“Do Not Increase the JPA” [Issue #935]

This letter is in response to the issues recently raised by Board of Education member Howard Goldstein.

With respect to the “facts” surrounding test scores, I refer Mr. Goldstein to Councilmember John Mirisch’s post stating that BHHS ranks 130th in the state and 760th in the nation with a college readiness score of 48.9 out of 100. It might be helpful if Mr. Goldstein revealed his sources. It would also help to know the number of students accepted by one or more than one of the top universities.

With respect to Moody’s AAA rating for BHUSD, similar ratings of mortgage backed securities preceded (triggered?) the Great Recession.

With respect to my “specious” claims regarding the BHUSD cost per student, I refer Mr. Goldstein to Board President Mel Spitz and the information Mel provided during his campaign in 2015.

With regard to financial reporting, satisfying the requirements of the Los Angeles County Office of Education [LACOE] may not satisfy our residents’ need to know what

is happening. Some specific questions are: What are the recommended reserves for Basic Aid schools? Are they being met? What exactly is the \$5 million “Certified Reduction” for 2018-19? Will there be faculty and staff reductions? How many of each?

When the City faced fiscal difficulties a Budget Review Committee was formed to help. Cuts were made and the budget document was greatly improved including a “Budget in Brief” for those who do not wish to wade through the 400 page document. A similar BHUSD project would help our community.

Mr. Goldstein seems to be learning the arts of deception, distraction and slight of hand. If he ever tires of the law he should consider becoming a magician.

“Rent Stabilization”

I’ve owned an apartment building in Beverly Hills since 1990. I also, at one time, was a tenant in Queens, New York for many years and raised my daughter there. When I became a property owner in Beverly Hills, I understood well how a tenant feels; about their home, about their rights about memories they make there, and the years spent that they can never get back. I’m very concerned and invested in the contract I have with my

NOTICE OF PUBLIC HEARING AND NOTICE OF INTENT TO ADOPT A NEGATIVE DECLARATION

HEARING DATE: Thursday, October 12, 2017

TIME: 1:30 p.m., or as soon thereafter as the matter may be heard

LOCATION: Commission Meeting Room 280A – Beverly Hills City Hall, 2nd Floor
455 North Rexford Drive, Beverly Hills, CA 90210

PROJECT: 128 and 130 South Carson Road Rezone Project

The City of Beverly Hills has prepared an Initial Study/Negative Declaration (IS/ND) for the proposed 128 and 130 South Carson Road Rezone Project (proposed project). The City of Beverly Hills is the lead agency, pursuant to the California Environmental Quality Act (CEQA), and is responsible for the preparation of the IS/ND. The proposed project is located at **128 and 130 South Carson Road** as more fully described below. The Planning Commission will hold a public hearing to review the proposed project on **Thursday, October 12, 2017 at 1:30 p.m.**, or as soon thereafter as the matter may be heard. The purpose of this meeting is to review the proposed project and consider the IS/ND.

Project Location: The project site is located in the City of Beverly Hills on the northeast corner of the intersection of South Carson Road and Charleville Boulevard and is located south of the intersection of South Carson Road and Wilshire Boulevard. The project site consists of two parcels. Parcel 1 (128 South Carson Road, APN 433-3018-038) is 6,500 square feet in area and is developed with single-family residence. Parcel 2 (130 South Carson Road, APN 433-3018-039) is 6,320 square feet in area and is improved with a single-family residence.

Project Description: The proposed project involves an amendment to General Plan land use map to designate the parcels as Multi-family residential low density, and a change of zoning designation of the two from R-1 (One-Family Residential) to R-4 (Multiple-Family Residential). The project also includes an amendment to the City Multi-family Height District Map to include Parcel 1 and Parcel 2 in Multi-family Height District A. Buildings in Height District A are limited to three (3) stories. The contemplated Multi-family residential low density General Plan designation would allow for a maximum of 40 units per acre and a maximum height of 30' in height. The project does not include any proposal for new construction on either of the lots at this time.

