## "Speakers Divided Over Spagnoli Lawsuits, Council Says Full Investigation to Continue" [Issue #1010]

The relentless and sustained campaign to take down Chief Spagnoli smacks of vigilantism and offends the dignity and character of the city. I cannot begin to imagine the sexism that Chief Spagnoli must have endured over the course of her career, working in a traditionally male- and male-governed-field such as law enforcement. As a resident, I deeply appreciate her accessibility and responsiveness. But this rabid crusade against the Chief, via full-page ads and mailers attacking her personally and impugning the integrity and quality of the police department itself, is so deeply toxic and hateful. It is destructive to us as a city, and must stop.

### More Than 91K Parking Citations Given in 2018

Approximately 91,365 parking citations were given out by the Beverly Hills Police Department in 2018, according to a traffic report presented to the Traffic and Parking Commission by the department last week.

The number of citations appears, based on the report, to coincide with the weather. Fewer parking citations were awarded in colder months. January, for example, saw the fewest number of citations of the year at 5,312. May, on the other hand, saw 9,177 citations and June saw 9,073. This increase in citations could be due to the

number of out-of-town guests in the City during the summer months.

The City has long been working to mitigate problems associated with parking and parking enforcement through the development of Preferential Parking Permit zones. Traffic and Parking Commissioner Nooshin Meshkaty said last August that the commission felt unifying parking regulations would be the make enforcement significantly easier for the police depart-

ment.

"We want to make these parking zones and regulations as unified as possible because right now each street has a different permit area. That's very difficult to enforce," Meshkaty said during the meeting. "Once they're unified, enforcing rules becomes easier."

Preferential Parking Permit zones will continue to be a focus of the commission in 2019, according to current Traffic and Parking Commission Chair Jay Solnit.

Traffic and Parking Commission Chair Jay Solnit wants to continue working on the development of the zones going into 2019, according to his recent interview with the Weekly [Issue #1008].

"We are trying to consolidate parking permits in the City, which is something we've been working on for a while now," Solnit told the Weekly in a recent interview [Issue #1008]. "We currently have 73 parking zones. We want to consolidate those so it's easier to enforce regulations and so that there are more open, available spots for parking."

Other data included in the report showed that there were a total of 17,186 red light photo citations, 6,142 signed citations, 299 speed violations, and 234 DUI arrests in 2018.

### Beverly High Places Third Overall in Academic Decathlon

Beverly High placed third overall in the 2019 Los Angeles County Academic Decathlon (LACAD) competition and will be traveling to the statewide competition in Sacramento on March 22-24 to compete against other top scoring schools in California.

Beverly secured a total of 52,373 points out of a possible 60,000 in the competition, narrowly falling behind the top three performing teams, Torrance's West High School (first place—54,459 points) and Alhambra's Mark Keppel High School (second place—52,823 points). The 52,373 point score is an increase of 8,335 points over last year's score, making Beverly the school with the most improved scores in the competition.

A total of 50 teams and nearly 400 students participated in the LACAD, including 11 squads in the Junior Division. The competition took place January 26 and

February 2 at El Rancho High School in Pico Rivera.

Katie Wu, a Beverly High senior, was ranked second overall for individual scores, securing a total of 9,106 points out of a possible 10,000. First place for individual scores went to West High junior Kendall Kirio, who scored 9,259 points, and second place was awarded to Anoushka Gupta, another West High junior who received a total of 8,779 points.

Decathlon teams are comprised of students from all grade-point averages. Decathletes are challenged to use analytical skills, performance abilities and writing

aptitude in seven knowledge tests (Art, Economics, Literature, Math, Music, Science and Social Science) as well as Interview, Speech and Essay. Students also compete in the fast-paced Super Quiz, a multiple-choice challenge held in front of a live audience.

The LACAD is open to public high schools outside of the Los Angeles Unified School District, which holds a separate academic decathlon competition and awards ceremony.

The academic decathlon, which this year focused on the subject "The 1960s: A Transformational Decade," is a local-county/state/national program designed to promote self-assurance, academic enrichment and teamwork. The state winner earns a trip to the U.S. Academic Decathlon April 25-27 in Bloomington, Minnesota.

## NOTICE OF PUBLIC HEARING

<p><b>DATE:</b> Thursday, February 28, 2019  <b>TIME:</b> 7:00 PM  <b>LOCATION:</b> City Council Chamber          Beverly Hills City Hall          455 North Rexford Drive          Beverly Hills, CA 90210</p>	<p><b>PROJECT LOCATION:</b>          100 North Crescent Drive          (Cross Street: Wilshire Boulevard)</p>	
---	---	--

The Planning Commission of the City of Beverly Hills, at a REGULAR meeting on **Thursday, February 28, 2019**, will hold a public hearing beginning at **7:00 PM**, or as soon thereafter as the matter may be heard, to consider a request for a General Plan Amendment, Zone Text Amendment, and Planned Development Permit for the property located at 100 North Crescent Drive.

Project Description:

- **General Plan Amendment.** The subject property currently has a Low Density General Commercial land use designation, which allows for a 2.0:1 Floor Area Ratio (FAR) and a maximum height of 45 feet. The Project seeks to amend the General Plan Land Use Map to apply the existing Medium Density Commercial land use designation to the subject property, which would allow the height and density of the requested project. The Medium Density Commercial land use designation allows for a maximum building height of 92 feet and a maximum floor area ratio (FAR) of 3.6:1. The park portion of the property currently has a land use designation of Parks, which would not change under the proposal. The Planning Commission would make a recommendation to the City Council regarding this legislative act.
- **Zoning Map and Zone Text Amendment.** The subject property is currently zoned C-3. The Project includes a request to create a new Overlay Zone, the Entertainment Office Planned Development 2 Overlay Zone (E-O-PD-2), and apply the Overlay Zone to the project site. The zone text amendment would establish height, density, and parking requirements as well as other relevant development standards for the E-O-PD-2 Overlay Zone. The proposed height limit of the E-O-PD-2 overlay zone would be 75 feet, with Director discretion to allow up to 80 feet if technical difficulties are encountered during building construction. The proposed E-O-PD-2 overlay zone would allow for a maximum FAR of 2.75:1. The proposed overlay zone would also allow the use of non-standard parking space types to count toward parking requirements. The existing three levels of subterranean parking would remain; however, compact spaces, tandem spaces, and drive-aisle spaces would be allowed to meet parking requirements, thereby increasing the number and types of parking spaces that can be used to meet on-site parking requirements from 317 to 461. The City's Zoning Map must be amended in order to apply the E-O-PD-2 overlay zone to the subject property. The Planning Commission would make a recommendation to the City Council regarding this legislative act.
- **Planned Development.** The proposed Entertainment Office Planned Development Overlay Zone includes language requiring a Planned Development to allow construction of the proposed Project. The proposed Project would have a floor area ratio of 2.75:1 and a maximum building height of 72 feet. The Planning Commission is the approval authority for the requested Planned Development; however, any Planning Commission decision would be contingent on City Council approval of the aforementioned legislative actions.

