Barbara's husband, former County Supervisor Zev Yaroslavsky was notified by longtime family friend Ben Reznik.

Trank was notified by his aunt, retired Hawthorne teacher Stephanie Lehrer.

Trank, who is the youngest member of the Hall of Fame so far, directed the 2015 blockbuster release "Fantastic Four."

A recognition ceremony for the 2019 nominees will be scheduled later in the year.

Suspects steal \$40k worth of purses from Saks Fifth Avenue

Four male suspects stole \$40,000 worth of purses from Saks Fifth Avenue on Saturday.

At approximately 2:18 p.m., a commercial burglary occurred at the luxury department store in the 9600-block Wilshire Boulevard, according to a report from the BHPD

Four male suspects entered the store, grabbed several handbags and then fled the store on foot. Officers quickly responded, contained the area and conducted a search for the suspects. Police located and arrested one of the four suspects who was determined to be a juvenile. Because of the arrestee's age, no additional details were released on the suspect who was caught.

At about the same time, the Neiman Marcus store at 9700 Wilshire Boulevard reported suspects went inside and took property, according to KTLA.

The other three suspects remain at large, according to the report. Anyone who has information about the crime or the identity of the suspects is encouraged to call the BHPD at (310) 285-2158 or submit an anonymous tip by texting BEVHILLSPD followed by the tip information to 888777

Council approves new holiday installations on Wilshire Boulevard at approximately \$500k

A recommendation was made to replace the current holiday décor on Wilshire Boulevard, which was approved by the Council.

With a total of six triple ornament overhead décor fabrications, the one-time cost of the décor would be \$312,083.34, pricing at \$52,013.89 per unit. The red, green, and blue (RBG) lighting upgrade would cost a total of \$73,806.66 at \$12,301.11 per unit, and the labor costs would total \$75,468, according to the report. The total cost of the project, including sales tax, would be \$498,017.55.

Funding for the proposed holiday decor for Wilshire Boulevard is not available within the fiscal year 2019-2020 Policy and Management budget; therefore, funding for this item requires an appropriation of \$498,018 from the fiscal year 2019-2020 general fund available balance to the Policy and Management Tourism and Marketing budget.

Councilmember Robert Wunderlich was in favor of the presentation, as well as the option to upgrade to RBG lighting.

"If you look at the costs of the [RBG

lighting upgrade] and spread it out over the lifetime [of the décor] it doesn't amount to too much money, and I think having the ability to change color will freshen it up," Wunderlich said.

Dekra-Light's Vice President of Sales LeeRoy Chaffin presented the option of using Unicorn, a cloud-based, or intrinsic-communicative software, platform. This would allow for changes in color and lighting intensity, strobe or radiant flux, as well as an option to choose from over 16.7 million color shades. The cost of utilizing the platform would be "around \$35,000," according to Chaffin.

The Council voted in favor of using the Unicorn system with a cap not-to-exceed amount of \$35,000.

The City hired Dekra-Lite to create six holiday décor spans. These spans are now at the end of their useful life, and council again hired Dekra-Lite to create a new installation for this upcoming holiday season

"The current Wilshire spans are nearly 15 years old. If they were installed this year, it is severely doubtful that they will be at the quality and level that we would expect here in Beverly Hills," said Marketing and Economic Sustainability Analyst Laura Biery.

Nicole Cintron, Creative Director for Dekra-Lite, presented the favored installation before the council.

"Our designers chose to use a clear mesh and webbing, with bright, brilliant warm light," said Cintron. "Everything is low-voltage lighting, to eliminate unnecessary costs and provide a safer product."

The structure is 41 feet long, and the chandeliers are 6 feet in diameter. The lowest hanging ornament will be 15 feet above the street, in keeping with state regulations that require 14-and-a-half feet or above.

"We were presented with a few designs, and we chose this one because we thought it was the most classic," Councilmember Lili Bosse said. "[This is] something that can stand the test of 15 years."

The contract between the City and Dekra-Lite is anticipated to stand for another 15 years maintaining the costs associated with preserving the installation.

"This is something that would stay classic for a while, as opposed to the other [presentations] that seemed too retro," Mayor John Mirisch said.

The Council voted in favor of the overall installation on Wilshire Boulevard at a 4-1 vote, with Councilmember Julian Gold dissenting.

