"One Landlord's Story"

This is to document the egregious behavior of the City of Beverly Hills in its on-going agenda of putting the small owners of apartment buildings, duplexes and triplexes out of business. At this time, all are aware of the rent stabilization fiasco and scam that the city pulled off. Created from "mediation", under the guise of an emergency, a multimillion dollar office run by a woman who was dismissed from a similar position in Los Angeles on the grounds of being ardently anti-owner.

The City contacted all duplex and triplex owners threatening that everyone needed a "business license". The 100-year history of the City, no code existed, and it was understood that no such license code exists. But that didn't stop the City from hiring a third party, spending tens of thousands of dollars, for a code that didn't exist. The tenant's organizations were in an uproar and the city wasn't going to let history or the law get in its way. The code mirrored all associated property law and regulations. Multifamily residences

until 4 units require residential insurance, while greater is commercial. The City code just followed the rest of the laws in the state. The City "plans" on writing a new code, but that doesn't change the here and now. When I said that I would speak to owners and work out a plan, the City sent me a bill and threatened violations from the City attorney's office. When I said that I would pay, they hit me with prior years, fees and fines.

Our multifamily property sits in the border between Beverly Hills and Los Angeles. We predate the City of Beverly Hills and half the property receives LA water. Five years ago we pointed out to Beverly Hills that we have been charged for 80 years for sewer service, but there are no Beverly Hills sewers near our property, we heard they would look into the issue. It took years for Beverly Hills to work with Los Angeles and send out trucks to put dye down our toilets and videotape.

500, 502, 502 ½ and 502 ¼ Smithwood only have one sewer line from the property that leads to the LA sewer line in the Smithwood Drive alley. The property sewer line only connects to LA sewers and was never connected to Beverly Hills, as there are no Beverly Hills sewers adjacent to property.

The City of Beverly Hills has now decided they don't care. Despite the law (CA code 53082) they say that their sewer bill is base on water in, and the "what goes in must come out" theory of billing. They don't care if there is a cistern, cesspool or that we're storing the sewage, they're not paying us back for sewer charges, even if they don't have a sewer there. We are now talking legal fees, court costs and hundreds of thousands of bogus charges for a service that never existed.

On April 18th of this year a tenant at 220 South Gale Drive lit her second fire in her apartment gutting the kitchen. We were alerted at about noon and went to the building. When we got there BH Police and Fire had cordoned off the block and had already put out the fire.

I met with the tenant who stated that she was in the living room out of sight of the kitchen, she hadn't used the kitchen in days. When she became aware of the fire she went into the kitchen. She saw a fire burning, as she described, about a foot over the tile surface above the range top area next to her refrigerator. She attempted to dose the fire with two buckets of water at which time the fire erupted and she ran from the apartment. She added to her statement that she had thrown out her range top and had gotten our painter to install one that we had thrown out. As she didn't like the job he did, she wrapped the wires with tin foil.

We immediately were contacted by [RSO Director] Helen Morales. We were told that we needed to complete a means and methods form and make arrangements for relocation for the tenant. From the time of the fire the tenant insisted that she would only stay with her son and would not discuss any other option. The day after the fire the insurance company met me at the property. The tenant was there, with

guests. The tenant continued to use the apartment for a week. She disrupted the workers, blocked the walkways and was a nuisance to the other tenants. After a week I called building and safety and they yellow tagged the apartment and one of the officers explained to the tenant that it was unsafe and she was to take what she needed and not return to the apartment. She was upset and said that she had a lot of clothes and belongings to clean. I gave her about \$50 in quarters and offered to assist her with anything she needed moved. We offered her at that point two months rent to help her find a new place to live.

I had been contacted by Ms. Morales daily concerning the means and method we had submitted. She said that she did not accept it, and that we would need to pay relocation for the tenant. I said that the law was specific. The fire was not our fault, so we did not have to pay for relocation. Ms. Morales, as verified by internal Beverly Hills emails, had not yet checked with the City Attorney's Office. The City attorney later wrote to Ms. Morales saying that we were right. Ms. Morales' response, "we'll get them on something else".

The next day she was back at the apartment. I called the police. I asked that they explain to her that it wasn't safe for her to be in the apartment. The tenant then told the officers that she had no where to go. The tenant has a business office around the corner on La Cienega and her son was local. She said that her son had thrown her out after the first night. I was immediately contacted by Ms. Morales to put the tenant up immediately. We got the tenant a room for the weekend at the Beverly Hills Marriott, and later found her a new apartment in the city. The new apartment was comparable size and price, and would take her dog. The tenant tried adding charges to the hotel bill and refused to call the other property.