A Development Agreement is also being proposed by the applicant in conjunction with the proposed project. The Planning Commission does not have a formal role in negotiating the terms of the Proposed Development Agreement; however the Commission may discuss and highlight items for consideration by the City Council should negotiations be undertaken, and must provide a review of any future Development Agreement document with respect to the General Plan.

**Environmental Review.** This project has been assessed in accordance with the authority and criteria contained in the California Environmental Quality Act (CEQA), the State CEQA Guidelines, and the environmental regulations of the City. The City of Beverly Hills has prepared an Environmental Impact Report (EIR) to analyze potential environmental impacts associated with development of the project. The EIR for this project consists of a Draft EIR as well as a Recirculated Draft EIR which contains sections revised since the original circulation of the environmental document.

The notice of availability of the Draft EIR was published on November 10, 2017. The Draft EIR was circulated for the required 45-day public review period between November 13, 2017 through January 5, 2018. The Planning Commission held a public hearing on December 14, 2017 to review the Draft EIR during the 45-day public review period.

As a result of modifications to the project as well as the completion of additional analysis responsive to comments received during the Draft EIR comment period, certain sections of the EIR were rewritten and recirculated for public review as a Recirculated Draft EIR. The recirculated sections of the Draft EIR included the following sections: Project Description, Aesthetics, Cultural Resources, Noise, Transportation and Traffic, and Alternatives. The notice of the availability of the Recirculated Draft EIR was published on October 29, 2018. The 45-day public review period for Recirculated Draft EIR occurred between October 29, 2018 through December 13, 2018. The Planning Commission held a public hearing on November 29, 2018 to review the Recirculated Draft EIR. The environmental documents for this project are available at [www.beverlyhills.org/environmental](http://www.beverlyhills.org/environmental), as well as at the City of Beverly Hills Public Library, the City Clerk's office, and Community Development Department.

Any interested person may attend the meeting and be heard or present written comments to the Commission. Written comments also may be submitted prior to the public hearing to the Planning Division, via mail: attn. Alek Miller, 455 N. Rexford Drive, 1st Floor, Beverly Hills, CA 90210. Any written comments received by close of business on Tuesday, February 19, 2019 will be attached to the agenda report regarding this item. Any comment received after Tuesday, February 19, 2019 will be provided to the Planning Commission under separate cover.

### Hollywood-Broadway Star Renée Taylor to Perform LA Premiere of *My Life on a Diet*

The Wallis Annenberg Center for Performing Arts presents the Los Angeles premiere of Renée Taylor's *My Life on a Diet*, the award-winning, autobiographical comedy written by Taylor and Joseph Bologna, which opens its 12 performance, limited engagement on Friday, April 5 and will continue through Sunday, April 14 in the Wallis' Bram Goldsmith Theater.

Taylor, co-star of "The Nanny" television series and an Academy Award-nominated and Emmy Award-winning writer and actress, will look back on a life full of memorable roles in Hollywood and on Broadway—and just as many fad diets. A self-described "diet junkie" who believed that if she ate like a star, she just might look and live like one, Taylor will dish out juicy anecdotes about and weight loss tips from such Hollywood legends as Joan Crawford, Marilyn Monroe, and Barbra Streisand. She will also serve up entertaining and poignant stories about the late Bologna, her partner in work and life for 52 years. Considered a comedy legend, Taylor will tell all about her highs and lows—on and off scale—and show

audiences that the ability to laugh gets you through it all.

*My Life on a Diet* was originally directed by Bologna and made its New York premiere in 2018 with a critically acclaimed, extended run Off-Broadway at the Theatre at St. Clements and has

## NOTICE OF PUBLIC HEARING

The Council of the City of Beverly Hills, at its regular meeting to be held on **Tuesday, March 5, 2019 at 7:00 p.m., or as soon thereafter as the matter may be heard**, in the Council Chamber of the City Hall, 455 N. Rexford Drive, Beverly Hills, CA 90210, will hold a public hearing to consider:

### AN ORDINANCE OF THE CITY OF BEVERLY HILLS AMENDING THE BEVERLY HILLS MUNICIPAL CODE TO MODIFY THE ELIGIBILITY REQUIREMENTS FOR A PROJECT TO APPLY FOR A HILLSIDE R-1 PERMIT TO ALLOW CUMULATIVE FLOOR AREA TO EXCEED 15,000 SQUARE FEET.

The proposed Ordinance, which was considered and recommended by the Planning Commission, includes an amendment to Beverly Hills Municipal Code (BHMC) §10-3-2550.E that modifies the eligibility requirements for the Hillside R-1 Permit to allow cumulative floor area to exceed 15,000 square feet. Specifically, the language of BHMC §10-3-2550.E would be modified to make it clear that projects on sites with existing structures that exceed current maximum allowable floor area calculations (legal nonconforming structures) are eligible to apply for the Hillside R-1 Permit to allow cumulative floor area on a site to exceed 15,000 square feet, and that the request can be considered by the reviewing authority.

Additionally, an alternative ordinance will also be presented to the City Council for their consideration. The alternative ordinance would require structures that are legally nonconforming with respect to the floor area allowed by BHMC §10-3-2502.B to comply with such subsection in order to be eligible to apply for approval of the Hillside R-1 Permit to allow cumulative floor area on a site to exceed 15,000 square feet. The alternative ordinance was considered but not recommended by the Planning Commission.