Environmental Review and Summary of Impacts: In accordance with the California Environmental Quality Act (CEQA), the City of Beverly Hills has prepared an Initial Study to analyze potential environmental impacts associated with development of the project. It has been found that the proposed project would result in no impacts to Agricultural and Forestry Resources, Biological Resources, Mineral Resources, Transportation/Traffic, and less than significant impacts related to Aesthetics, Air Quality, Cultural Resources, Geology and Soils, Greenhouse Gas Emissions, Hazards and Hazardous Materials, Hydrology and Water Quality, Land Use and Planning, Noise, Population and Housing, Public Services, Recreation, Tribal Cultural Resources, and Utilities and Service Systems. The project site does not appear on the Hazardous Waste and Substances site "Cortese" list. **The project would not result in any significant impacts.**

Public Comment Period: The public comment period for the Initial Study/Negative Declaration will begin on September 11, 2017 and end on October 2, 2017. The document is available online at www.beverlyhills.org/environmental and available for review at the following locations:

tenants. And, I'm also a business woman who must keep an eye on the bottom line, as I maintain, replace and improve my property each year. Every year the insurance goes up for fire and earthquake coverage, the plumbing rates go up, the electricians' fees go up, the painting fees go up, the Beverly Hills water, sewer, etc. goes up, the glazier fees go up, the gardening fees go up, the roofing contractor's fees go up, the tree contractors fees go up, the fence replacement and repair fees go up, the cleaning fees for the apartments, lobby and stairs go up, the handyman fees go up, the legal fees go up, etc.

So, when the Beverly Hills City Council suddenly decided that they needed to enact an "Urgency Rent Stabilization Ordinance" that would impose a rent limit of 3% a year, down from 10%, start a new \$2,000,000. "REGISTRY" that will force all landlords to expose all their private, confidential business information, open to the public, (or pay fines of \$500.00) which also includes exposing their tenants private information, in a public forum... the justifiable landlord outrage was immediate. The only excuse given by the City Council was that they "acted upon the investigation and suggestion of the city's HUMAN RELATIONS COMMISSION who held hearings of tenants and landlords". But, there was no documentation of these hearings.

They admitted to "following the RSO's of L.A., Santa Monica and West Hollywood".

Unfortunately, the landlord is an easy target, subject to all the age-old stereotypes. When, in fact, the new, modern landlord has a large approval rating with their tenants. It's just plain good business to keep ones tenants happy and comfortable. Having tenant turnover and disharmony at your building is bad for everyone.

The original RSO makes it mandatory that every new tenant receive a copy of the Beverly Hills Tenant Rental booklet, 24 hours prior to signing the lease. And, there are many legal safeguards in place for the tenant. Most tenants today are bright, educated, professional adults that seek out Beverly Hills specifically and knowingly. And, they know their contractual rights and legal obligations when they sign the lease. For the Beverly Hills City Council to paint

tenants as " VICTIMS", and the landlords as "VILLAINS", is insulting and redirects Beverly Hills back to the Dark Ages. If a handful of "bad" landlords are not playing by the rules, then sic the Code Enforcer on them, but don't punish all the good property owners by setting up a \$2,000,000. draconian city bureaucracy that kills their business profitability and incentive. Your overkill, knee jerk, \$2,000,000. "beat up the landlord" retaliation program would never be implemented by a professional, transparent, business savvy City Council, who put the welfare of all its citizens first. It's just plain bad business!

When the City Council realized that the property owners were going to fight their unfair, archaic new RSO, only then, way AFTER THEIR FEBRUARY VOTE, did they order a series of "negotiated discussions between landlords and tenants", conducted by a negotiator paid by the city. I assume it was to "cover their backs". If Council does go ahead and vote the 2nd time for their \$2,000,000. bureaucratic "Big Brother" program that no one wants or needs except a handful of disgruntled tenants, and the new city clerks hired to oversee it, it will be at the detriment of everyone in Beverly Hills. (The City Council also voted for an extra \$200,000. City Attorney's fee for projected legal expenses that might possibly be needed on this same same bloated program). But, one question, why aren't the streets, sidewalks, and the badly rotting alley ways behind our apartment buildings being repaired with all this money?

