# Former Construction Worker Sues ProWest for Wrongful Termination

Former construction employee William Lora is suing ProWest Constructors after he claims he was wrongfully fired in retaliation for exposing cost overruns, change orders and safety issues on the Beverly High modernization project, according to a complaint filed earlier this month. He is also alleging racial discrimnation for being a Latino.

Lora was hired by ProWest last Aug. to be a senior superintendent and assigned as one of several supervisors on the Beverly High modernization project.

The suit alleges that upon employment, Lora noticed a significant number of overruns and change orders that he had never encountered on prior construction projects.

Lora learned that the former Bond Manager, Don Blake, was getting a bonus on each change order that was authorized. Lora believed Blake was essentially receiving a "kick back" from the cost of additional funds appropriated to complete the project, according to the complaint.

Lora further alleges that he noticed safety issues last Dec. that he reported to a senior project manager. He also believed that one foreman's lack of experience was resulting in safety issues and driving up the cost. However, his concerns were ignored, according to the complaint.

Lora then informed the project's head of laborers of the aforementioned concerns, believing the various problems were costing taxpayers millions of dollars, according to the complaint. Lora stated that if an investigation ensued, "ProWest will get in trouble."

According to the complaint, Lora believed there was suspicious activity going on with these delays and change orders and that he, "hoped ProWest was not involved because it seemed like Don Blake and Michael Barbera were in cahoots" to drive up the costs for their own personal gain.

It is further alleged that Blake is a longtime acquaintance with Barbera, who was the Division of State Architect's Senior Inspector on the project. Barbara had the power to shut down the project if the change orders were not implemented to his satisfaction.

Lora was fired during a March 4 meeting, where he was told ProWest "decided to go into a different direction," according to the complaint.

The Board of Education previously held a study session in May to review an audit report of the construction report for buildings b1 and b2 where it was discovered that ProWest billed BHUSD for costs in excess of actual charges, resulting in an overbilling to BHUSD of nearly \$7 million.

The lawsuit claims Blake was instrumental in getting ProWest hired for the project. After it had secured the contract,

# **Human Relations Commission Holds "Day of Giving" Donation Drive**

On Sunday the Human Relations Commission held a Day of Giving at the Beverly Hills Farmers' Market to collect donations for the City's non-profit partners, P.A.T.H. [People Assisting the Homeless], Safe Parking LA, and Los Angeles County Animal Shelter.

ProWest assigned Jeff Rising to work as the Senior Project Manager. Rising and Blake have known each other for several years and the two have worked together on other projects, according to the complaint.

Lora, who was the only Latino superintendent on the project, was not provided any temporary living arrangement near the school, while his white co-workers did, the complaint alleges. Everyday, Lora drove over two hours in each direction from his residence in Palmdale.

The audit also revealed that ProWest included lodging as a potential cost for various positions, totaling \$711,400.

# Students Hold Board of Education Candidate Forum

The five Board of Education candidates convened during a forum last Tuesday that was hosted by Teen BHEF and the

Interact Club. Student panelists included Camille Kaiserman, Lauren Mandel, and Jilian Samadi, and others.

A wide variety of topics were discussed, including their professional backgrounds, funding, academics, and construction, among others.

Candidates were asked where they thought funding is most needed in the district and why.

Incumbent Rachelle Marcus said the most important thing about the budget is what percentage of it goes to the faculty, the certificated, the classified, their benefits, and items like that. She said that with what's left over, you have to figure out how you're going to be able to spend the rest for things like the facilities, maintenance, books, and instructional materials, among other things.

The Planning Commission of the City of Beverly Hills, at its REGULAR meeting on **Thursday, November 10, 2022**, will hold a public hearing beginning at **1:30 PM**, or as soon thereafter as the matter may be heard to consider the following:

Conditional Use Permit. A request for a Conditional Use Permit (CUP) to allow a vehicle sales use at <u>9665 Wilshire Boulevard</u>. The applicant, INDI EV, proposes to occupy the ground floor of an existing multi-tenant building with a boutique vehicle sales and brand

Upon review, the project appears to qualify for a Class 1 Categorical Exemption (Existing Facilities) in accordance with the requirements of Section 15301 of the state CEQA Guidelines. This exemption is applicable to the minor alteration of existing public or private structures involving negligible or no expansion of existing or former use. Accordingly, the Planning Commission will consider a recommendation to find the project exempt from the environmental review requirements of CEQA.

