municipal Code (BHMC). The proposed zone text amendment would add a new article to the BHMC to establish regulations pertaining to ancillary uses in commercial zones. A definition for ancillary use would be added to BHMC §10-3-100. The proposed Zone Text Amendment would also amend the BHMC to add §10-3-1620.2 to establish a process through which a property owner could establish an ancillary use. Ancillary uses that meet certain criteria would be allowed by right. Ancillary uses that do not fit the criteria outlined in the code would require the approval of a Conditional Use Permit in order to establish the ancillary use. Currently, the code contains no specific provisions that allow ancillary uses in a commercial zones.

The zone text amendment is proposed in relation to a reque st to allow a pet wellness center to occupy approximately 285 square feet of the floor area in a 10,200 square foot retail establishment located in the C-3T-2 zone. The pet wellness center would provide services such as animal nail clipping, microchipping of pets, vaccinations, and diet consultations for pets.

This Ordinance has been preliminarily assessed in accordance with the authority and criteria contained in the California Environmental Quality Act (CEQA), the State CEQA Guidelines, and the environmental regulations of the City. The Planning Commission will consider the adoption and implementation of the Ordinance to be exempt from CEQA pursuant to Section 15061(b)3 because it can be seen with certainty that there is no possibility that the activity in question would have a significant effect on the environment. Adoption and implementation of the Ordinance is eligible for a class 5 categorical exemption pursuant to Section 15305 of Title 14 of the California Code of Regulations for minor changes in land use limitations and will not have a significant environmental impact.

Any interested person may attend the meeting and be heard or present written comments to the Commission.

According to Government Code Section 65009, if you challenge the Commission's action in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence delivered to the City, either at or prior to the public hearing.

If there are any questions regarding this notice, please contact Timothea Tway, Associate Planner in the Planning Division at 310.285.1122, or by email at ttway@beverlyhills.org. The case file, including associated documents are on file in the Community Development Department, and can be reviewed by any interested person at 455 North Rexford Drive, Beverly Hills, CA 90210.

Sincerely, Timothea Tway, Associate Planner

Interim perimeter fencing

briefs cont. from page 3

the fence will not be built for another several years.

At Tuesday's meeting, the Board unanimously pushed forward plans for an interim fence that will run the full length of Moreno Drive, all the way down to the Swim Gym. An illustration prepared by DLR Group depicts seven different gates.

The interim enclosure, which comes with a \$225,000 price tag, will remain in place until modernization work at Beverly High is complete. In an attempt to create a more inviting fence, DLR Group suggested a fabric fence.

"The fence could become an attractive [photo] wall that could display a message," said Chief Facilities Officer Eitan Aharoni.

As for the permanent fence, the Board decided to table making a decision on the design until a future study session.

Later, the Board identified as a priority an initiative drafted by El Rodeo site council to tighten security at the K-8 school. The project, which entails hiring a School Resource Officer (SRO) and implementing a "security badge" system, is estimated at \$400,000. The Board has not yet determined how much of the proposal they plan to fund.

Donna Goldstein, Active Adult leader, passes

Community leader Donna Goldstein passed away Wednesday. She was 99 years old and would have turned 100 in October.

Goldstein moved to Beverly Hills in the early 1990's and made a name for herself as a devoted volunteer. She began her community service work as a campaign volunteer for former mayors Ed Brown, Annabelle Heiferman and Vicki Reynolds.

"Donna Goldstein was an integral part of this community for decades, and it's hard to imagine Beverly Hills without her," said

Mayor John Mirisch. "She loved our city, and in turn inspired many so residents. including myself and my son Vin. We will miss her deeply, but

Donna Goldstein feel blessed

to have known and loved her and will continue to be inspired by her love of life and her love of our community."

As president of the Beverly Hills Active Adult Club, Goldstein served as the group's "Sunshine Lady," sending cards, flowers

and condolences to members in the event of a tragedy. She logged more than 200 volunteer hours in Beverly Hills from 2001 to 2002.

"It gives me something to do and keeps me busy," Goldstein told the Weekly in 2002. "Most of the seniors today have given up. So I am striving to keep myself going and I enjoy doing it.'

In 1999, Goldstein was named Mature Adult of the Year for the City of Beverly Hills at the 34th Annual Older Americans Recognition Day Luncheon.

Last December, Goldstein won a shopping spree at the 99 Cents Only Store on Wilshire Boulevard and used the opportunity to donate gifts to needy children.

Survivors include her daughter Judie Fenton, son-in-law Frank Fenton and son Michael Goldstein; grandchildren Steven Fenton and Leeza Gibbons, Gary Fenton and Katie Fenton, Mindy Fenton Samuels and Dennis Samuels, Jenny Smiley and Ryan Smiley and Michelle Varner; and seven great grandchildren.

The City Council will hold a moment of silence for Goldstein at their formal meeting on Tuesday.

Planning Commission repackages Hillside **Development Urgency Ordinance**

Around 15 minutes after the Planning Commission adopted a Hillside Development Urgency Ordinance with a 3-2 vote at their June 9th meeting, Commissioner Craig Corman made a motion to reconsider the action.

"I am mindful of the comments [of] both Chair [Alan Robert] Block [and] Vice Chair [Joe] Shooshani, and the concern that was voiced by Commissioner [Howard] Fisher as well about whether there was an urgency to this ordinance," Corman said. "My concern is that an urgency ordinance that goes to the [City] Council has to have 4 out of 5 votes."

Both Block and Shooshani voted against the resolution, which Corman drafted in an attempt to reduce property owners' growing reliance on grading and retaining walls to make way for larger projects in the hillside area.

"My whole problem was I don't see the urgency because we haven't done anything for two years on the matter after we tried to get an urgency ordinance passed," Block said.

The Commission previously discussed the in the Hillside development standards in July 2014.

"I really believe in the merits of the ordinance and I'm a little concerned that the procedural quirks could be too problematic in front of the Council on an urgency basis," Corman said.

The Commission will hold a special meeting to adopt conditions for a regular ordinance on June 30.

Beverly Hills View places second at prestigious STAR awards

Beverly Hills View placed second among more than 40 applicants at the 20th Annual

SCAN NATOA Spring Conference and STAR Awards in Long Beach June 9.

Filmed last August, the *Beverly Hills View* interview features former Bush 41 White House Chief of Staff John Sununu, who discusses his book *The Quiet Man: The Indispensable Presidency of George H.W. Bush.*

The STAR Awards recognize excellence in government programming in California and Nevada and are doled out by SCAN NATOA, a leading non-profit professional organization serving local governments and regional authorities in the development and administration of cable franchises. coverstory **A REAL DEAL** ROTARIAN

Incoming Rotary Club President Adam Heller on his plans for the coming year

By Mina Riazi

How did you get involved with the **Beverly Hills Rotary Club?**

My father was a Rotarian who had 40 years of perfect attendance in the San Bernardino club, so it was a big part of his life and I was around it a lot. I originally joined the [Rotary] club in Laguna Beach and was a very active member for about six years. I used to come to the Beverly Hills club to make up and I really fell in love with the club because it was so dynamic and they did so much-it was an exciting place to be. I decided to move and join the Beverly Hills Rotary Club

about six years ago and just fell in love with the city, the club and the people. I've been a happy member ever since. I live in Laguna Beach, but much of my work is in the Beverly Hills-ish area, so I'm always within a few miles of Beverly Hills.