Please remember Mayor and Councilmembers, the large sums of money you're about to spend on this unnecessary project comes from property owner's business taxes also. And, these taxes are based on "gross" earnings (enabling City Council to know exactly what each building earns).

To determine the rent for the individual apartments you would need a city clerk who can add, subtract and divide). Hire a math major and save Beverly Hills \$2 million.

The City Council says they are basing their new RSO "REGISTRY" on the programs of L.A., Santa Monica, and West Hollywood, etc. Why in the world would you do that when Beverly Hills is unique!

Board Meeting Covers “Future Focused Schools”, LACOE

At nearly three hours, Tuesday’s Board of Education meeting covered a variety of different subjects, from new program “Future Focused Schools” to LACOE’s approval of the 2017-2018 budget. Board Vice President Lisa Korbatov arrived half an hour late.

The evening started off with a presentation by Superintendent Michael Bregy called “Collaborating for our Future,” which highlighted BHUSD’s currently unsustainable financial path.

In it, he stated that the BHUSD is currently “at a tipping point,” and proposed a call to action that would include a program called Future Focused Schools that aims to “improve educational opportunities for students while ensuring long-term financial sustainability.”

The goal is to effectively create a middle school in order to adapt to the times and scale back finances, which Bregy likened to moving from Blockbuster to Netflix.

The members of the team, Bregy suggested, would consist of approximately 20 mixed-stakeholder participants from the BHUSD community who will work together to “plan, design and create with

consensus.”

Bregy also shared the anticipated timeline, which includes an application period from September 13-22, a District Tour and work period beginning on October 3, and a presentation and recommendation to the Board in December.

“To have that philosophy [that] whatever we’re doing right now is not good enough, that we have to keep pushing ourselves, is going to be an excellent way, I think, for both the students, faculty and this focus group to tackle this issue,” said Board member Noah Margo.

The Board also discussed an update regarding the upcoming budget. Upon review of the BHUSD 2017-2018 budget, Los Angeles County Office of Education (LACOE) released a letter of approval, stating that the District has met the criteria, but with conditions.

The three points of criteria included adherence to the State Board of Education template, sufficient expenditures in budget to implement the Local Control and Accountability Plan (LCAP), and adherence to State Board of Education (SBE) expenditure regulations.

In the letter, the approval also made several comments the District will need to comply with. For instance, LACOE requested an updated status on the oil well and the construction management litigation; and noted that the District’s projected operating deficit of \$2.5 million is due to increasing CalSTRS and CalPERS retirement contributions and restricted program encroachment.

“While the district also projects that it will maintain the required level of reserves, we request that the district monitor the projected deficit spending to ensure that it remains manageable,” read the letter.

The 2017-2018 budget was initially approved 3-2 at the June 27 Board of Education meeting, with Board members Mel Spitz and Isabel Hacker dissenting. Both pointed out the fact that City and the Board had yet to reach an agreement on the Joint Powers Agreement (JPA) so approving a budget that includes a non-existent JPA would be irresponsible.

The City and Board still have not reached an agreement.

South Clark to Modify Preferential Parking Permit Zone

The Traffic and Parking Commission approved a request to modify an existing preferential parking permit (PPP) regulation on the 100 block of South Clark Drive.

PPPs allow residents with a valid preferential parking permit to park longer than the posted regulation, and is limited to residential neighborhoods.

The current PPP zone allows for one hour parking from 8:00 a.m. to 6:00 p.m. on Monday through Friday, with Permit CC’ exempt. Several residents initiated a petition, however, that has resulted in a modification to the permit zone as follows: “No Parking, 8 a.m. to 6 p.m., Monday through Saturday, Permit ‘CC’ Exempt”.

The 100 block has 20 single-family homes with approximately 28 on-street parking spaces. The qualifying petition, signed by 60 percent (12 out of 20) households on the block, was submitted in June. It initially requested to prohibit parking “daily”, before staff modified the proposal to exclude Sundays.

