Liaisons Mull Ground Covering for Dog Park

Recreation and Parks City Council Liaisons, Councilmembers John Mirisch & Mary Wells, discussed resurfacing options for the community dog park, at a meeting on Monday.

The Recreation and Parks Commis-

Dog Park with Decomposed Granite

sion previously discussed surface replacement for the dog park and suggested that the city engage in a community survey to determine the best way moving forward before final recommendations are made to the City Council.

The Beverly Hills Community Dog Park opened in 2016, with decomposed granite as the surface due to its low maintenance and low cost. However, some complaints have been made over the surface making their dogs dirty from the dust, resulting in a low number of visitors per day.

Today, the park has 3,177 registrants. On average, there are about 33 visitors per day with some days spiking up to about 80 visitors, according to a city staff report.

The survey closed on March 10, with a total of 137 responses.

Nearly 60 percent of participants shared that they use the park sporadically and about 18 percent use the park up to five times a week. The most popular times to visit are afternoons and early evenings between noon - 7pm.

At the May 28 Recreation and Parks Commission meeting, they were in favor of two of the proposed surface replacement materials, which were engineered wood fiber and artificial turf.

Wood fiber is an all weather surface, and it withstands low and high temperatures. It also helps reduce puddles, dust, and dirt, according to a city staff report.

The second recommended covering is K9Grass. West Hollywood and Signal Hill both utilize this in their dog parks.

The liaisons discussed the possible replacement options and will look at price options for artificial turf, as well as other surface options, and the cost associated with those, for covering all of the park, as well as the price for covering just sections of the park. The city may also try out test areas prior to mak-

ing a final decision.

The inaugural event was held on Sunday, March 12, 2023, at the Beverly Hills Farmers Market.

Liaisons Discuss Shade Structure

Recreation and Parks Council Liaisons Councilmember John Mirisch & Mary Wells discussed the proposed shade structure design concept for the Dog Park, at a meeting on Monday.

At a December 2019 liaison meeting, then City Council Liaisons, Vice Mayor Les Friedman and Councilmember Julian Gold, requested the city look into a permanent shade structure since the trees planted had not matured to provide adequate shade. The project was placed on hold due to the pandemic but is now being pursued.

Over the last couple of years the city has been working with the donor of the trees that failed to find another option. City Architect Mandana Motahari has found a suitable option and the donor, Tina Sinatra. Sinatra would like to contribute to the cost of the structure as she

would like to provide a memorial for her parents, who were dog lovers, as well as for her deceased dog, Rosie.

The Recreation and Parks Commission previously supported the conceptual drawings of the shade structure.

The committee will discuss the cost associated with the implementation of the shade structure, prior to making any recommendations to the city council.

Beverly Hills Pediatric Dentist is Enhancing the Dental Experience Through Social Media

Adi Genish, a board certified pediatric dentist, has developed a family centered, evidence based approach to pediatric dentistry.

Adi Genish

Genish became a mom while completing her residency training in pediatric dentistry, which ultimately molded her approach to treating children.

"No two families are exactly alike and I've made it my personal and professional mission to provide a family-centered,

be approved at a later date.

Dar began working for BHUSD as a Kindergarten Aide during college. After earning her English degree from San Diego State University, Dar taught

child-specific approach to oral care. I do my absolute best to ensure that the families and children that come here feel seen, feel that we hear their concerns, and that we are not just providing a "one size fits all" approach to their care," Genish said.

With a following of over 32,000 on Instagram, Genish uses social media to create positive dental experiences for kids.

"I have used social media as a learning resource for parents, while also adding some silly and fun videos that parents can show their kids to diffuse preconceived notions about what 'going to the dentist' looks like. I have kids that come tell me they watched all my silly dancing videos before they came to the office. Comments like that make all the social media content really worthwhile, knowing I made a child a little more comfortable coming to visit us," she said.

Beverly Hills Residents Create Hand-Painted Apparel Collection to Promote Individuality

In 2022, co-founders Justin Rostami, Madison Rostami, Shayna Samou-

ha and Matai Mizrahi founded Acrylic LosAngeles, an apparel collection that features hand-painted garments.