310 North Crescent Drive property to expand under restrictions

Attorney Murray Fischer and former Mayor Steve Webb, applicants representing 310 Crescent Condos LLC, requested a one year time extension of a previously approved R-4 Permit that authorized additions to two penthouse units in a 31-unit multiple-family condominium building with legally nonconforming height, located at 310 North Crescent Drive, before the Planning Commission last week.

Plans will bring both penthouse units into compliance by increasing their size

from 997 square feet to approximately 1523 square feet. Plans to enclose the units will observe current setback requirements by maintaining approximately 9.6' setbacks, for a total of 19.21' of setbacks from the property lines on the north and south of the building.

The permit was approved by the planning commission on December 10, 2015 and was valid for an initial period of three

310 North Crescent Drive

years, with an original expiration date of December 20, 2018. The applicant has not yet exercised the rights granted under the R-4 Permit, and thus, filed a timely request to extend the expiration date of the approved R-4 Permit to December 10, 2019.

"This commission has approved that, but we need to address fire safety requirements which will require further thought," Webb said.

The time extension was requested in order to put new sprinkles in the building in compliance with fire safety and property management laws.

"[Adding the sprinklers] can be costly and time-consuming," said City Planner Ryan Gohlich.

The project site is located near the southeast corner of the North Crescent Drive and Dayton Way intersection, with frontage on the east side of North Crescent Drive. It is located on a portion of Crescent Drive characterized by two- to four-story multi-family residential buildings on the east side, and commercial development with a variety of uses on the west side of the street.

The project site is currently improved with a four-story, 31-unit multi-family condominium building, with two pent-house units on the fourth floor located on the western edge of the building. There are 41 parking spaces contained within the subterranean parking levels on site. The building was originally constructed in 1961, and has maintained several legal nonconforming conditions.

Although a condominium map was recorded for the building, the units have never been offered for individual sale, and the building currently operates as an apartment rental building.

"The property has been controversial, as housing affordability has remained a concern," said Chloe Chen, City Assistant Planner for the City, when presenting the request before the commission.

Mark Elliot, from the Beverly Hills Rental Alliance, voiced his concern over the affordability crisis as well.

"Council has recognized that there is an affordability concern in Beverly Hills. It is not exempt from rent stabilization. It has not been in compliance with ordinances," said Elliot.

The commissioners approved the extension up to December 10, in which case they will revisit to discuss the possibility of another extension.

BHPD settles lawsuits brought by City employees

The City announced this on Tuesday the settlement of lawsuits brought by two employees and one former employee of the

BHPD.

"The City of Beverly Hills is committed to maintaining a respectful work environment free from harassment, retaliation and discrimination," said City Attorney Larry Wiener. "We have managed to reach agreements without the cost and distraction of trials so that the Beverly Hills Police Department can focus on its primary responsibility, keeping our community safe."

At a City Council meeting held on July 16, both the Beverly Hills Police Officers' Association and Beverly Hills Police Management Association told the community that the BHPD is "moving forward, morale is good, and there is not a state of crisis."

Under the terms of the settlements, plaintiff Anne Marie Lunsman will receive a payment of \$195,000, plaintiff Tania Schwartz will receive a payment of \$285,000, and plaintiff Scott Dibble will receive a payment of \$105,000. The attorney representing the plaintiffs, Bradley Gage, will receive fees amounting to \$390,000.

Krasne questions delay in water treatment plant repair

Former Mayor Nancy Krasne brought up a concern regarding the water treatment plant repairs during a City Council meeting last week.

Krasne asked the Council how long the plant has been inoperative, directing the question at City Manager George Chavez, who did not answer.

"I think, at least, six or eight years," Krasne said.

City's The water treatment plant and Public Works facility opened on June 25, 2003, and is located on Foothill Road between Alden Drive and Third Street. The

The City Nancy Krasne and Earth Tech

entered into a multi-year agreement in February 2001. Earth Tech developed a design of a water treatment plant and public works facility according to the city's criteria and will build, operate and finance that facility for a minimum of five years up to 20 years with options for the City to purchase or take ownership of the facility after five years.

Mayor John Mirisch mentioned that

briefs cont. on page 4

there should be an update on the status of repair, but was interrupted by Krasne.

"We are sitting on two and a half billion gallons of potable water," Krasne said.

