An open letter to City Council

We are continually being plagued by invasive tourists, i.e., tourist buses with loud speakers invading our neighborhood, “neighborhood” stores which are patronized principally by tourists, and not residents. At the same time, our community is crumbling -- the reason Hawthorne may be closing, is because the shining star of Beverly Hills, its schools, has dimmed, if not vanished. Beverly Hills kids are going to private schools -- something unheard of 20 years ago!!

We need to reclaim our city for us, the residents, as is exemplified by the Dog Park, which is designed to serve the residents, as opposed to being a tourist attraction. A pox on TOT and all proposed hotels, which will undermine the quality of our lives.

The LA Times article this weekend was surprising, as I had no idea that John was an advocate of the Wanda project. John, is that true? I sure hope not. Rather I assumed that John was

an advocate for the process of government, of environmental protection, of vetting, of due process exemplified by our planning commission, and the institutions upon which our government functions.

The Hilton seeks to use the loophole, as never before, which the California Supreme Court identified almost 40 years ago. *Associated Home Builders etc., Inc. v. City of Livermore*, 18 Cal. 3d 582, 615, 557 P.2d 473, 492 (1976)

“It is ironic that today’s decision, reviewing a ‘no growth’ ordinance, may provide a loophole for developers to avoid the numerous procedures established by the Legislature which in recent years have made real estate development so difficult.” (emphasis added)

Nancy, I respectfully, take issue with your failure to take a position to protect your electorate with regard to both the Hilton Project, and the Wanda project -- it’s your job to govern; not to deflect.

The initiative process is terribly flawed, and should be circumscribed, not encouraged. It is the loophole that the Hilton moneyed interests seek to exploit.

Hilton initiative ballot question receives minor edits in court

Conflicting opinions emerged as to who the winner was of the Hilton Condominium Tower Initiative rewrite, after the judge ruled last Tuesday largely in favor of the City.

Los Angeles County Superior Court Judge James C. Chalfant upheld the current title and ballot question language of Measure HH with minor changes. The judge ruled against a request from the Residents for The Beverly Hills Garden & Open Space Initiative to delete the title, which includes the word "Tower."

"The court's ruling is a big loss for Measure HH," said No on HH consultant Adam Englander. "It included new information regarding just how little the .61 acres of new private garden Measure HH will provide."

Minor edits were made to the ballot statement. The rewrite clarified how the open space is defined and included language regarding the removal and relocation of the conference center.

"The old language did not correctly state the open space on the property, and more importantly did not educate residents, that a new 1.7 acre publically accessible garden would be created as part of Measure HH," said Hilton spokesperson Marie Garvey.

City officials were pleased with the ruling because the description of the reduction in greywater requirements and the elimination of architectural review remained part of the ballot question, according to an official statement.

"If you want to know more about the initiative, the impartial analysis is the place to go," said City Attorney Larry Wiener. "The ballot question is designed to summarize the impartial analysis down to 75 words, so I think the ballot question as a whole helps to answer questions."

The Hilton initiative will appear in court again Thursday regarding a suit brought forward by Beverly Hills resident Alma Ordaz alleging the arguments written in favor of the Hilton initiative, appearing on the Nov. 8 ballot, are invalid.

Beverly Hills opens off-leash dog park

Beverly Hills opened its first community dog park, located at 344 North Foothill Road, at 1:00 p.m. last Tuesday. Construction on the new park began on May 3.

On the day of the grand opening, 293 residents and 62 city employees were registered for the dog park.

At the grand opening event, all guests with dogs were able to use the park with or without a permit, but dogs were required to remain on leashes.

(Left to right): Councilmember Kathy Reims, Councilmember Lili Bosse, Mayor John Mirisch, Councilmember Julian Gold and Vice Mayor Nancy Krasne

Permits are required to gain access to the dog park, and owners must license their dogs through the city of Los Angeles in order to receive a permit, according to the Beverly Hills website.

Hotel guests, business owners and guests of residents are allowed to use the park, but need to provide proper documentation.

"We hope that it will serve the needs of the community," said Director of Community Services Nancy Hunt-Coffey. "60 percent of our population lives in apartment buildings, so they don't necessarily have yards. It will be a great place for dogs to socialize, and ultimately the best outcome would be if it is a great place for people from all over the community can come and get to know each other."

The City allocated \$600,000 to conduct soil remediation and build a base park and received over \$211,719 in donations, according to Recreation and Parks Publicist Dana Beesen.

There is a maximum capacity of 40 dogs with a cap of three dogs per person. Small and big dogs can roam the park off-leash in their designated fenced areas.

The park will be open from 8:00 a.m. to 8:00 p.m. daily. Visit www.beverlyhills.org/dogpark to register and choose the permit that is applicable to you.