# **NOTICE OF PUBLIC HEARING**

The Council of the City of Beverly Hills, at its regular meeting to be held on **Tuesday, November 15, 2022 at 7:00 p.m., or as soon thereafter as the matter may be heard,** in the Council Chamber of the City Hall, 455 N. Rexford Drive, Beverly Hills, CA 90210, will hold a public hearing to consider:

AN ORDINANCE OF THE CITY OF BEVERLY HILLS AMENDING REGULATIONS IN THE BEVERLY HILLS MUNICIPAL CODE RELATED TO THE ADJUSTMENT OF LOT LINES THAT WOULD CREATE OR EXPAND LOTS ACROSS THE JURISDICTIONAL BOUNDARIES OF THE CITY

Pursuant to prior discussions held by the City Council, staff will bring forth a draft ordinance to prohibit lot line adjustments on certain properties, which will be presented for first reading. This ordinance is intended to replace the Lot Line Adjustment Urgency Ordinance (Urgency Ordinance No. 21-O-2833), which will expire in January 2023. The Planning Commission previously reviewed the draft ordinance at its October 13, 2022 meeting, and adopted a resolution to recommend approval of this ordinance to the City Council, including a modification making it inapplicable to certain properties. The following is a summary of the regulations that are included in the draft ordinance:

- · BHMC §10-2-303: Prohibit lot line adjustments in the single-family zones that would create or expand a lot that crosses the City boundary, and the adjustment of a lot line that is coterminous with the City boundary, away from the City boundary; exempting certain properties from this prohibition and allowing a variance to be requested for relief from this standard; and
- $\cdot$  BHMC §10-2-805, 10-2-806, 10-2-807: Amend the lot line adjustment procedural language to clarify that the Director of Community Development may forward a lot line adjustment application to the Planning Commission for review.

This project has been assessed in accordance with the authority and criteria contained in the California Environmental Quality Act (CEQA), the State CEQA Guidelines, and the environmental regulations of the City. Since the project is not related to any specific development proposal and do not enable any physical changes in the environment, there is no possibility that it may have a significant effect on the environment. In addition, the project reflects minor changes in land use limitations, and do not result in changes to land use or density. Accordingly, the City Council will consider a recommendation to find the project categorically exempt from CEQA pursuant to Sections 15061(b)(3) and 15305 of Title 14 of the California Code of Regulations because it can be seen with certainty that there is no possibility that a change to the regulations related to medical uses would have a significant effect on the environment.

#### AN APPEAL OF THE PLANNING COMMISSION'S MAY 26, 2022 DECISION AMENDING A DEVELOPMENT PLAN REVIEW REGULATING ROOFTOP USES AT 9800 WILSHIRE BOULEVARD AND 121 SPALDING DRIVE (SPRING PLACE)

Spring Place (applicant) is a co-working office and private membership club that currently operates within the offices and rooftop spaces of the commercial office buildings located at 9800 Wilshire Boulevard and 121 Spalding Drive (collectively, the project site). On May 26, 2022, the Planning Commission adopted a resolution with amended conditions that regulate the operations of Spring Place in response to complaints regarding the impacts of Spring Place and their non-compliance with existing conditions of approval affecting their operations. On June 8, 2022, the applicant's representative submitted a timely appeal of the Planning Commission's decision. On July 19, 2022, the City Council set the appeal hearing date for the City Council's regular meeting of November 15, 2022.

This project has been assessed in accordance with the authority and criteria contained in the California Environmental Quality Act (CEQA, Public Resources Code Sections 21000 et seq.), the State CEQA Guidelines (California Code of Regulations, Title 14, Sections 15000 et seq.), and the environmental regulations of the City. The Class 1 exemption is applicable to the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use. # **NOTICE OF PUBLIC HEARING**

The Council of the City of Beverly Hills, at its regular meeting to be held on Tuesday, November 15, 2022 at 7:00 p.m., or as soon thereafter as the matter may be heard, in the Council Chamber of the City Hall, 455 N. Rexford Drive, Beverly Hills, California, will hold a public hearing to consider:

#### AN ORDINANCE OF THE CITY OF BEVERLY HILLS EXTENDING INTERIM ORDINANCE NO. 21-O-2853 TO PROVIDE OBJECTIVE STANDARDS FOR SENATE **BILL 9 PROJECTS IN SINGLE-FAMILY RESIDENTIAL ZONES**

The draft ordinance would extend Interim Urgency Ordinance No. 21-O-2853 for an additional one-year period, pursuant to Government Code Section 65858. The interim urgency ordinance established objective development standards for residential developments in the single-family residential zones constructed pursuant to Senate Bill (SB) 9 for an initial period of 45 days, which was thereafter extended for 10 months and 15 days. The proposed ordinance would extend these regulations for an additional year (extending the expiration date to December 6, 2023), in order to provide additional time for continued study of the potential effects of enacting such regulations, and to provide an opportunity to discuss whether such regulations should be considered for permanent adoption. The staff report for the December 7, 2021 City Council meeting describes the contents of Urgency Ordinance No. 21-O-2853, and is available on the City's website.