"I want the city advised. It took less time to build it than it's taking to fix it. What's going on?" Krasne asked the Council.

Before leaving the podium, Krasne directed a statement to Councilmember Robert Wunderlich.

"Mr. Wunderlich, you're the water guy, those votes that I didn't get, you got and [now] you're sitting there, so fix it," Krasne said.

On August 31, 2018 the City released a request for qualifications (RFQ) for the Design/Build-Operate of a Pre-Treatment System for the Reverse Osmosis Water Treatment Plant, SP 18-72, according to staff report from Assistant Director of Public Works Gil Borboa on January 15.

Mirisch said the item would be agendized for a future City Council study session.

Residents gather in support of permit renewal for Urth Caffe

A number of residents gathered in support of permit renewals for Urth Caffe as the business's current permits are nearing expiration.

General counsel of Urth Caffe Victor Corona submitted the application to renew the permits which was discussed during a Planning Commission last Thursday.

The Planning Commission reviewed a request to renew an open air dining permit to allow continued operation of open air dining on private property and on the public right-of-way, an extended hours permit to allow Urth Caffe to continue operating during extended hours in a com-

Urth Caffe

mercial-residential transition area, and a waiver for 16 code-required parking spaces associated with the open air dining on private property.

Pursuant to the provisions set forth in the California Environmental Act, the Planning Commission had also considered finding the project exempt from further review under CEQA.

The business had been cited for numerous incidents, including parking violations made by employees and a noise complaint that resulted in a disturbing the peace incident report. Additionally, a letter addressed to the owners of Urth Caffe was made By Beverly Hills Code Enforcement Attorney Steven Rosenbit that

read, "Litter had not been collected from Gregory Way in a twenty-four hour period (specifically between October 9 and 10, 2018), despite Condition No. 18 of Resolution No. 1849 requiring litter removal twice a day, seven days a week."

However, several residents praised the restaurant and collectively asked the council to renew the permits requested during public comment.

"They have been a wonderful neighbor, and I strongly suggest you grant these permits," Joe Safier said. "The café and their owners have been extremely supportive of their city and their schools."

"I have worked with the PTA for a long time and Urth café has always been our biggest supporter. For 7 years, they have supported Beverly Gardens Park. They have expanded to more than 14 cities and countries. It's so nice to have them here, and I hope you continue to help them stay open, we do not want to lose them," Human Relations Commission Chair Annette Saleh said.

The commission thanked the residents for their time and support on behalf of Urth Caffe, and unanimously voted in favor of renewing the permits for five years.

The Open Air Dining Permit will allow 726 square feet of open air dining on private property consisting of 22 tables, 45 chairs, five umbrellas, and three wall-mounted heaters, as well as 226 square feet of open air dining on the public right-of-way consisting of 16 chairs, eight tables, four umbrellas, and four free-standing heaters.

The open air dining allowed at the Project site will total 952 square feet. The portion of open air dining on the public right-of-way will be enclosed by a railing.

The Extended Hours Permit will allow Urth Caffe to operate during extended hours on weekdays and weekends. The

proposed hours of operation are 6:00 a.m. to 11:00 p.m. Sunday through Thursday and 6:00 a.m. to 12:00 a.m. Friday through Saturday.

City Hall garners landmark eligibility

The landmark assessment and evaluation report, completed by Ostashay & Associates Consulting for the City, documents and evaluates the local significance and landmark eligibility of Beverly Hills City Hall.

The landmark assessment was conducted by Leslie Heumann with Ostashay & Associates Consulting. In order to identify and evaluate the subject property as a potential local landmark, an intensive-level survey was conducted. The assessment included a review of the National Register of Historic Places (National Register) and its annual updates, the California Register of Historical Resources (California Register), and the California Historic Resources Inventory list maintained by the State Office of Historic Preservation (OHP) in order to determine if any previous evaluations or survey assessments of the property had been per-

and is an example of the Spanish Renaissance style of architecture. In 1994, after the Northridge earthquake, it was determined to be eligible for the National Register of Historic Places, and as a result was placed on the Register in 1994. In 2012 the City adopted the first historic preservation ordinance and subsequently established the Cultural Heritage Commission. One of the early recommendations of the Cultural Heritage Commission was to list City Hall on the local register of historic places in 2013.