It is not included in the initial test areas for the ongoing consolidation proposal. Staff will continue to review qualifying

resident-initiated petitions as outlined in the municipal code until further direction is received.

The request initially submitted to address commuter parking impacts from businesses on Wilshire and Robertson Boulevards, according to the staff report.

“I have become extremely frustrated that our own guests (parents, friends, etc.) rarely have a place to park near our homes when they come to visit,” wrote resident Amir Dar in a letter to the commission. “They find themselves parking 1-2 blocks away because of the number of cars parked on the street.”

Dar is married to Hawthorne Principal Michelle Halimi Dar.

At deliberation the commission considered this request, proposing that a survey be conducted. They oscillated at length between whether or not a Sunday count is necessary. Chair Dave Seidel noted that there are no Sunday restrictions anywhere else and that traditionally, Sundays have not included widespread parking restrictions.

“I like the staff recommendation because I think it addresses the immediate concerns and the short term concerns of the residents,” said Seidel.

The proposal will now be presented at Council later this month for further consideration.

Ostroff to be Named to Planning Commission

The City Council is expected to formally appoint Peter Ostroff to the Planning Commission later this month.

Ostroff applied alongside nine other applicants for the one vacancy that will open after Commissioner Craig Corman’s interim term ends on December 31. The Planning Commission interview panel—which consisted of Mayor Lili Bosse, Councilmember John Mirisch, Planning Commission Chair Lori Greene Gordon and Vice Chair Andy Licht— met on August 30 to interview the applicants

An indigenous city shouldn’t be following other cities programs that have nothing in common with them. City Council should be coming up with “original” ideas and programs based on our original, creative population with their own special set of talents and issues. Since when does the Beverly Hills City Council need to play “follow the leader” and be a “copycat”?

Finally, the “REGISTRY” should be eliminated. It’s a flagrant invasion of privacy, for the property owner and the tenant. It’s reminiscent of “McCarthyism” in how it singles out a group of basically good, honest, hardworking business owners and demands that they give up their private, personal information under the guise of alleged City Council “need to know”. If the City Council truly needs a rent “baseline”, all they have to do is research their existing city records that document every property own-

ers business tax records, without it costing the City of Beverly hills \$2 million.

I believe, the proposed “Registry” is a flagrant abuse of city power, directed only at Beverly Hills property owners. It’s a violation of privacy that can open the door to even more invasive violations against all the citizens in Beverly Hills. You’re interfering and manipulating in the business between property owners and tenants, forcing property owners to rethink their ownership due to a potential loss of revenue, or total loss of their investment, and/or having to think about converting to condos, etc. The burden is all on the property owner!

Because of your new “REGISTRY”, I believe the Beverly Hills City Council is guilty of a direct “Interference With an Advantageous Contract”. It should be immediately rescinded.

Lorraine Lawrence
Palm Springs

before finally recommending Ostroff.

“We really had a great [applicant] pool, but this was by far a wonderful choice that we feel will fit and step into Craig Corman’s shoes, which is not easy today,” said Bosse, adding that the decision was unanimous and that “we are thrilled [Ostroff is] willing to serve.”

Ostroff, who is senior counsel at law firm Sidley Austin, has a commercial trial and litigation practice. Although he previously applied for a position on the Recreation and Parks Commission, Ostroff has never served on a commission before.

Traditionally, planning commissioners serve on another commission first, although it is not required. He will be required to attend all Planning Commission meetings up to his appointment on January 1, 2018.

Peter Ostroff

During deliberation at last Tuesday’s meeting, Councilmember Lester Friedman inquired about whether there was discussion about conflicts of interest Ostroff may encounter during his service on the commission given that he is practicing lawyer and that he lives on Lago Vista.

Lago Vista contains a project that is currently embroiled in an appeal against the City, and Ostroff has previously spoken out as an opponent of the project. Gordon responded by saying that Ostroff would have to recuse himself from the meeting in the case of a conflict of interest. She also said the Lago Vista appeal will be concluded before Ostroff begins his term.