#### **ENVIRONMENTAL REVIEW**

The draft ordinance has been assessed in accordance with the authority and criteria contained in the California Environmental Quality Act (CEQA, Public Resources Code Sections 21000 et seq.), the State CEQA Guidelines (California Code of Regulations, Title 14, Sections 15000 et seq.), and the environmental regulations of the City. Upon review, the ordinance does not appear to be considered a project under CEQA, and it can be seen with certainty that there is no potential for such ordinance to have a significant adverse effect on the environment. This is because the draft ordinance does not authorize construction and consists of additional regulations on future development of SB 9 projects, which will be processed ministerially, pursuant to the stipulations of SB 9.

programs because research shows that when students engage in an art form or athletic program, it will improve their scores and cognitive development.

Farrah Dodes said she would like to see additional funding set aside for teachers for mental health resources.

"During covid isolation and the pandemic, teachers really had to pivot. They were really our first responders when it came to our kids. I think they need support as well. I would really look into either providing mental health health counseling on the campuses or some sort of mental health resource coordinator so that it helps teachers navigate their own mental health needs," Dodes said.

Judy Manouchehri said that although there are a lot of things that the district cannot change, she would spend a lot of the available funding to address the academic problem that the district has been seeing.

"I think that we need to have a really robust tutorial schedule and program so that the kids are actually being given one-on-one or two-on-one support so that they can recoup what they've lost. I think our teachers need our help in doing that. Next, I would actually enhance our student programs [towards] the stuff you guys are doing every day, like athletics, college prep, college admissions, and so on. And third, in so far as mental health is concerned, I really think that we need to have licensed clinicians operating at every facility on campus throughout the district," Manouchehri said.

The candidates were also asked about their thoughts on the current construction program and how they would prevent any further delays.

Marcus said she has been very frustrated by the progress of the construction program because of the people that were running the scene.

"[They] were making so much money it was unbelievable. With the help of other members of the Board we have been able to finally change the bond manager and change to a different construction manager. I believe that under this system we will go forward and we will proceed. I hope that there will be no more interruptions. I don't have a crystal ball, but as I see it right now, I have nothing but confidence in the new group," Marcus said.

Marcus said that if elected there will be more transparency and accountability of the program and she intends to spend more time at the sites. She also said that the district may have to do some type of creative financing or create a committee to address the situation in finishing up the high school.

Amir-Salkin said that it's very important to pay attention and do site visits, to set action items, set achievable goals, and make sure that they are achieved.

"I think we need to actually bring in an independent third-party oversight, an overseer like an owner's rep who only reports to the board [and] is not dependent to anybody else. We need to have transparency. We need to be sure to have real clarity on what's going on. I know my area of expertise, I would bring in somebody who could add his or her area of expertise whom I could trust to be reporting just to us. I think it's very important that we complete the ongoing projects with the money that we have and ensure that BHUSD fulfills its fiduciary responsibilities to the whole community," Amir-Salkin said.

LaVoice supported the board's decision to vote for the audit and to bring on a new construction team.

"I think now we are finally moving in the right direction for the new construction team. I would ask to see monthly billing reports, change orders, and schedules to provide an extra layer of accountability. There should be total transparency. It should not be difficult for parents to get answers," LaVoice said.

Dodes said the district is finally moving in the right direction and appreciates that the board took some decisive action.

"I am a little bit concerned. I know that at the past board meeting, the board disbanded the [Finance Construction Committee] and Miss. Marcus was the only one who supported not disbanding it. I would have actually gone along with Miss. Marcus on that vote. We just have to remain diligent. We have to pay attention. I was treasurer for three years. I was also Council auditor first for a year so I do know my way around numbers. I know how to keep an eye on interim reports budgets versus actuals. It's not difficult, we just have to keep paying attention.

Dodes said the district is not able to learn from the past or remember the past well enough to admit faults and that she promises that she will pay attention to keep on top of things.