Tell us about your career as a life coach.

I wrote the book on the psychological causes of pain,

and that is what I primarily do. I just finished a pilot with the Mayo Clinic, and every single person that they sent me that they couldn't get pain free, I was able to get pain free and have their cases closed in under a month. I've studied the brain, neuroscience and neuropsychology, and all the mindbody things for 16, 17 years. The result of that was the understanding that chronic back, neck or shoulder pain has nothing to do with the back, neck or shoulder. I worked for many years coming up with a program and a paradigm that would help people get pain free. I work with people all over the world, I give talks throughout the world, and I'm a pretty regular interviewee on T.V. news shows. I do a lot of that. Really, what I do is anything I can to help people have better lives, and chronic pain and physical pain are a huge hindrance to having a great life.

What are some of the projects Rotary has planned for the next vear?

While we do projects, we also donate a lot of money. We donate over a \$100,000 to the local community; we donate \$25,000 to \$30,000 international projects; we're involved in clean-water projects; we're just get-

"Beverly Hills [Rotary] is unique in many ways—it's a very are roughly 35,000 the world, and the **Beverly Hills club is** premier clubs in the a club that leads"

> looking for projects to get involved in that, once again, help improve people's lives.

What makes the Beverly Hills **Rotary Club unique?**

Beverly Hills is unique in many ways—it's a very dynamic club. There are roughly 35,000 Rotary Clubs around the world, and the Beverly Hills club is probably one of the 10 premier clubs in the world. It's looked to as a club that leads. Obviously, the makeup is the "who's who" of Beverly Hills, so there's an awful lot of leadership and giving. It's a more formal club, it's a more active club, and we tend to raise more money for

the community per member than other clubs. Many Rotary Clubs consist of people who rest on their laurels and go to weekly lunches-this club is much more than weekly lunches, it's a group of people who have both the wherewithal and the ability to improve the community and the world.

Around two years ago, Rotary moved their meetings from the Beverly Hills Hotel in protest of the Sultan of Brunei only to return a few months later. What is your position on this?

Rotary doesn't take political positions. They're in 135 countries and Rotary isn't political-members of the club chose to move the meetings and then move them back. We're not political, and my opinion is that we can always do more good from inside a situation than from outside a situation.

In issue #825 of the Weekly, former Rotary president Alissa Roston said, "Rotary traditionally stays out

of politics and that's part of the reason why the organization has been able to do so much internationally-because it doesn't take sides in politics." Do you agree?

I just got back from Seoul, Korea, where I attended the Rotary International Convention. There are great benefits to getting together

and providing clean water or food or education to people that don't have it. Politics are put aside so that Rotarians can get together and do great things and make people's lives better and make the world better. Politics gets in the way of that. Obviously, as individuals, we all have our own beliefs and values, but as Rotarians, that gets put aside because the bigger issue is service above self.

Tell us about your family.

I was raised in San Bernardino and my parents owned a rather large janitorial service company. I have a brother who [earned an MBA from Wharton] and went into the real estate world in New York; I have a sister who's a psychologist; and a son who just finished his freshman year at Sonoma State University. We all, in our own ways, spend our days trying to help people. We all do it differently and we all have different likes and dislikes, but we're all trying to help people and make the

world a little better today than it was yesterday. That's why I'm willing to be president of this Rotary Club-it's a lot of work that like everybody else I don't have time for, but it's so important that I make the time because it's really vital to improve the community.

Which Beverly Hills Rotarians have been especially influential?

There's one particular person in this club who I consider to be a hero's hero: Dr. Tony Sokol. Tony is a plastic surgeon who has gone on 45, twoweek trips to horrible areas of the world, staying in crummy accommodations and doing two weeks at a time for three or four or five surgeries every day to repair cleft lip, cleft palate, all out of the goodness of his heart. I am as moved by him as any person on the planet. He's given away 45 times two weeks of his life just out there in the trenches doing all this for nothing. By the way, he'd never say a word about what he does. Every time I see him I think to myself: If I can be a

little bit more like him, I'm going to be a much better person. Tony, to me, is the greatest among equals, but just about everybody in the club is taking their time and taking their money and taking all that to try and just

make life a little better for as many people as possible. I'm somewhat awed by the members of the club.

A year from now, what do you hope to have accomplished as president?

I've had maybe seven or eight of the most significant emotional events of my life because I'm a Rotarian: a conversation in a prison with a triple murderer, holding hands with an orphan in Tijuana, going on a trip to Venezuela with a group of doctors who were doing cleft palette surgery and connecting with the mothers and kids. Many of the most significant emotional moments of my life have been because I took advantage of opportunities that came from being in Rotary, so what I would like more than anything else is to bring opportunities to the members of the Beverly Hills Rotary Club, so that everyone of them can have at least one significant emotional event.

dynamic club. There Rotary Clubs around probably one of the 10 world. It's looked to as

coverstory WHAT'S THE **PLAN FOR THE WILSHIRE/LA CIENEGA STATION?**

Two upcoming meetings aim to provide community input

By Mina Riazi

Two upcoming community meetings intend to inform residents about the development of the Metro subway station proposed for the northeast corner of Wilshire and La Cienega boulevards, formerly the site of a Citibank branch location.

А Southeast in Motion community workshop is scheduled for June 22 from 6:00 p.m. to 8:00 p.m. at the Beverly Hills library auditorium on North Rexford Drive. On July 21, Metro

will hold a meeting from 6:00 p.m. to 8:00 p.m. at the Petersen Automotive Museum.

"They'll go through slide by slide of very intricate detail of what's going on

"They'll go through slide by slide of very intricate detail of what's going on with the construction work. There aren't too many impacts right now at Wilshire/La Cienega,

work." - Metro **Communications** Manager Dave Sotero

other than their utility

cess," Sotero said.

Per the City Council's direction, the utility relocation schedule is limited to Mondays to Fridays from 7 a.m. to 4 p.m. and Saturdays or Sundays from 8 a.m. to

with the construction work," said Metro

Communications Manager Dave Sotero.

"There aren't too

their utility work."

lines so that the resi-

dents and businesses

will still have those

services during the

construction pro-

neath

Station proposed for northeast corner of La Cienega and Wilshire

La Cienega utility relocation timeline

6 p.m.

'They're doing a lot of fiber optic utility work; they're doing water, sewer, storm drain and power utility relocation work; and telephone company utility work," Sotero said.