Acrylic LosAngeles is attempting to redefine what it means to be uniquely different, and is continuing to spread their message through hand-painted fashion.

Since its founding, Acrylic LosAngeles has been working on spreading the message that an "individual's unique identity should be cherished rather than disregarded," by

crafting every piece of apparel by hand with the intent of communicating the message that the imperfections many see as "shameful" are instead what contributes to the beauty of

the spaces we immerse ourselves in."

"Without individuals who can wholeheartedly embrace both the expected and unconventional challenges they have been given, we will fail to truly realize the power that exists among those of all beliefs, body types, backgrounds, and more," Rostami said.

Since the brand's launch, it has released a series of caps and sweatshirts in a variety of designs, ranging from acrylic to spray paint.

BHPD Officers Receive Doctorate in Organizational Leadership Degrees

The Beverly Hills Police Department announced the academic achievements of two members, Lieutenant Jesse Perez and Captain Giovanni Trejo, who graduated from the University of La Verne with a doctorate in Organizational Leadership.

Perez has earned his Doctorate in Organizational Leadership, showcasing his dedication to advancing the field of law enforcement. With 21 years of experience, Perez is a Patrol Lieutenant-Watch Commander and SWAT/CNT Commander. His doctoral research, titled "Law Enforcement and Advanced Drone Technology: A Comprehensive Inside Look at the Use and Implementation of Law Enforcement Drone Technology and Its Effect on Officer Safety, Police Culture, and Public Perception," delves into the transformative potential of drone technology in modern policing.

He emphasizes that technology, when used legally, ethically, and morally, can be a significant 'force multiplier' in 21st-century policing. He advocates for the responsible use of drone technology to enhance officer safety, gather intelligence, reconstruct crime scenes, search for missing persons, and support SWAT operations.

Lieutenant Perez's vision includes integrating drone technology in partnership with the community to promote transparency, accountability, and legitimacy in law enforcement. His work highlights the importance of using technology as a tool to assist law enforcement, not as a replacement for police personnel.

Captain Giovanni Trejo has also graduated with a Doctorate in Organizational Leadership, further solidifying his commitment to enhancing law enforcement practices through innovative leadership. His dissertation, "Organizational Change in Law Enforcement: Exploring the Use of Change Management Practices of Police Executives Adopting Less Traditional Patrol Procedures," underscores his dedication to professional development.

Captain Trejo's academic journey began in 2020 during the COVID-19 pandemic.

Reflecting on his experience, Captain Trejo shared, "This program tested my patience and determination. We were known as the pandemic class. We started in 2020 by attending classes virtu-

ally and spending weekend sessions in Zoom. Thoughts of quitting often traveled through my mind, and I'm sure my classmates did as well. But I am not one to start something and not complete it. Two things that helped me get through the program were my love and appreci-

ation for law enforcement. Our communities deserve the best. Anything below the mark of excellence is simply a disservice to them. That mark of excellence was my target when I embarked on this venture. Commitment to public service propelled me and got me to where I am today."

Chief Mark Stainbrook said: "Captain Trejo's dedication to professional development and his innovative approach to law enforcement leadership are commendable. His achievement is a testament to his unwavering commitment to serving our community with excellence."

Disbarred Beverly Hills Attorney Pleads Guilty to Promoting \$9.5M Cryptocurrency Ponzi Scheme

A disbarred Beverly Hills attorney pleaded guilty to conspiring to operate a cryptocurrency Ponzi scheme that defrauded victims of more than \$9.5 million.

According to court documents, David Kagel, 85, conspired to fraudulently induce victims to participate in a cryptocurrency Ponzi scheme. Kagel and his co-conspirators promoted investment programs that falsely guaranteed high-yield profits and promised to use artificial intelligence trading bots to trade victims' investments in cryptocurrency markets. The Ponzi scheme promoter falsely told victims that Kagel, as the promoter's attorney, held Bitcoin then equivalent to approximately \$11 million in escrow that guaranteed victims' investments against loss for any reason. To create a false sense of security and trust, Kagel provided letters to victims on his firm's letterhead to fraudulently confirm the promoter's false statements. Kagel admitted that he and his co-conspirators used victims' funds for their own personal benefit.

