“Superintendent Goals” [Issue #1342]

I agree with Mr. Ostroff’s recent assessment: our school board is not functioning as it should. What we have now is not leadership, it’s a patchwork of personal agendas stitched together by a razor thin majority, each member more committed to pushing their own vision than serving the students, parents, and educators.

This trio has joined forces, not to build a better district, but to remodel it in the image of their own competing ambitions. The result? A fractured direction, declining performance, and public trust wearing thin.

Let me remind the board majority of an old truth: *Be careful what you wish for.* When you ignore experience and sideline voices of wisdom like Mrs. Marcus, an accomplished educator, you don’t just disrespect a colleague, you devalue every student and teacher in the district. Her voice should be central, not silenced.

I still hold out hope that Dr. Cherniss can steady this ship, but how can he, when the very board meant to support him is more focused on control than collaboration? When they stifle dissent, muzzle

free speech, and hijack the student run broadcast channel to push their own sanitized, homogenized, District approved version of reality? That’s not leadership, it’s propaganda. And it’s a disservice to our students, our teachers, and the truth.

The BHUSD is no longer among the top districts in the region. And that should alarm everyone.

Dr. Cherniss deserves support, not sabotage. Our community wants transparency, not spin, or swooshes.

It’s time for the majority to remember that school boards are meant to serve students, not egos.

Romeo Carey to Retire After 20 Years with BHUSD

After more than 20 years with Beverly High, Media Director Romeo Carey has announced his retirement.

"My duty as a mentor was to instill the idea that the pillar of a free and open society is a free press that acts as a watchdog, holding those in power accountable and informing the community about public affairs. To my students who boldly took on their duty as broadcast journalists by holding truth to power, I will forever be indebted to their tenacity and

courage," Carey said.

In May 2025, Carey addressed the BHUSD Board of Education during a public meeting, expressing concern over his treatment by district leadership. He described a pattern of workplace hostility, a lack of institutional support, and what he characterized as a broader culture of discrimination. He noted that he had managed the district's cable channel largely without the staffing resources typically provided to similar programs.

After being cleared to return from a suspension earlier in the school year, the district attempted to cut his salary. He criticized this decision as part of a broader series of retaliatory actions and urged the board to take accountability, calling on leadership to act with “decency” and to stop what he described as ongoing professional assaults.

Carey’s career at BHUSD included leading KBEV, where he directed media production programs that earned state and national recognition. Under his supervision, students participated in SkillsUSA competitions and collaborated with public broadcasting partners. His programs focused on preparing students for careers in journalism, film, and digital media.

In addition to classroom instruction, Carey oversaw the operation of BHUSD’s 24/7 public access station, which broadcasted local meetings, school board sessions, and community events to households in the city.

KBEV has held the state record for

the most SkillsUSA State Championships in News Production over the past decade. Five of Carey’s students were named to Forbes’ “30 Under 30” list in recent years. Carey was the second person to lead the program since its founding, succeeding Dusty Stiles.

As part of the transition, BHUSD plans to maintain the student-led model of KBEV and ensure a mentorship-based succession process. Carey will continue to support the program in an advisory role.

“Romeo Carey’s dedication to student learning, media excellence, and public service has left a mark that will be felt for generations. We thank him for his unparalleled contributions and wish him the very best in his next chapter,” Superintendent Alex Cherniss said.

Citizens' Bond Oversight Committee Releases 2023- 24 Annual Report on Bond Measures

The Citizens' Bond Oversight Committee (CBOC) presented its annual report to the Board of Education on June 10, detailing the management and expenditures related to the \$334 million Measure E bond from 2008 and the \$385 million Measure BH bond from 2018 during the 2023-2024 fiscal year.

The CBOC is tasked with reviewing whether bond proceeds have been spent in accordance with voter-approved measures and reporting on progress to the public. During the 2023-24 fiscal year,

the CBOC held seven meetings to review financial and performance audits prepared by Christy White, Inc., and Moss Adams LLP, respectively.

The CBOC reviewed two audits covering the fiscal period from July 1, 2023, through June 30, 2024. A financial audit conducted by Christy White, Inc. reported \$11.78 million in expenditures from Measure E and \$29.48 million from Measure BH during the fiscal year. Fund balances were \$285,487 for Measure E and \$156.15 million for Measure BH as of June 30, 2024. The audit issued a clean opinion with no material weaknesses identified.

The performance audit by Moss Adams LLP noted improvements in construction cost savings and billing controls but also identified ongoing issues. The auditors could not fully validate billing compliance from 2019 to 2024 due to insufficient supporting documentation for contractor and subcontractor costs. The District's program master budget and schedule lacked integrated cash flow modeling and detailed funding sources.