Sotero expects that concrete decking will be installed at Wilshire/La Cienega in late 2017, but said it will be several years before the construction process is complete.

"The first segment is not scheduled to be done until 2023," Sotero said.

Utility work has already wrapped up at the Wilshire/La Brea station.

Beverly Hills Deputy Director of Transportation Aaron Kunz did not return a call to the Weekly by press time.

arrests cont. from page 7

NOTICE OF TRUSTEF'S SALE TS No. CA-16-698905-CL Order No 160004337-CA-VOL YOU ARE IN DEFAULT UNDER A DEED OF TRUST DATED 4/27/2007. UNLESS YOU TAKE ACTION TO PROTECT YOUR PROPERTY. IT MAY BE SOLD AT A PUBLIC SALE. IF YOU NEED AN EXPLANATION OF THE NATURE OF THE PROCEEDING AGAINST YOU, YOU SHOULD CONTACT A LAWYER. A public auction sale to the highest bidder for cash, rized to do business in this state, will be held by duly appointed trustee. The sale will be made, but without covenant or warranty, expressed or implied, regarding title, possession, or encumbrances, to pay the remaining principal sum of the note(s) secured by the Deed of Trust, with interest and late charges thereon, as provided in the note(s), advances, under the terms of the Deed of Trust, interest thereon, fees, charges and expenses of the Trustee for the total amount (at the time of the initial publication of the Notice of Sale) reasonably es-timated to be set forth below. The amount may be greater on the day of sale. BENEFICIARY MAY ELECT TO BID LESS THAN THE TOTAL AMOUNT DUE. Trustor(s): ALI E. HADJIAN AND NAZANIN M ROHANI Recorded: 5/24/207 as Instrument No. 2007/127758 of Official Records in the office of the Recorder of LOS ANGELES County, California; Date of Sale: 6/23/2016 at 10:30AM Place of Sale: Near the fountain located at 400 Civic Center Plaza Pomona, California 91766 Amount of unpaid balance and other charges: \$106,188.82 The purported property address is: 272 S LASKY DR UNIT NO. 302, BEVERLY HILLS, CA 90212 Assessor's Parcel No.: 4328-006-037 NOTICE TO POTENTIAL BIDDERS: If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding lines that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call 888-988-6736 for information regarding the trustee's sale or visit this Internet Web site http://www.qualityloan.com , using the file number assigned to this foreclosure by the Trustee: CA-16-698905-CL . Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web site. The best way to verify postponement information is to attend the scheduled sale. The undersigned Trustee disclaims any liability for any incorrectness of the property address or other common designation, if any, shown herein. If no street address or other common designation is shown, directions to the location of the property may be obtained by sending a written request to the beneficiary within 10 days of the date of first publication of this Notice of Sale. If the Trustee is unable to convey title for any reason, the successful bidder's sole and exclusive remedy shall be the return of monies paid to the Trustee, and the successful bidder shall have no further recourse. If the sale is set aside for any reason, the Purchaser at the sale shall be entitled only to a return of the deposit paid. The Purchaser shall have no further recourse against the Mortgagor, the Mortgagee, or the Mortgagee's Attorney. If you have previously been discharged through bankruptcy, you may have been released of personal liability for this loan in which case this letter is intended to exercise the note holders right's against the real property only. As required by law, you are hereby notified that a nega-tive credit report reflecting on your credit record may be submitted to a credit report agency if you fail to fulfill the terms of your credit obligations. QUALITY MAY BE CONSIDERED A DEST COLLECTOR ATTEMPTING TO COLLECT A DEBT AND ANY INFORMATION OBTAINED WILL BE USED FOR THAT PURPOSE. NOTICE OF PETITION TO ADMINISTER ES-TATE OF RONALD KOHN Case No. 16STPB00520

To all heirs, beneficiaries, creditors, contingent credi-tors, and persons who may otherwise be interested in the will or estate, or both, of RONALD KOHN A PETITION FOR PROBATE has been filed by Philip Krupp in the f California County of LOS ANGELES

Superior Court of California, County of LOS ANGELES. THE PETITION FOR PROBATE requests that Philip Krupp be appointed as personal representative to admin-ister the estate of the decedent.

THE PETITION requests the decedent's will and codicils, if any, be admitted to probate. The will and any codicils are available for examination in the file kept by the court.

THE PETITION requests authority to administer the estate under the Independent Administration of Estates Act. (This authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be required to give notice to interested persons unless they have waived notice or consented to the proposed action.) The independent administration authority will be granted unless an inter-ested person files an objection to the petition and shows good cause why the court should not grant the author-

A HEARING on the petition will be held on June 20, 2016 at 8:30 AM in

Dept. No. 67 located at 111 N. Hill St., Los Angeles, CA 90012. IF YOU OBJECT to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney.

IF YOU ARE A CREDITOR or a contingent creditor of the decedent, you must file your claim with the court and mail a copy to the personal representative appointed by the court within the later of either (1) four months from the date of first issuance of letters to a general personal representative, as defined in section 58(b) of the California Probate Code, or (2) 60 days from the date of mailing or personal delivery to you of a notice under section 9052 of the California Probate Code.

Other California statutes and legal authority may affect your rights as a creditor. You may want to consult with an attorney knowledgeable in California law.

YOU MAY EXAMINE the file kept by the court. If you are a person interested in the estate, you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250. A Request for Special Notice form is avail-able from the court clerk.

LA1671261 BH WEEKLY 6/16,23,30 7/7 2016

RESOLUTION NO. 16-R-13082

RESOLUTION OF THE COUNCIL OF THE CITY OF BEVERLY HILLS APPROVING THE OPERATING BUDGET AND FINANCIAL POLICIES FOR THE 2016/2017 FISCAL YEAR AND APPROPRIATING FUNDS THEREFOR

The Council of the City of Beverly Hills does resolve as follows:

Section 1. That certain document entitled "City of Beverly Hills 2016/2017 Fiscal Year Budget", a copy of which is on file in the office of the City Clerk and the Beverly Hills Public Library, which may hereafter be amended by the Council, is hereby approved as the operating budget for the City of Beverly Hills for the Fiscal Year 2016/2017, beginning July 1, 2016.

Section 2. Appropriations in the amount not to exceed 382,515,881 are authorized for the purpose of carrying on the business of the City.

Section 3. In adopting the Budget, the City Council hereby gives authority to the City Manager, upon recommendation of the Chief Financial Officer, to re-appropriate all unencumbered Fiscal Year 2015/16 appropriated fund balances and unexpended encumbrances of the Fiscal Year 2015/16 Operating and Capital Improvement Program Budgets.

Section 4. The City Manager, or his designee, upon recommendation of the Chief Financial Officer, may transfer appropriations between and among all funds, as defined in the Fiscal Year 2016/17 budget, up to the amount of \$382,515,881. A semi-annual report shall be made to the Council describing each transfer between funds and the reason therefore.