“David Kagel abused his position as an attorney to earn the trust of investors and to endorse false statements about a purported cryptocurrency investment that was, in fact, a scam. Kagel and his co-conspirators defrauded their victims out of millions of dollars and used the victims’ money to line their own pockets,” said Principal Deputy Assistant Attorney General Nicole M. Argenti, head of the Justice Department’s Criminal Division. “When lawyers lend a veneer of legitimacy to fraudulent schemes, it can lead to devastating losses for victims. The Criminal Division and its law enforcement partners will continue to aggressively pursue such fraudsters and hold them to account.”

Kagel pleaded guilty to one count of conspiracy to commit commodity fraud. He is scheduled to be sentenced on Sept. 10 and faces a maximum penalty of five years in prison.

City to Hold Virtual Meeting for Single-Use Plastic Ordinance

The city will be holding a virtual meeting to further educate the community regarding the adoption of the ordinance prohibiting single-use plastic and expanded styrofoam, on June 24 from 10 - 11 a.m.

The City Council previously approved an ordinance regarding regulations for single-use plastic, at its March 18 meeting.

The ordinance is intended as a comprehensive ordinance with efforts to reduce plastic and styrofoam use by prohibiting the sale and distribution of these materials in the city.

The goals of the ordinance is:

- Prohibit the use, sale and distribution of polystyrene foodware which includes food and beverage containers, packing materials and trays.

- Prohibit the use, sale and distribution of single-use plastic straws, stirrers, utensils, beverage bottles, and aseptic packaging.

- Require the use of reusable food wear for all dining premises.

The Public Works Commission previously discussed the provision prohibiting affected businesses to use, sell and distribute single-use foodware and plastic beverages that are less than one gallon in volume. Several business owners previously communicated the detrimental effects this ban could have on the business community. Subsequently, the commission formed an ad hoc committee with a combination of business owners.

The Los Angeles County Reduction of Waste from Single-Use Articles and Expanded Polystyrene Products Ordinance served as the blueprint for the ordinance. Both the commission and the business community indicated this provided balance between the goals and flexibility to comply based on their business application.

The initiative also includes a small business assistance program called the

Early Adopters Program, where a small business is eligible to receive compostable foodware materials to help with the transition.

The ordinance covers the following main goals:

- Provide flexibility that allows the use of certain single-use products that are not compostable or recyclable.

- Provide clear definitions for compostable and recyclable products.

- Require platforms to limit the distribution by having it available upon request.

- Give waivers or extensions to businesses that may experience undue hardship.

Any operation that provides food for human consumption at the retail level and operates within the city facility will be impacted by this ordinance.

Category one will have 12 months to comply with the ordinance upon approval. This includes full-service restaurants, fast food restaurants, cafes and coffee shops, supermarkets and grocery stores, snack bars and juice bars, convenience stores, pharmacies, hotels, school cafeterias, city facilities, and health facilities.

The second category will have 18 months to comply upon approval and includes mobile food facilitation.

The last category will have 24 months to comply and includes temporary food facilities, farmers markets, and catering operations.

The ordinance will only permit compostable and recyclable single-use articles.

There is also language in the ordinance that allows certain food facilities to use single-use plastic foodware that is not compostable or recyclable. For these circumstances, the ordinance allows the Director of Public Works to provide alternatives in addition to exemptions.

Art Dealer Found Guilty of Embezzling More Than \$260,000

An internationally-known art dealer was found guilty by a jury of embezzling more than \$260,000 from the bankruptcy estate of Ace Gallery Los Angeles, an art gallery located in Beverly Hills and Los Angeles, while acting as the estate’s trustee and custodian.

Douglas J. Christmas, 80, of the Mid-Wilshire area of Los Angeles, was found guilty of three counts of embezzlement against a bankruptcy estate.