When considering the historic nature of a property, generally one should avoid altering the 'character defining features' of the property. A 'character defining feature' is defined by the Beverly Hills Municipal Code as "a prominent or distinctive aspect, quality, detail, or characteristic of a property that contributes significantly to its physical character and historical significance."

Such features may include, but are not limited to, building shape, massing, projections such as porches, balconies, and bay windows, openings such as doors, windows, and arches, distinguishing aspects, roof attributes, architectural details, materials, moldings, sculptures, fountains, light fixtures, landscaping, and monuments, according to BHMC Sec. 10-3-3202.

Focusing on character defining features, the Beverly Hills historical preservation ordinance, as well as other historical preservation laws, allows for various modifications to a property.

Spagnoli discusses security preparedness in wake of mass shootings

BHPD Chief Sandra Spagnoli reported to the Council last week after a moment of silence for victims of mass shootings that occurred in Ohio, Texas, and California.

The focus of Spagnoli's report was event security amid rising concerns over public safety on a nation-wide scale.

"We have now created an active shooter cadre with a number of expert police

officers who have continuous professional training," Spagnoli said.

BHPD has also recently implemented a tactical medicine program, part of it funded by a grant, according to the report.

Spagnoli spoke about necessary debriefings that members of the BHPD have attended as well.

"We do critical incident debriefings on a regular basis, recent ones that we've attended are the Parkland School shooting, Las Vegas Route 91 music festival shooting, and we've also attended a debriefing on the Boston Marathon," Spagnoli said.

"Some of the things we've learned recently on [these incidents] is that it's important to have high ground coverage," Spagnoli said. "Now we're utilizing high ground coverage at a majority of [the City's] events, so we have eyes on not only the ground, but eyes above the ground to see what's happening at a higher level."

The Council had previously approved the purchase of a closed circuit TV (CCTV) Coverage and CCTV Trailer, a self-contained surveillance system comprising cameras, recorders, and displays for special events.

BHPD holds partnerships with the LASD Criminal Intelligence Bureau and Joint Regional Intelligence Center. The BHPD and BHFD have strengthened their partnership to include regular joint training, according to the report.

"We do regular internal and external training and tabletop exercises with [other] City Departments," Spagnoli said.

Councilmember Lili Bosse presented a question to Spagnoli regarding the security measures BHPD is taking, and said that it is "clearly been top of mind and everybody's heart this last number of weeks."

"Can you share what in terms of what [you believe] people need to be thinking about when in a public space?" Bosse asked

Spagnoli pointed to information on the BHPD website, and offered an expansion on the "see something, say something" priority

"I think to expand on 'see something, say something,' you need to notice things that really don't fit. For instance, if you're at an event, and it is a hundred degrees outside and you see someone who is heavily clothed, and carrying large luggage or backpacks," Spagnoli said, "those are things that you should be looking for. For personal safety, know where your family and friends are, and make sure you have contact with them."

The BHPD is also working on an anonymous tip line, which Spagnoli encouraged residents to utilize during the meeting.

College and career access pathways partnership between BHUSD and Santa Monica College District

Santa Monica College District has partnered with the BHUSD to form a Career Access Pathway Partnership Agreement (CCAP). The program will run from 2019 through 2022.

The mission of Santa Monica College District includes providing educational programs and services that are responsive to the needs of the students and communities within the District.

Students who complete college credit while enrolled in high school are more likely to earn high school diplomas, to enroll in community colleges and four-year colleges, to attend post-secondary education on a full-time bases, and to complete degrees in those institutions than students without thee experiences, according to the report.

Santa Monica College District and the BHUSD desire to enter into the CCAP agreement for the purpose of offering or expanding dual enrollment opportunities consistent with the provisions of AB 288, for high school students "who may not already be college bound or who are underrepresented in higher education with the goal of developing seamless pathways from high school to community college for career technical education or preparation for transfer improving high school graduation rates, and assisting high school pupils to achieve college and career readiness," according to the report.

Instruction will comply with the student selection standards, curriculum guidelines, recommendations and procedures promulgated by applicable law, the California Community College Chancellor's Office and Santa Monica College District.

The college will be responsible for processing student applications. It will also provide the necessary admission and registration forms and procedures and both the college and the BHUSD will jointly ensure that each applicant accepted has met all the enrollment requirements.

The BHUSD agrees to assist the College in the admission and registration of BHUSD students as may be necessary or requested by the college.