Council approves \$650,000 budget for 2016 holiday décor and lighting

The City got a head start in preparing for the holiday season when the Council approved the 2016 budget for the holiday décor and lighting program, one day after Labor Day, at last Tuesday's meeting.

The proposed holiday décor program is estimated to cost \$649,576.

The money is allocated from the Tourism and Marketing budget, according to the staff report. It is about \$50,000 less than last year's budget.

The staff report also noted the program does not include décor and lighting for Rodeo Drive as that program is funded through the City's annual agreement with the Rodeo Drive Committee and will be brought before the Council at a later date.

Megan Roach

Staff recommended the Council repli-

cate the 2015 holiday program, and the Special Events/ Holiday Liaison committee members Vice Mayor Nancy Krasne and Councilmember Lili Bosse agreed.

"I think we felt that last year we worked very hard to cover the entire city," Bosse said.

Krasne and Bosse approved bringing the program directly to the Council in order to "expedite the process, secure competitive rates and achieve cost savings wherever possible," according to the staff report.

Utopia Worldwide was re-selected to serve as the City's holiday décor program management firm, following its participation in a request for proposal process in 2014.

Councilmember Kathy Reims suggested in the future focusing more on street level or pedestrian level decorations and removing the "vinyl red bows on top of parking structures" from the budget.

Councilmember Julian Gold asked for more visibility of Hanukkah decorations.

"I see we have a menorah, that's nice," said Gold. "There was still very little representation of the Hanukkah season, so I'd just like to see you elevate that some."

reconstruction since July.

Two community outreach meetings took place on Aug. 31; one was geared toward businesses while the other focused on residents.

Construction will span about a mile and a half long between Wilshire Boulevard and Doheny Drive.

On most weekday mornings, North Santa Monica Boulevard traffic volume can climb as high as 30,000 automobile. Later in the day at peak traffic periods, the volume almost doubles between 50,000 and 60,000 vehicles, according to the staff report.

The proposal suggested building the project in two linear phases, a westerly phase between Wilshire Boulevard and Alpine Drive and an easterly phase between Alpine Drive and Doheny Drive. Each segment will require approximately 74 working days.

“You can think of it as two separate

projects in some respects,” said City Engineer Mark Cuneo. “They’ll complete one segment, the westerly phase or the easterly phase, and then it’ll be followed by the other.”

Commissioners offered input on logistics of the phasing process and methods for noticing the community.

Chair Jake Manaster was in favor of starting the construction after the holiday season. He expressed concern regarding neighboring development projects, such as the Purple Line Extension Project, 9900 Wilshire, the Hilton and renovation of Beverly High and El Rodeo.

“Timing is going to be everything on this,” Manaster said. “It’s going to be one of the biggest interruptions of traffic flow in the recent history of the City.”

After attending the previous day’s outreach meeting, Vice Chair David Seidel recommended using electronic signage to alert residents and commuters of impending construction.

David Seidel

He advocated for signs to be put up 30 days in advance with a countdown clock reading “Santa Monica Boulevard, construction coming, ‘28’ days,” as an example.

“The idea of the countdown clock is that we start early with the communications, we assume people have heard nothing we have said so far,” Seidel said. “If they’re regular commuters along Santa Monica Boulevard, let’s show them something they cannot miss.”

Former Beverly High theater director to sue BHUSD

Former Theater Director Brad Vincent filed a complaint on Aug. 18 against BHUSD for wrongfully terminating his position at Beverly High, according to the claim for damages.

Vincent was allegedly fired due to matters not found in his personal file, violating the education code. The complaint states he believes documents kept in a separate file contained false and defamatory statements

The Board voted not to bring Vincent back on probationary terms, despite having satisfactory evaluations, according to the complaint.

Principal David Jackson was the only district employee named in the complaint.

“We’re waiting for the district to act on the claim, which we hope they will accept,” said Vincent’s attorney Lawrence Trygstad.

A court date has not yet been set.

Water supply fee approved by Council

During last Tuesday’s meeting, the Council unanimously approved a water supply fee to assess both new construction and substantial remodels and additions for residential, commercial and mixed-use projects for the development of local groundwater and non-potable water supplies above and beyond what was recommended in the City’s adopted 2015 Water Enterprise Plan.

“I’ve always been an infrastructure person,” said Vice Mayor Nancy Krasne. “Having our own infrastructure supplying our own water is really critical to me.”

The establishment of the WSF was unanimously approved by the Public Works Commission at its meeting on July 14.

The City is currently implementing the Capital Improvement Program, based upon the WEP and the recommendation that the City undertake capital improvements to

Mark Cuneo

decrease its reliance on the purchase of imported water from Metropolitan Water District of South California, according to the staff report. It was also suggested the City develop local groundwater sources.