CBOC member Jasmine Yadgari, who is a 2004 Beverly High graduate and is also Board of Education Vice President Judy Manouchehri's sister, reported that the committee met seven times during the year and summarized key points from the audits and bond program status. The committee noted that the District's construction and accounting teams, along with bond manager Fonder-Salari, reduced the Beverly Hills High School budget shortfall from approximately \$100 million to \$14 million.

The committee also highlighted that two mid-construction audits from 2021 and 2022 revealed a \$28 million prepayment or overpayment to contractor ProWest. Fonder-Salari negotiated discounts on future invoices to recover these funds. However, these mid-construction audits have not been made available on the District website or presented to the CBOC, leading the committee to request public release and a formal review.

Regarding the security program, approximately \$12 million was spent on the program managed by former bond manager TCDS. The committee noted that TCDS was selected without a competitive bidding process and questioned what services were provided in return. The committee requested further information on the program and any related settlement agreements.

Board of Education member Russell Stuart asked whether the committee recommended further investigation into funding irregularities. Yadgari stated the committee recommends the Board discuss the findings and consider a cost-benefit analysis to determine whether additional inquiry is warranted, particularly regarding the security program expenditures.

Beverly Hills Moves Forward with La Cienega Park Playground Improvements

The City of Beverly Hills is progressing with plans to renovate the playground at La Cienega Park, according to an update on the Recreation and Park Commissions meeting report.

The focus includes restroom upgrades and a full playground replacement, with

work already underway.

Initial improvements to the restrooms — including installation of new fixtures, flooring, and partitions — were completed in spring 2025. These upgrades followed a community survey conducted on August 28, 2024, which sought input to guide the conceptual design phase.

The proposed design preserves the ex-

isting 12,400 square feet of playground space and separates it into two distinct areas: one for children ages 5–12 and another for ages 2–5.

Key features of the playground design include a natural environment theme with topographic variations, rubber safety surfacing, and colorful play structures.

Additional proposed elements include shade structures, tree plantings, perimeter benches, fencing, pebble stools, boulders, and an imaginary stream designed as an ADA-compliant pathway.

Play mounds and sensory-focused features are also incorporated.

Commissioners provided feedback at the March meeting, suggesting elements such as kid-friendly planting to attract butterflies, stone seating designed to discourage lying down, sensory additions, signage, and appropriate lighting. Concerns were also raised regarding the selection of trees to minimize bee attraction.

The project was later presented to City Council Liaisons on May 22. The design received positive feedback. Councilmembers recommended adding shade near large river stones and emphasized the importance of maintaining ADA accessibility. They also proposed integrating a musical component into the playground features.

Next steps for the project include finalizing the design development.

Once reviewed and approved by the Commission and Council Liaisons, city staff will proceed with drafting construction documents and issuing a Request for Proposals.

Beverly Hills Unified School District Joins Instagram's New School Safety Program

The Beverly Hills Unified School District (BHUSD) has been selected to participate in Instagram's newly launched School Partnership Program, a national initiative aimed at enhancing student safety online. The program allows schools to report harmful content directly to Instagram and receive expedited support from the platform.

BHUSD's selection follows a recent incident involving an anonymous Instagram account that posted harmful material targeting students at Beverly Hills High School. The district's Com-

munications Department worked with Instagram to have the account removed, prompting the district's early involvement in the new program.

As a participant, BHUSD now has access to real-time content reporting tools, direct platform support, and educational materials for students, parents, and staff focused on responsible social media use. All official BHUSD Instagram accounts have been marked with a School Partner verification badge as part of the program.

“With a platform as large as Instagram, this partnership equips BHUSD with real-time tools to help protect our students online,” said Superintendent Alex Cherniss. “We are proud to be part of this initiative prioritizing student safety in digital spaces.”

Beverly Hills Continues Community Book Program with 2025 Selection

The Beverly Hills Unified School District and the Human Relations Commission are continuing their community-wide reading initiative, Beverly Hills Reads!, with the selection of ISOLA by Allegra Goodman for Fall 2025.