High school pupils enrolled in a course offered through a CCAP partnership shall not be assessed any fee.

The College is responsible for all courses and educational programs offered as part of CCAP agreement regardless of whether the course and education program is offered on site at the BHUSD or

the College.

Courses must meet the number of hours sufficient to meet the stated performance objectives as outline in the course outlines provided to the BHUSD on a semester bases.

The CCAP agreement certifies that any remedial course taught by community college faculty at a partnering high school campus shall be offered only to high school students who do not meet their grade level standard in math, English, or both on an interim assessment in grade 10 or 11.

Single-family property project on Alpine stalled due to inaccurate application, again

A request was made to the Planning Commission for two Hillside R-1 Permits and a Tree Removal Permit to allow for retaining walls to exceed a cumulative height of 12' and have less than 10' of landscaped separation between walls, export of more than 3,000 cubic yards of earth material, and the removal of

two protected trees associated with the construction of a new two-story single-family dwelling with a basement and accessory structures located at 959 Alpine Drive.

The proposed project involves construction of the new two-story single-family residence with an abovegrade floor area of 9,079 square-feet, a 534 square-foot attached garage and a 6,652 square-foot basement at the property. The cumulative floor area of the single-family residence is 14,093 square-feet and includes exemptions

for up to 1,600 square-feet of basement garage and up to 300 square-feet for basement mechanical areas. Additional improvements include the construction of a new pool, pool bathroom, shade structure, and retaining walls.

However, there was a request to continue the application and delay the project.

"Just prior to the meeting today, we received a request from the applicant to continue the matter," City Planner Ryan Gohlich said to Commission Chair Alan Block. "They indicated the desire to file applications and hillside permits under today's code."

959 Alpine Drive

Staff was prepared to make a presentation that day, but Gohlich recommended to proceed with the applications request to continue.

"What really bothers me is how much time we've spent putting this all together," Commissioner Lori Greene Gordon said.

The delay mirrors a similar project at 1134 Miradero which had "no specific date" set and a "recommendation to fully take [the project] of the calendar" as well.

Beverly Hills Hillside Protection Association President Ronald Richards asked on behalf of the association to withdraw their objection on procedural grounds.

However, Richards pointed out that the applicant must fill the applications accurately before it is presented before the commission.

"We had this issue with Miradero, and we had no idea the same thing was happening at Alpine," Richards said. "I complement staff for getting me the information, but again, why do we always have to go through these fire drills?"

Collision Factor Traffic Safety Operation Planned for City

The BHPD will take part in a primary collision factor enforcement operation aimed at educating drivers on traffic laws, rules, and responsibilities.

From Monday, August 19 through Saturday, August 24 BHPD officers will be looking for violations made by drivers that are most likely to cause traffic collisions. These violations include, but are not limited to, speeding, failing to stop completely at a stop sign, and making il-

legal turns or unsafe lane changes.
"Traffic laws are designed to pro-

tect the motoring public," a BHPD media release said. "It is important for the safety of drivers and bystanders that traffic laws are obeyed. Practicing safe driving is a habit that every driver should embrace. By doing so driver's will play an important role in preventing traffic collisions."

Last year, the BHPD investigated over 400 injury collisions involving automobiles, cyclists, motorcyclists and pedestrians.

The founder of Face Forward speaks about the mission behind the organization and upcoming "Highlands to the Hills."

founded is to "erase a past of abuse." Can you explain what that means?

Face Forward provides emotional support and reconstructive surgery for survivors of domestic violence and human trafficking.

We provide counseling and therapy for all of our patients; no one can actually go forward with any procedure until they've gone to counseling. You can do a million dollars worth of surgery on someone, but if they haven't fixed the inside, the outside is not going to matter.

When we help those oversees, we have to prepare their Visa and passports to come to the United States. If its local, it's very easy for us; they can come in for a consultation and we speak to [counselors] prior to it. Id there's a police report, we'll check that too.

But we don't want to do all this surgery without changing [their lives]. We don't use that as a tool, we want to make sure they are strong an able to move forward.

The mission behind the charity you I understand that your husband works with the foundation. What other plastic surgeons have worked with Face Forward?

