## “Vote ‘NO’ on Measure BH” [Issue #971]

I love Beverly Hills. It is the place I chose to bring up my four sons and where I served my community for over 20 years - first as a PTA President, then on the Board of Education and now as a Health and Safety Commissioner.

There are a few important and simple reasons why I voted “NO” on the latest Measure (BH) put forth by the Board of Education.

The [new] bond asks for authorization for \$385 million - \$85.536 million of which is designated for a parking project at the high school. This project is identified in depth in the Facilities Master Report on pages 15 and 22. In the bond language, it is listed simply as “parking project” under the high school. It is clear to many of us that this project is the Board majority’s latest attempt to thwart Metro from building beneath the high school. This computes to more than \$80,000 per parking space. This project, which constitutes almost 1/4 of the bond money is unacceptable.

The second consideration why I voted “NO” on the Measure BH is that after

convening a committee made up of respected stakeholders from every part of our community, and after months of meetings, research and a recommendation on reconfiguration, the Board majority threw out their efforts. Considering our district is in dire financial straits, a decision on reconfiguration should be made - to ensure future solvency. That reconfiguration will determine the best means of delivering high quality education to our students. It will also determine what our construction needs will be at each site.

Allocating resources to provide an optimal environment for learning is the responsibility of the Board of Education. The present Board majority has not gained my trust in their ability to do so.

For the above reasons, and because I love my city, I voted “NO” on Measure BH and urge you to do so as well.

Bravo on your editorial decrying Measure BH.

As a Beverly Hills resident with a child in the BHUSD, I see firsthand the enormous waste. What remains is overall a substandard public school system, one that would shock any person who knows Beverly Hills only by reputation. In fact, it shocks me.

### Planning Commission Approves Ad Hoc Committee for South Carson

The Planning Commission approved last Thursday an ad hoc committee to further discuss an overlay zone for parcels at 128 and 130 South Carson Road—a request made due to the scale of the 8600

Wilshire Boulevard project that is currently under construction and located adjacent to both parties.

The ad hoc committee will consist of Commissioner Joe Shooshani and Lori Greene Gordon, who will vet potential overlay zone language and determine the specific contents of the regulations.

"We're going to try and craft something that may or may not be accepted by the entire commission, and then would have to go forward to the City Council, but at least we'll try to come up with some kind of an idea that will be helpful, and we'll see what happens," said Gordon.

# NOTICE OF PUBLIC HEARING

The Council of the City of Beverly Hills, at its regular meeting to be held on **Tuesday, June 5, 2018 at 7:00 p.m., or as soon thereafter as the matter may be heard**, in the Council Chamber of the City Hall, 455 N. Rexford Drive, Beverly Hills, CA 90210, will hold a public hearing to consider:

**AN ORDINANCE OF THE CITY OF BEVERLY HILLS AMENDING THE BEVERLY HILLS MUNICIPAL CODE TO CLARIFY LANGUAGE ON EXISTING REGULATIONS RELATED TO PAVING BUFFERS IN THE CENTRAL AREA OF THE CITY, THE LOCATION OF REQUIRED PAVING BUFFERS IN THE SINGLE-FAMILY AREAS OF THE CITY, DECKS OVER DRIVEWAYS IN THE CENTRAL AREA OF THE CITY, PUBLIC NOTICING REQUIREMENTS, AND THE LIST OF PROJECTS FOR WHICH A DEVELOPMENT PLAN REVIEW IS REQUIRED.**

The proposed Ordinance includes minor modifications to existing code language to address inaccuracies, remove errors, and improve the clarity of the Beverly Hills Municipal Code (BHMC). The proposed Ordinance does not include substantive changes to the current meaning or interpretation of the code sections being amended. Specifically, the proposed Ordinance would amend the following:

- BHMC § 10-3-2422(F) to reconcile paving buffer standards with the development standards that govern walls, fences, and hedges in the front yard in the Central Area of the City (available in BHMC § 10-3-2420(C));
- BHMC § 10-3-2422(F), 10-3-2518(E), and 10-3-2618(E) to clarify that paving buffers are not required in front of walkway entrances;
- BHMC § 10-3-2409(D) to delete the word “ramps” to clarify that a deck may be located over a residential driveway that leads directly to a subterranean parking entrance in the Central Area of the City;
- BHMC § 10-3-253(A) to add the Historic Incentive Permit to the table of standard notification requirements at the Planning Commission level, consistent with the noticing requirements cited for the permit in Ordinance 14-O-2670;
- BHMC § 10-3-253(B) to change title of the table from “Public Notice Posting Requirements” to “Special Public Notice Requirements” for clarity;
- BHMC § 10-3-3100 to specifically identify that new construction involving 2,500 square feet or more of new or additional floor area requires a Development Plan Review;
- BHMC § 10-3-3100 to specifically identify that new construction that increases the height of a structure or building requires a Development Plan Review, unless otherwise specified in Chapter 3 of Title 10 of the Beverly Hills Municipal Code.

The Ordinance has been assessed in accordance with the authority and criteria contained in the California Environmental Quality Act (CEQA), the State CEQA Guidelines, and the environmental regulations of the City. The adoption and implementation of the Ordinance represents minor semantic changes to the existing code and does not represent substantive changes in meaning or interpretation of the code. It can therefore be seen with certainty that there is no possibility that the proposed amendments may have a significant effect on the environment. Accordingly, the City Council will consider the staff recommendation to find the Ordinance exempt from the environmental review requirements of CEQA pursuant to Section 15061(b) (3) of Title 14 of the California Code of Regulations.

All interested persons are invited to attend and speak on this matter. Written comments also may be submitted and should be addressed to the City Council, c/o City Clerk, 455 N. Rexford Drive, Beverly Hills, CA 90210. Written comments should be received prior to the public hearing. The comments should be received prior to the hearing date. Any written comments received by close of business on Tuesday, May 29, 2018 will be attached to the agenda report regarding this item. Any comments received after Tuesday, May 29, 2018, but prior to the public hearing, will be distributed to the Council under separate cover. Please note that if you challenge the City’s action in regards to this matter in court, you may be limited to raising only those issues you or someone else raised at a public hearing or in written correspondence delivered to the City, either at or prior to the end of the public hearing.

If there are any questions regarding this notice, please contact **Alek Miller, Associate Planner**, Community Development Department, at **(310) 285-1196 or amiller@beverlyhills.org**. The case file, including a copy of the proposed ordinance, is available for review in the Community Development Department, 455 N. Rexford Drive, 1st Floor, Beverly Hills, California 90210.

Commissioner Peter Ostroff instead proposed that staff come back after examining possibilities of what to do in the general South Carson area because “it is in the backyard of a subway stop and there are a lot of issues there.”

Three votes in favor of the ad hoc committee for an overlay zone on 128 and 130, however, overruled his request.

The overlay zone would serve as a regulatory tool that creates a special zoning district over strictly these two parcels. It regulates use and development standards like height, density, parking, setbacks, etc.

Potential regulations include crafting the overlay zone so that it only applies to these two parcels so as to avoid a “domino effect” of other neighboring properties requiring the same variations.

They also might include limiting the density to either two or three units per parcel, limiting height to two stories, prohibiting the construction of one building across both parcels, and decreasing the required rear yard to accommodate multi-family building without additional height.

The approval follows the commission’s denial in November, 2017 of turning an R-1 zoning designation, which is one-family residential, to an R-4 zoning designation, which is multi-residential. The commission voted 3-2 at that time to direct staff to explore an overlay zone on those blocks.

In 2007 the City Council approved a five-story mixed-use project at 8600 Wilshire Boulevard containing up to 26 condominium units and approximately 6,000 square feet, which would be used for retail space.

At that time, the property owners of the two single-family parcels located adjacent to the project, 128 and 130 South Carson Road, requested that the City consider the rezoning of their parcels from single-family to multi-family zoning.

In December 2007, the Council directed staff to send the request through the Planning Commission. Then, in 2016, the Planning Commission and City Council Liaison Committee directed staff to process this request and bring the item forward for consideration by the Planning Commission and City Council.

Staff then consulted with the owners of the two properties to clarify the request. In a letter sent to the Planning Commission in September owner Eileen Finizza stated her reasoning for submitting the request, citing issues like concerns for impacts on privacy, parking, traffic and garage traffic from the adjacent development, and loss of value to her property due to the mixed-use project.