The proposed Ordinance has been assessed in accordance with the authority and criteria contained in the California Environmental Quality Act (CEQA, Public Resources Code Sections 21000 et seq.), the State CEQA Guidelines (California Code of Regulations, Title 14, Sections 15000 et seq.), and the environmental regulations of the City. Upon review, there is no possibility that the proposed code amendment may have a significant effect on the environment because the modification does not authorize any physical changes in the environment and requires discretionary review whenever a specific development project is proposed. Therefore, the City Council will consider finding that the amendment is exempt from CEQA pursuant to Section 15061(b)(3) of Title 14 of the California Code of Regulations because it can be seen with certainty that there is no possibility that the activity in question would have a significant effect on the environment.

At the public hearing, the City Council will hear and consider all comments. All interested persons are invited to attend and speak on this matter. Written comments also may be submitted and should be addressed to the City Council, c/o City Clerk, 455 N. Rexford Drive, Beverly Hills, CA 90210. Written comments should be received prior to the public hearing.

Please note that if you challenge the Council's action in regards to this matter in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence delivered to the City, either at or prior to the public hearing.

If there are any questions regarding this notice, please contact **Cindy Gordon, AICP, Associate Planner** in the Beverly Hills Community Development Department at (310) 285-1191, or by email at [cgordon@beverlyhills.org](mailto:cgordon@beverlyhills.org). ## NOTICE OF PUBLIC HEARING

**DATE:** February 28, 2019  
**TIME:** 1:30 PM, or as soon thereafter as the matter may be heard  
**LOCATION:** Commission Meeting Room 280A  
Beverly Hills City Hall  
455 North Rexford Drive  
Beverly Hills, CA 90210

The Planning Commission of the City of Beverly Hills, at its REGULAR meeting on Thursday, February 28, 2019, will hold a public hearing beginning at **1:30 PM**, or as soon thereafter as the matter may be heard to consider:

### AN ORDINANCE OF THE CITY OF BEVERLY HILLS AMENDING THE BEVERLY HILLS MUNICIPAL CODE TO CLARIFY THAT ACCESSORY STRUCTURES ON ESTATE LOTS IN THE TROUSDALE ESTATES AREA OF THE CITY MAY NOT BE CONSTRUCTED OFF THE EXISTING LEVEL PAD.

Currently, the Beverly Hills Municipal Code (BHMC § 10-3-2621) states that an applicant may request a Trousdale R-1 Permit from the Planning Commission to place an accessory structure anywhere on a site, if the site is an estate lot (24,000 square feet or larger) in Trousdale Estates. At a study session held on December 13, 2018, the Planning Commission provided staff direction to draft an ordinance clarifying that an applicant may request a Trousdale R-1 Permit to locate an accessory structure anywhere on the existing level pad, not anywhere on the site. The proposed Ordinance would include modifications to the existing code language to make this clarification.

This Ordinance has been preliminarily assessed in accordance with the authority and criteria contained in the California Environmental Quality Act (CEQA), the State CEQA Guidelines, and the environmental regulations of the City. The Planning Commission will consider whether to recommend that the adoption and implementation of the Ordinance be found exempt from CEQA pursuant to Section 15061(b)(3) of the Guidelines as there is no possibility that adoption and implementation of the Ordinance may have a significant effect on the environment because the Ordinance does not authorize construction and it would impose greater restrictions on certain development in order to protect the public health, safety and general welfare. Additionally the Planning Commission will consider if adoption and implementation of the Ordinance is eligible for a Class 8 categorical exemption pursuant to Section 15308 of Title 14 of the California Code of Regulations for actions taken to assure the maintenance and protection of the environment.

Any interested person may attend the meeting and be heard or present written comments to the Commission. According to Government Code Section 65009, if you challenge the Commission's action in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence delivered to the City, either at or prior to the public hearing.

If there are any questions regarding this notice, please contact **Timothea Tway, Senior Planner** in the Planning Division at (310) 285-1122, or by email at [ttway@beverlyhills.org](mailto:ttway@beverlyhills.org). The case file, including associated documents are on file in the Community Development Department, and can be reviewed by any interested person at 455 North Rexford Drive, Beverly Hills, CA 90210.

## Kaveh Farshad Next Beverly Hills Chairperson

*Kaveh Farshad took over as the Chair of the City's Next Beverly Hills Committee in January. Now, he plans to aid the committee in creating a space for the next generation of Beverly Hills residents to connect and grow.*

### What made you decide to first get involved with Next Beverly Hills?

I'm starting a family here and, honestly, this is my home. I want to be as involved as possible and have tried to that for a while now. I was involved with the City itself for some time and then with the Chamber of Commerce. I work in technology, so I've always been forward thinking and focused on what's cutting edge and new. When I heard that this committee existed and was trying to create a future for Beverly Hills that embraced the next generation, which for our committee includes residents between the ages of 25 and 45, it seemed perfect. I got involved as the vendor pop-up chair for Next Night in, I believe, 2017. From there I continued to get more involved and do more within our focus areas.

### Tell us about your background before joining the committee.

I'm an engineer by degree, but have since gotten involved in the business end of technology. Over the last ten years I've worked for venture 500 companies and start-ups. I've been involved in product management as well, so a lot of that work is helping businesses to bring in new features and technologies to stay competitive and relevant. I also operate marketing, engineering, and everything else that comes with running a product portfolio. Outside of that, I have done a few start-ups myself and I'm still doing that now. I come from a background where I create things from scratch and that's become a part of my expertise that, I think, made me a natural fit for Next Beverly Hills.

### Did you get any advice from previous Chairperson Jon Gluck before you became Chairs?

He has been very supportive and engaged with the committee from the get-go. When I moved forward to become Chair, he gave me great tips. He said to make sure we have the right operation in place and told me about his experiences and lessons he learned. He had great advice for moving forward and making sure things are handled properly. I also just want to say that he has been a great

advocate for next generation residents in Beverly Hills. He has worked very hard from the start to get the momentum going for us.

I also want to thank Mayor Gold, who chartered the committee. He has been very supportive and forward thinking throughout the process of getting this put in place. Without him, it never would have become a reality. All the credit goes to him for being there and supporting us. Our current Vice Chair Derrick Ontiveros also deserves a lot of credit. He has been very instrumental in planning for this year.

### What priorities does the committee have for 2019?

We went through our priority voting at our January meeting and still have a few more days before we will be able to confirm what our official, final priorities are as a committee for this year. I can tell you about last year's priorities, though, and how we worked on those.