> My husband does probably 75 percent of the procedures; but for other body work or vision care, we'll bring in doctors who donate their time like Dr. Steven Greco, Ivan Brooks, Josef Hadeed, Al Jumper, Monika Kiripolsky, Larry Rifkin, Michelle Glantz, just to name a few. Dr. Kathy Zahedi donates her time of the dentist. We have six or seven that work with us on a constant basis, and then we have ones that we may need for special types of surgery.

What countries have you traveled to when helping victims of domestic abuse?

We've helped patients from Uganda, Afghanistan, Peru, Cambodia, Mexico, and London

I was just in Cambodia for the Cambodia Children's Fund. We partnered with a charity there, and had already approved a little girl who was an acid survivor. As a native Scotlander, can you tell us While I was there, I had discovered that what guests can expect from the Scot-

her mother was also a survivor of acid from the same person. We decided to help both of them.

How did Face Forward get to Beverly Hills?

It really kind of happened as an accident, and I always say that Face Forward has found me. When I got married I wanted a change from my last career, so that I can be more present, and I decided to start this charity. I wanted to help victims of domestic violence, it made sense with my husbands background in plastic surgery and mine in marketing. I realized at a time later

of buried that. It was healing and therapy for myself working with these ladies and building something great.

"I realized at a time later that I myself was a survivor, but I kind of buried that. It was healing and therapy for myself working with these ladies and building something great."

tish theme behind

your next gala, 'Highlands to the Hills?'

We will create Scotland in the cocktail hour and the ballroom, so you'll feel like you've entered Scotland, but we've put a little twist too it so it's not too conservative. We always like to have fun, and we make [sure] our galas are a night to remember. We definitely have a lot of Scottish elements in there, but we always spice it up.

How else does the organization raise funds or awareness?

Through grants, donors, and events. We had an event at The Comedy Store [recently], and we'll be working with Michael Kors

that I myself was a survivor, but I kind next month. We do tee shirt campaigns and auctions, so we do a lot of fundraising throughout the year.

BHPD encourages responsible driving as Labor Day weekend approaches

Labor Day Weekend remains one of the deadliest times of the year for automobile accidents involving a driver under the influence of alcohol or drugs, according to a media release from the BHPD.

According to the National Highway Traffic Safety Administration, there were 376 deadly crashes nationwide during the 2017 Labor Day holiday period, from September 1 to September 5. Among those crashes, more than one-third, or 36 percent, involved a drunk driver. Last year, two people were killed, and 31 others injured in California on Labor Day alone.

The BHPD is joining law enforcement agencies across the country in the national enforcement campaign, "Drive Sober or Get Pulled Over." During a period running from August 16 to September 2, the BHPD will have additional officers on the road looking for drivers suspected of driving under the influence.

"There is no excuse for driving impaired when there are so many alternatives available - public transportation, ride share services and designated sober drivers," BHPD Chief Sandra Spagnoli said. "Driving while drunk or high is not worth the risk to yourself, your passengers and everyone else on the road."

Driving while impaired under any substance is illegal, which includes driving under the influence of alcohol, marijuana, prescription drugs, and over-the-counter

Original draft ideas for new **Arts and Culture website** and community calendar

5 D Spectrum has been hired by the City to develop a new City arts and culture website and new community arts and culture calendar. A presentation was made by Assistant Community Services Director Pam Shinault before the Arts and Culture Commission on Tuesday.

Staff is seeking feedback on the color palette of the website, input on the layout and functionality of the webpage and calendar, and then selecting one of the logo options as the recommended choice.

With input and direction from the Arts and Culture Commission, the next step would be to incorporate suggestions and preferences and then take them and seek Council Arts and Culture Commission liaison feedback and direction. If the liaison requests substantive changes, then the Commissioners will revisit the changes before moving on to the full City Council for consideration and approval.

The Commissioners were presented a number of color palettes to choose from, which was narrowed to gold and red or gold and teal.

The Commissioners ended up agreeing on a light gold and teal shade for the website and calendar

The focus areas of the homepage should be events, art, and venues, the Commissioners agreed.

"[For the logo], we decided the shield should be brown, its original color," said Arts and Culture Commission Chair Stephanie Vahn.

Small fire ignited on Beverly High campus is contained

A small fire ignited within a piece of contained equipment on Beverly High's campus on Tuesday at approximately 5

The BHFD and BHPD responded to the fire, which appeared to originate from a large pump next to the school's football

The pump was part of equipment used to burn off excess oil well gases, City Public Information Manager Keith Sterling told CBS.