“If we knew it would be upzoned, we would have never bought this house,” wrote Finizza. “The City Fathers originally designed Beverly Hills as an R-1 Residential Community. They did NOT design it as a Commercial/Multiple Condos in an R-1 area.”

After the commission denied Finizza’s request of rezoning the parcels to R-4 last November, then-commissioner Craig

Corman recommended the creation of an overlay zone that would only apply to 128 and 130 South Carson.

The intent of an overlay zone is to “provide flexibility” to the owners of 128 and 130 while also ensuring that future development on the site was compatible with the existing single-family development in the neighborhood, so as to appease concerned neighbors.

Now that the Planning Commission as a whole has expressed continued support of the project, they will further discuss the desired contents of the overlay zone.

## Strategic Planning Committee Members Named

The members of Mayor Julian Gold’s Strategic Planning Committee have just been named.

Members include Ori Blumenfeld, Tom Blumenthal, Craig Corman, Mark Elliot, Gabriel Frem, Noah Furie, Lori Greene Gordon, Steve Gordon, Sharon Ignarro, Myra Lurie, Daniel Nazarian, Anne Ostroff, and Kathy Reims.

With Gold, Vice Mayor John Mirisch and City Treasurer Howard Fisher as the City liaisons, the committee will examine new ways to generate excitement for the commercial areas of the City. The goal is ultimately to create a common vision for the City to pursue in order to compete with neighboring Cities and increase tourism.

These efforts include discussing the future state of the business triangle, the Wilshire Boulevard corridor, the area around both the Wilshire/La Cienega and the Wilshire/Rodeo Subway Stations, and the Southeast and Southwest commercial areas.

“As wonderful as our commercial district is, as much as we love the look and feel of Beverly Hills, we must look to the future,” said Gold at his mayoral installation last month. “How can we improve what we have, being mindful of our heritage but aware of our competition? We must find a way to compete where, perhaps, we have not had to compete before.”

Gold stated in his installation speech that the endeavor would exceed his year-long term as mayor. In the first year, however, the committee will focus on creating a structure and process. They will then begin envisioning the future of the City’s commercial areas.

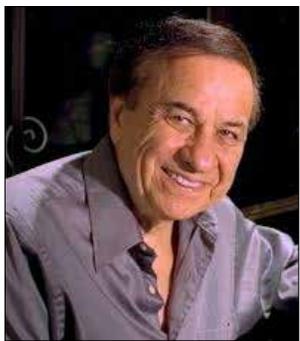

Staff is also looking into hiring a facilitator to guide the committee, with the proposal reviews underway.

## City to Host Birthday Tribute for Richard M. Sherman

The City Council approved Vice Mayor John Mirisch’s request for a free-use of the Wallis to host an event in honor of longtime Beverly Hills resident songwriter Richard M. Sherman’s 90th birthday.

Sherman’s work, which has appeared in film, stage and theme parks, includes Chitty Chitty Bang Bang, Mary Poppins, the Jungle Book, and Charlotte’s Web. He’s also written It’s a Small World, the Tiki, Tiki Room and the Many Adventures of Winnie the Pooh.

The birthday tribute will include live performances, featuring about 25 pro-

Richard M. Sherman

professional singers and dancers, accompanied by the Los Angeles Philharmonic Orchestra.

Musical Theater Director Bruce

Kimmel will direct the complimentary show. At the end of the performance, a cake marking Sherman's birthday and his contributions will be presented on stage.

The event has been scheduled for July 21 at the Bram Goldsmith Theater, followed by a cake reception on the outdoor terrace.

### Planning Commission Approves Laurel Lane Historic Incentive Permit

The Planning Commission unanimously approved a Historic Incentive Permit request on Laurel Lane last Thursday. This will allow relief from fence and wall height development standards to the property, which was previously designated as a historic landmark.

The approved project will consist of construction of a fence adjacent to an existing block wall, installation of new access gates, and addition of new landscaping.

Although the request deviates from the Municipal Code's development standards for historic properties, the Historic Incentive Permit allows for owners to make waiver requests in extenuating circumstances, so long as the request not result in any "substantial adverse impacts."

In this particular case, the Laurel Lane house belongs to singer-songwriter Taylor Swift, who made the request to protect from intruders attempting to scale the wall and break in.