The staff report also stated one of the main objectives of the WSF is to pay for the cost of facilities that will provide additional local water supplies needed as new connections are established or redevelopment occurs.

The facilities funded with the WSF include an additional high capacity well, beyond the three wells planned in the WEP. The estimated total project cost to develop the proposed high capacity well is approximately \$10,173,469 or \$14,534 per acre-foot per year.

“In noticing [the WSF] we should make it clear that this is not going to affect people who don’t do anything to their [homes]. It really won’t have any impact at all,” said Mayor John Mirisch. “When people are applying to build something new, that’s when the information should be provided to them.”

BHHS football team loses to Nordhoff Normans to play at Malibu Friday night

By Steven Herbert

Beverly High linebacker Michael Revah intercepted a pass by Parker Johnsen on the first play from scrimmage and ran 34 yards for a touchdown, but the Normans were shut out for the rest of the game in a 32-6 loss to Nordhoff Friday night at Nickoll Field.

Rangers coach Lance Wiggins credited Beverly Hills defensive lineman Greg Carter with the rush that prompted Johnsen to throw the first of his three first-half interceptions.

Johnsen ran one yard for a touchdown later in the first quarter to give Nordhoff a 7-6 lead.

Following a scoreless second quarter, Jake Perry ran 16 yards for a third-quarter touchdown and Johnsen threw a 54-yard touchdown pass to Brendon Looker.

Johnsen threw a 15-yard pass to Looker in the fourth quarter. Nordhoff

(1-1) scored its final touchdown when Ethane Sunder blocked a punt which was recovered by Anthony Rodriguez, who ran six yards for the touchdown.

“We maintained our goal which was to run the ball,” said Wiggins, whose team rushed for 136 yards on 36 carries, including 128 on 29 carries by Perry.

In the first half, the Ranger defense “was doing a pretty good job of shutting down their run and the passing game” to prevent the Normans from capitalizing on the turnovers, Wiggins, Nordhoff’s first-year coach, said after picking up his first victory.

The Rangers won despite having just 21 players in uniform.

“It isn’t about how many players you have, it’s about how you prepare,” Wiggins said. “We really do a good job of making sure that we’re prepared on both sides of the ball, physically as well

as mentally.

“We take our time outs at specific spots. If I can see we need to take some kind of break, that’s when we take it.

“It really just comes down to conditioning the body and the mind to know this is what we’ve got, this what I’ve got to do.”

What’s Next?

The Normans are scheduled to play at Malibu Friday night in a nonleague matchup of two 0-2 teams set to begin at 6:30 p.m.

The Sharks are a run-oriented team that occasionally operates out of the shotgun, according to coach Terry Shorten.

Malibu opened the season with a 17-14 loss to Windward Aug. 26, then lost to Campbell Hall 53-0 Friday. The Vikings were fourth in the Southern Section Division 13 poll released Monday.

The Beverly Hills offense has been held scoreless in its two games. The Normans have scored seven points or fewer in eight of their last 12 games dating back to 2015.

Beverly Hills has lost 18 of its last 19 games dating back to 2014 and 31 of 33 dating back to 2012.

Beverly High principal David Jackson hired both Shorten, when he was interim principal at Malibu during the 2014-15 school year, and Norman coach Steve Geanakos.

Jackson said he would be going into the game with mixed emotions because

he knows nearly all the Beverly Hills players and all the Shark players.

“I just want a good clean game with nobody getting hurt,” said Jackson, who said he would be rooting for the Normans “because I’m now a Beverly Hills High person.”

Jackson called Malibu High “a wonderful place to view a football game because at halftime you’ll never see a more beautiful sunset from the football field overlooking the ocean.”

RUNNING FOR GOVERNOR

State Treasurer John Chiang talks Beverly Hills, education and transforming California

By Madelyn Pariser

In November, it'll be two years since you were elected state treasurer. Compare and contrast it to your prior two terms as state controller?

We've done a lot. The first thing is we wanted to make sure we continued to improve California's finances. We've saved tax payers over 4 billion in dollars and public benefits by working on refunding, and trying to make sure in Sacramento the governor and legislature are engaged in smart financial practices that led to our credit strength. California continues to get upgrades.

Fitch [Ratings], a few weeks ago, upgraded California. We are now a high quality investment. Even though, relative to other states, we're still low 48, the interest rates we are paying have dropped dramatically. [For exam-

ple, student loans,] if you could get a 7 percent [interest rate] before when California had bad credit, we would pay 171 basis points more so we'd be paying 8.71 percent. But because a student with good credit is paying 7 percent, California today pays around 7.2 percent. Over the long term, that saves a lot of money; especially when you're dealing with billions of dollars.