Manouchehri said this is something she has a lot of expertise on.

"Not only did I support the board's majority vote but I also was one of the first advocates for change. I really supported the board to engage in best business practices and go for an actual objective bid process to procure a new bond manager. I went so far as sending our RFP to all the construction Bond managers that are reputable that I've worked with in Los Angeles to make sure that they're aware of our project. Now we have one that has been hired in accordance with industry standards and we are already getting fair market value payments and we're already saving BHUSD money," Manouchehri said.

to the mandate.

"The court reached the right result by dismissing Councilmember Mirisch from this case. Councilmember Mirisch is entitled to express his opinions on issues affecting the City, and the Los Angeles County vaccination requirement was certainly an issue that was affecting the City. As the court stated, '[I]t would be the height of irony, indeed, if mere speech, in response to speech, could constitute a First Amendment violation," City Attorney Larry Wiener said.

The City has also filed a motion to be dismissed from the case. That hearing is set to take place Dec. 15.

# Judge Grants Recall Committee's Ex Parte Application

On Tuesday, Judge James Chalfant of the Superior Court of Los Angeles County granted the Recall DA George Gascon Committee's ex parte application for an expedited hearing, which requires the applicant to demonstrate irreparable harm will take place if the order is not granted.

As a result, the Los Angeles County Registrar of Voters will be required to show cause as to why a preliminary injunction for additional voter records and expanded access to conduct the review of invalidated signatures should not be granted. The order to show cause hearing is scheduled for Dec. 6.

The court stated it was inclined to grant a substantial number of the Recall Committee's requests outlined in its application, including the disclosure of electronic versions of voter records, and that training materials relating to the Registrar's voter database may also need to be disclosed. The Court also stated the time, place, and manner restrictions placed by the Registrar on the review are unduly restrictive,

and expanded access appeared to be warranted.

The Court ordered the parties to meet and confer to attempt to reduce the issues to be litigated at the next hearing.

"This initial decision is a win for transparency and a win

for Los Angeles voters. The Registrar's counting process was seriously flawed, and the restrictions on the review prevent the Recall Committee from being able to demonstrate just how pervasive those errors were. We are grateful to Judge Chalfant for understanding the urgency of this matter, especially as the citizens of Los Angeles continue to have their safety put at risk by George Gascon's reckless policies," Tim Lineberger, spokesperson for the Recall DA George Gascon campaign

Since Sept. 6 volunteer attorneys for the Recall Committee have been conducting a review of invalidated signatures and said that clear, obvious, and legitimate challenges have been identified for 39% of the invalidated signatures reviewed to date

# Landlord Groups Granted Preliminary Injunction Against Los Angeles County

The Apartment Owners Association of California, Inc. (AOA) and the Apartment Association of Greater Los Angeles (AAGLA) have been granted a preliminary injunction Friday they had been seeking to suspend enforcement of the County's moratorium on residential tenant evictions.

In the United States District Court judge's order granting the landlord group's motion for preliminary injunction, multiple violations of the "Vagueness Doctrine" and the complete lack of specific standards for how to apply various provisions contained within the County's eviction moratorium are cited.

The judge's order concludes that "Plaintiffs are likely to succeed on the merits of their claim that the Resolution's Tenant Protections are unconstitutionally vague."

The district court has given Los Angeles County until Dec. to modify the eviction moratorium, and to give owners and tenants a chance to adjust, at which time it will no longer be able to enforce its eviction moratorium ordinance.

"We plan to press forward with our case against Los Angeles County in order to seek a final judgement and ruling that the County's moratorium is unconstitutionally vague, which will open the door for our members and other rental housing providers, many of whom have lost tens of thousands of dollars, to seek damages and recover mounting rental debts. We believe that COVID-19 tenant eviction moratoriums imposed in other jurisdictions, like Beverly Hills and West Hollywood, are similarly vague and unconstitutional, and we will soon be evaluating legal options to pursue against these other jurisdictions," Executive Director of the Apartment Association of Greater Los Angeles Daniel Yukelson said.

He was the type that went to the markets and if he saw cans out of place he would move it. He would not ask anybody else to move it. Everyone that worked for him, I would say loved and respected him. When he shook your hand, that was as good as a written piece of paper.