Laurel Lane property

Swift has fallen victim to several stalking incidents over the past month alone. In one instance, a man was found outside her home with ammunition and a knife. In another, a homeless man attempted to scale the wall.

Staff has determined that the project does not pose any substantial impact to the streetscape.

"The proposed fence would be open to view and located between the perimeter wall and existing mature landscaping, which would make the proposed change a subtle one as viewed from the street," reads the staff report.

At the meeting, attorney Murray Fischer, who represented the neighboring property, expressed support for the fence.

"We believe that the request is a much-needed request due to the fact that there are a lot of different people coming up in that area and using the applicant's property for things that are not proper for the City," said Fischer. "We believe that this will, going forward, protect that cul-de-sac area and make it a good area for everybody."

Commissioner Peter Ostroff launched into what one might call a tangent when he expressed concern that the large height of the fence might disturb the "garden quality" of the City.

However, Ostroff still ultimately voted in favor because he found the security issue "persuasive."

In response to Ostroff's lengthy comment, Commission Chair Lori Greene Gordon said she was "surprised" the discussion took longer than ten minutes, adding that the project is "unique to the special Hillside parts of the City."

"Our number one concern as a City is to make sure all of our residents are safe and secure in their homes," said Gordon.

Commissioner Alan Block was absent due to jury duty, so the vote was 4-0.

### Wallis to Premiere "Long Day's Journey Into Night"

Eugene O'Neill's Pulitzer Prize-winning masterpiece *Long Day's Journey Into Night* comes to the Wallis for a limited three-week engagement from Friday, June 8 through Sunday, July 1.

Richard Eyre's acclaimed Bristol Old Vic production stars Academy Award winner Jeremy Irons (*Brideshead Revisited*, *Reversal of Fortune*, "The Borgias") and Olivier Award winner and Oscar nominee Lesley Manville (*Another Year*, "Harlots," *Phantom Thread*). Matthew Beard (*The Imitation Game*, *The Riot Club*), Rory Keenan (BBC's "War & Peace," "Peaky Blinders") and Jessica Regan (reprising the role as Cathleen from the 2016 Bristol Old Vic production) round out the ensemble cast.

Haunted by the past but unable to face the truth of the present, James and Mary Tyrone and their two sons test the bonds of a family caught in a cycle of love and resentment. As day turns to night and each member of the family indulges in their vices, the truth unravels leaving behind a quartet of ruined lives.

"I couldn't be more honored to bring this production to Los Angeles," said The Wallis' Artistic Director Paul Crewes. "Sir Richard Eyre is one of the greatest living directors in the world. To present Jeremy Irons and Lesley Manville on our stage is a great endorsement of The Wallis' growing reputation. This is a production that should not be missed!"

Considered one of the most powerful American plays of the 20th century, the production recently played a strictly limited 10-week West End season at Wyndham's Theatre from January 27 – April 7 and Brooklyn Academy of Music (BAM) Harvey Theater from May 8 – 27 before transferring to The Wallis for its exclusive West Coast engagement.

Single tickets are now available for \$35 – \$125. For more information or to purchase tickets, visit [TheWallis.org/Long-Days](http://TheWallis.org/Long-Days), call (310) 746-4000.

### Public Works Discusses Street Light Change-Out

The Public Works Commission expressed support on May 10 for the replacement of approximately 5,000 street lights to LEDs and adding an Adaptive Control System.

The change will save the City 3,781 megawatt hours (MWh) per year and \$287,000 annually.

The change-out was approved at the January 11 Public Works Commission meeting, when an IT Technology Committee member urged the commission to also consider adding Adaptive Controls to the project.

Adaptive Controls will provide additional functionality like controlling the dimming and additional electrical cost savings.

Under six specific criteria, staff evaluated three products: Lumewave by Echelon, City Touch by Philips, and Lite Grid by GE products.

Staff found that City Touch passed all six criteria, which included standards like flexibility with other LED light fixtures, robust communication network design for reliability, and a warranty of communication equipment and nodes.

Although the commission fully supported the project, they also supported Commissioner Jeff Wolfe's recommendation to engage in more public outreach efforts before moving forward.

### City of Beverly Hills Celebrates Public Works Day

The City will celebrate Public Works day on May 20 from 9:00 a.m. to 1:00 p.m.