Debt watch is legislation that is [currently] on the governor's desk. Bob Hertzberg, the state senator for the San Fernando Valley, is carrying it for us. It's how you have better debt practices. Because we're going to borrow a lot of money, we want to make sure the local governments borrowing the money are communicating and putting that information forward. Somebody [can] say, "Hey, you borrowed 100 million dol-

lars. Are you building schools? Are you building those roads or is that money sitting idle? Are you wasting that money?"

I [also] chair [several] economic development authorities. One of the great things about California is we try to clean our environment. Here in Southern California, we have a lot of automobile design companies, we have aerospace companies, we have advanced transportation companies and alternative energy companies.

Our sales tax inclusion that creates a tax incentive that grows these companies or builds these companies in Californian, was about to expire. We were able to lobby the governor to effectively keep that tax incentive in California. [Early on,] it was the [tax incentive] that helped draw Tesla to California, and we were able to continue that.

I've pushed for more women and people of color on corporate boards.

Last year, I pushed for members of the LGBT community on corporate boards. This year, we added CalPERS and CalSTRS. We want to get people who have great climate change expertise, because if you have energy companies and other types of companies, there's climate change risk. You have to measure

that, so let's make sure we get that type of expertise on corporate boards so corporations can improve their practices.

You recently traveled to China as part of the U.S.-China Peoples Friendship Association with Mayor John Mirisch. Tell us about that.

It was fantastic. We met with a couple of governors, we went with a whole bunch of different businesses, [and] we participated in programs. Everybody [in China] knows Beverly Hills. We were also trying to help other jurisdictions build partnerships, whether it's sister city relationships or economic development partnerships. We're trying to help the Ontario leadership identify funding and investments in their airport because, obviously, this continues to be a growing economy. LAX will have capacity challenges, so we have to build out and create opportunities for our regional airports.

Now that you have announced your 2018 campaign for governor, what do you see as the biggest challenges facing the State?

I want to make sure we continue to grow the opportunities, especially to expand the middle class. The middle

class is slowly shrinking. So one of the things is, [education.] It's not only K through twelve education anymore. We have to make sure we create life-long education opportunities because the world is changing dramatically and making sure that those who are in challenging areas continue to get access. We've got to make sure we have high performing teachers in those communities so that they don't fall behind; then, making sure we have steady source of financing because what we witnessed in 2009, during California's financial decline, was a lot of schools were issuing pink slips to their teachers and other school personnel. [We ask,] "How do we handle our finances better to make sure we can protect education?"

What are a few things most people don't know about what a state treasurer does?

State treasurer handles the financing for California. I'm the state's banker so whether it's commercial banking operations or institutional banking operations, we help work on it. One of the things I did is I upgraded California's

"It's exciting. It's such an amazing state. You get to meet great people on a daily basis."

-- State Treasurer John Chiang

banking operations. We used to, up until this year, bank by phone and fax. We're investing about 86 billion dollars in a given day and we process two trillion dollars worth of transactions financially for the state of California. If you want to take your money out or put money in, you call in to our office you talk to somebody and we give you a transaction number. That's outdated. We finally upgraded it. Not to criticize my predecessors because it was hard for them to do the technology upgrades because the state was so broke, but now you can bank online.

Describe what it's like to run for governor in a few words.

It's exciting. It's such an amazing state. You get to meet great people on a daily basis. They have great dreams, so what do we do in this state to make sure those dreams are possible? If you're a business owner, how do we make business easier? If you're trying to learn something, how do you make education more accessible? If you're trying to meet other great people, how do you get together? You just watch people, and it's incredibly moving.

ORDINANCE NO. 16-O-2708

AN ORDINANCE OF THE CITY OF BEVERLY HILLS REGULATING EXPANSIONS OF LEVEL PAD AREAS OF LOTS AND DEVELOPMENT OFF THE LEVEL PAD OF LOTS IN THE HILLSIDE AREA OF THE CITY

THE CITY COUNCIL OF THE CITY OF BEVERLY HILLS HEREBY ORDAINS AS FOLLOWS:

Section 1. Legislative Findings.

Over time, the Planning Commission of the City of Beverly Hills has developed a greater concern for the impacts associated with: 1) the expansion of the level pad area of lots in the Hillside Area of the City and 2) development off the level pad area of lots in the Hillside Area of the City. The Planning Commission's concerns stem from property owners' increasing excavation and exportation of earth material, and from property owners' increasing reliance on grading and construction of off-pad retaining walls to create larger projects. In particular, the Commission is concerned about heightened noise, traffic, and parking impacts resulting from truck hauling activities, about over-sized mass and scale of development resulting from off-pad construction and/or the terracing of hillsides to permit construction of larger on-pad buildings under current Municipal Code standards; and about the incremental loss of natural hillside contours and neighborhood identity and slope destabilization, resulting from off-pad development and/or the terracing of hillsides. On June 30, 2016, the Planning Commission held a duly noticed public hearing after which it adopted Resolution 1778, recommending in part that the City Council amend portions of Title 10 (Planning and Zoning) to include provisions to regulate both the expansion of the level pad areas and the off-pad development of lots in the Hillside Area of the City, in order to protect the health, safety, and welfare of the community.