“I have spoken with [Ostroff] subsequent to his appointment, and he’s indicated to me that any other advocacy positions he would have considered or would have been a part of, he has removed himself from,” said Gordon.

The formal appointment will take place on September 19’s City Council meeting.

Traffic & Parking Commission Discuss Preferential Parking Permit Update

At their meeting last Thursday, the Traffic and Parking Commission discussed with staff an update on the preferential parking permit consolidation process.

The discussion follows the City Council’s direction on August 22 to move forward with the first test phase of the PPP consolidation strategy which involves individually surveying three different test areas.

From District 10, to 5, to 7, the test areas include: multiple-family zones the 100 blocks south of Wilshire Boulevard between Spalding and South Rodeo Drives; multiple-family zones bordered

by Civic Center Drive, Doheny Drive, Burton Way, and North Maple Drive; and multiple-family zones bordered by North Almont Drive, Burton Way, North Clark Drive, and Wilshire Boulevard.

At their meeting, the commissioners discussed the first phase of the consolidation, which will include survey forms and public outreach to hear community feedback. Starting with district 10, each of the 850 dwelling units will receive a notice explaining the consolidation process.

If less than 40 percent of the dwelling units object to consolidating the existing PPP zones, staff will proceed with next steps.

Commissioner Jake Manaster suggested that staff provide a help line or telephone number in case a resident “does not care to read the materials and just has a question.” This would be for people who would like clarification regarding how the consolidation would affect them specifically.

“I’m not trying to sell people. People may not want to read through [the notices]. In the multi-family areas we have folks who, quite frankly, are very, very busy people and they are, at times, when they come in front of us, oblivious to what the real process is,” said Manaster.

Staff will now take comments into consideration and proceed with Phase 1 later this month.

Next Beverly Hills to Hold Annual Block Party

Next Beverly Hills will hold its second annual Next Night Block Party on September 23.

Next Night will consist of live music, pop-up shops, a beer and wine garden, food trucks, and restaurant specials.

The event will take place on South Beverly Drive from 6:00 p.m. to 11:00 p.m.

Briskman to Serve on Measure M Citizen’s Oversight Committee

Former Mayor Linda Briskman has been appointed to the Independent Taxpayer Oversight Committee for Measure M.

Passed in November 2016, Measure M is a half-percent county-wide sales tax increase that will go towards improving transit related issues like freeway traffic flow, pothole repair, and expanding bus systems.

The purpose of the committee is to provide an enhanced level of accountability for the Expenditure Plan. Approximately four times per year, the committee holds meetings to approve the scope of work and directs the work of auditors.

The committee reports directly to the

Linda Briskman

Metro Board and the public, and according to the Metro website, “play a valuable and constructive role in the ongoing improvement and enhancement of the Ordinance.”

Briskman served on the Beverly Hills City Council from 2001-2009, having been elected mayor in 2005.

Kaplan to be Installed as Bar Association President

Beverly Hills Attorney Richard Kaplan

will be installed as President of the Beverly Hills Bar Association (BHBA) at the organization’s annual Installation and Awards Dinner on September 26.

Kaplan, along with his fellow Board of Governors officers, and the officers of the BHBA Barristers and the Beverly Hills Bar Foundation will be sworn in by Los Angeles County Superior Court Judge James N. Bianco.

Richard Kaplan

The guest speaker is Paul Yanover, President of Fandango, an interactive online destination and unit of NBCUniversal. In addition, several BHBA awards will be presented to bar members for their outstanding service.

A criminal defense attorney, Kaplan has practiced law for nearly 30 years. Kaplan’s clients include executives and professionals as well as their children, other family members and friends. Kaplan has been a member of the Beverly Hills Bar Association since 1988. In 1993 he received the Lawrence J. Blake award for his distinguished service as President of the BHBA Barristers. the community.

Tickets to the dinner are \$290 per person until September 12 and \$315 thereafter.

IT'S SHOWTIME!

The Weekly's interview with Beverly High Drama Teacher Karen "Kaz" Chandler

By Olivia Anderson

You're in your second year of teaching drama at Beverly. What originally made you want to apply for the position?