Last year, we focused mainly on leadership development in Beverly Hills for younger and upcoming folks in the next generation. We also focused on art initiatives that centered around the context of our purpose, which is to engage residents between the ages of 25 and 45 through innovative initiatives that address their lifestyles, economic and civic needs, and inspire them to make Beverly Hills a better place for all. Another big one was making sure there is an ecosystem for next generation residents to connect, mingle, and so forth.

### Have you all started planning for this year's Next Night block party? If so, how will it differ from previous events?

Again, it's very early at this stage because we're still forming our subcommittees and selecting our leadership teams for 2019. That new leadership will work on Next Night but as far as our goals and intent for this year's party, we want it to be of the same caliber as last year. We had more than 500 attendees and lots of amazing entertainment last year, so we are shooting for that or better for this year.

### How can residents get involved with Next Beverly Hills?

We have a subcommittee called the membership development committee. Anyone who wants to join can get in touch with the head of that committee, or really any of its members, and they

will show them how to sign up. We are an open, public committee, so we want to be as inclusive as possible. We have a very streamlined process for getting people involved. The subcommittee is specifically dedicated to that.

### How do you think new members benefit from joining the committee?

I would say that the biggest benefit is access. You get a network of people who are operating in the City and you get new resources. You're more exposed to community leaders who are making big changes for Beverly Hills. So, that's amazing. The affiliation piece of it is great.

### One of the things you talked about at your January meeting was housing. How will the committee be involved in discussions of housing and rents going forward?

Housing is one of the areas that we focus on and I will say it is very important to us. We had some leadership members come on who had a really large interest in housing a few years ago and we did a lot of research in that area. We're continuing that work now and will pass it on to the next subcommittee team coming on that will focus specifically on housing. From a general standpoint I will say we want to make

sure we are involved and hear what is going on with the discussions that are taking place around housing, like with the RSO. In terms of process and next steps, I think we are still going to be focused on research. We want to make sure we understand everything being discussed and the ways it will impact not just next generation residents, but also the community as a whole.

### What are your top three priorities as Chair?

My number one priority is to build the committee. We want to be inclusive and channel the right talent and resources. We want all the folks that fit into our demographic and mission statement to be involved or at least know that this committee is an option for them. Those funnels need to be open so that we can grow. We're going to double down on our membership subcommittee to make sure

it continues to be streamlined and that all aspects are covered. The second priority is that I'd like to see a sense of community growing for residents in our demographic. How can they get involved? What are their interests? Can we plan more get-togethers for people to collaborate and share ideas? I want to build an ecosystem for community because I personally think we maybe don't have that today in Beverly Hills. The last one is that I would like to see us work on is how we can be more involved in what's going on day-to-day in the City, whether that's

housing or art of something else. We want to have a liaison subcommittee that gets feedback from City discussions so that they can update us and help us stay involved. We want that on a continuous basis. It's important that we have buy-in.

### You've mentioned a few times that you want to create an "ecosystem for community" for next generation residents in the City. What form do you think that will take?

We want to make sure that a network is in place for professionals within the group, or even educators, service providers, whomever you may be, to have a platform to connect and meet each other.

It doesn't have to be events. We don't want to brand ourselves as an event committee. That's not us at all. We want to create a sense of connectivity between people, a network effect that allows for grassroots growth in terms of connecting with one another. Right now I believe there is a vacuum for that demographic. A good example of what I mean by building community is our incubator. That basically helps start-ups that are passionate about Beverly Hills and want to come here or already exist here take the next step. We give them a space to interact and we plan to continue doing that by having mixers and other types of activities where people can come and collaborate. At the same time, we want it to be organic and fit the Beverly Hills culture. We're not a political committee. We're not making political change. We're just adding to what is here for next generation residents.

***"We want to create a sense of connectivity between people, a network effect that allows for grassroots growth in terms of connecting with one another. Right now I believe there is a vacuum for that demographic."***

## COUNCIL CRUSADER

### Why Vera Markowitz Speaks Out Against BHPD Chief Sandra Spagnoli

By Kelcey Caulder

#### How did you first learn about the lawsuits and accusations against Chief Spagnoli?

I was burglarized and that started me really investigating things because a number of the police that came to my house—and, by the way, [recently-retired BHPD Captain Mark] Rosen wasn't one of them. They keep talking about Rosen, but I hadn't met him at that point or known him at all—were sitting there. They had spent a long time at the house because they take fingerprints and look at everything, so it took a while. They were there probably until 2:30 in the morning. So, I sat there until 2:30 in the morning with them and over and over they kept talking about this new chief who wasn't responsive, didn't understand the protocols, who did not understand what the various departments did and who did not care about understanding. That's a big difference. It's one thing to come in and learn. It's quite another to come in and not want to learn and she didn't. So, already I was up in guards, looking and listening and saying I'm not sure what's going on. So, that was the start of what got me into this.

In the meantime, I was running for Council [in 2015] and had gone before the City Council to ask for an Assistant Chief that was from inside the department. I thought because she was new she should have someone from within the department because she could learn the atmosphere and nuances within the department. That made her livid, that someone would contradict her. Chief Spagnoli went to Rosen and said, 'Because you're Jewish, you must have been talking to her.' I'd never met him, never spoken to him, and didn't even know who he was, but she went after him. That was the start of his lawsuit

because she kept saying I talked to him. He didn't even know me. I didn't meet him until six to eight months after that, but I had heard from other people about everything that was going on inside the department. That was the start and germination of my interest in all of this.

#### Tell us how you first became involved with the BHPD Crisis group. Are you the leader?

The fact is I've been speaking out on this issue for months and months and months. I go before Council often to speak about it. They love me there, so these people who wanted to put ads up came to me. I didn't think of the ads. That wasn't my thing and I don't have the background or ability to have even done that on my own. So, anyway, they came to me and they said, 'We're doing this. Do you want to help us?' They wanted to talk to me about the issues because I don't think there's one person in the city—and I say this honestly—that knows as much as I do because of all the work I've done. I think that's why they came to me. They knew I was out there and speaking about it and they didn't want to be the faces of the group themselves because a number of them are community leaders. Every single one of them told me they were afraid to put their faces out there. They aren't comfortable. People tell me constantly that I'm brave to do this, but my response to that is: No, I'm not. This is the right thing to do. It's not even about bravery. It's just the right thing to do.