The City Council of the City of Beverly Hills shares the concerns raised by the Planning Commission, and finds that the grading of hillsides and construction of retaining walls to facilitate larger development warrant legislation to address those concerns.

The City intends to initiate a public process of studying standards for excavation, grading, and off-pad construction in the Hillside Area of the City, and formulate additional amendments to the regulations applicable to the Hillside Area of the City. Until this more comprehensive review of the Hillside regulations is completed, the legislation contained in this ordinance will address the immediate concerns regarding landform alteration, development off the level pad and expansions of the level pad in the Hillside Area of the City.

Section 2. General Plan.

The Ordinance is consistent with the objectives, principles, and standards of the General Plan. General Plan Policy Land Use 1.1 "Scale of the City" calls for regeneration of the City within the general framework of the existing scale. Land Use Policy 2.3 "Hillside Development" calls for maintaining the natural landforms that define the City and requiring that development on hillsides and in canyon areas be located, designed, and scaled to respect the natural topography and landscape. Land Use Policy 5.1 "Neighborhood Conservation" calls for maintaining the density, character, and quality of the City's residential neighborhoods. Land Use Policy 6.1 "Neighborhood Identity" calls for maintaining the characteristics that define the City's single-family neighborhoods. Land Use Policy 6.2 "Housing Character and Design" calls for renova-

tions, additions and new housing be designed to maintain the characteristics and qualities of the neighborhoods in which they are located including lot size, building form, massing and landscaping. Open Space Policy 1.1 "Resource Preservation" encourages new development on hillsides to preserve natural land formations. Open Space Policy 6.1 "Protection of Scenic Views" seeks to protect scenic views. Open Space Policy 6.5 "Standards for New Development" seeks to ensure that new development does not adversely impact the City's unique urban landscape.

Section 3. Added Regulations

The City Council hereby adds Section 10-3-2521.1 to Article 25 of Chapter 3 of Title 10 of the Beverly Hills Municipal Code to read as follows:

"10-3-2521.1: DEVELOPMENT STANDARDS FOR LANDFORM ALTERATION, EXPANSIONS OF LEVEL PAD AREAS OF LOTS AND DEVELOPMENT OFF THE LEVEL PAD OF LOTS

A. Notwithstanding any other ordinance or provision of the Beverly Hills Municipal Code, a level pad area must contain a level square-shaped area with minimum dimensions of twenty (20) feet per side for the level pad to be used to calculate the maximum permitted cumulative floor area of buildings and structures in the Hillside Area pursuant to Section 10-3-2502.B. of the Beverly Hills Municipal Code. "Level pad" shall have the meaning set forth in Beverly Hills Municipal Code Section 10-3-100.

B. Notwithstanding any other ordinance or provision of the Beverly Hills Municipal Code, the maximum cumulative floor area of the portion of any buildings and structures located off the existing level pad of any lot in the Hillside Area of the City shall be one thousand (1,000) square feet, unless a Hillside R-1 permit is issued pursuant to Section 10-3-2550.K. of the Beverly Hills Municipal Code. "Level pad" shall have the meaning set forth in Beverly Hills Municipal Code Section 10-3-100, and "existing level pad" shall mean the level pad in existence on the effective date of Ordinance No. 16-O-2708 (September 30, 2016)."

Section 4. Amended Regulations

The City Council hereby amends Section 10-3-2550 of Article 25 of Chapter 3 of Title 10 of the Beverly Hills Municipal Code by adding an additional item to the list of items that the reviewing authority may issue a Hillside R-1 permit to read as follows, with all other provisions of Article 25 of Chapter 3 of Title 10 remaining in effect without amendment:

"K. Expansion off the Existing Level Pad: The reviewing authority may issue a Hillside R-1 permit to allow more than one thousand (1,000) square feet of cumulative floor area to be located off the level pad if it finds that the development will not have a substantial adverse impact on the scale, integrity, or visual character of the surrounding area, or on the privacy of neighboring properties, and the reviewing authority may require the applicant to submit such information and reports as the reviewing authority deems appropriate to determine the nature and extent of the impacts on the scale, integrity, and visual character of the surrounding area and on the privacy of neighboring properties."

Section 5. CEQA Findings.