I had retired after 25 years in a previous district as well as teaching at several private theaters. My husband and I moved to Costa Rica. While in Costa Rica we bought a beautiful piece of property and we started building a lovely home, and things will sometimes happen when you don't plan as well for your retirement as you thought. We started finding ourselves wondering where some of our finances were going to come from and I piped up and said, "You know I really miss teaching. I would gladly volunteer to go back to teaching for a few years." And he knew that was true. He could see how much I was really missing what I do because it's such a unicorn of teaching. You pretty much have all kids who want to be there, they're creatively invested, they're up on their feet doing things, and they're so funny. So he could how much I had missed it.

Bakersfield High School had contacted me through the Educational Theater Association about a vacancy they had. So I filled out all the California paperwork online, and while I was there I looked at other schools looking for personnel to cover my bases. I grew up here. I went to South High School in Torrance. So when I saw the opening for Beverly Hills I checked that box and then Bakersfield decided they wanted to go with somebody who already owned a home in the area and was clearly going to stay in Bakersfield for many, many years. Literally the day they called me, [then-principal] Dave Jackson called me and said "We are really interested in having you come and teach at Beverly High." The synchronicity was at work.

You previously taught in Carson City, Nevada. Tell us about that.

I started a theater program at Carson City High School. It effectively died out but they had a working program for ten years—when I came in I restarted the program, rebooted it and within a year, turned it into a fulltime position. Within ten years, [I] turned it into a force to be reckoned with in kids applying for all colleges, conservatories, BFAs, NYU, Carnegie Mellon, Ithaca, all the big ones. They have dozens of kids who are working in Manhattan, on Broadway, who are on cruise ships. Seven of my former alumni have become drama teachers which is really kind of heart-warming because it says they wanted to be you. I love the ones that are on Broadway and I love going to Broadway and watching my kids, but the ones that became teachers—that's my heart. It's really interesting, Carson City, Nevada has made lists several times of small towns in America that are blossoming in the arts. There are three children's theaters there; there's opera; there are two or three regional theater companies. It's an interesting place [and] I'd like to say I had a lot to do with [the arts community while] I was there.

The drama program has been significantly impacted by the KL Peters auditorium closure. When do you anticipate the auditorium being reopened?

We don't know. We really don't know; that's all up in the air. But I am a person who—mostly because of Carson City—has really learned in my lifetime as an artist, the flexibility of, "We can perform anywhere. You get us an audience [and] we can do this." Street theater, outdoor theater. Everybody says, "Oh no, what will we do for September of Shakespeare?" Why, we would perform it outside like every other Shakespeare festival in the entire world. All my professional experience as a Shakespearean actor has all been outdoors. We will survive and conquer no matter what.

The drama program's presentation of Shakespeare's "Bomb-itty" of Errors premieres tonight. How did that come about?

It must have been 16 or 17 years ago I took a group of students to Broadway. [We saw] the Bomb-itty of Errors and we just died. We laughed through the whole thing—it was so hilarious. It was such a jewel. And I always tucked it in the back of my head and said, "One day I'm going to get a group to attack this piece and just kill it." That kind of laid dormant, and then BOOM! Here's Hamilton destroying the art world with its creativity—"Oh it's so clever, it's so creative, it's so new!" And I'm sitting here thinking, "Well except for the Bomb-itty of Errors that I saw off-Broadway 17 years ago!" So when I proposed it to the kids, "Let's do the Bomb-itty of Errors, it's the Comedy of Errors but it's all in rap," they just flipped. [It's been] so much fun.

In what way is teaching in Beverly Hills different than you expected?

That's kind of an easy question. I've always had extremely talented kids. I don't know that I've ever had [kids] this concentrated. I also don't know if I've ever had [kids] this smart—the IQ is incredibly high here. The [BHUSD] kids are really well-read, really sophisticated, so you can often work on a level that far exceeds most programs.

Tell us about your family.