### What are some things the foundation is currently working on?

This year we have donated a hotel for the City of Hope. City of Hope is in the City of Duarte, which is about an hour away. A lot of people travel there, if they have to stay overnight or a week, their family who go with them have no place to stay except to find a hotel near the hospital. We have built a hotel on the campus of City of Hope and it's called "Hope Village". It is for the families of the patients there who all have a form of cancer and they are taking certain treatments. They can be there a week, two weeks, three weeks, it all depends how sick they are. There is a restaurant in the hotel and they have kitchens in each room. They can stay in the room or go down and get food in the restaurant. That is the biggest project. We have a lot of charities.

Of course, the other one is for the Welcome Center [at] Maple Counseling. That is our other big project but we have a lot of other projects.

Another important Charity is Cedars-Sinai Hospital. My husband did Sports Spectacular. That raised \$20 million within a few years. It had been so successful and helped so many people at Cedars-Sinai. I am [also] with the Women's Guild at Cedars-Sinai. That is another charity that I am very involved with. We are a women's group that works 24/7. We have a gala and women's luncheon every year. Each few years we raise money for a different cause at Cedars-Sinai. Right now it is for the Neurology Group.

### What do you hope your foundation accomplishes?

It is our community. My husband and I have been taught early on to give back to our community and that is what we have done all our lives.

Your late husband Bernard Briskin

"The purpose of this CONFIDENTIAL document is to create shared understanding about the ways in which the student's authentic gender will be accounted for and supported at school and school functions," the document says.

On the document, students fill out their preferred name and gender with an option to withhold this information from parents and siblings. There is also a section on the form where a student can choose what restroom and locker room they wish to use. This potentially allows biological males the option to utilize facilities strictly meant for women.

"I oppose this covert manipulation of students. I am the only candidate to raise awareness on this issue. Now, I am even more dedicated to put an end to the sexualization of minors," LaVoice said.

ning Commission is expected to discuss a proposed project to construct a six story, 29-unit, multi-family residential building with 72 underground parking spaces located at 149-159 South Maple Drive.

The project would involve the demolition of three, two-story multi-family residential buildings that currently contain a total of 12 units and would span across three lots. The building would also provide six affordable units: two for low income households and four for very low income households with the remaining balance of units available for rent at market rate prices.

The applicant is also requesting a Density Bonus permit to allow a 50% density bonus in addition to certain incentives/concessions from development standards. Under state law, applicants of residential projects of five or more units are entitled to a density bonus if the project provides affordable housing units.

The Commission is expected to conduct the public hearing and possibly adopt a resolution conditionally approving the project.

# **Teen Advisory Committee Begins Meetings**

This year the Beverly Hills Teen Advisory Committee (TAC) has selected 26 students to serve this term. The TAC meets each month to work on generating ideas, identify problems, suggest solutions, and put on programs/events for their peers.

On Saturday the Next Beverly Hills Committee held its fifth annual Next Night, a street festival that occured along South Beverly Drive. The evening included live musical performances by the 'Pop 2000 Tour' featuring musical performer Lance Bass of NSYNC, OTown and LFO.

Commission participates in their annual work plan priority setting in Jan. 2023. The late Chair Rhoda Sharp presented on this project last Jan.

The goal of this project is to create a public service announcement (PSA) that emphasizes an anti-hate message to school-age children. The PSA will then be used as an educational resource in the BHUSD curriculum and could potentially be shared with other school districts. The Commission previously voted to explore the concept further to identify a way to

best execute this project.

At a previous meeting, director George Nicholas presented his proposal for the project. Nicholas proposed that the project would utilize a professional animator, and professional voice actors, and estimated the project would cost a minimum of \$100,000. Concerns regarding the budget and lack of student engagement were also raised.

# BHHS Football Team Set to Play Season Finale Friday at Nickoll Field

By Steven Herbert

The Beverly High football team is set to conclude its 2022 season Friday, playing host to Centennial in a 7 p.m. Ocean League game at Nickoll Field, trying to avoid its first winless season since 2017.

Coach Marquis Bowling considers it a winnable game for the Normans (0-9, 0-4 in league play).

'They're basically playing with a spotty junior varsity/varsity team too," Bowling said. "Their numbers are about the same as ours. We will compete."

The game is Senior Night. The team's seven seniors will be recognized.

"To a man these kids really want to send the seniors out with a victory," Bowling said.

The Apaches (1-7, 1-3) defeated Morningside, 30-16, Oct. 14 for their lone victory. Beverly Hills lost to Morningside, 52-0,

The Normans are 368th among the 372 Southern Section teams in CalPrep's rankings. Centennial is ranked 335th.

Beverly Hills lost to the Apaches, 48-14, last season.

