### "Beverly Hills Voters May **Decide on Council Term** Limits in November" [Issue #1113]

The majority city council's vote for term limits at the January 26 study session was simply a move to keep Councilmember John Mirisch, the proven best city councilmember we have, off the March 2022 ballot.

This is the very same city council majority which pushed through extensive mixed-use rezoning at a study session during this pandemic, turning control of our city development over to their developer friends and the state. Mirisch was the only councilmember who cared that the vast majority of residents were opposed to it and voted against it.

As the majority city councilmembers well understood, residents were left with no choice but to risk their health and lives to try to gather about 2,400 signatures on referendum petitions within 30 days - an impossibility during a raging pandemic while health orders were imposed precluding people from leaving their homes

and interacting with others.

Mirisch repeatedly asked the other councilmembers to grant relief to residents out of fairness. He suggested extending the time period for residents to gather signatures and allowing electronic signatures, reminding councilmembers that they had just cancelled Halloween trick-or-treating for health and safety reasons. Mirisch also requested the city attorney to confirm that the city council had the ability to grant such relief, and the city attorney so confirmed that the council had that power. However, all of these councilmembers refused to discuss or consider any accommodations for residents whatsoever.

Residents were forced to go into court to request more time to gather signatures, and Mirisch signed a declaration in support. Despite legal authority to the contrary, the city attorney argued that only the governor or the legislature could grant relief. Judges in Sacramento and San Benito counties had set precedent by extended time to signature gatherers. However, the Los Angeles judge followed the city attorney's lead and refused to grant relief to signature gatherers, effectively preventing residents from having a fair opportunity to place mixed-use rezoning on the ballot.

Given the above facts, come March 2022, Mayor Lester Friedman and Vice Mayor Robert Wunderlich do not want to have to run against the very popular Mirisch. Since Mirisch has served honorably for three terms, the city council majority decided to pass term limits of three

A list of people who had wanted term limits agendized was presented at the study session. Most on the list were pro-over-development people doing the bidding of the council majority and/or people who had an ax to grind. For example, the list included former Mayor Linda Briskman who lost re-election to Mirisch.

In order to be adopted, term limits must also be approved by the voters. Therefore, the city council majority, which disabled the residents from placing the mixed use ordinance on the ballot, voted to spend about \$140,000 to place term limits on a November 2021 ballot.

The majority city council's effort to derail Mirisch's re-election under the guise of term limits is deceptive and self-serving. Therefore these term limits should be voted down this year so Mirisch can be re-elected once more.

We should also encourage two additional good people to run for council to replace Friedman and Wunderlich, who both proved they neither care what their constituents want nor feel the need to treat their constituents fairly.

### City Approves Security Measures for the Golden Globes

The Beverly Hilton Hotel will continue to host the Golden Globes this year despite the COVID-19 pandemic. City councilmembers approved Tuesday security measures for the award show, including street and sidewalk closures.

The Golden Globes plans to implement

the following COVID-19 health and safety protocols, according to the city council's agenda report.

- A reduction in the number of attendees.
- Rapid-testing and health screenings of staff and attendees.
- Limited or prohibited post-show parties.
- Both the Beverly Hilton Hotel and the production itself will be held to protocols set forth by Los Angeles County Department of Public Health.

According to the council's agenda report, the Community Development Department, Police Department, Fire Department and Public Works Department have reviewed the award show's plans in order to establish security measures, traffic control measures and mitigate any potential impacts caused by COVID-19 protocols.

The BHPD will post "No Parking" signs from 6 a.m. to midnight in nearby residential streets to reduce traffic and parking impacts by February 25. The event producers will also send letters of notification to any residents that may be disturbed by the event.

Dick Clark Productions, which produces the award show, will be responsible for city costs related to broadcasting the program. The company paid \$27,366 last year. The Beverly Hilton Hotel will be responsible for all costs associated with street closures, departures and the red carpet. The hotel paid \$185,633 last year.