My husband [John Haas, who currently lives in Costa Rica] is now coming every other month to spend time here. We're not spring chickens so for us that works out just fine. We have four grandchildren between the two of us. We have five children. Other parts of the year he'll travel back and see his parents and go to Denver and see grandkids. We really feel like we live a charmed life. We've made a beautiful, beautiful balance.

Approximately how many students are currently in your drama program?

I have over 100.

What's the next project your department is working on?

This is really exciting. My students are preparing to do a piece about bullying. It's a vignette show—

about six or seven small sketches about different types of bullying whether it's sexual harassment, cyberbullying—the issues that are happening right now. We are going to do that one night here on campus, and then we are going to do a tour to all the middle schools. So this is what I call my social awareness piece, and I'm committed to doing one a year. That will be October 26. We would also like to let others in the community know that we're open to going to other places. If somebody was working in another school district and wanted to bring us in, we could certainly do that.

Why teach drama?

I was starting out as a math teacher and then I switched to theater because I was like, "I can't teach the same thing every single year. I'll go crazy." And even though, I do have a curriculum map and there are units I address every single year, the titles change so that every year my musicals are different. My plays are different. The creativity stays alive in me. I'm not static either. And god bless all my colleagues—they're rockstars! The fact that they can take that and do what they do, inventive and creative every year, I have nothing but the greatest esteem for them.

"The [BHUSD] kids are really well-read, really sophisticated, so you can often work on a level that far exceeds most programs"

WHO'S BEHIND THE NEW RENT ORDINANCE?

Meet the people on both sides of the Rent Stabilization committee

By Olivia Anderson

Identified and self-selected at the July 25 City-facilitated dispute resolution sessions, Beverly Hills landlords and tenants formalized two seven-member groups to represent each side

The groups, which were created in response to the City's recently enacted Rent Stabilization Ordinance, have worked to address and represent the needs of each side, tackling issues like appropriate rent control increases, relocation fees, and habitability standards.

The idea to create these smaller committees to "take the conversation forward" originally cropped up in the third dialogue session, according to bhrentersalliance.org. It wasn't

"The groups have worked to address and represent the needs of each side, tackling issues like appropriate rent control increases, relocation fees, and habitability standards"

until mediator Professor Sukhsimranjit Singh directed the participants to choose representatives in session four, though, that they voted and actual formalized the committee groups.

The landlord committee consists of real estate investor Frances Miller, attorney and real estate investor Harvey Miller, retired LA County Supreme Court Judge and Beverly Hills resident Elia Weinbach (bottom left hand corner), retired pediatric dentist

Dr. Earl Goldstein, investment and management entity owner and Beverly Hills resident James Killian, real estate investor and physician Dr. Matthew Finerman (bottom right hand corner), and broker John Luca.

The tenant committee consists of Chuck

Moffitt, Ramin Zar, Michael Schulman, David Berke, Gwen Owens, Alma Ordaz, and Mark Elliot.

Citing privacy concerns, Schulman told the Weekly that the group would not release biographical information of the members.

Ordaz (upper left hand corner) was previously a signer on the No on HH ballot statement opposing the proposed Hilton expansion, which was defeated last November.

Elliot (upper right hand corner) is the leader of the Better Bike Coalition which, among other things, has advocated for more bike lanes in Beverly Hills. An internet search also showed that Chuck Moffitt is the founder of the management consulting and interim management firm C.T. Moffitt & Company.

The City Council will continue to deliberate on the Rent Stabilization Ordinance at a future meeting.

Citizens' Oversight Committee Meets This Today

The Citizens' Oversight Committee (COC) will have its second to last meeting of the year on September 14 in the District's Board room at 4:00 p.m.

The current COC members include Richard Baron, John Dohm, Lee Egerman, Bradley Gibbons, Simone Gold, Jerid Maybaum, Arthel McDaniel III, Alexandra Polin, Donald Rosen, Jason Rund, Richard Schreiber, Yoav Tamir, Frank Tell, Ben Tiernan, and Mary Wells.

Wayne Speaks to Univision About DACA

1991 Beverly High Graduate Matt

Matt Wayne

Wayne, who is superintendent of the Hayward Unified School District in Northern California, appeared on the Spanish-language station Univision TV to assuage the fears of immigrant policy Deferred Action for Childhood Arrivals (DACA).