Christmas was the president and CEO of Art and Architecture Books of the 21st Century, which did business as Ace Gallery and had offices located in the Miracle Mile area of Los Angeles as well as in Beverly Hills.

According to evidence presented at a four-day trial, in February 2013, Ace Gallery filed a Chapter 11 bankruptcy petition in Los Angeles and continued to operate while in bankruptcy with Christmas acting as its fiduciary and trustee. Christmas remained in control over Ace Gallery until April 2016, when the bankruptcy court appointed an independent trustee to run Ace Gallery’s bankruptcy

Living Advantage Youth Center Holds Ribbon Cutting Event

Living Advantage, a 30-year-old nonprofit organization dedicated to empowering at-risk, probation, and foster youth, held a ribbon cutting ceremony on March 30 celebrating its newest venture - the Living Advantage Youth Center (LAYC).

“This has been a long time coming, and I can’t think of a better place to open up our center. Crenshaw has always been a hub of creativity, resilience, and community spirit. It’s here where we aim to cultivate the dreams and aspirations of our youth, providing them with a safe haven to flourish and thrive,” Pamela R. Clay, LA, Inc. Executive Director said.

estate and Christmas was removed.

In late March and early April of 2016, Christmas embezzled approximately \$264,595 that belonged to the Ace Gallery bankruptcy estate, including a \$50,000 check that Christmas signed, was drawn against the estate, and was paid to Ace Museum, a separate non-profit corporation that Christmas owned and controlled.

Christmas also embezzled \$100,000 owed to Ace Gallery by a third party for the purchase of artwork. Instead, the funds were paid – at his direction – to Ace Museum. Finally, Christmas embezzled approximately \$114,595 owed to the gallery by a third party that purchased artwork, but which Christmas instead had paid to Ace Museum’s landlord to keep current with its \$225,000 monthly rent.

Christmas will face a statutory maximum sentence of five years in federal prison for each count.

City Installs Rainbow Crosswalk at City Hall

The city has installed two rainbow temporary decorative crosswalks on Rexford Drive in front of the library and City Hall.

The Complete Streets Plan guides the installation of new crosswalks and upgrades to existing crosswalks. This policy states that decorative crosswalks may be considered with the use of colors, textures, and patterns to promote streets as engaging places.

According to a city staff report, as community members have requested decorative crosswalks on a number of occasions, the city chose to move forward with a study to determine if this

Rainbow Crosswalk on Rexford Drive

can increase drivers yielding to pedestrians.

The crosswalk policy follows Federal and State guidance on decorative crosswalks, which includes the following:

- Creative crosswalk treatments may only be considered at intersections where a marked crosswalk exists.

- Decorative elements may be added only between the continental bar markings.

- Creative crosswalk treatments cannot obscure or interfere with regulatory crosswalk markings.

- Only locations where pavement is in good condition shall be considered.

“Both proposed test locations are prominent places in the Civic Center area of Beverly Hills that experience high volumes of pedestrian traffic, including residents, employees, and tourists. Additionally, both locations have a history of driver non-compliance in yielding to pedestrians. Staff feels these two intersections would be ideal as study locations to determine if decorative crosswalks improve pedestrian safety and could be expanded citywide in commercial and/or residential areas,” according to a city staff report.

The proposed timeline for the study is June 1-30, to coincide with National Pride Month and to incorporate the installation into the “BH Pride” programming.

Installation of decorative crosswalks on Rexford Drive in front of City Hall and Civic Center Drive/Third Street, including a before/after video analysis of driver yielding rates, was estimated to cost \$5,000-10,000.

Three Star *** Short Takes

Over recent weeks there have been a number of frightening criminal incidents in or around Metro buses and subway cars. These include the stabbing death of a passenger in North Hollywood, a shooting death and the numerous attacks on bus drivers. More than one attack on drivers a day over the past year.