The program, originally launched in 2023 by then-Vice Chair Laura Horn-

wood Margo, is designed to promote literary engagement and community discussion through a shared reading experience. The initiative began with *Lessons in Chemistry* by Bonnie Garmus,

Board of Education member Sigalie Sabag, Colby Gilardian, Superintendent Alex Cherniss, Board of Education member Russell Stuart, Lauren Smith, Ella Tichy, Scott Priester

BHUSD Officials Visit One Beverly Hills Site to Discuss Potential Educational Partnerships

BHUSD officials visited the construction site of One Beverly Hills on Monday to explore possible future collaborations between the district and the development. “This project creates a remarkable bridge between education and innovation,” said Superintendent Alex Cherniss. “As next-door neighbors, Beverly Hills High School and El Rodeo Elementary are poised to gain real-world learning experiences that enrich our students.”

which was also assigned as summer reading for English Honors and AP students at Beverly Hills High School. The Beverly Hills Public Library supported the effort by organizing teen-led book discussions and hosting an event with the author in the Municipal Gallery in August 2023.

In 2024, the program featured *We Were the Lucky Ones* by Georgia Hunter, in collaboration with the Beverly Hills High School English Department.

For the 2025 program, the Beverly Hills Public Library has added more physical and audiobook copies of ISO-LA to ensure community access.

Beverly Hills Real Estate Agent Charged with Price Gouging After Pacific Palisades Fire

California Attorney General Rob Bonta announced the filing of criminal charges against Beverly Hills real estate agent Iman Eshaghyan, accusing him of illegally raising rental prices by 30 percent for two families displaced by the Pacific Palisades Fire in January.

Under California Penal Code, landlords are prohibited from increasing rent by more than 10 percent during a state of emergency. The investigation by the California Department of Justice determined that Eshaghyan advertised, listed, and leased two properties in Beverly Hills at price points 30 percent above pre-fire levels. The tenants, evacuated during the fire, ultimately signed the leases.

Eshaghyan has been charged with two misdemeanor counts. If convicted, he could face up to one year in county jail and a maximum fine of \$10,000.

This case is part of a wider effort by the Department of Justice to investigate and enforce price gouging violations following recent wildfires in Southern California.

More than 750 warning letters have been sent to landlords and hotel operators suspected of raising prices illegally.

“Today, we’ve announced another price gouging charge, this time against a real estate agent for price gouging two families in the wake of the Pacific Palisades Fire. Profiting off Californians' pain though price gouging is illegal and I will not stand for it,” said Attorney General Bonta. “I urge current or prospective tenants to share their stories directly with local authorities like the LA City Attorney or LA District Attorney, or our office by visiting oag.ca.gov/LAfires or calling our hotline at (800) 952-5225.”

Human Relations Commission Advances Redesign of Embrace Civility Logo

The Beverly Hills Human Relations Commission is moving forward with the redesign of the Embrace Civility logo, a visual element of a city campaign promoting community responsibility.

Originally adopted in 2010 by the Commission and City Council, the Civility Statement led to a community-wide campaign encouraging civility, respect, and responsible action. Each October, the campaign includes a public nomination process where community members can recognize individuals who exemplify these values. Award recipients are later acknowledged by the City Council.

In December, the Commission began discussions on new design elements for the campaign's Embrace Civility logo, including color schemes and text placement. An Ad Hoc Committee was formed to further explore font and design options and present updated proposals.

Draft versions of the redesigned logo were presented at the Commission's

February meeting, where members discussed incorporating a graphic of Beverly Hills City Hall into each version. Based on this feedback, designers updated the logos with refinements presented during the March 20, meeting. These revisions included the addition of a City Hall illustration and adjustments

to background colors to improve visibility. A sample civility election statement was also developed to show how the logo could be used in broader campaign materials.

Museum of Tolerance to Host Two Film Screenings in Collaboration with Los Angeles Jewish Film Festival

The Museum of Tolerance in Los Angeles is set to host two film screenings in late June and early July, presented in partnership with the Los Angeles Jewish Film Festival and other cultural organizations. Both events will feature premieres followed by guest speaker discussions and audience Q&A sessions.

On Sunday, June 29, at 7:00 p.m., the museum will screen “PLUNDERER: The Life and Times of a Nazi Art Thief.” The documentary explores the story of Nazi art dealer Bruno Lohse, who was active during World War II under Hermann Göring. Filmed over a five-year

period across seven countries, the film investigates how key figures in Nazi art looting avoided prosecution after the war. Following the screening, there will be a Q&A with historian Jonathan Petropoulos, who appears in the film, and attorney Randy Schoenberg, known for his work in art restitution.

On Tuesday, July 1, also at 7:00 p.m., the Museum will premiere “The Zweiflers,” a new comic-drama series. The series follows a Jewish family in modern-day Germany dealing with the fate of their family-owned delicatessen empire. Mike Burstyn stars as Symcha Zweifler, a Holocaust survivor whose personal history complicates the future of the business. A Q&A with Burstyn will follow the screening, moderated by David Suissa, President of the Jewish Journal. The event will also serve as the closing night celebration for the Los Angeles Jewish Film Festival.