The Obama administration established the program in 2012 with the intention of allowing certain individuals who entered America as minors to receive a renewable two-year period of deferred action from deportation.

But last month, the Trump administration repealed DACA, placing almost 800,000 people at risk of deportations.

On September 12, Wayne, who is fluent in Spanish, explained to the station that Hayward will continue to provide programs for its students, immigrants or otherwise, with the hopes of building up their skills in order to ensure a successful future.

Beverly High to Perform "Bomb-itty of Errors"

(L to R: Lauren Aviram, Chloe Malik, Jessica Slater, Sarina Langer, Kate Froemmling)

Beginning tonight, the Beverly High Theater Arts Workshop will present Shakespeare's "Comedy of Errors", but reimagined in hip-hop and rap.

Titled the "Bomb-itty of Errors", the September Shakespeare event is in honor of John Ingle family. Performances will be held at the Salter Family Theater at Beverly High.

General tickets are \$10; tickets are \$5 for students and senior citizens.

for the second in a 19-14 loss at Malibu Friday night in a nonleague football game.

Dane Kapler returned the kickoff following Dardashti's first-quarter touchdown 80 yards for a touchdown for the Sharks (2-0).

The Normans special teams play was hurt by not being able to practice on a lined field

as installation of a new artificial turf field on Nickoll Field has not been completed, coach Steve Geanakos said.

Beverly Hills regained the lead in the second quarter on Klapper's pass to Goolsby.

The Cerritos defeated

Normans had an apparent touchdown just before halftime nullified on what Geanakos called "kind of a bogus call."

Malibu cut the lead to 14-13 on Chase Kapler's 20-yard touchdown run in the third quarter, but was unable to tie the score as Fisher Hanson missed the extra point.

The Sharks scored the winning touchdown in the fourth quarter.

Beverly Hills "ran the ball well" and its defense "played well," Geanakos said.

The margin was the smallest in Geanakos' 13 games as Normans coach, all losses. The previous smallest margin was 26 in a 32-6 loss to Nordhoff on Sept. 2, 2016.

Beverly Hills is scheduled to play Cerritos Friday at Gahr High in a matchup of 0-3 teams. The opening kickoff is set for 7 p.m.

The Dons operate an offense with a run-pass option with its passing game having elements of the run and shoot, coach Barry Thomas said. On defense, they use a base 3-3 defense with multiple fronts, Thomas said.

Beverly Hills 41-6 in 2016, then lost its next six games, finishing the season 2-7.

Thomas attributed his team's 0-3 record to inconsistencies in practice - "one good practice, then the next day a bad practice" - and "basic mistakes" during games "we shouldn't make."

Thomas said his goal for his team Friday is to "just play a lot more mistake-free."

Thomas said the tape of the Malibu game shows the Normans "look a lot better than they did last year."

"Their kids don't have any quit in them," Thomas said. "They played hard. They really battled Malibu."

THE PETITION FOR PROBATE requests that Arton Kabashi be appointed as personal representative to administer the estate of the decedent.

THE PETITION requests the decedent's will and codicils, if any, be admitted to probate. The will and any codicils are available for examination in the file kept by the court.

THE PETITION requests authority to administer the estate under the Independent Administration of Estates Act. (This authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be required to give notice to interested persons unless they have waived notice or consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority.

IF YOU OBJECT to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney.

IF YOU ARE A CREDITOR or a contingent creditor of the decedent, you must file your claim with the court and mail a copy to the personal representative appointed by the court within the later of either (1) four months from the date of first issuance of letters to a general personal representative, as defined in section 58(b) of the California Probate Code, or (2) 60 days from the date of mailing or personal delivery to you of a notice under section 9052 of the California Probate Code.

Other California statutes and legal authority may affect your rights as a creditor. You may want to consult with an attorney knowledgeable in California law.

YOU MAY EXAMINE the file kept by the court. If you are a person interested in the estate, you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250.