Section 5. The Chief Financial Officer may make budget adjustments to accounts within the same fund, provided that the fund is within its approved budget.

Section 6. The City Manager may transfer and appropriate up to \$300,000 during the Fiscal Year and the Chief Financial Officer may transfer and appropriate up to \$100,000 during the Fiscal Year from all fund balances to any accounts within that fund as long as it meets the purposes of that fund's designation. An annual report shall be made to the Council describing each transfer and the reason therefore.

Section 7. Pursuant to the provisions of Section 37208 of the Government Code, the Council ratifies the prior payment of budgeted demands from those funds which have been certified or approved by the Chief Financial Officer and may appropriate funds for non-budgeted items, and any such appropriation for a non-budgeted item shall constitute an approval to issue a warrant in payment of a proper demand or demands therefore.

Section 8. The City Council hereby adopts the Comprehensive Financial Policies of the City for Fiscal Year 2016/17, as attached to this resolution.

Section 9. The City Clerk shall certify to the adoption of this resolution and shall cause this resolution and his certification, together with proof of publication, to be entered in the Book of Resolutions of the Council of this City.

Section 10. In the case of fee-based programs, if the revenues for such programs exceed the amount budgeted, the City Council hereby authorizes the Chief Financial Officer to increase the appropriation of said program in the same amount of the increased revenue.
Section 11. The Chief Financial Officer is authorized to make such other revisions

including individual line-item appropriations, changes in summaries, fund totals, grand totals, and other portions of the budget document as necessary to reflect and implement the programs specified in this resolution, and in full accordance with the direction provided by the Council up until the adoption of this resolution.

City of Beverly Hills Financial Policies

Section 1. Financial Reporting Policies

The City's accounting and financial reporting systems will be maintained in general conformance with state and federal laws, generally accepted accounting principles (GAAP), and the Government Finance Officers Association (GFOA). Further, the City will make every attempt to implement all changes to governmental accounting practices at the earliest practicable time.

The City's CAFR will be submitted to the GFOA Certification of Achievement for Excellence in Financial Reporting Program. The financial report should be in conformity with GAAP, demonstrate compliance with finance related legal and contractual provisions, disclose thoroughness and detail sufficiency, and minimize ambiguities and potentials for misleading inference.

The City's CAFR will also be submitted to national repositories identified by the City's bond trust agent as a continuing commitment to disclose thoroughness to enable investors to make informed decisions.

The City's Budget should satisfy criteria as a financial and programmatic policy document, as a comprehensive financial plan, as an operations guide for all organizational units and as a communications device for all significant budgetary issues, trends, and resource choices.

To provide a reasonable basis for making the Chief Financial Officer's (management's) required representations concerning the finances of the City of Beverly Hills, the City has established a comprehensive internal control framework that is designed both to protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with GAAP. The Chief Financial Officer is given the responsibility and authority to develop and maintain proper internal controls on all financial aspects of the City and maintain all the books of the City for inspection. Because the cost of internal controls should not significantly outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatements.

The Chief Financial Officer shall evaluate the fiscal impact of proposed changes in all salaries or retirement benefits to be provided to any employee or employee association and present to the City Council.

The Chief Financial Officer shall endeavor to maintain cash reserves sufficient to fully fund the net present value of accruing liabilities including self-insurance provisions, obligations to employees for vested payroll and benefits and similar obligations as they are incurred, and to maintain the highest credit rating possible for the City.

The Chief Financial Officer shall prepare and present to the City Council interim revenue and expenditure trends to allow evaluation of potential discrepancies from budget assumptions.

The City Council shall avoid committing to new spending for operating or capital improvement purposes until an analysis of all current and future cost implications is completed and presented to it by the Chief Financial Officer.

Section 2. Operating Management Policies

The Chief Financial Officer is primarily responsible for the development, implementation, and evaluation of all financial and human resource management policies and procedures. However, all departments will participate in the responsibility of meeting policy goals, budget goals, and ensuring the long-term financial health of the City. Future work plans, program initiatives, and performance indicators will be developed to reflect current policy directives, projected resources, and future service requirements.

The budget process is intended to weigh all competing requests for City resources within expected fiscal constraints. Requests for new, ongoing programs made outside the budget process will be discouraged.

The City will endeavor to avoid budgetary and accounting procedures that balance the current budget at the expense of future budgets. Budget development will use strategic multi-year fiscal planning, conservative revenue forecasts, and program-based cost accounting that require every program to be justified annually in terms of meeting intended objectives ("effectiveness criteria"). The process will include a diligent review of programs by staff, the Chief Financial Officer, and City Council.

Utilization of a program budget format will provide a basis for evaluation of service and other impacts of potential increases or decreases in funding.

Revenues will not be dedicated for specific purposes, unless required by law or generally accepted accounting practices (GAAP). All non-restricted revenues will be deposited in the General Fund (or other designated fund as approved by the Chief Financial Officer) and appropriated by the City Council.

Current revenues will fund current expenditures and a diversified and stable revenue system will be developed and maintained to protect programs from short-term fluctuations in any single revenue source.

Current operating expenditures for all fund types will include all allocable overhead operating costs. For the most part, these expenses will be charged to individual budget program elements as internal service fund charges. Included within the allocated service charges to Governmental Fund types will be funding adequate to maintain the approved capital program (unless financed through other debt instruments).

City staff shall strive to identify entrepreneurial solutions to recover costs of operating programs.

The City shall strive to avoid returning to the City Council for new or expanded appropriations. Exceptions may include emergencies, unforeseen impacts, mid-year adjustments or new opportunities.

Addition of personnel will only be requested to meet program initiatives and policy directives: after service needs have been thoroughly examined and it is substantiated that additional staffing will result in increased revenue or enhanced operating efficiencies. To the extent feasible, personnel cost reductions will be achieved through attrition or transfer

All non-enterprise user fees and charges will be examined or adjusted every year and undergo a thorough review to determine the 100% direct and indirect cost of service recovery rate at least every four years. The Council will strive to obtain 100% cost recovery rates, but will reserve the right to recover less as appropriate. The acceptable recovery rate and any associated changes to user fees and charges will be approved by the City Council following public review, each year.

Development impact fees, as permitted by state law, for capital expenses attributable to new development will be reviewed annually to ensure that fees recover 100% of direct and indirect development-related expenses and be approved by City Council. Any unfavorable balances in cost recovery will be brought to the City Council's attention by the Chief Financial Officer and affected Department Head, and evaluated from a departmental, program, and goals perspective.