The City Council hereby finds that it can be seen with certainty that there is no possibility that the adoption and implementation of this Ordinance may have a significant effect on the environment. This Ordinance does not authorize construction and, in fact, imposes greater restrictions on certain development in order to protect the public health, safety and general welfare. This Ordinance is therefore exempt from the environmental review requirements of the California Environmental Quality Act (CEQA) pursuant to Section 15061(b)(3) of Title 14 of the California Code of Regulations. The City Council also hereby finds that this Ordinance is exempt from CEQA pursuant to Section 15308 of Title 14 of the California Code of Regulations, because this Ordinance is adopted to assure the maintenance and protection of the environment, and enacts more strict development standards for the protection of the environment.

Section 6. Severability.

If any section, subsection, subdivision, sentence, clause, phrase, or portion of this Ordinance or the application thereof to any person or place, is for any reason held to be invalid or unconstitutional by the

final decision of any court of competent jurisdiction, the remainder of this Ordinance shall be and remain in full force and effect.

Section 7. Publication.

The City Clerk shall cause this Ordinance to be published at least once in a newspaper of general circulation published and circulated in the City within fifteen (15) days after its passage in accordance with Section 36933 of the Government Code, shall certify to the adoption of this Ordinance and shall cause this Ordinance and his certification, together with proof of publication, to be entered in the Book of Ordinances of the Council of this City.

Section 8. Grandfather Provisions.

ORDINANCE NO. 16-O-2709

AN ORDINANCE OF THE CITY OF BEVERLY HILLS REGULATING LANDFORM ALTERATIONS OF CERTAIN LOTS IN THE HILLSIDE AREA OF THE CITY

THE CITY COUNCIL OF THE CITY OF BEVERLY HILLS HEREBY ORDAINS AS FOLLOWS:

Section 1. Legislative Findings.

Over time, the Planning Commission of the City of Beverly Hills has developed a greater concern for the impacts associated with landform alterations in the Hillside Area of the City. The Planning Commission's concerns stem from property owners' increasing excavation and exportation of earth material, and from property owners' increasing reliance on grading and construction of off-pad retaining walls to create larger projects. In particular, the Commission is concerned about heightened noise, traffic, and parking impacts resulting from truck hauling activities on winding, narrow residential streets. On June 30, 2016, the Planning Commission held a duly noticed public hearing after which it adopted Resolution 1778, recommending in part that the City Council amend portions of Title 10 (Planning and Zoning) to include provisions to further regulate landform alterations in the Hillside Area of the City in order to protect the health, safety, and welfare of the community.

The City Council of the City of Beverly Hills

shares the concerns raised by the Planning Commission, and finds that the excavation and export of significant amounts of earth material on lots adjacent to and accessed by narrow streets, warrants legislation to address those concerns.

Section 2. General Plan.

The Ordinance is consistent with the objectives, principles, and standards of the General Plan. General Plan Policy Land Use 1.1 "Scale of the City" calls for regeneration of the City within the general framework of the existing scale. Land Use Policy 2.3 "Hillside Development" calls for maintaining the natural landforms that define the City and requiring that development on hillsides and in canyon areas be located, designed, and scaled to respect the natural topography and landscape. Land Use Policy 5.1 "Neighborhood Conservation" calls for maintaining the density, character, and quality of the City's residential neighborhoods. Land Use Policy 6.1 "Neighborhood Identity" calls for maintaining the characteristics that define the City's single-family neighborhoods. Open Space Policy 1.1 "Resource Preservation" encourages new development on hillsides to preserve natural land formations. Open Space Policy 6.1 "Protection of Scenic Views" seeks to protect scenic views. Open Space Policy 6.5 "Standards for New Development" seeks to ensure that new development does not adversely impact the City's unique urban landscape.

Section 3. Added Regulations.

The City Council hereby adds a new subsection C. to Section 10-3-2521.1 to Article 25 of Chapter 3 of Title 10 of the Beverly Hills Municipal Code to read as follows:

"10-3-2521.1: DEVELOPMENT STANDARDS FOR LANDFORM ALTERATION, EXPANSIONS OF LEVEL PAD AREAS OF LOTS AND DEVELOPMENT OFF THE LEVEL PAD OF LOTS

C. Notwithstanding any other ordinance or provision of the Beverly Hills Municipal Code, including but not limited to Section 10-3-2521, within any five (5) year period: no more than one thousand five hundred (1,500) cubic yards of earth material may be imported or exported from a site in the Hillside Area that is immediately adjacent to a street that is less than twenty four (24) feet wide, unless a Hillside R-1 Permit is issued pursuant to Section 10-3-2550.A. of the Beverly Hills Municipal Code.

Section 4. CEQA Findings.