On Tuesday, July 1, also at 7:00 p.m., the Museum will premiere “The Zweiflers,” Both screenings will take place at the Museum of Tolerance, located at 9786 W Pico Blvd. Admission for each event is \$10 for Museum members and \$15 for general attendees. Tickets are required for entry.

threestar*** shorttakes

By Peter Ostroff

Middle East/Mark Walter

This column addresses two subjects: one that is enormously consequential to the entire world; the other potentially consequential to the sports world.

The entire world is watching developments between Israel and Iran. For many Beverly Hills residents, these developments are intensely personal.

Beverly Hills Mayor **Sharona Nazarian** published a statement that, in part, provides as follows:

“A nuclear-armed Iranian regime would pose a grave danger not only to Israel and the region, but to the entire world. Israel’s actions, though difficult, reflect a preemptive effort to prevent a potential catastrophe.

“With that said, true change in Iran must come from its own people, the people who continue to show extraordinary courage under repression. My hope is that they will unite with strength and reclaim their future.”

As developments are rapidly unfolding, I hope that you will forgive me if events occurring after the deadline for this column dramatically alter the situation that I have described.

For the first time, both Israel and Iran have been shooting missiles at each other’s urban centers and, intentionally or not, civilian targets. Many Beverly Hills residents have relatives, loved ones and close friends in those urban areas in Israel and Iran.

This episode of a long somewhat inexplicable conflict commenced due to a conclusion by Israel that Iran is close to achieving the development of a nuclear weapon. There is also a belief that there is increasing desperation in Iran due to the weakening or collapse of its proxies in Lebanon, Gaza and Syria, the fact that its ally Russia is distracted due to its war with Ukraine and loss of support for the regime at home due to a weakening economy and repressive practices. As a result, it is believed, Iran is moving quickly but surreptitiously to develop a nuclear weapon that will enable it to say to the world — “we can do what we want; you must leave us alone.”

While some seem to think that “regime change” in Iran is a reasonable prospect and even an objective, I do not think that this will happen in the near term. And there can be no assurance that whatever might replace the current regime will be better for its own people, its neighbors or the world.

Israel, the U.S. and its western allies adamantly oppose the development of nuclear weapons by Iran. Even Russia

expresses opposition to nuclear weaponization by Iran while supporting Iran’s supposed development of nuclear energy for peaceful purposes. The idea that Iran’s development of nuclear technology is for peaceful energy purposes seems on its face ludicrous for a nation that has the world’s second largest natural gas reserves and the world’s fourth largest crude oil reserves. Iran does not need nuclear energy. Further, Iran has admittedly enriched uranium far beyond what is required for peaceful purposes.

The International Atomic Energy Agency (IAEA) is a United Nations agency whose role is to monitor and verify that Iran’s nuclear development is solely for peaceful purposes. In recent months, the IAEA has officially stated that Iran’s uranium enrichment is well above civilian uses and that Iran has restricted inspector access and monitoring equipment. The IAEA has demanded that Iran answer questions and reinstate access for inspectors and cameras. Iran has consistently refused.

On June 12, the IAEA declared Iran in breach of its nuclear non-proliferation obligations. On the next day, Israel launched a massive air attack using approximately 200 planes in waves (“Operation Rising Lion”) targeting over 100 nuclear, missile, and military installations across Iran and killing several top military commanders and numerous nuclear scientists. Extensive missile attacks from Israel to Iran and from Iran to Israel followed and those have continued. I have read that Iran has been hitting civilian targets while the Israeli attacks are intended solely for military targets. Without doubt, this situation is very costly to both sides in terms of loss of civilian and military lives and in financial terms (those ballistic and anti-ballistic missiles aren’t cheap), not to mention damage to residential and commercial buildings and infrastructure.

Up to now, while Israel has inflicted enormous damage on Iran’s nuclear facilities, the net result has been to delay but by no means destroy Iran’s nuclear weapon development. On June 21, Israel’s Foreign Minister Gideon Sa’ar said that the Israeli attacks had set Iran’s program to develop nuclear weapons back by two to three years.

While most of Iran’s nuclear development sites can be and are being destroyed by conventional air and missile attacks, there remains the Fordow uranium enrichment facility that is considered the “mother ship” and is deeply buried inside a mountain. There may be another site similarly deep underground. Fordow

is estimated to be buried as deep as 300 feet underground surrounded by reinforced concrete and the like. Conventional bombing methods cannot penetrate the mountain to destroy the facility. A land invasion by Israel would result in enormous casualties and uncertain success.