We went to court. The tenant demanded a jury trial. In court I was kept out as the final witness. When I testified that I walked into a greasy mess in the kitchen. That the smoke detectors were all on the floor with their batteries removed. That the tenant had been asking us to add padlocks on all cabinets so that she could B&B out her apartment. All that didn't matter. She was found by the jury to be not a nuisance and deserves to return to her apartment. Later we found out that there was a ardently anti-owner lawyer on the jury. The vote was 12-0 against us.

After the trial we contacted the tenant to remove her belongings that remained piled in the apartment. The insurance company needs to reinspect the extent of damage from the tenant leaving the water and soot soaked materials piled up for 6 months. The tenant refuses to respond. We contacted Ms. Morales in the rent stabilization office. Her response, "we better lawyer". She was not going to mediate or assist us in any fashion.

The city is now telling us that they may be able to respond in a week or two.

The Gale property belongs to my mother-in-law. My wife's mother and father bought the building about 50 years ago.

They were survivors that came to LA after the war and lived on a chicken ranch in Fontana until an outbreak of new castle disease wiped out the farmers and they moved to the City. They had three mortgages, but worked multiple jobs to make ends meet. The building is my mother-in-laws retirement fund, health insurance and sole means of support. She is 93, and dying of heart and lung failure in a health facility.

The building always had a front patio that the neighborhood used for play and picnics. When the City took out the palm in front they plant a magnolia. The magnolia's roots began breaking up the patio. My mother-in-law is a concentration camp survivor, and would never consider speaking to the City. She was the type to make lemonade and when a section opened to the dirt she would plant roses. She loved her roses and they reminded her of her husband that had passed.

We had been having water spikes and problems with our bills for years. First the roots destroyed the walkway, then uprooted the island with the light and mailbox. The roots finally broke the water main in front of the building and we had to replace the walkway. The City was notified of our work and sent out an inspector. The City denies any responsibility for damages.

My mother had rented her bachelor apartment to a young voice over artist. When the tenant stopped paying rent she contacted Beverly Hills building and safety and put in a claim for "mold". She hired an attorney who, after finding no mold, claimed that there was a police report that said that a vagrant was found in our back storage and electrical utility room and the police said that he was sleeping in the back room and that this was an illegal apartment. The lawyer lied and said that the vagrant had been found in the tenant's apartment, at the very front of the building, and that LA had deemed it an illegal apartment.

Gale is a unique structure. It was designed by an architect/engineer/build-er who had lost family in the gas fires following the San Francisco earthquake. My father-in-law had done some work

for the gentleman who was selling the building, and who funded the third mortgage for my in-laws. Structurally it exceeds current standards, and is all electric, no gas (despite the fire department report on the fire which talks about gas appliances). When the building was built the owner built an apartment for a sales office. He wasn't selling this building, he was selling the design of the building to build more of them as the future of housing in California. My in-laws saved the sales materials (which I showed the city).

There have been two floods on Gale Drive. Both times the building, and apartment 11, were given clearance of occupancy by BH building and safety.

The City claims, because when the card system in Building and Safety was changed to the computer system the building was identified as only having 10 apartments, that we were leasing an illegal apartment that would never pass code today. We have lost ten years of rent and took a loss to the value of the building.

The City has done all these things for one simple reason, money. If Gale and Smithwood were sold, the increase in tax revenue would be significant, not to mention if they were rebuilt. These same Mafioso tactics have gone on for years. I have attended most recently the bogus rent control meetings. Hundreds of thousands of wasted dollars to scam the tax payers under the guise of helping the tenants. This story should be told.

Publisher's note: This property owner's experience underscores how extreme and unreasonable the City's Rent Stabilization Ordinance is as currently written. Burn down your apartment, and the owner still has to pay you to "relocate".

City Continues Restoration of Greystone Mansion Library, Approves Construction Contract

In 2016, Staff and Friends of Greystone (FOG) engaged the services of Historic Resources Group, a local company that

specializes in historic restoration. Through multiple meetings, discussions, and field verifications, the Historic Resources Group published a master plan for the maintenance and restoration of the Mansion.

The report and recommendations were presented to City Council on February 7, 2017, and received City Council support to move forward with prioritized repairs and restorations.