The City Council hereby finds that it can be seen with certainty that there is no possibility that the adoption and implementation of this Ordinance may have a significant effect on the environment. This Ordinance does not authorize construction and, in fact, imposes greater restrictions on certain development in order to protect the public health, safety and general welfare. This Ordinance is therefore exempt from the environmental review requirements of the California Environmental Quality Act (CEQA) pursuant to Section 15061(b)(3) of Title 14 of the California Code of Regulations. The City Council also hereby finds that this Ordinance is exempt from CEQA pursuant to Section 15308 of Title 14 of the California Code of Regulations, because this Ordinance is adopted to assure the maintenance and protection of the environment, and enacts more strict development standards for the protection of the environment.

Section 5. Severability.

If any section, subsection, subdivision, sentence, clause, phrase, or portion of this Ordinance or the application thereof to any person or place, is for any reason held to be invalid or unconstitutional by the final decision of any court of competent jurisdiction, the remainder of this Ordinance shall be and remain in full force and effect.

Section 6. Publication.

The City Clerk shall cause this Ordinance to be published at least once in a newspaper of general circulation published and circulated in the City within fifteen (15) days after its passage in accordance with Section 36933 of the Government Code, shall certify to the adoption of this Ordinance and shall cause this Ordinance and his certification, together with proof of publication, to be entered in the Book of Ordinances of the Council of this City.

Section 7. Effective Date.

This Ordinance shall go into effect and be in full force and effect at 12:01 a.m. on the thirty-first

(31st) day after its passage.

ORDINANCE NO. 16-O-2710

AN ORDINANCE OF THE CITY OF BEVERLY HILLS AMENDING THE BEVERLY HILLS MUNICIPAL CODE REGARDING THE PERSONNEL PROCEDURES FOR HIRING AND RETENTION OF ASSISTANT CITY MANAGERS, DEPUTY CITY MANAGERS AND DEPARTMENT HEADS

THE COUNCIL OF THE CITY OF BEVERLY HILLS DOES HEREBY ORDAIN AS FOLLOWS:

Section 1. The City Council hereby amends Article 2 ("Personnel Procedures") of Chapter 5 ("Civil Service, Personnel Procedures, and Employee Regulations") of Title 2 ("Administration, Personnel, and Procedures") of the Beverly Hills Municipal Code to add Section 2-5-206.5 to read as follows:

2-5-206.5: APPOINTMENT PROCESS FOR ASSISTANT CITY MANAGERS, DEPUTY CITY MANAGERS AND DEPARTMENT HEADS:

Appointment of all assistant city managers, deputy city managers and department heads requires the advice and consent of the city council.

The city council shall provide its advice and consent by considering the city manager's recommendation of a candidate to the city council and voting to authorize or disapprove the city manager moving forward with the hiring process.

Following city council authorization, no further approval from the city council shall be required for that candidate. However, the city manager may conduct background checks and any other reviews or verifications, as appropriate. In the event that the city manager does not end up hiring that candidate, the city manager shall seek the city council's advice and consent before hiring a different candidate.

The City Council may provide more detail concerning this process in the City Council Policy and Operations Manual.

Section 2. The City Council hereby amends and restates Section 2-5-208 of Article 2 (Personnel Procedures) of Chapter 5 (Civil Service, Personnel Procedures, and Employee Regulations) of the Beverly Hills Municipal Code to read as follows:

2-5-208: DISCIPLINARY ACTION:

A. The appointing authority shall have the right to discipline any employee under their jurisdiction, subject to the employee's right of appeal. All employees holding positions in the classified service shall be subject to suspension without pay, demotion, reduction in compensation, reprimand, or dismissal from office or employment for misconduct, incompetency, inefficiency, insubordination, failure to perform duties, falsifying an oath, failure to comply with the personnel rules and regulations adopted by council, or failure to observe the rules and regulations of their department. A reduction in pay shall not be deemed a demotion within the meaning of this section if the reduction is part of a general program to reduce all salaries and wages as an

economy program of the city.

B. The city council shall have the right to evaluate and dismiss or release any assistant city manager, deputy city manager, or department head positions for which advice and consent is required under Section 2-2-204(B).

1. Evaluation: At the request of a council member, the city manager shall place on the agenda for a closed session the evaluation of the staff member.

2. Dismissal or Release: At the request of three or more council members, the city manager shall place on the agenda for a closed session the proposed dismissal or release of the staff member.

Nothing in this subsection in any way limits the right of the city manager to discipline, dismiss or release any employee.

Section 3. The City Council hereby amends and restates Section 2-5-204 ("Appointing Authority") of Article 2 ("Personnel Procedures") of Chapter 5 ("Civil Service, Personnel Procedures, and Employee Regulations") of Title 2 ("Administration, Personnel, and Procedures") of the Beverly Hills Municipal Code to read as follows:

2-2-204: APPOINTING AUTHORITY:

A. The city council shall be the appointing authority for the positions of city manager, city attorney, and city clerk.

B. The city manager, subject to the advice and consent of the city council, shall be the appointing authority for all department heads except those designated in subsection A of this section, and for all assistant and deputy city managers.