Capital equipment replacement will be accomplished through a life cycle of funding mechanism and in some instances the use of a "rental" rate structure. The rates will be revised annually to ensure that charges to operating departments are sufficient for operation and replacement of vehicles and other capital equipment (fleet, computers, phones, and copier systems). The City shall endeavor to maintain adequate cash reserves to fund 100% replacement of certain capital equipment. Replacement costs will be based upon equipment lifecycle financial analysis developed by each department and approved by the Chief Financial Officer. Non-capital equipment replacement will be set up in a separate fund and will be accomplished through a life cycle funding mechanism developed by each department and implemented and approved by the Chief Financial Officer.

Grant funding will be considered to leverage City funds. Inconsistent and/or fluctuating grants should not be used to fund ongoing programs. Programs financed with grant monies will be budgeted in separate cost centers, and the service program will be adjusted to reflect the level of available funding. In the event of reduced grant funding, City resources will be substituted only after all program priorities and alternatives are considered.

Balanced revenue and expenditure forecasts will be prepared by the Chief Financial Officer to examine the City's ability to absorb operating costs due to changes in the economy, service demands, and capital improvements. The forecast will be updated annually and include a four or five-year outlook. The Chief Financial Officer will prepare and present these estimates to the City Council at least once a year.

Alternative means of service delivery will be evaluated by the Chief Financial Officer to ensure that quality services are provided to our citizens at the most competitive and economical cost. Departments, in cooperation with the City Manager and Chief Financial Officer, will identify all activities that could be provided by another source and review options/alternatives to current service delivery. The review of service delivery alternatives and the need for the service will be performed annually or on an "opportunity" basis.

Cash and Investment programs will be maintained in accordance with the Government Code and the adopted investment policy and will ensure that proper controls and safeguards are maintained. Citly funds will be managed in a prudent and diligent manner with an emphasis on safety of principal, liquidity, and financial return on principal, in that order. Pursuant to State law, the City Treasurer and the Chief Financial Officer, at least annually, shall recommend necessary revisions to the City Council of a detailed investment policy. In addition to liquidity requirements, the City Treasurer and Chief Financial Officer will also consider the appropriateness of investment decisions vis-à-vis debt management.

The City, through the Chief Financial Officer and the Administrative Services Department, will follow an aggressive, consistent, but sensitive policy of collecting revenues, with proper internal controls, to meet the needs of the City and follow all applicable state and federal laws

Section 3. Capital Management Policies

A five-year Capital Improvement Plan (CIP) will be developed and updated annually, including anticipated funding sources. Capital improvement projects are defined as infrastructure or equipment purchases or construction which results in a capitalized asset and having a useful (depreciable) life of two years or more.

The CIP will attempt to include adequate funding to support repair and replacement of deteriorating infrastructure and avoidance of a significant unfunded liability.

Proposed capital projects will be considered through the City budget development process and reviewed and prioritized by a cross-departmental team regarding accurate costing (design, capital, and operating) as well as the Chief Financial Officer for overall consistency with the City's goals and objectives. The City's Chief Financial Officer will then identify financing sources for the highest-ranking projects. Prior to adoption by the City Council, the CitP will be reviewed by the Planning Commission for conformity with the General Plan.

Capital project contract awards will include a fiscal impact statement disclosing the expected operating impact of the project and when such cost is expected to occur.

Pay-as-you-go Capital Improvement Plan financing should account for a minimum of 50 percent of all capital improvement projects for each five-year planning period. Pay-as-yougo financing is defined as all sources of revenue other than City debt issuance, i.e., fund balance contributions, developer contributions, grants, endowments, etc. Pay-as-you-go financing should generally be considered as the preferred option. However, the potential for debt issuance that provides additional economic and/or strategic values could be considered as recommended by the Chief Financial Officer.

The City shall endeavor to apply restricted funds (i.e., In-lieu Parking, Gas Tax Funds or existing Bond proceeds) to capital projects before using "unrestricted" funds.

Section 4. Debt Management Policies

The Chief Financial Officer will seek to maintain and, if possible, improve the current bond rating(s) in order to minimize borrowing costs and preserve access to credit.

New debt issues, and refinancing of existing debt, must be analyzed for compatibility within the City's overall financial planning and approved by the Chief Financial Officer. The review shall not be limited to cash flow analysis, potential for unexpected revenue surprises, and the maintenance of the City's bond ratings. Annual debt service shall not produce an inordinate impact upon future operations.

The Chief Financial Officer will ensure that City Debt Service costs within the General Fund should not exceed 15% of the City's operating revenue in order to control fixed costs and ensure expenditure flexibility. Improvement District, Enterprise Fund, Parking Authority and general obligation debt service is not included in this calculation because it is paid by district property owners, service users or taxpayers and is not an obligation of future general fund revenues.

General Obligation debt, which is supported by property tax revenue which grows in proportion to the City's assessed valuation and/or property tax rate increases, may be utilized if/ when authorized by voters. Other types of debt (e.g., water, sewer, and parking) may also be utilized when they are supported by dedicated revenue sources (e.g., fees and user charges) and recommended by the Chief Financial Officer.

Debt financing should not exceed the useful life of the infrastructure improvement with the average (weighted) bond maturities at or below thirty years, unless otherwise authorized by Council.

A ratio of current assets to current liabilities of at least 2/1 will be maintained to ensure the City's ability to pay short-term obligations.

Utility rates will be set, at a minimum, to ensure the ratio of revenue to debt service meets our bond indenture requirement (generally a minimum of 125% of debt service). In addition, higher revenue to expense rations may be needed to secure the City's bond rating, as determined by the Chief Financial Officer. When calculating debt services coverage for internal purposes, the minimum pay-as-you-go capital expense for each enterprise fund will be considered a part of the operating costs to be covered by pre-debt service revenues. The City goal will be to maintain the required debt service coverage with this additional cost factored into the equation. Use of a 5-year budget projection, including capital project requirements, will provide assurance that all needs are considered by the Chief Financial Officer, the Public Works Commission and City Council as revenue requirements are considered.

Section 5. Reserve Policies

Council).

balance

the short term

the City Manager is the designated official

e) Unassigned fund balance (residual net resources) is the:

General Fund

All fund designations and reserves will be evaluated annually by the Chief Financial Officer for long-term adequacy and use requirements in conjunction with development of the City's balanced five year financial plan. In adhering to GAAP, the City follows appropriate Governmental Accounting Standards Board (GASB) Statements, one of which No. 54 (GASB 54) addresses Fund Balance Reporting. Compliance with GASB 54 requires use of the terms below to define various components of fund balance. For future reporting of City reserves these terms shall be used to define what comprises the reserve.

a) Nonspendable fund balance (inherently nonspendable) include the :

Portion of net resources that cannot be spent because of their form, and
 Portion of net resources that cannot be spent because they must be maintained
integet

b) Restricted fund balance (externally enforceable limitations on use) include amounts subject to:

 Limitations imposed by creditors, grantors, contributors, or laws and regulations of other government

Limitations imposed by law through constitutional provision or enabling legislation
 Committed fund balance (self imposed limitation set in place prior to the end of the period):

 Limitation imposed at the highest level of decision making that requires formal action at the same level to remove. For the City, the City Council is the highest level of decision making.
 Resources accumulated pursuant to stabilization arrangements would fit in this

category only if the arrangement is specific regarding the circumstances when

spending would be permitted, and those circumstances would need to be of a non-routine nature.