WIENER AND MIRISCH DEBATE HOUSING POLICY ON THE "GIMMIE SHELTER" PODCAST

By Allyson Aleksey

Mayor John Mirisch and State Senator Scott Wiener (D-San Francisco) debated housing policy on October 25 as part of CalMatters' podcast series "Gimmie Shelter."

The introductory question presented to both debaters: "what do you think is the root cause of California's housing crisis?"

Mirisch introduced the City as a community of "more than 50 percent of residents who are renters," that 62 percent live in multi-family housing, and that Beverly Hills "has retained what is known as the 'missing middle.'"

"Only 9 percent of our land is actually zoned for commercial, and we've instituted rent stabilization rules [that are] much stronger than what is coming out of Sacramento," Mirisch said.

Mirisch pointed to income inequality as one of the largest causes of the housing crisis, as well as jobs/housing imbalance.

Wiener, who holds the position of Chairman of the Housing Committee in the state Senate, stated that "of course, there is never one cause," but added that the root causes of housing affordability in California is that state has a "massive housing shortage, at all income levels and market [rates]."

Wiener said that California has a housing shortage of "3.5 million homes." The senator also said that new housing needs to be additive, as to "not displace those already [living] there."

The crux of the discussion was SB 50, authored by Wiener. SB 50 would authorize a development proponent of a neighborhood multifamily project located on an eligible parcel to submit an application for a streamlined, ministerial approval process that is not subject to a conditional use permit.

Mirisch strongly opposes the bill, and

is in favor of single-family housing. He stated that Beverly Hills has had a stable population for about 60 years, unlike the population growth of neighboring Los Angeles or

Scott Wiener and John Mirisch

cities in the Bay Area, which have experienced an exponential increase in population size in just the last decade.

"Our objection is the need for housing units at all levels," Mirisch said. "I don't perceive in our community that we need luxury housing at market rate, we do need affordability," adding that although San Francisco exhibits inclusionary housing requirements, the city has only built about "39 percent of the affordable housing they need, and with middle class housing, only 15 percent."

SB50 leads to a commodity of housing, Mirisch said, and added that housing should not be for-profit.

Wiener responded that "75 percent of the land mass residentially zoned in California cannot [include supportive hous-

ing] because it is zoned for single-family housing," and that the aim of SB50 is to change that.

Later in the debate, Mirisch indicated support for

repealing Costa-Hawkins, the state law which, among other things, prevents cities from instituting vacancy controls when tenants move out, and prevents cities from enacting rent control on single family homes and condominiums. Property owner groups have opposed such a repeal, and California voters rejected the move in last year's Proposition 10.

CalMatters is a nonprofit news source focused on California politics, environment, education, housing, health care, criminal justice, and inequality. The "Gimmie Shelter" podcast is hosted by Los Angeles Times housing reporter Liam Dillon and CalMatters data and housing reporter Matt Levin.

briefs cont. from page 4

At the City Council study session held on August 20, staff presented a study session on the basics of inclusionary housing programs. At that time, Mayor Mirisch requested that staff return at a future study session to provide the City Council with an opportunity to discuss nexus and inclusionary housing studies.

BHFD Chief Presents Update on Southern California Wildfires

BHFD Fire Chief Greg Barton presented updates on the wildfires affecting southern California at an evening City Council meeting last week.

The Saddleridge Fire was a wildfire near the San Fernando Valley of Los Angeles County and broke out roughly around 9 p.m. on October 10. BHFD set up two battalion chiefs and an engine to assist on that fire.

"They worked for 48 hours straight," Barton said.

The next fire the BHFD assisted in was the Palisades fire, which burned about 42 acres. No structures were destroyed.

The BHFD set up a battalion and engine to assist in the Tick Fire, where firefighters assisted for 48 hours with a rest period and then were immediately sent to the Kincade Fire in Sonoma County.

"We're asking the community, for them

to help us help them, by clearing [their] brush and protecting your structure," Barton said. "This year, the community did an outstanding job. [The BHFD] did inspections north of Sunset, and almost 98 percent of the places we inspected passed the first inspection."

According to Southern California Edison, the City is not at risk for power shutoff at this time. Residents are encouraged to visit the SCE Customer Portal to update their information so as to ensure they receive updated notifications directly from SoCal Edison.

Information on current Public Safety Power Shutoff activity can be found directly on the SCE webpage. For more information on emergency notifications, contact emergency management at (310) 285-1025.