### City Approves Outdoor Dining Tents for Spago and Nusr-et Restaurants

The City Council approved outdoor dining tents for luxury steak restaurants Spago and Nusr-et Tuesday.

The OpenBH program allows businesses to expand their operations outdoors during the COVID-19 pandemic. According to a Small Business Task Force meeting earlier this month, OpenBH may also

be expanded past the pandemic.

According to the council's agenda report, the fiscal impacts of the dining tents will include a combination of waived permit fees and loss of meter/valet revenues.

### Next Beverly Hills Talks Pros and Cons of Living in the City

The Next Beverly Hills Committee discussed in January the benefits and drawbacks of living in Beverly Hills in order to consider how to attract more young people to the city. It was Chair Noelle Freeman's first meeting leading the committee.

Committee members cited that the

city's sense of community and safety are the primary reason they enjoy living in Beverly Hills. Committee member Charles Smith said the people he knows living outside of Beverly Hills don't necessarily have that.

"LA is this urban sprawl that's known for its pocket communities, but Beverly Hills in itself is one community and I think you really feel that," Smith said.

Vice Chair Tiffany Davis said Beverly Hills is a community in the middle of a large metropolitan area.

Noelle Freeman

"You have all that Los Angeles offers at your fingertips but you still feel like you're in a bit of a small town," Davis said.

Mayor Lester Friedman said the reasons for why

people enjoy living in Beverly Hills have not changed much since his family moved there 37 years ago. Friedman and Councilmember Julian Gold are the City Council liaisons to the Next BH Committee.

"Who would have thought a new resident to Beverly Hills would be able to run for city council and have something to say about the way the city is going?" Friedman said. "I certainly didn't think that 37 years ago, but I know it would not have happened in the City of LA. Your voice can be heard in this city."

As a drawback of living in Beverly Hills, committee members cited what many Angelenos have struggled with – parking. Committee member Kaveh Farshad said that while there are areas in the city where rent is fairly affordable, parking is a challenge.

"I think that's something that's always been a challenge to work with and I don't know what the solution may be in terms of how we can get more space or more flexibility around parking for residents or newcomers," Farshad said.

### Beverly High Town Hall Shares Updates on School Reopenings

Superintendent Michael Bregy and

Beverly High Principal Mark Mead updated parents and students about the district's progress toward reopening schools during a town hall Tuesday.

According to Bregy's presentation, the BHUSD negotiated with the Beverly Hills Education Association to reopen schools largely based on Gov. Gavin Newsom's four-tiered color-coded system. Other districts have used different terms for their Memorandum of Understandings with faculty and staff.

The tier system states that districts can reopen schools once their county is in the red tier, with four to seven daily new COVID-19 cases per 100,000, for 14 consecutive days. Since the BHUSD was awarded a transitional kindergarten to second grade waiver, staff agreed to reopen schools for TK to second grade once Los Angeles County has between seven to 10 daily new cases per 100,000.

But Newsom has now proposed a new plan for reopening schools for TK to sixth grade at an adjusted case rate of 25. The legislature has not approved this plan as of press time.

"In January, without any warning or very much input from superintendents in LA County, our Gov. presented a brand new plan which essentially changed the definition of when it's safe to reopen schools," Bregy said.

Michael Bregy

Bregy added that there have been no updates on reopening middle or high schools. He said Newsom's plan would be a TK to fifth grade plan for BHUSD, the since sixth graders

part of the middle school.

"The state and county at this point is remaining silent on high schools and middle schools as far as their overall plan," Bregy said. "So they have not weighed in on what that would look like."

Once it is permitted, the BHUSD plans on reopening schools with hybrid schedules

Beverly High students will be divided into cohorts A and B. Cohort A will have in-person instruction Monday and Tuesday, while Cohort B will have in-person instruction Thursday and Friday. All students will have virtual classes Wednesday. Students not on campus will be expected to participate in class via Zoom.