Intended use is established by the body designated for that purpose (City

Intended use is established by official designated for that purpose. For the City,

· Total fund balance in the general fund in excess of nonspendable, restricted,

· Excess of nonspendable, restricted, and committed fund balance over total fund

It is a goal of the City to obtain and maintain a general operating reserve in the form of

cash, of at least 40% of operating revenues. The first 25% of operating revenues shall be

considered a contingency reserve to cover normal seasonal cash flow variations, as well as unforeseen emergency or catastrophic impacts upon the City. Reserve funds in excess of

d) Assigned fund balance (limitation resulting from intended use)consists of

One-time revenue windfalls should be designated as a reserve or used for one-time exper ditures. The funds are not to be used for on-going operations. To the extent such funds are and the second s

For purposes of this policy, one-time revenue windfalls shall include:

. Lump sum (net present value) savings from debt restructuring • Tax Revenue growth in excess of 5% in a single year

Sale of city-owned real estate
 Pure unexpected revenues (i.e. litigation settlement)

· Receipts from approved Development Agreements Contributions and Gifts

Any other revenues the City Council may elect to designate as extraordinary

Sufficient reserves shall be maintained in internal service funds to prevent extended disruption of service in the event of natural disasters or other interruptions of revenue collections. ermination of adequate reserves will be reviewed annually by the Chief Financial Officer Dete and guided by the following:

Self-Insurance Reserves (liability, workers' compensation, other) will be maintained at a level, which, together with purchased insurance policies, will adequately cover the Citv's property, liability, and health benefit risk. A qualified actuarial firm shall be retained and re port on a bi-annual basis recommended appropriate funding levels. The City shall endeavor to maintain reserves equal to 90% of the estimated net present value of such liabilities.

Fleet Management, Building, Equipment and Information Technology reserves will be maintained based upon lifecycle replacement plans to ensure adequate fund balance required for systematic replacement of fleet vehicles, building components and systems, computers and related equipment, and operational contingencies. Operating departments will be charged over the useful life of the asset used. The City shall endeavor to stabilize funding by building reserves equal to the anticipated replacement cost of each asset class at end of useful life.

Enterprise Fund (Water, Parking Operations, Solid Waste, Wastewater, and Clean Water) user fees and charges will be examined annually to ensure that they recover all direct and indirect costs of service, provide for capital improvements and maintenance, and maintain adequate reserves. Secondarily, maintenance of cash reserves will provide a de facto rate stabilization plan. Rate increases shall be approved by the City Council following formal noticing and public hearing. Rate adjustments for enterprise operations will be b five-year financial plans unless a conscious decision is made to the contrary. The target level of operating cash reserves shall be 50% of gross annual user revenues.

Contingency Reserves, to be determined annually by the Chief Financial Officer, will be maintained to offset unanticipated revenue shortfalls and/or unexpected expenditure in-creases. Contingency reserves may also be used for unanticipated and/or inadequately budgeted events threatening the public health or safety. Use of contingency funds shall be approved at recommendation of the Chief Financial Officer

Budget Reserves are presented in the Comprehensive Annual Financial Report (CAFR) in the Financial Statement section designated as unreserved fund balance. The City's CAFR is available on the City's website at www.beverlvhills.org.

Section 6. Audit Policies

An annual audit will be performed by an independent public accounting firm with an audit nion to be included with the City's published Comprehensive Annual Financial Report (CAFR).

The City Council will maintain a standing committee of its members to serve as the Audit Committee to provide oversight and review of the annual and special audits of the City. The Committee will meet at least twice annually with the City's independent auditor, once for a pre-audit meeting, and once for a review of the final audit results.

Internal audit activities are typically identified as work plan items in the operating budget and are approved by the City Council through the annual budget process. The results of these audits are then presented to the City Council Audit Committee for consideration and later reported to the full City Council for its review and consideration. Should conditions necessitate an urgent internal audit of a particular area not included as a work plan item, the Audit Committee will be advised and the results of the audit will be reviewed with the Committee

RESOLUTION NO. 16-R-13083

RESOLUTION OF THE COUNCIL OF THE CITY OF BEVERLY HILLS APPROVING THE CAPITAL IMPROVEMENT PROGRAM BUDGET FOR THE 2016/2017 FISCAL YEAR AND APPROPRIATING FUNDS THEREFOR

The Council of the City of Beverly Hills does resolve as follows:

Section 1. That certain document entitled "City of Beverly Hills 2016/17 Fiscal Year Capital Improvement Budget," a copy of which is on file in the office of the City Clerk and the Beverity Hills Public Library, which may hereafter be amended by the Council, is hereby approved as the Capital Improvement Program budget for the City of Beverly Hills for the Fiscal Year 2016/2017, beginning July 1, 2016.

Section 2. Appropriations in the amount not to exceed \$65,603,307 are authorized in the City's various funds that have capital programs for the purpose of carrying on the Capital Improvement Program of the City.

Section 3. In adopting the Budget, the City Council hereby gives authority to the City Manager, upon recommendation of the Chief Financial Officer, to re-appropriate all Capital Improvement Program unencumbered Fiscal Year 2015/16 appropriated fund balances and unexpended encumbrances of the Fiscal Year 2015/16 Capital Improvement Program.

Section 4. The City Manager or his designee, upon recommendation of the Chief Financial Officer, may transfer appropriations between and among all funds, as defined in the Fiscal Year 2016/17 Capital Improvement Program. A semi-annual report shall be made to the Council describing each transfer and the reason therefore.

Section 5. The Chief Financial Officer may make budget adjustments to accounts within the same project and/or fund, provided that the fund is within its approved budget. Any transfer between projects within different funds must also be authorized by the City Manager

Section 6. The City Manager may transfer and appropriate up to \$300,000 during the Fiscal Year and the Chief Financial Officer may transfer and appropriate up to \$100,000 during the Fiscal Year from all fund balances to any accounts within that fund as long as it meets the purposes of that fund's designation. A semi-annual report shall be made to the Council describing each transfer and the reason therefore.

Section 7. Pursuant to the provisions of Section 37208 of the Government Code, the Council ratifies the prior payment of budgeted demands from those funds which have been certified or approved by the Chief Financial Officer and may appropriate funds for non-budgeted items, and any such appropriation for a non-budgeted item shall constitute an approval to issue a warrant in payment of a proper demand or demands therefore.

Page 18 • Beverly Hills Weekly

Section 9. The Chief Financial Officer is authorized to make such other revisions including individual line-item appropriations, changes in summaries, fund totals, grand totals, and other portions of the budget document as necessary to reflect and implement the programs specified in this resolution, and in full accordance with the direction provided by the Council up until the adoption of this resolution.