#### Who is involved with the group?

I can only say this, and I'll say this because they put their names out there, is that many of them are people I know personally, who are good friends of mine. It's people who call me on the

Back row: Steven Markowitz, Michelle Cohen, Harold Markowitz, Vera Markowitz, Mo Markowitz, Mollie Markowitz, Sara Levine, David Markowitz, Susan Cohen, Ira Cohen. Front row: Alex Cohen, Ethan Cohen, Charlotte Cohen, Eva Markowitz.

phone and with those people I can easily put their names out, but I'm not just going to name one person because they'd be angry if I did that. There are a number of people, though, who are all local residents who've been here for as many years as I have. They're concerned. A lot of these people are very concerned about the Anti-Semitism. The other issues are just as important, but because that affects them personally they're most concerned about that.

#### How would you review Chief Spagnoli's performance in her role thus far?

One, I had a whole bunch of police who are in the department and outside of the department investigate every single program she started—not one works. So, it's not that she's doing a good job. She's doing an awful job, and you can quote me on this. Every single policeman says it is a common joke around the department. They talk about what's going on and all the programs. Not one officer has been able to find one program, including the school program that she doesn't have. She's just social with the school people. So, there's not one successful program.

Two, for me—and I hate to use this—I am a child of Holocaust survivors and I understand [Councilmembers] Lili [Bosse] and Les Friedman's stance, but

the fact is that Jews were around Hitler in big numbers and every single one of them said, 'He can't be Anti-Semitic. We're here.' So, saying that someone can't be Anti-Semitic because they are friends with someone who is Jewish does not count, for me, in any way as a stand or defense. The fact is that she, over and over, is not nasty to people on her level like police chiefs and particularly not to people who are above her, people who invite her to Passover dinner or to their homes. She's lovely around them. That's true. She is. She's extremely social. She's lovely in social situations, but to her employees she is prejudiced.

#### Aside from the lawsuits, what do you think the biggest issues facing the department are?

One, programs don't work. She has tried a number of different programs and they don't work. There used to be what I think is called three-and-four where they would work for three days and be off for four. She took that away and that's just one issue. There are all kinds of things. The fourth floor at City Hall doesn't have one black person. There is segregation within the City of Beverly Hills, in the working environment. It's tremendous and they don't deal with it because they don't see it. They only want to see what fits with the idea they have of the

city. The fact is that within the system there are lots of problems that aren't being taken care of.

It used to be very difficult to be a policeman here as well. We always hired from the top of the class. Now, she's literally hired only the bottom of the class. [Vice Mayor] John [Mirisch] said they made fun of someone who was short. What kind of statement is that? Who ever made fun of someone for being short? I'm short. What I've talked about is the low quality of the police that are coming in, not the shortness.

**The City Council has remained firm on their stance that the accusations against Spagnoli are false, but that they will carry out an investigation regardless. What is your response to that?**

Not one person on the Council—and I will guarantee this—not one person on the Council has done as much work on this as I have. The fact is they have not. Even the police have told me that the Council is so adamant that she is innocent that they won't tell them the truth. They won't because they are so ensconced in their stance. The police are afraid to tell them about other issues because they're afraid they will call it "sour grapes" or blame it on something else. They never seem to be open. I've talked to a number of police officers in the department who've said they would have talked to them in the beginning if they had said they really wanted to see what was going on, but that's not the feeling they project. They project, over and over again, the feeling that there's nothing that she could do to get into trouble.

**The Courier suggested that you might have a social relationship with former BHPD Captain Mark Rosen that led you to support him and others who have made statements against the police chief. Tell us about your relationship with Rosen.**

Actually, I think he was told by his attorney not to speak to me until the case was settled, so we did not speak at all until the case was settled. When the case was finally settled he called me and thanked me for all of the support I gave to the police department. That was our relationship. I've never had him over for dinner, ever. I don't know his wife. I'm

sure she's lovely, but I don't know her. I've never had a relationship with them. I mean, he is my children's age.

People have said we had dinner together at my home and that isn't true. I have a husband who is very ill at home, so I don't have people over for dinner. We just don't, so that whole presumption seemed ludicrous to me and when I called the *Courier* to tell them that her answer was that I should just email her whatever I had to say. So, that is what my relationship with him is like.

**What is your response to Vice Mayor John Mirisch showing a recording of you making, as he called them, "blatantly racist" remarks at the last City Council meeting?**

I had to look at the video again because I knew what I said. It was one of my neighbors who told me this story and when she told it to me she said that she was sitting in her bedroom, which has windows in the back, and that three black men came up. That's how the story was told to me and I repeated it verbatim to the Council. That was my racist comment. Now, I have to say in my whole life I've never been accused of being racist. I've never been accused of anything, actually. These people are doing a really remarkable job of finding issues and I'm amused because the fact is I know where I stand and I know my values. So, I don't have a problem with any of that. I'm just more amused than hurt or anything else. There isn't one person that I know who has seen the video and commented that I was racist. I even called a couple of black officers to ask if they thought it was racist because I wasn't sure where the interpretation came from. They said it wasn't. All I did was share what was told to me as it was told to me, and I wasn't judging what was said. It was just

a repetition of her story.

**If you were a member of the City Council, how would you handle the current situation with the police department?**

I would handle it very differently. The only problem with being a member of the City Council today is that you need three votes to do anything. It's been a problem for a number of issues over the years. Given all of that, the fact is that I would find it mandatory to really, really investigate it. I would not investigate it through a third party, which is what they've been doing all along. They've been having groups come in like Management Partners and all of that. It's time to sit down with each police officer in the department personally. It's not a hard thing. They're across the hall. They're not far away. Sit down with them. Call 15 or 20 of them in. Sit down with them personal-

—Vera Markowitz

ly, one-to-one, and respect their privacy because retaliation is rampant in that department. If she suspects you've done anything against her or spoken in any way she will put you down to the lowest grade of traffic enforcement—not necessarily traffic, but that kind of thing. She has brought in detectives who don't want to work. The traffic tickets have gone from \$15,000 a month to \$5,000 a month because the traffic people don't want to work. There are so many different issues right now within the department that are actually affecting the quality of policing in the city and I think that is absolutely tragic.