Mead said the times won't be different from what students are experiencing now.

"One thing you will notice is instead of 90 minute periods, they're 85 minutes. Which gives us an one hour lunch, which is kind of nice," Mead said. "I don't think anybody is going to be too sad about an extra 15-20 minutes of lunch. But the main reason there is also to give us time to do some cleaning of classrooms."

The district held separate town halls for Beverly Vista and BHUSD elementary schools.

### Council Will Consider Ordinance Regarding Legislative Advocates

The City Council tabled a discussion on an ordinance that would change regulations for legislative advocates Tuesday. It will consider the ordinance in a future meeting.

The Sunshine Task Force, which is a committee dedicated to increasing government transparency in Beverly Hills, recommended the new order. They cited a number of reasons for the ordinance, which included that advocates were not making their identities known outside city hall and firms who employ them should be responsible for certain violations.

The ordinance could make some of the following requirements, if approved:

- Legislative advocates must make their identities known to non-city officials when they are engaging in advocacy outside of city hall.
- Legislative advocates must keep a log of the first time they contacted a non-city official in person and outside of city hall.
- When a legislative advocate is engaging in advocacy in city hall, they must wear a badge which identifies them as an advocate and also identifies the lobbying firm that is employing them.
- Legislative advocates must be held responsible for making representations that were "grossly negligent" or "reckless."
- Clients of legislative advocates must sign the legislative advocate registration form.
- The time for submitting the legislative advocate registration form will be reduced from 10 calendar days to seven calendar days.
- If the client consists of an organization, the managing members or majority shareholders must be listed until a person is revealed.

### BHUSD Offers Early Retirement Program to Faculty and Staff

The BHUSD is offering an early retirement program to its faculty and staff, according to a Board of Education meeting last Tuesday.

The PARS Supplementary Retirement Plan was established in 1984 and has over 50,000 participants. This includes several school districts, including the Pasadena and Palos Verdes Peninsula Unified School Districts.

According to Assistant Superintendent of Business Services Wade Roach's presentation, SRP offers a contingent plan to eligible employees and gives them a 30-60 day enrollment window. Once the enrollment window closes, the district conducts a fiscal analysis and determines if the plan will proceed based on the results. If it does not proceed, then resignation letters are rescinded.

Eligible employees must have worked at least five years in the district, be eligible to retire under CalSTRS or CalPERS and resign from district employment by June 30. This is applicable to certificated non-management, certificated management, classified non-management and

classified management employees.

According to the presentation, below are some of the following benefit option choices:

- Monthly cash payment for the participant's lifetime.
- Reduced Joint and Survivor monthly payment paid for the participant's lifetime and beneficiary's lifetime.
- Modified monthly cash payment paid for the greater of 10 years or the participant's lifetime.
- · Higher, fixed period payments, based on the present value of the unmodified benefit, paid monthly for a fixed number of years. These options are guaranteed to pay out for the specified period.

Board President Rachelle Marcus said the sad part of the retirement program is the district loses good teachers.

AND DECLARING THE URGENCY THEREOF.

"That's one of the downfalls of this, but it's good that they can get a little bonus, make a decision and enjoy some life," Marcus said.

She added that the board will get more information regarding the program in

### **Council Considers Beverly** Hills' Legislative Platforms

The City Council discussed Tuesday the city's legislative platforms to determine which local, state and federal legislation it will support or oppose this year.

According to the council's agenda report, the council decides on a legislative platform annually. It encommpasses categories such as local control, transportation, pension reform and environmental sustainability.