Rather, only “bunker busting” 30,000 lb. bombs called “massive ordnance penetrators” with multiple direct hits may collapse the facility. This bomb can be delivered only by B-2 stealth bombers which are possessed only by the U.S. And there would be delivery challenges including distance and the necessity for aerial refueling.

Israel has requested that the U.S. undertake an attack on Fordow with a series of bunker bombs delivered by the U.S. bombers.

President **Trump** announced on June 19 that: “based on the fact that there is a substantial chance of negotiations ... I will make my decision whether or not to go within the next two weeks.” [My emphasis.]

Two days later, on June 21, U.S. Stealth B-2 bombers dropped fourteen GBU-57 Massive Ordnance Penetrator (MOP) “bunker-buster” bombs on Iran’s sites at Fordow (a uranium-enrichment facility), and Natanz (another nuclear plant) and Tomahawk cruise missiles struck Isfahan (another nuclear research center, not so deeply buried underground).

Whether the U.S. should have bombed Iran is a subject for much debate with plenty of room for good arguments on both sides.

For me, I firmly believe that the rogue and terrorist Iran regime simply cannot have a nuclear weapon!

And we must credit the claim of Israel, which has had enormous success in taking out Iran’s air defenses, many of its missile launch sites and key military and nuclear scientific personnel, that there were development sites that it could not reach. Thus, without our help, Israel alone could not eliminate Iran’s threat.

The existential need to try to prevent that supersedes all other questions and considerations.

So I supported the U.S. attack and continue to believe that it was the right thing to do. It is appropriate to note that the elimination of Iran’s air defenses by Israel reducing the risk of loss of U.S. planes undoubtedly went a long way toward persuading President Trump to authorize the bombing.

So, where are we at the time of this writing?

President Trump prematurely announced that Iran’s nuclear weapon development capabilities have been destroyed. We don’t know that. Most apparently objective reports are that Iran’s ability to develop nuclear weapons has been delayed by some number of months but by no means destroyed. Specifically, a report by the Pentagon’s Defense Intelligence Agency (DIA) on June 24 stated that the attacks set back Iran’s nuclear

weapon development efforts by months but did not destroy it. President Trump disputes this report but one must wonder how he would know better than the federal agency whose job it is to make these assessments.

President Trump, who wants to portray himself as a peace-maker, announced a ceasefire agreement between Iran and Israel that he claimed would last “forever”. But “forever” lasted only a few hours before Iran and Israel were sending missiles back and forth. They traded claims that the other had violated the ceasefire even before it had begun. Trump then expressed anger at both while lobbing “F-bombs”. (Note: one of my pet peeves is at members of the press who report on what Trump “believes.” What Trump believes is unknowable. All we can properly report on is what Trump says.)

As of late on June 24, 2025, a fragile ceasefire is in place despite some violations.

My view is that the objective of eliminating Iran’s nuclear threat has not been completed. As Israel **for now** controls the skies above Iran, this is the time to complete the job. This will involve, through the use of force and/or diplomacy, both destruction of whatever nuclear weapon facilities and materials exist AND putting in place a system for inspection and verification that will maximize the prospect that those are not created in the future. **Caveat:** Israel’s willingness to agree to a ceasefire of indefinite duration may be due, in part, to a perception on the part of Israel that it cannot alone and without U.S. support and, perhaps, participation bring about Iran’s capitulation to a nuclear weapon free existence.

Last week it was announced that “**Mark Walter**”, the owner of the Los Angeles Dodgers, had acquired the Los Angeles Lakers from the family of the late Dr. Jerry Buss at a price that valued the Lakers at \$10B.

Who is Mark Walter? What does this mean for the Lakers? What does it mean to the sports world?

Mark Walter is the CEO of **Guggenheim Partners**, a global financial services and asset management firm he co-founded in 2000. The firm oversees investments of over **\$325 Billion** in assets. He is also CEO of TWG Global Holdings LLC (TWG) which is the entity to which Walter directs the Guggenheim Partners investments in sports which includes the Dodgers, the Los Angeles Sparks, the Professional Women’s Hockey League, the English Premier League’s Chelsea Football [soccer] Club and, now the Lakers. Both Guggenheim Partners and TWG are private companies but it has been estimated that Mr. Walter owns approximately 20% of both and has a personal net worth of around \$12 billion. Both Guggenheim and TWG are private entities so the amounts set forth above are only estimates by financial reporters.