So, Metro is looking for solutions. To protect drivers, Metro is installing impenetrable barriers between the drivers and the passengers. That's nice, but what about the passengers? Well, Los Angeles Mayor **Karen Bass** recently announced that she would surge Los Angeles Police Officers on Metro lines to combat rising crime. That's nice also and it may have some impact for a while but what about when they go away?

What caught my eye in an article in the Los Angeles Times that reported about critics of Mayor Bass' plan. Specifically:

"Some say...[law enforcement] will only criminalize people who have drug addictions, serious mental illness and no housing."

Say what??

My question is: why are people with drug addictions, serious mental illness and/or no housing who do not pay the fares on the buses and subway cars in the first place?

On further inquiry I learned that Metro does not enforce fare collection so lots of folks with one or more of these afflictions routinely ride back and forth without payment on the buses and subway cars – not because they have somewhere to go but because they have nowhere else to be. For sure, that is a serious problem but visiting this problem disproportionately on our public transit passengers, who are largely folks who have no other alternative to get to work, does not seem to be the solution or even part of the solution to this problem.

And it is not unreasonable to expect that people who pay the fare might be a bit resentful that others don't with impunity.

I am not an expert but it seems to me that this no fare enforcement is an ill-conceived policy with horrendous results.

Maybe it would be a good idea to install gates sufficient to limit entry onto the buses or into the subway stations only to folks who have actually paid the appropriate fare. This might eliminate or at least reduce the threats to a comfortable environment caused by non-paying persons with drug addictions, serious mental illness and/or without housing. These individuals are simply looking for a place to be rather than to go from one place to another. Last I checked, that is the purpose of public transportation. And it might increase ridership by folks who are willing and able to pay the fare and, eventually, attract those who correctly perceive that public transit can be faster and less expensive and not only those for whom use of public transit is an option of last resort.

Former LA City Councilman and former Los Angeles County Supervisor **Zev Yaroslavsky** attended a recent meeting of the Mature Men's Book Discussion Group when we discussed his excellent memoir, "Zev's Los Angeles." During the meeting, which was attended by Beverly Hills elected officials, **Eliot Finkel, Howard Fisher** and **Bob Wunderlich**, Zev expressed grave concerns about Metro safety issues.

We are very fortunate to have three weekly newspapers that serve, in whole or in part, our City.

We are in the middle of a huge metropolitan area. We have approximately 33,000 residents of 10 million in Los Angeles County or approximately 3/10 of one per cent. Neither the rapidly disappearing print media, nor radio/television media or nor social media can give us much attention.

In order to be informed about local issues that often have huge impacts on our lives, we must rely on these local newspapers.

The three that we have are all different but in their own way play an important role in letting us know what is happening in our city. Of course, this includes letting me share my own opinions about what is going on, sensible or not, for better or for worse.

It is important that we support our local newspapers by reading them (through the driveway delivery or online) and, where appropriate, patronizing the advertisers that make the existence of these

newspapers possible.

I cannot be the only person who believes that our City Council meetings include much too much time on ceremonial matters that can be of interest only to the persons directly involved.

Particularly time-consuming is the practice of having all councilmembers leave the dias for a photo opportunity for the person or persons being recognized. And sometimes they return to the dias only to come back to the floor and do it again.

Is this really necessary? I will answer my own question: of course not. There must be a better way. Perhaps a special session that will include all persons being honored each quarter. Or something different.

PS – the repetitive photo ops are offensive.

A *** column would not be complete without a bit of second-guessing.

In early May, the Council decided to abandon efforts to have Metro construct a so-called "North Portal" or entrance and exit from the Metro Rodeo station. This would have been on the north side of Wilshire Blvd. Some felt that would be more convenient to the commercial areas.

Although the station was not initially designed with an entrance or exit on the north side, the City negotiated an arrangement with Metro in 2020 that it would split the cost with Metro 50/50. At that time, the total cost was estimated to be \$78.5M (City's share = \$39.3M). Now, the cost estimates have increased to \$134.2M (City's share = \$67.1M) and, of course, estimates are only estimates.