Amendments to the city's platform may include removing the failed Keeping Cal-

EXTENSION OF AN INTERIM URGENCY ORDINANCE OF THE CITY OF BEVERLY HILLS AMENDING SECTION 10-2-303 OF THE MUNICIPAL CODE REGARDING

ADJUSTING LOT LINES THAT ARE BETWEEN JURISDICTIONAL BOUNDARIES

The Council will consider whether or not to extend the interim Urgency Ordinance for a

period of ten months and fifteen days, in accordance with the provisions of Government

Code Section 65858. The extension of the interim Urgency Ordinance will require a four

fifths vote by the City Council. In summary, the interim ordinance amends section 10-2-

303 of Article 3 of Chapter 2 of Title 10 of the Beverly Hills Municipal Code to prohibit a

lot line adjustment that would either create or expand a lot that crosses the City boundary.

This Urgency Ordinance has been assessed in accordance with the authority and criteria

contained in the California Environmental Quality Act (CEQA, Public Resources Code Sections 21000 et seq.), the State CEQA Guidelines (California Code of Regulations, Title

14, Sections 15000 et seq.), and the environmental regulations of the City. The adoption

and implementation of the Urgency Ordinance represents minor alterations in land use

limitations and do not result in any changes in land use or density, and the average slope

of the City is less than 20 percent. It can therefore be seen with certainty that there

is no possibility that the proposed amendments may have a significant effect on the

environment. Accordingly, the City Council will consider the staff recommendation to

find the Urgency Ordinance exempt from the environmental review requirements of CEQA

### **Council Will Send Letter to** Cal Cities

The City Council agreed Tuesday to send a letter to Cal Cities that would request they renew their focus on issues that impact local governments.

The letter would be sent when the city sends its dues payments to Cal Cities and signed by Mayor Lester Friedman. Vice Mayor Robert Wunderlich and Councilmember John Mirisch, who serve on the City Council Legislative/Lobby Liaison Committee, recommended that the letter be written last Monday.

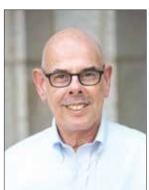

According to the council's agenda report, Cal Cities is a group that is supposed to advocate for the expansion and protection of local control of cities. Councilmembers, however, raised concerns that Cal Cities failed to oppose multiple bills that proposed to reduce local decision-making on housing and land use.

Mayor Lester Friedman said terminating the city's membership in Cal Cities should remain an option.

"I'm not advocating to leave the league, but I think that should not be off the table at all," Friedman said. "If the league is not representing us the way they should be, then I don't see any reason to be involved with them. On the other hand, I know that being a part of it has benefits also."

### Waxman Receives "Baldy Award" on Real Time with Bill Maher

Former Congressman Henry Waxman (D-Los Angeles) received the "Bald

Award' on Real Time with Bill Maher Friday.

Maher invented the award to honor Waxman's 40year tenure on Capitol Hill.

"What if I told you there was a single member

Congress who brought the Tobacco Industry to its knees, paved the way for less expensive generic drugs, expanded Medicaid to include pregnant women and children, put the teeth into the Clean Air and Safe Water Drinking Acts, and wrote most of Obamacare?," Mayer said during this segment. "That's Henry Waxman."

Maher said he plans to award future Baldy Awards to people similar to Waxman each year.

### Founder of Luxury Jewelry Brand "Naiia"

Tell us about your jewelry line.

We were founded last December. I was approached after leaving a previous job [in real estate] and a friend of mine asked me to design for her company called Switch. They do subscription rental jewelry. I designed a line for them under [the name] Road Jewelry. The line was [based] around pearls, because they were in need of jewelry on their website with

pearls and I've always been someone who just loves the ocean. I said I could combine my passion for the ocean and jewelry, and do a pearl line for them.

After working with them, about a year later, I rebranded as Naiia. I wanted a fresh beginning, something that wasn't connected to another line. We launched [Naiia] about two months ago. All of our jewelry is handmade fine jewelry and semifine jewelry. We have a line called "Deep Sea Lover," that's all fine jewelry about the ocean. That's that pearl and it's more dainty for girls who like to wear more fragile pieces. called "Zeba," and that is a chain line. I per-

sonally love to wear chains and it's more versatile for people to wear everyday.