RESOLUTION NO. PA-R-16-149

RESOLUTION OF THE PARKING AUTHORITY OF THE CITY OF BEVERLY HILLS APPROVING THE OPERATING BUDGET AND FINANCIAL POLICIES FOR THE 2016/17 FISCAL YEAR AND APPROPRIATING FUNDS THEREFOR

The Board of the Parking Authority of the City of Beverly Hills does resolve as follows:

Section 1. That certain document entitled "Parking Authority of the City of Beverly Hills 2016/17 Fiscal Year Budget", a copy of which is on file in the office of the Secretary of the Parking Authority, which may hereafter be amended by the Parking Authority, is hereby approved as the operating budget for the Parking Authority of the City of Beverly Hills for the Fiscal Year 2016/17, beginning July 1, 2016.

Section 2. Appropriations in the amount not to exceed \$28,215,999 are authorized for the purpose of carrying on the business of the Parking Authority.

Section 3. The Executive Director of the Parking Authority ("Executive Director") or his designee may make budget adjustments to accounts, provided that the Parking Authority is within its approved budget

Section 4. The Executive Director or his designee may appropriate up to \$300,000 during the Fiscal Year from Parking Authority balance to any accounts as long as it meets the purposes of the Authority. An annual report shall be made to the Board of the Parking Authority describing each transfer and the reason therefore.

Section 5. The Board of the Parking Authority ratifies the prior payment of budgeted demands from those funds which have been certified or approved by the Executive Director or his designee and may appropriate funds for non-budgeted items, and any such appropriation for a non-budgeted item shall constitute an approval to issue a warrant in payment of a proper demand or demands therefore.

Section 6. The Parking Authority hereby adopts Comprehensive Financial Policies for Fiscal Year 2016/17, as attached to this resolution

Section 7. The Secretary of the Parking Authority shall certify to the adoption of this resolution and shall cause this resolution and his certification, together with proof of publication, to be entered in the Book of Resolutions of the Board of the Parking Authority.

Section 8. In the case of fee-based activities, if the revenues for such programs exceed the amount budgeted, the Board of the Parking Authority hereby authorizes the Executive Director or his designee to increase the appropriation of said activity in the same amount of the increased revenue.

Section 9. The Executive Director or his designee is authorized to make such other revisions including individual line-item appropriations, changes in summaries, totals, grand totals, and other portions of the budget document as necessary to reflect and implement the programs specified in this resolution, and in full accordance with the direction provided by the Board of the Parking Authority up until the adoption of this resolution.

> **City of Beverly Hills Parking Authority** Financial Policies

Section 1. Financial Reporting Policies

The Parking Authority's (Authority's) accounting and financial reporting systems will be maintained in conformance with state and federal laws, generally accepted accounting prin-ciples (GAAP), and the Government Finance Officers Association (GFOA). Further, the Authority will make every attempt to implement all changes to governmental accounting practices at the earliest practicable time.

The Authority's CAFR and other financial statements should be in conformity with GAAP, demonstrate compliance with finance related legal and contractual provisions, disclose thoroughness and detail sufficiency, and minimize ambiguities and potentials for mislead-

The Authority's CAFR will also be submitted to national repositories identified by the Authority's bond trust agent as a continuing commitment to disclose thoroughness to enable investors to make informed decisions.

The Authority's Budget should satisfy criteria as a financial policy document.

To provide a reasonable basis for making the Chief Financial Officer's (management's) reguired representations concerning the finances of the Parking Authority, the Authority has a comprehensive internal control framework that is designed both to protect the Authority's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the Authority's financial statements in conformity with GAAP. The Chief Financial Officer is given the responsibility and authority to develop and maintain proper internal con-trols on all financial aspects of the Authority and maintain all the books of the Authority for inspection. Because the cost of internal controls should not significantly outweigh their benefits, the Authority's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatements.

The Chief Financial Officer shall endeavor to maintain cash reserves sufficient to fully fund the net present value of accruing liabilities including self-insurance provisions, obligations to employees for vested payroll and benefits and similar obligations as they are incurred, and to maintain the highest credit rating possible for the Authority.

The Chief Financial Officer, as appropriate, shall prepare and present to the Board of Directors of the Parking Authority interim revenue and expenditure trends to allow evaluation of potential discrepancies from budget assumptions.

The Authority should avoid committing to new spending for operating or capital improve ment purposes until an analysis of all current and future cost implications is completed and presented to it by the Chief Financial Officer.

Section 2. Operating Management Policies

The Chief Financial Officer is primarily responsible for the development, implementation, and evaluation of all financial management policies and procedures. However, other officers. employees and/or contractors will participate in the responsibility of meeting policy goals, budget goals, and ensuring the long-term financial health of the Authority. work plans, program initiatives, and performance indicators will be developed to reflect current policy directives, projected resources, and future service requirements

The budget process is intended to weigh all competing requests for Authority resources within expected fiscal constraints. Requests for new, ongoing programs made outside the budget process will be discouraged.

The Authority will endeavor to avoid budgetary and accounting procedures that balance the current budget at the expense of future budgets.

Budget development should utilize strategic multi-year fiscal planning, conservative revenue forecasts, and program-based cost accounting that require every program to be justified annually in terms of meeting intended objectives ("effectiveness criteria"). The process will include a diligent review of programs by staff, the Chief Financial Officer, and Board of Directors

Utilization of a program budget format will provide a basis for evaluation of service and other impacts of potential increases or decreases in funding

Revenues will not be dedicated for specific purposes, unless required by law or generally accepted accounting practices (GAAP). Current revenues will fund current expenditures and to the extent possible a diversified and stable revenue system will be developed and maintained to protect programs from short-term fluctuations in any single revenue source.

The Authority shall strive to avoid returning to the Board of Directors for new or expanded appropriations. Exceptions may include emergencies, unforeseen impacts, mid-year adjustments or new opportunities.

Addition of personnel will only be requested to meet program initiatives and policy directives: after service needs have been thoroughly examined and it is substantiated that additional staffing will result in increased revenue or enhanced operating efficiencies.

Capital equipment replacement will be accomplished through a life cycle of funding mecha-Sophia equipment of placement of accompany and an equipment of the original metal and a source of the source of th lifecycle financial analysis approved by the Chief Financial Officer

The Authority shall endeavor to balance revenue and expenditures. Forecasts will be prepared by the Chief Financial Officer to examine the Authority's ability to absorb operat-ing costs due to changes in the economy, service demands, and capital improvements. The forecast will be updated annually and include a four or five-year outlook. The Chief Financial Officer will prepare and present these estimates to the Board of Directors at least once a year.