There will be an upcoming community meeting on November 7 from 6 pm. to 7 p.m. to address the urban forest management plan.

"The first part of that plan is to address the north of Sunset and high hazard areas,"

Department of Toxic Substances Control

November 2019

Public Notice

The mission of DTSC is to protect California's people and environment from harmful effects of toxic substances by restoring contaminated resources, enforcing hazardous waste laws, reducing hazardous waste generation, and encouraging the manufacture of chemically safer products.

DEPARTMENT OF TOXIC SUBSTANCES CONTROL ISSUES EMERGENCY PERMIT For Cedars Sinai Medical Center 8700 Beverly Boulevard, Los Angeles, CA 90048

Why This Notice? The California Department of Toxic Substances Control (DTSC) issued an Emergency Permit to Cedars Sinai Medical Center for on-site treatment of expired chemicals. The items to be treated are four 100-ml containers of Tetrahydrofuran, six 1-Liter containers of Diethyl Ether, one 25-ml container of Picrylsulfonic Acid, and one 1-Liter container of Sodium Azide. The items are stored at Cedars Sinai Medical Center located at 8700 Beverly Boulevard, Los Angeles, CA 90048.

Clean Harbors Environmental Services has been contracted to conduct this treatment. The chemicals are potentially reactive and unsafe for transport in their present state. The treatment involves the addition of liquid solution to the container to stabilize the chemical and will take place in an exclusion zone near the storage location. Once the chemicals are treated, they will be transported off-site for proper management. DTSC determined the chemicals pose an imminent and substantial endangerment to human health and the environment if not properly managed. Therefore, an Emergency Permit should be issued. This Emergency Permit is effective from October 23, 2019 through December 27, 2019. The Emergency Permit includes measures to minimize any adverse impact to the community and the environment.

California Environmental Quality Act (CEQA): DTSC determined the issuance of this Permit is exempt from the requirements of CEQA and has filed a Notice of Exemption (NOE) with the State Clearinghouse. The Emergency Permit, NOE, Cedars Sinai Medical Center's request for this Permit is available for review at the DTSC file room located at:

Hear from former congresswomen Gabrielle Giffords (D-AZ) about the gun violence epidemic that is plaguing the country as part of the Writers Bloc series on November 19.

Temple Emanuel is committed to the is-

sue of gun violence since the Tree of Life Synagogue shooting; the conversation with the former congresswoman will explore the strategic facets of legislating safer societies, from enacting universal background checks and restricting silencers and high capacity magazine to safe storage and gun industry immunity.

She also co-founded Giffords, an organization that comprises three entities that includes the Giffords Law Center to Prevent Gun Violence, each with a distinct function, all working together to fight gun violence and uniting veterans, students,

law enforcement officials, gun owners, faith leaders, and American of all stripes to reduce gun violence and make our communities safer.

The event begins at 7:30 p.m. at 300 N Clark Drive.

Beverly Hills Chamber Joins Fight for Prop 13 Coalition

The Beverly Hills Chamber of Commerce has announced that it will join the fight for Proposition 13 Coalition.

Proposition 13 limits the amount of property taxes imposed on residents and businesses. On June 6, 1978, nearly two-thirds of California's voters passed proposition 13, reducing property tax rates on homes, businesses, and farms by about 57 percent. Prior to the proposition, the property tax rate throughout the state averaged a little less than 3 percent of market value. Additionally, there were no limits or increases for the tax rate or on individual "ad valorem" charges, or taxes based on the assessed value of property.

The Chamber encourages interested stakeholders to review the purpose of the Coa-

lition and consider joining on to the Coalition. To learn more, visit www.fightforprop13.org.

Beverly Hills Resident Stars in "The Italian in Me"

Beverly Hills resident Dina Morrone wrote and performs in "The Italian in Me" at Theatre West on November 9 -10.

"The Italian in Me" follows the story of an aspiring actress from Canada who has been raised on old-fashioned values and upends her life by moving to Italy with hopes of working in the Italian cinema. Once in Rome, she discovers that things in the "Eternal City" are not quite as holy or as romantic as she imagined.

When all hope seems lost, she meets the cinematic powerhouse Federico Fellini at Cinecitta Studios for what turns out to be an "illuminating" encounter.

"The Italian in Me" is directed by Peter Flood. Advance tickets are \$30 and \$35 at the door. The November 9 shows begins at 8 p.m., and the November 10 show begins at 2 p.m. To purchase tickets online, visit www.theatrewest.org.