**Jennifer Pizer from LAMBDA Legal said at last Tuesday's Council meeting that she was concerned about whether the Council could ensure a full and fair investigation into Chief Spagnoli given some of the comments. How do**

**you feel the last Council meeting went in terms of securing a fair investigation?**

I think their ability to have a fair investigation depends on who they bring in to work on it. I think that really has to be transparent. There has been so little transparency, so everyone steps back and says, 'I can't believe it,' because there's no transparency. I don't know who the top police officers or people who investigate this type of thing are because that's not my purview, but you want to have top officers on this who are honestly independent and who can sit and ask the questions that need to be asked. You want people who can look over the department from before until now and see the ways things have changed.

When Snowden was there, there were 23 detectives on the bureau. Today, there are seven. The seven aren't working, so they never leave their offices. They're not interested in doing the work they're assigned. So, all of that is reflected in the quality of what we're seeing today. DNA that was taken—and I've said this before—in November of 2017 was submitted in December 2018. Think about that. There is a tendency to pile that up. They're also not reporting all of the burglaries and things that are happening. Another group that I'm a part of has been tracking burglaries in the city and we have found a major discrepancy between what is reported and what is actually happening. So, they are low-balling all the burglaries. Everyone talks about how crime is down. Of course it's down if we're not reporting crimes. That's what's going on.

**You previously ran for a seat on the Council. Will you be running again in the future?**

As I said before, my husband is ill. I've taken that as a priority, so I haven't even thought about it. The next Council election is, I think, a year from now or more. I'm comfortable in my skin right now and this is my issue. Running for Council is not. I'm not saying I won't because I don't know, but if I don't think about something I never give an answer because I haven't thought about it at all. I'm much more concerned with getting this issue done and making my husband comfortable. That's it.

## BHHS boys' basketball team loses in second round of playoffs

Norman wrestler finishes third in Southern Section finals

By Steven Herbert

Beverly High was unable to hold a six-point fourth-quarter lead in an 81-78 loss to Cypress in a Southern Section Division 2AA second-round playoff game Tuesday night at Cypress.

The Normans hopes of retying the score ended with a turnover with eight seconds to play.

"That wasn't what cost us the game," said Beverly Hills coach Jarvis Turner, whose team was ranked 11th in the final Southern Section Division 2AA poll released Feb. 4, five spots behind the Centurions.

"It was one of many turnovers. At that point in the game, your mistakes get magnified."

with mental mistakes."

The Normans led 66-61 entering the fourth quarter. The score was tied 41-41 at halftime as Cypress (27-2) closed the half on a 10-2 run.

Beverly Hills took a 37-31 lead after scoring nine consecutive points after Turner was called for a technical foul when he tried to call a time out, stepped onto the court and a referee ruled he interfered with a fast break by the Centurions.

Blake Lander led the Normans with 23 points. Marcel Stevens added 19 and Chandler Sooferan 11.

"I'm proud of my group," Turner said after the team's 14-game winning streak ended. "I think we had a great year. 22-5 is nothing to hold your head down about. The guys should be proud of their accomplishment. (They are) a very solid group of young men, future leaders.

"I hated for them to go out the way they did. They sacrificed and worked hard and really gave it their all."

## Beverly Hills 75, Saugus 55

Ben Ramirez scored a game-high 22 points and Lander added 15 in a first-round game Friday night at the Swim-Gym.

The Normans led 18-14 at the end of the first quarter, 37-27 at halftime and 59-37 entering the fourth quarter.

Stevens added 14, Sooferan 10, Nicholas Andrews seven, Aaron Liberty four and Jason Mirharooni three.

"We played great defense," Turner said. "We were locked on taking some of the stuff they do away and we were able to do that. We really weren't efficient shooting the basketball, but we did enough to win the game."

## Wrestling

Norman junior Daniel Heller finished third in the 126-pound class Saturday and three teammates finished in the top eight in the weight classes in the Southern Section Inland Division finals at Temecula Valley High School

Heller his first opponent in two minutes, 50 seconds and his second in 1:50. He won his third match by a technical fall. Heller lost his fourth match, 13-11, to of Temecula Valley sophomore Cameron Owen.

The loss put Heller in the consolation bracket, where he won his first match, 12-6. He won the third-place match by default.

The third-place finish qualifies Heller for the Masters Meet, which will be held Friday and Saturday at Cerritos College.

Beverly Hills senior Mateo de Camargo Hanley was sixth in the 138-pound division, senior Sebastian sixth in the 132-pound division and sophomore Chris Drake eighth in the 106-pound division.

IF YOU OBJECT to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney.

IF YOU ARE A CREDITOR or a contingent creditor of the decedent, you must file your claim with the court and mail a copy to the personal representative appointed by the court within the later of either (1) four months from the date of first issuance of letters to a general personal representative, as defined in section 58(b) of the California Probate Code, or (2) 60 days from the date of mailing or personal delivery to you of a notice under section 9052 of the California Probate Code.

Other California statutes and legal authority may affect your rights as a creditor. You may want to consult with an attorney knowledgeable in California law.

YOU MAY EXAMINE the file kept by the court. If you are a person interested in the estate, you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250. **NOTICE OF PETITION TO ADMINISTER ESTATE OF ELISABETH FIOCCA**  
Case No. 19STPB00941

To all heirs, beneficiaries, creditors, contingent creditors, and persons who may otherwise be interested in the will or estate, or both, of ELISABETH FIOCCA

A PETITION FOR PROBATE has been filed by Graciela Isabel Fraga-Metzler in the Superior Court of California, County of LOS ANGELES.

THE PETITION FOR PROBATE requests that Graciela Isabel Fraga-Metzler be appointed as personal representative to administer the estate of the decedent.

THE PETITION requests authority to administer the estate under the Independent Administration of Estates Act. (This authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be

required to give notice to interested persons unless they have waived notice or consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority.

A HEARING on the petition will be held on March 4, 2019 at 8:30 AM in Dept. No. 2D located at 111 N. Hill St., Los Angeles, CA 90012.

IF YOU OBJECT to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney.

IF YOU ARE A CREDITOR or a contingent creditor of the decedent, you must file your claim with the court and mail a copy to the personal representative appointed by the court within the later of either (1) four months from the date of first issuance of letters to a general personal representative, as defined in section 58(b) of the California Probate Code, or (2) 60 days from the date of mailing or personal delivery to you of a notice under section 9052 of the California Probate Code.