The City has decided to forego the north portal due to the very substantial cost increases to date with no end in sight. While hindsight is often 20/20, it is reasonable to ask the question: should the City at least have negotiated for a cap on its share so that its agreement to contribute approximately \$40M would have done the trick?

On June 11, the Annual Backdraft Ball supporting the Beverly Hills Firefighters' Association will be held at the Beverly Wilshire Hotel. Longtime resident **Jeanne S. Marks** will be honored. This is always a great event for one of

our most important institutions. You should consider attending or at least supporting the Association,

On Saturday May 18, a partly cloudy pleasant day, I had the privilege of visiting three local parks, Roxbury and Coldwater in Beverly Hills and neighboring Pan Pacific Park. All were filled with children, parents, birthday parties, dogs running free after balls, kids' baseball, soccer and flag football games and people simply enjoying being outside and together in the beautiful urban westside of Los Angeles. Of course there were the ubiquitous pickleball crowds. I also walked through the wonderful iconic Farmers Market and its not so iconic but equally terrific Grove shopping center. A bit later I visited the fabulous Century City Mall. Notably all were filled with people who mirrored the diversity of Southern California playing and living together with apparent harmony. I reflected on the fact that I cannot think of another city that has this combination of urban riches in such close proximity.

I should perhaps leave it at that but it also made me think of tired La Cienega Park and the dormant plans for a makeover. I will look into this to see what, if anything, can be revived and when.

Also on May 18, long-time Beverly Hills resident **Gary Greene** was awarded the UCLA Alumni Association Award for outstanding work in community service at a ceremony at the Luskin Center.

Of special importance to me, Gary is the brother of my good friend and former Planning Commissioner **Lori Greene Gordon** who, for better or worse, is responsible for my appointment to the Beverly Hills Planning Commission.

Gary is the organizer and conductor of the LA Lawyers Philharmonic Orchestra, Legal Voices and Gary S. Greene and the Big Band of Barristers.

On June 22, Gary will be conducting the LA Lawyers Philharmonic 15th Anniversary concert at the Walt Disney Concert Hall. Beverly Hills lawyers **Michael Maguire** and **Bruce Altschuler** will be among the performing singers. Importantly, all of Gary's work with these outstanding organizations is done *pro bono* to raise funds for legal services to those who cannot afford them and other charitable organizations.

Tickets for the June 22 concert are available through www.LALawyersPhil.org.

Beverly High Alum Expected To Be Selected in PWWL Draft

Dominique Petrie, a 2018 Beverly High graduate, is expected to be among the 42 players selected in Monday's Professional

Women's Hockey League draft.

The sports news website The Athletic ranks Petrie as the draft's 27th-best prospect following interviews with several coaches, general managers and agents from the PWWL and the NCAA.

"Petrie has been a go-to player, when healthy, at both Harvard and Clarkson," Hailey Salvian and Scott Wheeler wrote.

Qatar-owned Maybourne an Awful Choice for Rotary's 100 Year Celebration

While I respect the good work done in the past by the Beverly Hills Rotary Club, it is almost incomprehensible to me that the organization chose to celebrate its 100th anniversary last month at the Qatari-owned Maybourne Hotel.

For some time now it has been public knowledge that the ownership of the hotel includes top-level members of the Qatari royal family, including an individual

who, as a minister of the Qatari government, offered sanctuary and protection to Khalid Sheikh Mohammed, the mastermind of the 9/11 attacks.

The Qatari regime is very much responsible for Hamas and as such shares in the responsibility for the October 7 massacre, in which over a thousand Is-

raelis were murdered, in addition to citizens of over 40 other countries, something we commemorated in Beverly Hills with our Flags art installation. Qatar funds Hamas; Qatar harbors Hamas; Qatar protects Hamas; Qatar trains Hamas; and Qatar propagandizes for Hamas through the Al Jazeera network that they own.