What made you want to serve on the Arts and Culture Commission?

With my background in both the performing arts and the visual arts, I thought serving on the Arts and Culture Commission would be the perfect way for me to give back to the city I love and the city where my husband and I raised our two sons. I thought it would be an opportunity to contribute to the cultural fabric of Beverly Hills.

You've worked across multiple creative disciplines—writing, film, and visual art. Tell us about your career.

I've always had a deep love for the arts, both performing and visual. I started in theater—I was a theater major. I acted and danced in productions growing up. In my early 20s, my passion shifted to writing. Although I've been writing since I was a little kid, it wasn't with a career in mind. I wrote two New York Times bestsellers, one of which became a TV movie produced by Aaron Spelling. I've also developed projects for film and television, and I'm currently producing a Broadway musical that just premiered at Paper Mill Playhouse.

"I believe arts and culture are the soul of any city, and Beverly Hills has world-class talent and creative thinkers all around us"

My love for the visual arts began when I was 18, studying at the Sorbonne in Paris. I spent hours haunting the Louvre, the d'Orsay, and the Marmottan. My husband was raised around contemporary art, and I fell in love with that, too. We've been collecting for over 40 years.

During the pandemic, I discovered a whole new chapter—making art myself—and it's become a huge part of my life. I think a lot of people found new chapters during COVID.

The City Council recently approved The Great Elephant Migration proposal. Tell us about that.

The music is going to be done by Rachel Warby, who is the music director. I know she's super, super excited about it.

But it's been a time of transition with the City Council reevaluating the structure of all our commissions. Because of that, we've been operating with just three of our five commissioners, but we have a super busy slate for the coming months.

What is the Arts and Culture Commission currently working on?

We're finalizing the acquisition of

Judy Chicago's powerful Trinity sculpture, which will be placed in front of the Wallis where the Lichtenstein was. We're also managing the restoration of our beloved Kusama sculpture.

We're still working on Festival Beverly Hills, which celebrates music, dance, and performance, and is something that brings joy to residents and visitors alike.

One of the projects I'm most looking forward to is working with the Wallis to create a series of themed film festivals—Preston Sturges, Hitchcock, Bette Davis, or even Beverly Hills-based composers who reside here.

Imagine a movie night in Beverly Hills where you park at the Wallis, walk to dinner at a nearby restaurant, then head back to the Wallis for the screening, perhaps followed by a post-screening talk-back with a special guest. I think it's an incredible way to support the arts while also activating our local restaurants and businesses.

You have been involved with a number of arts institutions in Los Angeles, including serving on the board for the Wallis. How do those experiences help shape your work with the Arts and Culture Commission?

I served on the Center Theatre Group board for over 20 years. I'm new to the Wallis board; I joined maybe a minute before I joined the commission. There just seemed to be a perfect synergy between the two. I'm also on the Callan Theatre board in Palm Springs.

I've co-chaired the Music Center's Spotlight Awards, which are for high school-age kids all around Southern California. They compete and then perform at either the Music Center or Walt Disney Concert Hall, depending on availability. But most importantly, they get to work with master teachers in their field—whether it's classical music, classical dance, modern dance, or all different performing arts.

It's an extraordinary opportunity for these kids, many of whom go on to join the L.A. Philharmonic or perform on

Broadway. This program is very near and dear to my heart. I think all of those experiences help me understand how our performing arts institutions work, and I see that as valuable for our city.

Tell us about your family.

I've been married [to Dennis Beck] since I was 21. We have two sons, and they're both married with children. We have six grandchildren and our sons were raised here.

Your sister-in-law, Maralee Beck, who was profiled in Issue #1246, was also past chair of the Arts and Culture Commission. What advice has she given you?

Rather than advice, she set a great example. I think she was a terrific chair. Whatever Maralee does, she throws her whole heart into it and does it really well. She's been involved in other commissions, and she's a natural-born leader.

What are some goals you have as chair?

As chair, I'm excited to wrap up the Judy Chicago acquisition and begin looking toward our next major public art addition. I believe the city's art collection should be vibrant, dynamic, and a reflection of our city. I already have some exciting artists in mind to propose. I want to support our fantastic staff with ongoing programs like our Art Fair, which is always a highlight for families, kids, and art lovers of all ages, as well as our art walks. More broadly, I hope to help enrich the arts in Beverly Hills. I believe arts and culture are the soul of any city, and Beverly Hills has world-class talent and creative thinkers all around us. I want to make sure we're nurturing that energy not just in formal venues, but throughout the public realm. I see this as a time of opportunity and reinvention, and I'm thrilled to help lead the commission through its next chapter. With the Olympics on the horizon, this is an important time. I take huge pride in our beautiful and truly unique city, and I want to show it off.