Other California statutes and legal authority may affect your rights as a creditor. You may want to consult with an attorney knowledgeable in California law.

YOU MAY EXAMINE the file kept by the court. If you are a person interested in the estate,

you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250. A Request for Special Notice form is available from the court clerk.

**EXHIBIT "1"**

RESOLUTION NO. 18-R-13209

A RESOLUTION OF THE COUNCIL OF THE CITY OF BEVERLY HILLS DECLARING THE REAL PROPERTY LOCATED AT 1297 MONTE CIELO DRIVE IN THE CITY OF BEVERLY HILLS, AND IDENTIFIED AS LOS ANGELES COUNTY TAX ASSESSOR'S PARCEL NUMBER 4350-018-044, NECESSARY FOR PUBLIC PURPOSES AND AUTHORIZING THE ACQUISITION THEREOF

**Section 1.** The City of Beverly Hills (City), is a municipal corporation in the County of Los Angeles, State of California.

**Section 2.** The City seeks to acquire by eminent domain the fee interest in the real property described in Section 3 of this Resolution for a public use, namely for proposed small water infrastructure purposes in connection with existing water pressure regulation stations and abandoned facilities located in the vicinity of the Subject Property, and all uses necessary and convenient thereto (Project) pursuant to the authority conferred on the City of Beverly Hills to acquire real property by eminent domain by Section 19 of Article 1 of the California Constitution, Government Code Sections 37350, 37350.5, 37351, and 40404, California Code of Civil Procedure Section 1230.010 et seq. (Eminent Domain Law), including but not limited to Sections 1240.010, 1240.020, 1240.110, 1240.120, and by other provisions of law.

**Section 3.** The City seeks to acquire the fee simple interest in the real property located at 1297 Monte Cielo Drive, Beverly Hills, California, and identified as Los Angeles County Tax Assessor's Parcel Number 4350-018-044 (Subject Property). The Subject Property is an approximate 22,650 square foot vacant parcel. The Subject Property is described more particularly on Exhibit "A" and depicted on Exhibit "B", which are attached hereto and incorporated herein by this reference.

**Section 4.** The City and Jay Isaac Landers and Despina Gianopoulos Landers, Trustees of the Landers Family Trust (Landers Trust), the record owner of the Larger Parcel, entered into a

Purchase and Sale Agreement and Joint Escrow Instructions between the City of Beverly Hills and the Landers Family Trust for the Acquisition of Real Property Located at 1297 Monte Cielo Drive in Beverly Hills and 1721 Monte Cielo Court in Los Angeles with an effective date of July 17, 2018 (Purchase and Sale Agreement). The City acquired the real property located at 1721 Monte Cielo Court (Monte Cielo Court Property) on September 7, 2018 pursuant to the Grant Deed recorded as Document Number 20180913385 of Official Records of the County of Los Angeles. Escrow on the Subject Property, however, could not close due to certain encumbrances, including but not limited to restrictions, recorded against the Subject Property. Accordingly, it is necessary that the City acquire in fee the Subject Property by eminent domain to clear any title issues and encumbrances recorded against the Subject Property.

**Section 5.** The City seeks to acquire in fee the Subject Property for a public use, namely for proposed small water infrastructure purposes in connection with the City's existing water pressure regulation stations and abandoned facilities located in the vicinity of the Subject Property, and all uses necessary and convenient thereto. The Project, as planned and located, is in the public interest and necessity and is needed to help the City to construct proposed small water infrastructure facilities that will help it to meet its goal of providing additional water storage capacity in accordance with the goals set forth in the City's Water Enterprise Plan (July 2015) (referred to below as WEP), which is incorporated herein by this reference.

The Subject Property is located at the northern edge of the city limits of the City of Beverly Hills near Coldwater Canyon Drive. It is located adjacent to City-owned property that contains an abandoned subsurface water main, an active water pressure regulation station servicing an interconnection between Los Angeles Department of Water and Power and the City's water distribution system, and an abandoned vault containing two abandoned water tanks. The Project

80785-1637(2234965v2.doc

will enable the City to build additional water infrastructure to accomplish certain goals set forth in the WEP. The Project, as planned and located, would help further the goals of the WEP because it would enable the City to provide for emergency storage of water. This will help the City to work towards meeting the goal of having sufficient emergency reservoir storage capacity to meet a seven-day demand during peak demand periods, which will benefit the community. The Project would allow the City to add some storage capacity to help eventually reach the goal of adding 35 MG of storage to the City's existing supply of 43 MG in existing storage capacity.

The Project is planned and located in the manner that is most compatible with the greatest public good and least private injury. It is planned and located to provide much needed water infrastructure to this area of the City. The Subject Property is strategically located adjacent to other City-owned property, thus, minimizing the need to acquire other private property by eminent domain. The record owner of this property negotiated the voluntary sale of the Subject Property to the City pursuant to the Purchase and Sale agreement, but the sales transaction could not be consummated due to title issues.

**Section 6.** The environmental effects of the Project were studied and analyzed pursuant to the California Environmental Quality Act (CEQA), Public Resources Code Section 21000 *et seq.*, and the CEQA Guidelines, 14 Cal. Code Regs. Section 15000 *et seq.* (CEQA Guidelines). City Staff determined that the Project is exempt from CEQA pursuant to Section 15303 of the CEQA Guidelines. The Project falls under the Class 3 Exemption. As part of the Project, the City proposes to construct new small water infrastructure facilities and structures on the Subject Property in connection with existing water pressure regulation stations and abandoned facilities located in the vicinity of the Subject Property. The City will duly post a Notice of Exemption with the Los Angeles County Clerk's Office in accordance with applicable law. Said

80785-1637(2234965v2.doc

Notice of Exemption is incorporated herein by this reference. These environmental findings are the appropriate findings with respect to the proposed acquisition of the Subject Property.

**Section 7.** Pursuant to Government Code Section 7260 *et seq.*, the City obtained a fair market value appraisal of the Subject Property and the Monte Cielo Court Property that were the subject of the Purchase and Sale Agreement. The City set just compensation and extended to the Landers Trust an offer for the Subject Property and the Monte Cielo Court Property. The City and the Landers Trust negotiated in good faith for the City's purchase of said parcels. Escrow on the Subject Property transaction, however, could not close due to title issues that could not be cleared through Escrow.