Qatar is a state sponsor of terrorism. Not only do they fund Hamas, but they also fund the fascist, jihadi, Mus-

“Sadly, Rotary’s decision to patronize a Qatari asset will remain a black mark and a stain within the annals of Rotary Beverly Hills’s history”

lim brotherhood and other terror organizations. Qatar has spent billions of dollars trying to buy influence within our universities (as well as NGOs), and the unprecedented explosion of anti-Jewish racism within our university system can in part be directly

traced to Qatari influence peddling.

It is indeed difficult to understand how the Beverly Hills Rotary club could have made such an ill-advised, clueless, and quite frankly offensive choice of a location to celebrate their 100th anniversary. Beverly Hills, including many members of Rotary, have voiced our strong sup-

port in the past for the Woman Life Freedom (Zan Zendegi Azadi) movement in Iran, which continues to protest against the human rights abuses of the Islamofascist Iranian regime, while also calling for regime change.

And yet the Rotary event at the Qatar-owned Maybourne took place a mere two days after high-level Qatari royal family members, including the emir, Sheikh Tamim bin Hamad al-Thani, and Prime Minister, Sheikh Mohammed bin Abdulrahman Al Thani, who is also the foreign minister, went to Iran to be prominent mourners at the funeral of “The Butcher of Teheran.” Qatar and Iran (along with Turkey) form an axis of Jew-hatred, Islamofascism, and support for terrorism. Sadly, Rotary’s decision to patronize a Qatari asset will remain a black mark and a stain within the annals of Rotary Beverly Hills’s history.

I am also saddened that my Council colleagues and key City staff, in full knowledge of Qatar’s ownership of the venue and of Qatar’s connection with Hamas, chose to attend the event.

Let us hope that any future Rotary events – or any events from any and all Beverly Hills civic organizations -- will not patronize establishments owned by raging antisemites, the funders of terrorism, or those who seek to demonize,

delegitimize, and destroy Israel, while falsely trying to disguise themselves as “honest brokers.”

Qatar, owner of the Maybourne Hotel (in addition to owning billions of dollars of other real estate and assets in the US) is a state sponsor of terrorism and a bad actor in the Middle East. Qatari children’s books attempt to brainwash children to hate Jews and to hate America. The US was depicted as a snake in one such book, and yet the US has wrongly considers Qatar to be a major non-NATO ally.

In reality, Qatar is an enemy of both the US and Israel, though it has skillfully used its extreme wealth not only to buy influence, but also to blunt criticism by making strategic investments (for example, Qatar owns not only 10% of the Empire State Building; it also owns over \$45 billion worth of real estate in Manhattan alone).

As I remark at every Council meeting: Qatar should be sanctioned, including the key functionaries of the Qatari regime. Qatar’s assets should be frozen and used to compensate the victims of Qatar-funded terrorism. And we should ask the State Department to expel the Qatari consulate from Beverly Hills.

The Beverly Hills Rotary Club should issue an apology for patronizing a venue owned by Jew-hating terrorism supporters and they should commit to being more careful about their choice of event venues in the future. One thing is very clear: our Community must end any and all support for Jew-hating racists and for terrorism-funding, fascist regimes.

“She was also a top player growing up with USA Hockey, appearing in three U18 worlds and playing boys AAA hockey in California until her freshman year at Harvard.

“Petrie took some time to get her feet under her this season after missing the 2022-23 season due to injury, but as time

went on, she was an X-factor for the Golden Knights, most notably scoring the game-winning goal in the fourth overtime against Minnesota to send Clarkson to the Frozen Four.

“Petrie is a strong player down the middle of the ice and solid on both sides of the puck. She’s at her best when she’s

using her size and strength around the net. Embracing a power-forward role in the PWHL could help differentiate Petrie from a deep draft class.”

Petrie shared Clarkson’s goal-scoring in the 2023-24 season with 15 in 40 games, tied for third in assists with 20 and third-leading scorer with 35 points.

Petrie played for Harvard for the first three seasons of her college career with 30 goals and 41 assists for 71 points in 76 games from the 2018-19 through 2021-22 seasons.