The fire was limited to a flair unit, which is located on the softball field 75 feet north of the well cellar.

The threat has been mitigated from spreading to the oil well compound that resides on the campus, according to BHU-SD Director of Public Relations Rebecca Starkins.

There were no reports of injuries, and the investigation into the cause of the fire is ongoing.

SCOOTER PROPOSAL IN THE WORKS

Three vendors working with the City to revisit mobility app possibilities

By Allyson Aleksey

An item on last Tuesday's agenda that the council did not get to concerned a proposal by shared mobility companies.

Three shared mobility scooter vendors, Spin, Lime, and Bird, will have an opportunity to provide a presentation of how they would structure a program for the City.

Due to the proliferation of unregulated shared mobility devices in the City, the Council adopted an urgency ordinance on July 24, 2018 to prohibit the use, placement, parking, and rental or sale of service of use of shared mobility devices. On December 11 of that year, the City Council approved an ordinance extending the prohibition of shared mobility companies the City would consider proposals that addressed concerns by the community. Mayor Julian Gold appointed a City Council Shared Mobility Ad Hoc Committee with himself and Councilmember Lili Bosse.

The three vendors had reached out to the City expressing interest to provide information about their systems and revisit a possible extension of the system into the City.

A common concern with shared mobility devices is improper parking. Residents have complained about e-scooters blocking the sidewalk or right-of-way. Approximately 2,415 shared mobility devices have been impounded by the BHPD from July 2018 through May of this year. Scooter vendors have incrementally collected their devices on a weekly basis.

The vendors have presented the possibility of adding docking stations similar to the City Bike Share system.

Spin proposes assigning brand ambassadors in the business triangle to provide assistance to scooter users and address improper scooter parking. Bird proposes a requirement that riders park at City-approved parking locations, to block parking and riding in the business triangle, and dedicated "Bird Watchers" to move improperly parked scooters. Lime proposes to offer "First Ride Academy" weekend training courses to educate users on responsible parking, prohibit parking and tiding in the Business Triangle, and incentivize riders for parking properly.

Spin, Bird, and Lime each propose geofencing to prohibit users from riding in specific areas of the City. Geofencing uses Global Positioning System (GPS) technology to define specific boundaries. The three shared mobility companies have currently geofenced the City boundaries to deter users from riding in Beverly Hills. For instance, Bird and Lime users are unable to end their rides within the City limits. Spin slows scooters in Beverly Hills down to a halt and requires users to park outside of the City.

UCLA conducted a research study of injuries associated with electric scooter between September 2017 and August 2018. The findings show "helmet use was low and a significant subset of in-

juries occurred in patients younger than 18 years old," according to the report.

"Of the 249 people opportunity to provide examined, 228 (92%) a presentation of how riders, and 21 (8%) were non-riders who were hit by a scoot-

er or tripped over a scooter. The Austin Public Health Department (APH), in collaboration with the Centers for Disease Control and Prevention (CDC), conducted a study3 of injuries involving dockless electric scooters in Austin, Texas in 2018," the report said.

The study identified 192 individuals (160 confirmed and 32 probable cases) with scooter-related injuries from September 5 through November 30, 2018. Of the 192 individuals, 190 were riding a scooter at the time of their injury and two were non-riders. The researchers calculated that there were 20 individuals injured per 100,000 scooter trips taken during the study period. Of the 190 injured scooter riders, 48% sustained head injuries (15% experienced traumatic brain injuries) and 35% sustained a bone fracture or fractures. Only one of the 190 riders wore a helmet.

All the neighboring cities with shared mobility pilot programs requite vendors to have education and safety outreach plans to teach users about riding rules, helmet use and appropriate parking. Spin, Bird and Lime proposes to offer safety/education campaigns and offer helmet giveaway programs to encourage

riders to wear hel-

If City Council authorizes pursuing a shared mobility pilot program, staff of those injured were they would structure a would work with the TPC and include other City departments, such as Police, Fire,

> City Attorney, Public Works to develop operational guidelines and appropriate requirements for shared mobility devices and issue a Request for Proposal, or RFP. Potential guidelines would include requiring a vendor to specify where devices can and cannot operate or park, and to provide appropriate liability insurance, an education and outreach plan, data sharing, and reporting and revenue sharing methodologies.