#### What did launching your own jewelry line entail?

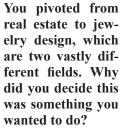

I came from a background of business - I studied at USC Marshall School of Business. After that, I was in real estate. When it came down deciding to do jewelry, it was always a really big passion

of mine to combine my creativity. That really consisted of going around [and] being inspired.

I'm personally inspired by nature. That's the [inspiration behind the] first line called "Deep Sea Lover." I collected rocks from the beach and that's where I first drew my inspiration. Then you [think about] who's the Naiia girl? And that [involved looking at] Pinterest and

magazines.

Then you go to the drawing board and that's where I sketched the pieces. After you sketch the pieces, you hand it off to your manufacturers and they bring it to life. That's also super fun because you get to say what kind of gemstones [you want] if you have gemstones in the design. But that's really how the process goes.

I was always super into jewelry. When I was a little girl, I used to make

jewelry at home. I was never a big shopper, rather I always had a beaded bracelet. I always had new jewelry on.

The friend of mine that approached me, she just saw that my passion for jewelry was there. I had spoken to her about how if I wasn't in real estate [and] if I had a partner or something, I would love to be more creative in what I'm doing. She said I can support you in doing your

out because I was at a place where I was wanting that switch of careers. Just having her trust me, it gave me the green light to go ahead and pursue what my real passion was.

### What is the inspiration behind your brand's name "Naiia"?

Naiia is the name of my dog. She's an

Australian Cattle dog and we rescued her. In the time that I was transitioning, she was a big part of pushing me. It was a time of change for me, I got a job [and] I got Naiia. I really thought it was powerful, just like a strong woman's name. I try to really embody strong and passionate women and feminine energy. A portion of our proceeds go to Women Founders, so I wanted the name to also embody a female. For me Naiia is a Pieces from Naiia's Deep Sea strong name, so I went Lover collection forward with that.

As you mentioned, a portion of your company's proceeds go to the nonprof-

it organization Female Founder Collective. Why did you choose this group to donate to?

I was in business school, which was predominantly male. From there, I was in an industry that was again predominantly male. When I was starting off jewelry, I was a little intimidated. In starting it, it was hard to approach men in the jewelry district. So I wanted to encourage women to not be scared of founding their own companies.

In an effort to do that initiative, I found a company called the Female Founder Collective. They provide female founders with different resources - whether it's financial, collaborating with another founder [or] forums about what it takes to build your company. I really love their whole mission, that it just encourages women to put themselves through the door and start a company.

I'm fortunate enough to have had the support from [Switch]. I can't imagine

first line with [Switch] and it worked [what would have happened] if I didn't have the support of another company. For years I wanted to do jewelry and I never did it. I didn't have the resources to ask other female founders. I didn't know where to find them. I remember doing a google search and found the Female Founder Collective. I reached out to them and they told me about their

mission. I thought it only made sense to give back to them to encourage more women to go ahead and create their own companies [too].

You grew up in Beverly Hills. Can you tell us about your family and upbringing in the city?

A lot of my friends and family were there. [It was a] close knit community. I have three siblings, an older sister [Natalie] and two younger broth-

ers [Joshua and Justin]. My parents [Stella and Morris] are both Iranian Jews. I have that cultural influence in my jewelry designs, we have a lot of colors and different styles that really influenced the collection.

### What do you think sets your company apart from other jewelry brands?

A lot of jewelry lines are one style. You either have a line that's all chains or more bohemian. Our style is for women of all different styles. We have the chain collection, which is one style. We have "Deep Sea Lover," which is more of an older energy with pearls. Then we have another one that's more colorful [and] there's rainbows.

Personally, I would have to go to different jewelers for my different jewelry. I tried to make [my jewelry line] a one stop shop with pricing of all ranges, depending on what you're looking for. I tried to make our pricing as fair as possible.