C. The city manager shall be the appointing authority for all positions authorized in the city manager's office, except those designated in subsection B of this section.

D. For all positions below the department head level, and which are not included in subsection B of this section, the respective department head, subject to approval by the city manager, shall be the appointing authority.

Section 4. The City Council hereby amends and restates Section 2-3-102 of Article 1 ("Office of the City Manager") of Chapter 3 ("Departments and Offices") of Title 2 ("Administration, Personnel, and Procedures") of the Beverly Hills Municipal Code to read as follows:

2-3-102: COMMUNICATIONS WITH ADMINISTRATION:

A. Except for the purposes of inquiry, the council or its members shall deal with city officers and employees who are subject to the direction and supervision of the city manager solely through the city manager, and neither the council nor its members shall give orders to any such officer or employee, either publicly or privately. The provisions of this subsection shall apply with respect to any intended action of the council relating to the imposition of any disciplinary action concerning a department head not included within the classified service. However, the provisions of this subsection shall not apply with respect to any action of the City Council under Section 2-5-208(B) to dismiss or release a department head, deputy city manager, or assistant city manager.

B. All officers and employees subject to the direction and supervision of the city manager shall deal with the council solely through the city manager. Except for purposes of inquiry, they shall not initiate communications to the council except through the city manager.

Section 5. Severability.

If any section, subsection, subdivision, sentence, clause, phrase, or portion of this Ordinance or the application thereof to any person or place, is for any reason held to be invalid or unconstitutional by the final decision of any court of competent jurisdiction, the remainder of this Ordinance shall be and remain in full force and effect.

Section 6. Publication.

The City Clerk shall certify to the adoption of this Ordinance and shall cause this Ordinance and his certification, together with proof of publication, to be entered in the Book of Ordinances of the Council of this City.

Measure HH creates a new 1.7 acre "public garden".

FACT:

Measure HH adds only 26,616 square feet more open space from the already-approved 2008 project. That's a meager 0.61 of an acre. Measure HH also allows the developer to close the so-called "public garden" whenever it wants to hold a paid party or event. (Measure HH, pages 2 & 6)

DEVELOPER CLAIMS:

Measure HH has the same environmental requirements as the current project.

FACT:

Measure HH removes the requirement to use graywater (recycled water) in the Waldorf Astoria and condominiums, reducing its environmental sustainability. Graywater will only be used for outdoor landscape purposes. This means more total water use during a time when everyone else is conserving water. (Measure HH, page 4)

DEVELOPER CLAIMS:

There will be no impacts to the residential neighbors to the north.

FACT:

There are many unstudied impacts. One example: The Hilton Pool is moving to the roof of the new Conference Center across from homes on Wilshire. There will be no City restrictions on loud music or hours of operation that other hotel rooftops such as the Peninsula have. This means late-night loud pool parties near our homes. (Measure HH, pages 6 & 7)

DEVELOPER CLAIMS:

Measure HH has sufficient parking.

FACT:

Beyond the new private event space, there are 10 new "staff units" in the condominium tower. No one knows how many parking spaces will be needed without an environmental report. Where will all these new cars park? (Measure HH, page 3)

DEVELOPER CLAIMS:

A covenant will make the "open space" permanent.

FACT:

The developer could have made this part of Measure HH. Instead, they maintain complete control over the Hilton "private gardens". They can even build an office building or retail stores on the "open space."

DEVELOPER CLAIMS:

There will be 2-hour free parking for Beverly Hills residents to use the "garden".

FACT:

There is nothing in Measure HH about 2-hour free parking for residents.

DEVELOPER CLAIMS:

Measure HH will generate millions of new dollars for the City.

FACT:

There is nothing in Measure HH that guarantees new money to the City or our schools. By using a loophole, the developer avoids negotiations with the City, thereby keeping all the gigantic windfall profits the new skyscraper will generate while our City and schools get pennies.

Environmental sustainability is more than just a phrase at One Beverly Hills

The design of One Beverly Hills will incorporate environmentally sustainable features in order to achieve, at a minimum, LEED® Silver certification under the U.S. Green Building Council's Rating System.

State-of-the-art greywater reclamation technology will be integrated throughout the property to maximize the reuse of precious water resources.

Sustainable native landscaping and weather-based irrigation systems will significantly decrease watering needs.

Advanced technologies, including passive heating and cooling systems and high-efficiency/low-energy LED light fixtures, will reduce overall electricity consumption.

Site-specific architectural features will harness daylight and prevailing westerly breezes to create naturally illuminated and ventilated interiors.

Kermit was right – it's not easy being green. One Beverly Hills understands it's the right thing to do.