The free event will feature an opportunity to meet the Public Works team as well as educational displays showcasing recycling, solid waste disposal, water conservation and irrigation, storm water related sustainability and hands-on experiences.

There will also be activities for the entire family, including giveaways, a public works construction play zone, music and games.

Public Works Day will take place at the Beverly Hills Farmers' Market, located on Civic Center Drive and Third Street in Beverly Hills. Free parking is available in the Civic Center parking garage at 450 N. Rexford Drive.

## Jeffrey Prang Los Angeles County Assessor

**So you're completing your first term as assessor. Tell us about that.**

As LA County's Assessor, I represent the largest local assessment agency in the United States. We're responsible for assessing 2.5 million parcels of property assessed at \$1.5 trillion. When people think of the assessor's office, they often think of their property tax bill. But the fundamental purpose of the assessor's office is to provide that foundation for property taxes, which are the primary source of funding for police, fire, roads, libraries, parks that we rely on. So that is my primary job.

I took over the department four years ago. My predecessor had a lot of trouble and was indicted, so the department was probably at an all time low in terms of public confidence and employee morale. But sometimes when you have a crisis that's the best time to affect necessary change. That's the time when people are receptive to relooking at the way we do things. And I took advantage of that crisis to really do a lot of self-reflection on how we do business and how we can do it better. We knew that we were going to have additional support from the Board of Supervisors

who wanted to see the department transition from that difficult period, so we took advantage of that.

**What made you want to run for assessor?**

It was really situational. I had worked as a staff assistant for the assessor in the early 1990's, so I was associated with the department. I actually went through their real estate appraiser training. I had come back to work for the assessor's office in 2012, just weeks before everything exploded with my predecessor. I was there as a part of the reform team during that period. The assessor refused to resign, but he did agree to leave the office. He assigned himself home leave. He gave the Board of Supervisors permission to appoint an administrator to run the office in his absence.

So, they hired a veteran county manager to be the interim administrator to help run the office. He kept me apart of that team to help with the reform. When we got to 2014 and the assessor's term was coming to conclusion, I was very invested in the reform and the success of the department. I had the support of a lot of the senior members, so I decided to run.

**You previously served on the West Hollywood City Council. How's that different than being a countywide office-holder?**

It's immensely different. Being a councilmember, you're a legislator and you're one of five so you only get 20 percent of every decision. And there are a number of stakeholders who are all apart of the decision-making. There's staff, which does the original vetting, you've got community members. [The assessor's office] is a more narrowly focused administrative office. So the skills required are less those you need in legislation and more management.

**One of your goals has been to modernize the technology in the assessor's office. Tell us about that.**

Probably the most important thing contributing to our mission [is to] make sure we assess all taxable property fairly. We concluded that our technology system was perilously antiquated. Our 2.5 million files that we maintain were each associated with a paper file. This was extremely difficult for our staff in responding to taxpayer needs; it was difficult for taxpayers to get the information they wanted. So we

are embarking on a five-year \$80 million project to completely rebuild our technology. All of our paper files have been digitized, our website and the portal now includes all the data that used to be on these many different green screens, we have historical data on the website so people can access our information. A lot of that information used to only be available to third-party vendors, but it's public data so we are trying to make it available as a tool to members of the public. It's a robust amount of information that helps us and helps the public. I can't overstate enough how important this project is.

**What other goals do you have if you're reelected?**

The other thing we're working on is appeals. If you don't like the value put on [your property] you have the right to challenge it. There's a huge backlog left over from the recession ten years ago, so we're working to reduce that backlog so people can get a hearing in an expedient manner. **Former Board of Education member Lillian Raffel is holding an event for you in Beverly Hills on May 30. Tell us about that.**

To reach out to 11 million residents, we'll need to raise money. So Lillian, who is a longtime friend and distant relative, [agreed to do it]. During my time in West Hollywood I got to know a lot of people in Beverly Hills, so some friends there are coming together to help me raise money, which will help with my voter outreach program.

But in its 21-page decision, the Court

—Attorney Ronald Richards

found the lower court "misinterpreting" section 1090 and "erring in not instructing on the competitive bidding statutes."

Judge Stephen Czuleger had ruled that the school district breached its contract with Christiansen after her company Strategic Concepts entered into a contract with the school district to help build and repair Beverly Hills schools as part of Measure E.