### **Theatre Forty Presents** "Ben Butler" via Zoom on February 17

Theatre Forty will present a play-reading via Zoom of the historical drama "Ben Butler" by Richard Strand on February 17 at 7:00 p.m. John Leslie will direct a cast that includes Martin

Thompson, Shawn Savage, Tony Williams and John W. Combs.

This play is based on an actual historical incident. In 1861, three escaped slaves turned up at Fort Monroe in Virginia. General Benjamin Butler is faced with an impossible moral dilemma - should he

return the slaves to their owners or make a move that could alter the course of history?

Strand's career as a playwright began in 1976 when he wrote his first play, "Harry and Sylvia," which was eventually adapted into the full-length version called "Clown." Two of his plays, "The Bug" and "The Death of Zukasky," published by Dramatists Play Service, Inc., premiered at the Actors Theatre at Louisville's Humana Festival.

He currently lives in California with his wife, Mary Lynn. He is a professor, technical director, and set designer at Mt. San Antonio College in Walnut, California, where he teaches Stagecraft, History of Theater, and Playwriting.

This event is free. To attend, use this Zoom link on February 17 at 7:00 p.m.: https://us02web.zoom.us/ j/87897651657?pwd=Tit0dkVyTVpGZT-JiaFpxakNrMXB1dz09.

### **Planning Commission Reviews One Beverly** Hills Draft Supplemental Environmental **Impact Report**

### By Ani Gasparyan

The Planning Commission considered the One Beverly Hills project's supplemental environmental impact report last

One Beverly Hills is a luxury hotel and condominium proposed to be next to the Beverly Hilton Hotel. If approved, it would be a hotel with 42 all-suite rooms and 37 residential units, two condominiums with a total of 303 units, and a botanical garden.

The draft SEIR reviews if the project will have any California Environmental Quality Act issues to its surrounding community. It considers things like noise impacts, greenhouse gas emissions, hazards and traffic. The SEIR can be viewed at beverlyhills.org/environmental.

Planning Commissioners asked questions and made comments regarding the

draft SEIR last week. Commissioner Thomas Hudnut recused himself from the meeting because he is an equity member of the club adjacent to the proj-

Vice Chair Lori Greene Gordon said

the draft SEIR is the most complete and thorough she has ever read.

"I can certainly say, from my opinion, that the supplemental EIR is adequate

for the purposes that we're looking at," Gordon said.

She added that she looks forward to digging into some more of the issues and the entitlement process in the next few

Chair Peter Ostroff said the purpose

of the meeting is to help refine the final environmental impact report. He said the current draft is an excellent start.

"We're dealing with a site and a project that are both extremely important to our city and it is absolutely vital that when

> our decision makers address the entitlement proand cess. basically whether to approve this project or not and what changes should be

made, that they're fully informed of all the environmental issues," Ostroff said.

The public comment period for the project is open until February 8 and can be sent to commentPC@beverlyhills.

# **GASCON RAISES EYEBROWS**

### Rodeo Drive Robberies Prompt Concerns Over **Gascon's Softening Prosecutions**

### By Ani Gasparyan

After several robberies on North Rodeo Drive, the Beverly Hills Chamber of Commerce sent a letter last Thursday to Los Angeles District Attorney George Gascon expressing concern over his decision to not prosecute certain misdemeanors.

Gason was recently-elected to the role in November 2020.

A group of approximately 10 people stole handbags from the Fendi store last December. A similar robbery occurred at the Saint Laurent store around that same time. Representatives from the stores were not available for comment. It is against their corporate guidelines, said Rodeo Drive Committee member Kathy

The Beverly Hills Police Department's Crime Impact Team is currently investigating the crimes and believe they are connected, according to BHPD Public Information Officer Lt. Max Subin

Chamber President and CEO Todd Johnson said in his letter that a major community concern is that criminals believe they can commit George Gascon certain crimes with impunity.