# Inglewood 49, Beverly Hills 0

Bowling said he wanted his team to

come out of Friday night's Ocean League game at El Camino College "with everyone's health intact" and the Normans came out of it "fairly unscathed."

"We didn't have carnage. mass Bowling said.

and a safety. The severity of the injury

was not known until Katiraie had an X-ray examination. He continued to play despite the injury, Bowling said.

"He showed a lot of fight and grit for a guy that was really never a football player until he walked out here last year," Bowling said. "It was refreshing to see that toughness and that willingness because there

fewer players who didn't want to play against the team ranked 12th by CalPreps and which defeated Beverly Hills, 53-0, last season, Bowling said.

"I didn't get the emails from the parents this year. I didn't get the `All of a sudden I have the flu,' situations," Bowling said. "If nothing else, the team at least made me feel like they wanted to play."

The Normans had about 22 players in uniform, including six freshmen Bowling said he didn't want to put in the game "versus a team of that caliber."

"I wanted to be sure the program survived," Bowling said. "The last thing that

you want to do is go into a situation where you have a 14-year-old kid that just got into ninth grade and he's going out there against a kid that signed with Louisville.

"Some of those kids have been playing football for the majority of their life. I didn't want to deter anyone from what could be a potential career. I wanted to make sure their future was bright with the prospect of football and not turn them away."

Sentinels tight end tight end Jamari Johnson has committed to Louisville over scholarship offers from Arizona, Florida State, Colorado State, Michigan, Michigan State, Washington and others, according to the college football and basketball recruiting website 247 Sports.

The final score was the result of Inglewood having "a lot more" good players than Beverly Hills, Bowling said.

In an attempt to make the game less one-sided, the game was played with a running clock. Sentinels coach Milvon James honored his pregame pledge to only play his starters one quarter and junior varsity players for the remainder of the game, Bowling said.

The shutout was the third straight and sixth of the season suffered by Normans who have scored two touchdowns.

Beverly Hills quarterback Matthew Recupero completed six of 19 passes for 17 yards with two interceptions, according to statistics posted on the high school sports

website MaxPreps. He also lost a fumble.

Husan Longstreet completed four of five passes for 217 yards and three touchdowns for Inglewood (9-0, 4-0).

Bowling praised the play of tight end Francis Molina who made a team-high three receptions, including "a spectacular one-hand catch," Bowling said.

"I was really proud of his effort," Bowling said.

# OBITUARIES Fred Zimmerman 1927-2022

Fred Morris Zimmerman, age 95, of Beverly Hills, California, passed away on October 8, 2022.

Fred was born in Muskogee, Oklahoma on July 20, 1927, to Harry Zimmerman and Frances Unger Zimmerman. Fred spent his childhood in Antlers, Oklahoma. After graduating Antlers High School in 1945, Fred enlisted in the Navy, eventually achieving the rank of Radio Technician, Third Class.

After the Navy, Fred studied at Purdue University, where in 1950 he earned a Bachelor of Science in Electrical Engineering. Following Purdue, he attended graduate school at UCLA, earning a Master's of Science in Applied Physics in 1952.

In 1952, Fred met and married his wife of 70 years, noted artist Marlene Sudmin Zimmerman. After briefly living in Florida and New York, Fred and Marlene settled in Beverly Hills.

Fred became a computer engineer in the early days of the aerospace industry of Southern California. Over the course of a 35 year career, he co-founded Abacus, a firm that designed and built custom computers for defense, aerospace and other applications, and worked at Hughes Aircraft, System Development Corporation, Burroughs and Unisys.

Fred had endless curiosity, a sense of wonder, and a variety of passions, which he greatly enjoyed sharing, as a storyteller, lifelong learner, teacher, and enthusiast. With his love for astronomy, he led star parties for his grandchildren, and volunteered as an astronomy teacher at the Help Group's STEM Academy in Culver City well into his 90s. He played folk and flamenco guitar. He had a love for Israel, making three trips there, and volunteered with his wife on a kibbutz in his mid-60s.

Fred is survived by his wife Marlene; children Shelley Galant (Jerome), Bonnie Zimmerman, Cindy Dubin (Mark), and David Zimmerman (Liz); and grand-children Zachary Galant (Hilary), Sophie Galant, Jake Galant, Anya Zimmerman-Smith, Alex Dubin, Josh Dubin, Ellie Dubin, Ryan Dubin, Julia Zimmerman, Drew Zimmerman and Charlie Zimmerman.