RICHARDS SUES UCLA ON BEHALF OF AFRICAN AMERICAN STUDENT WHO WAS TARGETED BY DEMONSTRATORS

By Danielle Berjikian

Milagro Jones, who is scheduled to graduate this month from UCLA, sued the school Monday, claiming university officials acted negligently during the anti-Israel demonstrations, resulting in him being injured. The complaint alleges that university officials allowed the campus “to become a severe and pervasive hostile environment for all students,” as they stood by while students were “assaulted and harassed” by other students.

“This complaint arises out of UCLA’s inadequate response to antisemitism and failure to protect its students,” the complaint reads. “UCLA had an obligation to advise the Campus Terrorists to cease the prohibited encampment, hate speech, [and] violence.”

Jones is being represented by Beverly Hills attorney Ronald Richards.

“This lawsuit vindicates the rights of a Christian African-American, who was targeted because the illegal campus occupiers thought he was Jewish Zionist. UCLA created the problem by failing to

enforce its own regulations on masks, tents, and camping,” Richards said.

Jones went viral on TikTok after he filmed agitators blocking him from walking across campus twice before police broke up the encampment and arrested more than 200 people.

“For days, the unlawful encampment’s checkpoints illegally denied students access to campus buildings. Jewish students and those perceived to be pro-Israel were attacked, harassed, and intimidated for walking on their own campus, and all UCLA students were denied a safe and uninterrupted learning environment,” the complaint added.

Jones claimed he initially wanted to show his support for the protestors but has since changed his perspective after the demonstrators allegedly held him against his will for at least an hour, over what he believed was racial discrimination, after they mistook him for being Jewish.

The first incident took place on April

Demonstrators Holding Blankets Over Plaintiff
26.

“They held blankets and scarves over my phone to attempt to prevent me from recording. They began pushing me with open palms and with their bodies. When I tried to go around them or run away from them they followed me and kept surrounding me. They locked arms and tried to push me out of the space yelling ‘1,2,3, push!’ Over and over again while pushing me as a group. I sat down so that they couldn’t continue pushing me. They completely surrounded me with locked arms and held blankets up over me,” Jones alleges in the complaint.

On May 1 Jones claims to have been approached by a group of demonstrators after one of them pointed at him and yelled, “He’s a Zionist. Get him. He’s a Zionist.”

“The man began threatening to shoot us. He reached into his hoodie pocket and repeatedly threatened to shoot. I began retreating up the stairs believing that me and my brother’s death was imminent. The protesters tried to block me from going up the stairs,” Jones further alleges in the complaint. “A large Afri-

can American protester held me while the group of men forced me to say, ‘Free Palestine.’”

Jones said he has received death threats since these incidents.

The defendants named in the complaint are UCLA, UCLA History Lecturer Michael Cahn, UCLA Professor Jeffrey Share, Ph.D. student Dylan Kupsh, Ph.D. student Ethan Friedland, and Ahmad Takleh.

The complaint alleges several causes of action, including false imprisonment, battery, assault, negligence, civil rights violations, and more.

“By pandering to self hating Jews and racist pro-Palestinian students who vandalized the campus and illegally occupied Dickson plaza, UCLA condoned a camp of segregation and discrimination. Eventually, they realized they made a deal with the devil and started enforcing the laws on the books and cleared the camp, but by then it was too little too late. Sadly, numerous faculty also participated in this illegal endeavor. The lawsuit seeks to address those issues and enjoin further opprobrious conduct,” Richards said.

NOTICE TO POTENTIAL BIDDERS: If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the Property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the Property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the Property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this Property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the Property. NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date

Third, you must submit a bid so that the trustee receives it no more than 45 days after the trustee's sale. IF YOU ARE A CREDITOR or a contingent creditor of the decedent, you must file your claim with the court and mail a copy to the personal representative appointed by the court within the later of either (1) four months from the date of first issuance of letters to a general personal representative, as defined in section 58(b) of the California Probate Code, or (2) 60 days from the date of mailing or personal delivery to you of a notice under section 9052 of the California Probate Code. Other California statutes and legal authority

may affect your rights as a creditor. You may want to consult with an attorney knowledgeable in California law.