**Section 8.** On November 2, 2018, the City provided written notice to the record owner of the City Council's intent to consider the adoption of the proposed Resolution of Necessity pursuant to Code of Civil Procedure Section 1245.235. The City also notified counsel for the record owner in writing about the hearing to consider the proposed Resolution of Necessity and provided to him a copy of the City's letter and notice pursuant to Code of Civil Procedure Section 1245.235.

**Section 9.** Based on the written and oral evidence presented at the hearing regarding the adoption of the Resolution of Necessity including the Agenda Report, Notice of Exemption, WEB, and documents referenced in the Agenda Report, the City Council hereby finds and determines that:

- A. The public interest and necessity require the Project;
- B. The Project is planned and located in the manner that will be most compatible with the greatest public good and the least private injury;

80785-1637(2234965v2.doc

- C. The Subject Property described in each Resolution of Necessity is necessary for the Project; and
- D. The City has made an offer as required by Government Code Section 7267.2 to the owner of record of the Subject Property.

**Section 10.** The findings and declarations contained in this Resolution are based on the record before the City Council on November 20, 2018, including the Agenda Report, and all documents referenced therein, which are all incorporated herein by this reference. The findings and declarations in this Resolution are also based on any testimony, records, and documents produced at the hearing, all of which are incorporated herein by this reference.

**Section 11.** The City Council hereby authorizes and directs the City Attorney's Office to take all steps necessary to commence and prosecute legal proceedings in a court of competent jurisdiction to acquire by eminent domain the Subject Property described more particularly on Exhibit "A" and depicted on Exhibit "B" to this Resolution.

**Section 12.** The City Council hereby authorizes the City Manager to execute all necessary documents in connection with the eminent domain proceeding.

**Section 13.** The City Clerk shall certify to the adoption of the Resolution and shall cause the Resolution and his certification to be entered in the Book of Resolutions of the Council of the City of Beverly Hills.

ORDINANCE NO. 19-O-2774

AN ORDINANCE OF THE CITY OF BEVERLY HILLS AMENDING THE BEVERLY HILLS MUNICIPAL CODE TO MODIFY THE FINDINGS FOR CERTAIN MINOR ACCOMMODATIONS FOR ACCESSORY STRUCTURES IN THE CENTRAL AREA OF THE CITY

THE CITY COUNCIL OF THE CITY OF BEVERLY HILLS HEREBY ORDAINS AS FOLLOWS:

**Section 1.** On October 11, 2018, the Planning Commission held a duly noticed public hearing after which it adopted Resolution No. 1861, recommending that the City Council amend portions of Title 10 (Planning and Zoning) of the Beverly Hills Municipal Code to modify the findings for a Minor Accommodation for accessory buildings north of Santa Monica Boulevard over 14' in height and modify the language pertaining to findings for Central R-1 Permits (collectively, the "Amendments"). On January 15, 2019, the City Council held a duly noticed public hearing, received public testimony, and thereafter introduced this Ordinance amending the findings for Minor Accommodations as described above, but declined to amend the Central R-1 Permits findings language as recommended by the Planning Commission.

**Section 2.** This Ordinance and the Amendments were assessed in accordance with the authority and criteria contained in the California Environmental Quality Act (CEQA), the State CEQA Guidelines, and the environmental regulations of the City. There is no possibility that the proposed code amendments, which are not related to any specific development proposal, may have a significant effect on the environment because the modifications do not enable any physical changes in the environment. Therefore the City Council finds that the Amendments are exempt from CEQA pursuant to Section 15061(b)(3) of Title 14 of the California Code of Regulations because it can be seen with certainty that there is no possibility that the activity in question would have a significant effect on the environment.

**Section 3.** The Amendments are consistent with the objectives, principles, and standards of the General Plan. General Plan Goal "LU 3 - Managed Change" calls for orderly and well-planned change to the community that provides for the needs of existing and future residents and business, effective and equitable provision of public services, and makes efficient use of land and infrastructure. Amending the zoning code to refine the Minor Accommodation findings will contribute to creating orderly change to the community by providing clear rules to regulate land use. Additionally, periodic modifications to the code will contribute to the provision of effective public services in that accurate and understandable land use rules will be available for the use in the community. General Plan Policy "LU 16.11 - Community Engagement" encourages engaging all segments of the community in planning decisions. It calls for the maintenance and enhancement of the public involvement process to assure transparency and enable the public to be well informed. Amending the code to address inconsistencies and unclear language ensures that the code is clear and accurate, which enhances the ability of the public to understand regulations that govern development projects.

**Section 4.** The City Council hereby amends subsection E of Section 10-3-2414 of Article 24 of Chapter 3 of Title 10 of the Beverly Hills Municipal Code to read as follows with all other provisions in Section 10-3-2414 remaining in effect without amendment:

"E. Minor Accommodation: The height limitation set forth in subsection A of this section, the limitations set forth in sub-

sections B1 and B2 of this section, and the limitations set forth in subsections C1 and C2 of this section may be modified by a minor accommodation issued pursuant to article 36 of this chapter provided the reviewing authority finds that the increased height will not have an adverse impact on:

1. The scale and massing of the streetscape;
2. The neighbors' access to light and air;
3. The neighbors' privacy;
4. The garden quality of the city;
5. Adjacent properties; and,
6. The public welfare."

**Section 5. Severability.** If any section, subsection, subdivision, sentence, clause,

phrase, or portion of this Ordinance or the application thereof to any person or place, is for any reason held to be invalid or unconstitutional by the final decision of any court of competent jurisdiction, the remainder of this Ordinance shall be and remain in full force and effect.

**Section 6. Publication.** The City Clerk shall cause this Ordinance to be published at least once in a newspaper of general circulation published and circulated in the City within fifteen (15) days after its passage in accordance with Section 36933 of the Government Code, shall certify to the adoption of this Ordinance, and shall cause this Ordinance and the Clerk's certification, together with proof of publication,

to be entered in the Book of Ordinances of the Council of this City.

**Section 7. Effective Date.** This Ordinance shall go into effect and be in full force and effect at 12:01 a.m. on the thirty-first (31st) day after its passage.