The precise amounts are not important – the availability of \$Billions is very important if invested and managed wisely. And that is what Mr. Walter does. Since the Dodgers were acquired by Mr. Walter and associates in 2012, the team has been fantastically successful on the field and financially. So, compared to the prior owners, the Lakers are likely to enjoy far more success than they have in recent years.

More broadly, the involvement of Mr. Walter’s group, the trend toward ownership by entities with vast resources and willingness to invest large amounts in talented players and analytics will only accelerate. And already expensive tickets and the cost of video services will in-

If the Trustee is unable to convey title for any reason, the successful bidder's sole and exclusive remedy shall be the return of monies paid to the Trustee and the successful bidder

shall have no further recourse. Notice to Potential Bidders If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a Trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a Trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same Lender may hold more than one mortgage or Deed of Trust on the property. Notice to Property Owner The sale date shown on this Notice of Sale may be postponed one or more times by the Mortgagee, Beneficiary, Trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about Trustee Sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may visit the Internet Website address www.insourcelogic.com or call In Source Logic at 702-659-7766 for information regarding the Trustee's Sale for information regarding the sale of this property, using the file number assigned to this case, CA08000070-25-1. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Website. The best way to verify postponement information is to attend the scheduled sale. Notice to Tenant NOTICE TO TENANT FOR FORECLOSURES AFTER JANUARY 1, 2021 You may have a right to purchase this property after the trustee auction pursuant to Section 2924m of the California Civil Code. If you are an "eligible tenant buyer," you can purchase the property if you match the last and highest bid placed at the trustee auction. If you are an "eligible bidder," you may be able to purchase the property if you exceed the last and highest bid placed at the trustee auction. There are three steps to exercising this right of purchase. First, 48 hours after the date of the trustee sale, you can call 702-659-7766, or visit this internet website www.insourcelogic.com, using the file number assigned to this case CA08000070-25-1 to find the date on which the trustee's sale was held, the amount of the last and highest bid, and the address of the trustee. Second, you must send a written notice of intent to place a bid so that the trustee receives it no more than 15 days after the trustee's sale. Third, you must submit a bid so that the trustee receives it no more than 45 days after the trustee's sale. If you think you may qualify as an "eligible tenant buyer" or "eligible bidder," you should consider contacting an attorney or appropriate real estate professional immediately for advice regarding this potential right to purchase. RFQual #25-350-40 CITY OF BEVERLY HILLS PUBLIC WORKS DEPARTMENT 345 FOOTHILL ROAD BEVERLY HILLS, CALIFORNIA 90210

REQUEST FOR PREQUALIFICATION OF BIDDERS AND PREQUALIFICATION INSTRUCTIONS FOR:

Community Development Department Interior Improvement Project

Notice is hereby given that the City of Beverly Hills ("CITY") has determined that all bidders for COMMUNITY DEVELOPMENT DEPARTMENT INTERIOR IMPROVEMENT PROJECT ("Project") must be pre-qualified prior to submitting a bid. It is mandatory that all Contractors who intend to submit a bid, fully complete the prequalification questionnaire, provide all materials requested herein, and be approved by the CITY to be on the final qualified Bidders list.

No bid will be accepted from a Contractor that has failed to comply with these requirements. If two or more business entities submit a bid as part of a Joint Venture, or expect to submit a bid as part of a Joint Venture, each entity within the Joint Venture must be separately qualified to bid.

A contractor (B license) is the prime contractor for this project, and the prime contractor will need to subcontract with the appropriate contractors for a turnkey project.

Contractors must register as a vendor at the following website in order to download the prequalification package, and to receive clarifications and notifications when issued.

The Prequalification package may be viewed on, and downloaded from the City's Planet-Bids portal: <https://vendors.planetbids.com/portal/39493/portal-home> This item is listed as: *Request For Prequalification of Bidders And Prequalification Instructions For Community Development Department Interior Improvement Project*. Answers to questions contained in the questionnaire are required.

The last date to submit a fully completed questionnaire is **2:00 PM Monday, July 21, 2025**. Contractors are encouraged to submit prequalification packages as soon as possible, so that they may be notified of omissions of information to be remedied or of their prequalification status in advance of the prequalification deadline for this Project.

The CITY will use these documents as the basis of rating Contractors with respect to whether each Contractor is qualified to bid on the Project, and reserves the right to check other sources available. The CITY's decision will be based on objective evaluation criteria.