The new decision found that "she was no longer an employee to whom the district paid \$113,000 per year; she was now the sole owner of an LLC to which the district paid more than \$1.3 million a year. Later she persuaded the district to award her LLC a \$16 million no-bid contract."

Then, reads the decision, the district declared the contracts void in violation of section 1090—prohibiting conflicts of interest in the making of public contracts, and 4525—requiring competitive bidding for certain public contracts.

Attorney Ronald Richards, who represented neither side, said that if Christiansen's attorney Philip Kaufler chooses to appeal, he likely won't have the Court to his advantage this time, since the collective opinion was previously critical of the court for leaning in favor of Christiansen.

"Nothing is over until it's over, and there will definitely be a retrial," said Richards. "[But] Kaufler will have to get through much higher hurdles now."

Kaufler did not return the Weekly's call for comment.

# BOARD OF EDUCATION ATTEMPTS TO CLIP METRO TUNNEL WITH PARKING STRUCTURE

## But construction experts question the soil quality

By Olivia Anderson

Terry Tao

At their meeting on May 8, the Board of Education considered several options and areas for the potential construction of

parking in the front of Beverly High.

However, a presentation led by one of the District's lawyers, Terry Tao—not Facilities Director Don Blake—did not result in a final vote.

Tao said that last summer the district submitted excavation and grading plans for Building C to the Department of State Architects (DSA), and was "anticipating" approval in order to begin construction.

"In late August, 2017, however, two Metro representatives visited DSA to discuss the school district's plans for construction of Building C," said Tao. "During the meeting, Metro persuaded DSA that Building C will interfere with Metro's planned tunnel alignment."

Metro selected alignment for the underground tunnel years before the district's project was submitted. DSA told the district that their proposed plan was neglectful and included a "significant unaddressed issue."

"To ignore the fact that a major trans-

portation tunnel is planned to run under the entire length of a structure the size you have indicated and comes within less than nine feet of the foundation of this structure is inappropriate and not constructive to a successful conclusion of this approval process," wrote DSA Regional Manager Douglas Humphrey in an email.

As a result, DSA put Building C's approval process on hold.

School construction officials have questioned whether the soil quality in front of the high school will allow a parking structure to be built at that location.

But at the meeting, Board members expressed continued support for the project, considering several alternative options. Option one includes 530 cars on one level; option two includes 379 cars on one and one-half level; option three includes 340 cars on two levels; and option four includes 344 cars on four levels.

The Board made no final decision, but Board President Lisa Korbatov did encourage the public to "speak up," maintaining that Metro construction is an "impending problem of doom and gloom."

"This is an existential threat to this campus and this City," said Korbatov. "I don't know where the school district will be if this high school is rendered very compromised for many years and maybe for the foreseeable future."

By Steven Herbert

The appointment of former NFL and Michigan fullback Jarrod Bunch as Beverly High's football coach is expected to be approved Monday by the Beverly Hills Unified School District Board of Education, more than a month after he announced the hiring on Instagram.

Monday's board meeting will be the third since Bunch's April 19 Instagram post. When asked why Bunch's hiring was not discussed at the April 24 or May 8 board meetings, Laura Skirde, the district's director of communications said in

an email, "The district is following the normal hiring protocol and paperwork through human resources for this position."

*Beverly Hills Weekly* reported March 22 that Steve Geanakos resigned as coach after two winless seasons "over a difference of opinion" with BHUSD Superintendent Michael Bregy and principal Mark Mead.

If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. The beneficiary under said Deed of Trust heretofore executed and delivered to the undersigned a written Declaration of Default and Demand for Sale, and a written Notice of Default and Election to Sell. The undersigned caused said Notice of Default and Election to Sell to be recorded in the county where the real property is located. NOTICE TO POTENTIAL BIDDERS: If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of

these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call (844) 477-7869 or visit this Internet Web site [WWW.STOXPOSTING.COM](http://WWW.STOXPOSTING.COM), using the file number assigned to this case 059394-CA. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web site. The best way to verify postponement information is to attend the scheduled sale. FOR SALES INFORMATION: (844) 477-7869 CLEAR RECON CORP. 4375 Jutland Drive San Diego, California 92117