"For example, criminals may believe they can engage in theft under a certain dollar value, ensuring that they are not considered serious crimes and will not result in jail time or serious consequences under our current criminal justice system," Johnson wrote.

Johnson said society relies in large

part on the concept of deterrence - that the threat of punishment will deter people from committing crimes against the law abiding. He asked Gascon to change his policy on misdemeanors.

"When this concept is undermined, people and businesses are threatened and their ability to operate and plan within a secure environment is challenged," Johnson said. "As a result,

your directive can result in harm to law abiding businesses and even discourage economic development."

### **ORDINANCE NO. 21-0-2833**

AN URGENCY ORDINANCE OF THE CITY OF BEVERLY HILLS AMENDING SECTION 10-2-303 OF THE MUNICIPAL CODE REGARDING ADJUSTING LOT LINES THAT ARE BETWEEN JURISDICTIONAL BOUNDARIES AND DECLARING THE URGENCY THEREOF.

THE CITY COUNCIL OF THE CITY OF BEVERLY HILLS HEREBY ORDAINS AS FOLLOWS:

WHEREAS, Section 10-2-805 of the City of Beverly Hills Municipal Code provides for the approval of a lot line adjustment if the adjustment will not deny access to any parcel, will not result in a conflict with any public or private easement, and when the proposed lot configurations meet all standards of the zoning, subdivision, and building ordinance provisions,

except that existing, legally nonconforming lots need not meet all standards of the zoning, subdivision, and building ordinance provisions, provided that the adjustment will result in either a decrease or no change in the degree of any existing nonconformity, and will not create a new nonconformity;

WHEREAS, California Government Code Section 66412(d) requires the City to approve a lot line adjustment between four or fewer existing adjoining parcels where the land taken from one parcel is added to an adjoining parcel and where a greater number of parcels than originally existed is not thereby created, provided that the resulting parcels conform to the City's General Plan, any applicable specific plan, any applicable coastal plan, and the City's zoning and building ordinances; and

WHEREAS, the City has received an application to adjust a lot line that is coterminous with the City boundary, which if approved, would result in a parcel located both within the City and another city; and

WHEREAS, there are a number of similarly situated properties that are split by a property line that overlays the City boundary; and

WHEREAS, when a parcel is located both within the City and another city, then a portion of the parcel is subject to the City's regulations and development standards, and a portion of the parcel is subject to the regulations and development standards of that other city; and

WHEREAS, the City does not have authority over the development of land within the jurisdiction of another city; and

WHEREAS, a lot line adjustment that results in a lot with a split jurisdiction will not conform to the City's General Plan or the City's Zoning and building ordinance because the City's General Plan and zoning and building ordinance will not apply to that portion of the lot which is in the other jurisdiction. This will negatively impact the public health, safety, and welfare because buildings can be built with Beverly Hills access, utilities, and other services that do not comply with Beverly Hills codes, and buildings can be built under another city's zoning regulations without appropriate setbacks; and

WHEREAS, the City Municipal Code does not currently address the adjustment of a lot line that is coterminous with the City boundary resulting in a parcel or parcels located both with the City and another city; and

WHEREAS, the City will study the potential impacts to the public health, safety, and welfare resulting from a parcel under split jurisdiction and develop appropriate regulations regarding if and under what circumstances adjusting a lot line that is coterminous with the City boundary may be appropriate; and

WHEREAS, the City Council finds that if the City does not adopt this Urgency Ordinance, then under existing City regulations, lot lines that are coterminous with the City boundary may be adjusted to create parcels located within the City and another city, and therefore, would create a current threat to the public safety, health and welfare.

Section 1. Authority.

Pursuant to Government Code Section 65858, the City Council may adopt, as an urgency measure, an interim ordinance to protect the public safety, health, and welfare to prohibit uses that may be in conflict with a zoning proposal that the legislative body, planning commission or the planning department is considering or studying or intends to study within a reasonable time.

Section 2. CEQA Findings.