Alternative means of service delivery will be evaluated by the Authority to ensure that quality services are provided at the most competitive and economical cost. The Authority will identify activities that could be provided by another source and review options/alternatives to current service delivery. The review of service delivery alternatives and the need for the service will be performed annually or on an "opportunity" basis.

Cash and Investment programs will be maintained in accordance with the Government Code and the adopted investment policy or the City of Beverly Hills' investment policy until the Authority adopts an investment policy. The Authority will ensure that proper controls and safequards are maintained. Authority funds will be managed in a prudent and diligent manner with an emphasis on safety of principal, liquidity, and financial return on principal, in that order. The Chief Financial Officer, at least annually, shall recommend necessary revisions to the Board of Directors of a detailed investment policy. In addition to liquidity requirements, the Chief Financial Officer will also consider the appropriateness of investment decisions vis-à-vis debt management.

The Authority, through the Chief Financial Officer, will follow an aggressive, consistent, but sensitive policy of collecting revenues, with proper internal controls, to meet the needs of the Authority and follow all applicable state and federal laws.

Section 3. Capital Management Policies

A five-year Capital Improvement Plan (CIP) will be developed and updated annually, including anticipated funding sources. Capital improvement projects are defined as infrastructure or equipment purchases or construction which results in a capitalized asset and having a useful (depreciable) life of two years or more. The CIP will attempt to include adequate funding to support repair and replacement of deteriorating infrastructure and avoidance of a significant unfunded liability.

Proposed capital projects will be considered through the Authority budget development process and reviewed and prioritized regarding accurate costing (design, capital, and operating) as well as for overall consistency with the Authority's goals and objectives. The Authority's Chief Financial Officer will then identify financing sources for the highest-ranking projects.

Capital project contract awards will include a fiscal impact statement disclosing the expected operating impact of the project and when such cost is expected to occur

Pay-as-you-go Capital Improvement Plan financing should account for a minimum of 50 percent of all capital improvement projects for each five-year planning period. Pay-as-you-go financing is defined as all sources of revenue other than Authority debt issuance, i.e., fund balance contributions, developer contributions, grants, endowments, etc. Pay-as-you-go financing should generally be considered as the preferred option. However, the potential for debt issuance that provides additional economic and/or strategic values could be considered as recommended by the Chief Financial Officer.

Section 4. Debt Management Policies

The Chief Financial Officer will seek to establish and, improve the bond rating(s) in order to minimize borrowing costs and preserve access to credit

New debt issues, and refinancing of existing debt, must be analyzed for compatibility within the Authority's overall financial planning and approved by the Chief Financial Officer. The review shall not be limited to cash flow analysis, potential for unexpected revenue surprises, and the maintenance of the Authority's bond ratings. Annual debt service shall not produce an inordinate impact upon future operations. The Chief Financial Officer will endeavor to minimize Authority Debt Service costs in order to control fixed costs and ensure expenditure flexibility

Debt financing should not exceed the useful life of the infrastructure improvement with the average (weighted) bond maturities at or below thirty years, unless otherwise authorized by the Board of Directors.

A ratio of current assets to current liabilities of at least 2/1 will be maintained to ensure the Authority's ability to pay short-term obligations.

Section 5. Reserve Policies

General Fund

user revenues

recommendation of the Chief Financial Officer.

Section 6. Audit Policies

Report (CAFR).

All fund designations and reserves will be evaluated annually by the Chief Financial Officer for long-term adequacy and use requirements in conjunction with development of the Authority's balanced five year financial plan.

It is a goal of the Authority to obtain and maintain a general operating reserve in the form of cash, of at least 40% of operating revenues. The first 25% shall be considered a contingen-cy reserve to cover normal seasonal cash flow variations, as well as unforeseen emergency or catastrophic impacts upon the Authority. Funds in excess of 25% may be used for short term economic investment in the community when justified by projected financial return to the Authority and specifically authorized by the Board of Directors, upon recommendation of the Chief Financial Officer

One-time revenue windfalls should be designated as a reserve or used for one-time expenditures. The funds are not to be used for on-going operations. To the extent such funds are not required for current expenditures, one-time expenditures and/or capital improvements such funds should be maintained as operating reserves or used to reduce debt.

For purposes of this policy, one-time revenue windfalls shall include

Lump sum (net present value) savings from debt restructuring Sale of authority-owned real estate • Pure unexpected revenues (i.e. litigation settlement) Contributions and Gifts Any other revenues the Board of Directors may elect to designate as extraordinary

Self-Insurance Reserves, where appropriate, will be maintained at a level, which, together with purchased insurance policies, will adequately cover the Authority's property, liability, and health benefit risk. A qualified actuarial firm shall be retained and report on a bi-annual

basis recommended appropriate funding levels. The Authority shall endeavor to maintain

Fees and charges will be examined annually to guide decisions with a goal of covering all direct and indirect costs of service, provide for capital improvements and maintenance, and

maintain adequate reserves to the maximum extent feasible. Secondarily, maintenance

of cash reserves will provide a de facto rate stabilization plan. Rate increases shall be approved by the Board of Directors following appropriate noticing and public input. Rate

adjustments will be based on five-year financial plans unless a conscious decision is made

to the contrary. The target level of operating cash reserves shall be 40% of gross annual

Contingency Reserves, to be determined annually by the Chief Financial Officer, will be

maintained to offset unanticipated revenue shortfalls and/or unexpected expenditure in-

creases. Contingency reserves may also be used for unanticipated and/or inadequately budgeted events of an emergency nature. Use of contingency funds shall be approved at

Budget Reserves are presented in the Comprehensive Annual Financial Report (CAFR) in

An annual audit will be performed by an independent public accounting firm with an au-

dit opinion to be included with the Authority's published Comprehensive Annual Financial

The Board of Directors will maintain a standing committee of its members to serve as the

Audit Committee to provide oversight and review of the annual and special audits of the Authority. The Committee will meet at least twice annually with the Authority's independent

Internal audit activities will be guided by the Audit Committee. The results of these audits

are then presented to the Board of Directors Audit Committee for consideration and later

reported to the full Board of Directors for its review and consideration. Should conditions

necessitate an urgent internal audit of a particular area, the Audit Committee will be advised

and the results of the audit will be reviewed with the Committee

auditor, once for a pre-audit meeting, and once for a review of the final audit results.

the Financial Statement section designated as unreserved fund balance

reserves equal to 90% of the estimated net present value of such liabilities.

One Beverly Hills means new revenue for BHUSD schools

One Beverly Hills is projected to generate over **\$4,000,000 a year** in new revenue for BHUSD schools.

This money goes directly to our schools and can be used to enhance students' classroom programs or create new electives. Over the first ten years alone, the projected revenue from One Beverly Hills to BHUSD schools will total over \$35,000,000.

One Beverly Hills is also proud of our partnership with the Beverly Hills Education Foundation and looks forward to being a partner with our schools and a reliable source of new revenue for BHUSD schools and students.