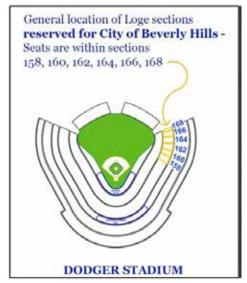

> The agendized item will be revisited at a future time.

> "It should be [revisited] a week from today," City Public Information Manager Keith Sterling said on Tuesday.

The beneficiary under said Deed of Trust heretofore executed and delivered to the undersigned a written Declaration of Default and Demand for Sale, and a written Notice of Default and Election to Sell. The undersigned or its predecessor caused said Notice of Default and Election to Sell to be recorded in the county where the real property is located. NOTICE TO POTENTIAL BIDDERS: If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence. priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call (844) 477-7869 or visit this Internet Web site WWW.STOXPOST-ING.COM, using the file number assigned to this case 081472-CA. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web site. The best way to verify postponement information is to attend the scheduled sale. FOR SALES INFORMATION: (844) 477-7869

NOTICE OF PETITION TO ADMINISTER **ESTATE OF CHERYL SUE CONHAIM**

Case No. 19STPB06922

To all heirs, beneficiaries, creditors, contingent creditors, and persons who may otherwise be interested in the will or estate, or both, of CHERYL SUE CONHAIM

A PETITION FOR PROBATE has been filed by Beatrice Margolis in the Superior Court of California, County of LOS ANGELES.

THE PETITION FOR PROBATE requests

that Francine Teitelbaum, a professional fiduciary be appointed as personal representative to administer the estate of the decedent.

THE PETITION requests authority to administer the estate under the Independent Administration of Estates Act. (This authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be required to give notice to interested persons unless they have waived notice or consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority.

A HEARING on the petition will be held on Au-

gust 30, 2019 at 8:30 AM in Dept. No. 4 locat-

ed at 111 N. Hill St., Los Angeles, CA 90012. IF YOU OBJECT to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney.

IF YOU ARE A CREDITOR or a contingent

creditor of the decedent, you must file your claim with the court and mail a copy to the personal representative appointed by the court within the later of either (1) four months from the date of first issuance of letters to a general personal representative, as defined in section 58(b) of the California Probate Code, or (2) 60 days from the date of mailing or personal delivery to you of a notice under section 9052 of the California Probate Code.

Other California statutes and legal authority may affect your rights as a creditor. You may want to consult with an attorney knowledgeable in California law.

YOU MAY EXAMINE the file kept by the court. If you are a person interested in the estate, you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250. A Request for Special Notice form is available from the court clerk

NOTICE OF AMENDED PETITION TO ADMINISTER ESTATE OF: HERMAN ISTRIN **CASE NO. 16STPB06138**

To all heirs, beneficiaries, creditors, contingent creditors, and persons who may otherwise be interested in the lost WILL or estate, or both of HERMAN ISTRIN.

A AMENDED PETITION FOR PROBATE has been filed by JASON ISTRIN in the Superior Court of California, County of LOS ANGELES.
THE AMENDED PETITION FOR PROBATE requests that JASON ISTRIN be appointed as personal representative to administer the estate of the decedent

THE AMENDED PETITION requests the decedent's lost WILL and codicils, if any, be admitted to probate. The lost WILL and any codicils are available for examination in the file kept by

THE AMENDED PETITION requests authority to administer the estate under the Independent Administration of Estates Act with limited authority. (This authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be required to give notice to interested persons unless they have waived notice or consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority

A HEARING on the petition will be held in this court as follows: 10/10/19 at 8:30AM in Dept. 4 located at 111 N. HILL ST., LOS ANGELES,

IF YOU OBJECT to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney. IF YOU ARE A CREDITOR or a contingent

creditor of the decedent, you must file your claim with the court and mail a copy to the personal representative appointed by the court within the later of either (1) four months from the date of first issuance of letters to a general personal representative, as defined in section 58(b) of the California Probate Code, or (2) 60 days from the date of mailing or personal de-livery to you of a notice under section 9052 of the California Probate Code.

Other California statutes and legal authority may affect your rights as a creditor. You may want to consult with an attorney knowledge able in California law.

YOU MAY EXAMINE the file kept by the court. If you are a person interested in the estate, you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250. A Request for Special Notice form is available from the court clerk.