This Ordinance and the Amendment were assessed in accordance with the authority and criteria contained in the California Environmental Quality Act (CEQA), the State CEQA Guidelines, and the environmental regulations of the City. The City Council finds that adoption of the Amendment is exempt from CEQA pursuant to Section 15305 of Title 14 of the California Code of Regulations because the average slope of the City is less than 20 percent and the Amendment represents a minor alteration in land use limitations and does not result in any changes in land use or density. In addition, the City Council finds that the adoption of the Amendment will not have a significant environmental impact and is exempt from CEQA pursuant to Section 15061(b)(3) of Title 14 of the California Code of Regulations, which states that CEQA applies only to projects which have the potential for causing a significant effect on the environment. This exemption is applicable because the Amendment would not result in physical changes to the subject properties other than the adjustment of lot lines, and no potential for causing a significant effect on the environment exists.

Section 3. The City Council hereby amends Section 10-2-303 of Article 3 of Chapter 2 of Title 10 of the Beverly Hills Municipal Code to add a new paragraph E and re-lettering existing paragraph E to read as follows, with all other provisions in Section 10-2-303 remaining in effect without amendment:

"E. City Boundary: A lot line shall not be adjusted which would either create or expand a lot that crosses the City boundary.

F. Variances: Whenever the size of the parcel of land to be subdivided, its street and alley

frontage, its contour, and its location with reference to surrounding property, are such that the requirements of this section work undue and unusual hardship, and a different size and arrangement would not result in undue detriment to surrounding property or the residents thereof, the planning commission may, in its discretion, approve a different size and arrangement of the lots in the proposed subdivision."

Section 4. Severability.

If any section, subsection, subdivision, sentence, clause, phrase, or portion of this Ordinance or the application thereof to any person or place, is for any reason held to be invalid or unconstitutional by the final decision of any court of competent jurisdiction, the remainder of this Ordinance shall be and remain in full force and effect.

Section 5. Approval and Extension of Ordinance

This Ordinance, being an Interim Ordinance adopted as an urgency measure for the immediate protection of the public safety, health, and general welfare, containing a declaration of the facts constituting the urgency, and passed by a minimum four-fifths (4/5) vote of the City Council, shall take effect immediately upon its adoption and shall continue in effect for a period of not longer than forty-five (45) days. After notice pursuant to Section 65090 of the California Government Code and public hearing, the City Council may extend the effectiveness of this Interim Ordinance as provided in Government Code Section 65858.

Section 6. Publication.

The City Clerk shall certify to the adoption of this Ordinance and shall cause this Ordinance and his certification, together with proof of publication, to be entered in the Book of Ordinances of the Council of this City. ADOPTED: January 26, 2021

# Stop Massive Over-Development!

Dear City Council Members,

The residents of Beverly Hills are outraged the City would consider rewarding toxic polluters who **illegally clear-cut trees and spewed arsenic-laden dust on our neighborhood.** These same developers are now requesting special permits to build 11 over-legal-height office buildings on a narrow railroad easement zoned transportation-only.

The Beverly Hills Land Company was cited by the Department of Toxic Substances Control for **unethical and unlawful behavior that threatened the health and safety of our residents.** This new project only benefits the developers, not residents. In fact, a loophole would allow the developers to sell each building individually if the project fails.

The developers have refused to supply complete plans. We're left with misleading artist's renderings that don't show how this towering wall of buildings will **violate privacy and block views of City Hall.** Additionally, the City would lose convenient, affordable public street parking and give the developers the right to build paid parking under Civic Center Drive.

Two of the partners in the development sued one another for financial fraud. Now, in a classic quid-pro-quo, the City is considering trading arsenic-poisoned Lot 13 in exchange for rezoning Lot 12 for over-development.

It's wrong, it's unethical, and it's an assault on the aesthetics of our City and the health and safety of our residents. Citizens need to urge the City Council not to reward this behavior. It's a matter of character.