The CITY reserves the right to adjust, increase, limit, suspend or rescind the prequalification rating based on subsequently learned information. Contractors whose rating changes sufficiently to disqualify them will be notified, and given an opportunity for a hearing consistent with the hearing procedures described below for appealing a prequalification rating.

While it is the intent of the prequalification questionnaire and documents required therewith to assist the CITY in determining bidder responsibility prior to bid and to aid the CITY in selecting the lowest responsible bidder, neither the fact of prequalification, nor any prequalification rating, will preclude the CITY from a post-bid consideration and determination of whether a bidder has the quality,

fitness, capacity and experience to satisfactorily perform the proposed work, and has demonstrated the requisite trustworthiness.

All qualification submittals are required to be submitted electronically via PlanetBids. The electronic submittal system will close exactly at the date and time set forth in this request for qualifications.

Any questions regarding the questionnaire and qualification package should be submitted via PlanetBids by 2:00PM, July 10, 2025. Questions sent via email or over the phone; with the exception of those related to accessing or using PlanetBids, will not be answered.

Contractors are responsible for submitting and having their documents accepted before the closing time set forth in the request for qualifications. **NOTE:** Pushing the submit button on the electronic submittal system may not be instantaneous; it may take time for the Contractor's documents to upload and transmit before the documents are accepted. It is the Contractor's sole responsibility to ensure their documents are uploaded, transmitted, and arrive in time electronically. The City of Beverly Hills will have no responsibility for documents that do not arrive in a timely manner, no matter what the reason.

The prequalification packages submitted by Contractors are not public records and are not open to public inspection. All information

provided will be kept confidential to the extent permitted by law. However, the contents may be disclosed to third parties for purpose of verification, or investigation of substantial allegations, or in an appeal hearing. State law requires that the names of contractors applying for prequalification status shall be public records subject to disclosure, and the first page of the questionnaire will be used for that purpose.

Each questionnaire must be signed under penalty of perjury in the manner designated at the end of the form, by an individual who has the legal authority to bind the Contractor on whose behalf that person is signing. If any information provided by a Contractor becomes inaccurate, the Contractor must immediately notify the CITY and provide updated accurate information in writing, under penalty of perjury.

The CITY reserves the right to waive minor irregularities and omissions in the information contained in the prequalification application submitted, and to make all final determinations. The CITY may also determine at any time that the prequalification process will be suspended for the Project and the Project will be bid without prequalification.

Contractors may submit all qualification submittals electronically via Planet Bids. Contractors who submit a complete pre-qualification package will be notified of their

qualification status no later than ten business days after submission of the information.

The CITY may refuse to grant prequalification where the requested information and materials are not provided by the due date indicated above. There is no appeal from a refusal for an incomplete or late application, but re-application for a later project is permitted. Neither the closing time for submitting prequalification packages for this Project will be changed in order to accommodate supplementation of incomplete submissions, or late submissions, unless requested by the CITY in its sole discretion.

In addition to a contractor's failure to be pre-qualified pursuant to the scoring system set forth in the prequalification package, a contractor may be found not prequalified for either omission of or falsification of, any requested information.

Where a timely and completed application results in a rating below that necessary to pre-qualify, an appeal can be made by the unsuccessful Contractor. An appeal is begun by the Contractor delivering notice to the CITY of its appeal of the decision with respect to its prequalification rating, no later than two business days following notification that it is not pre-qualified. The notice of appeal shall include an address where the Contractor wishes to receive notice of the appeal hearing. Without a timely appeal, the Con-

tractor waives any and all rights to challenge the decision of the CITY, whether by administrative process, judicial process or any other legal process or proceeding.

If the Contractor gives the required notice of appeal, a hearing shall be conducted no earlier than five business days after the CITY's receipt of the notice of appeal and not later than five business days prior to the date of the Notice Inviting Bids for this Project. Prior to the hearing, the Contractor shall, in writing, be advised of the basis for the City's pre-qualification determination.

The hearing shall be conducted by a panel consisting of three members of the Public Works Department senior management staff (the "Appeals Panel"). The Appeals Panel shall consider any evidence presented by the Contractor, whether or not the evidence is presented in compliance with formal rules of evidence. The Contractor will be given the opportunity to present evidence, information and arguments as to why the Contractor believes it should be pre-qualified. Within one day after the conclusion of the hearing, the Appeals Panel will render a written determination as to whether the Contractor is pre-qualified. It is the intention of the CITY that the date for the submission and opening of bids will not be delayed or postponed to allow for completion of an appeal process.
