Santa Monica College Named a Bicycle Friendly University

The League of American Bicyclists has honored Santa Monica College (SMC) with a Silver-level Bicycle Friendly University (BFU) award in recognition of the College's achievements in promoting bicycling on campus. The designation is good for four years.

This is SMC's third consecutive Silver BFU award, and its fourth such designation, having received a Bronze award in years prior.

"SMC works hard to encourage students and employees to use other means to get to campus besides a car to reduce carbon emissions and alleviate congestion in our neighborhoods," said SMC Director of Sustainability Ferris Kawar. "Biking is a great option for many who enjoy getting a little exercise and connecting with the outdoors. We are lucky enough to live in a location that is usually sunny and relatively flat."

The League of American Bicyclists recognizes 40 new and renewing Bicycle Friendly Universities.

"What stands out about this round of Bicycle Friendly University awards is their commitment to listening, learning, and improving," said Bill Nesper, executive director of the League of American Bicyclists. "That spirit of progress is helping shape today's students into tomorrow's leaders, equipping them to carry on the work of building a more Bicycle Friendly America."

The Wallis/BHUSD Rentals/Water and Fire

Our extraordinary theater, The Wallis Annenberg Center for the Performing Arts (the Wallis), has a new Executive Director, **Jean Davidson**. Ms. Davidson, who presents a quiet confident elegance, has a background which will serve us well as she moves this local treasure to its next level.

Immediately prior to joining the Wallis, Ms. Davidson was the Executive Director of the National Symphony Orchestra at the Kennedy Center in Washington, DC. However exciting as politics can be in our Beverly Hills bubble, that excitement pales in comparison with that experience.

From 2015 to 2023, Ms. Davidson was the President and CEO of the Los Angeles Master Chorale at the Music Center so she is well-acquainted with the Los Angeles performing arts community.

As her husband is a professor of music at UC Irvine, she was anxious to end a bicoastal marriage and actively sought the position at the Wallis. She is very enthusiastic about the opportunity to lead and develop this very young venue. The Wallis opened only in 2013 and its progress and growth was interrupted by the COVID years.

Central to its role as a multi-disciplinary venue, the Wallis has creative partnerships with the Los Angeles Opera, the Holocaust Museum, the Los Angeles Chamber Orchestra, the Los Angeles Ballet, the Scott Dunn Orchestra and MUSE/IQUE, among others.

She emphasizes that she is still learning and "will make no sudden moves." Her objective is to "bring the world to our stage" and to "bring the Beverly Hills community to the Wallis." Part of her strategy is to move from a one-year to a multi-year planning cycle. This will provide more time to bring bigger projects.

The current season which runs from September through May 2027 includes a wide range of dance, theater, opera and comedy programs.

In addition, the Wallis hosts the Miracle Project for students with disabilities and creative aging programs which include courses in writing, acting and dancing for my favorite demographic, older adults.

Ms. Davidson's goals include building for stability, bringing the best artistry that can be found and connecting with everyone in Beverly Hills.

I wish her great success.

On a somewhat related note, the BHUSD Board of Education is considering a proposal to rent to private parties its facilities and grounds. The proposal includes provisions for allowing **the sale of alcoholic beverages** at such events.

An apparent purpose is revenue generation. The District already has abundant revenues. It has a spending problem, not a revenue problem. Further, it seems highly unlikely that a meaningful amount of revenue could be generated absent a distracting frequency of private events.

State law severely restricts the presence of alcoholic beverages on school premises. There is good reason for this. And notably, the City of Beverly Hills does not allow alcoholic beverages on any of its facilities or parks. I see no proper justification for allowing the purchase or presence of alcoholic beverages on any school premises. It sends the wrong message and presents opportunities for serious "mischief."

Finally, if some rental of any school premises to private parties is allowed there should be **strict conflict of interest** rules that prohibit any involvement by any Board of Education member or member of District administration or faculty in or in support of such transactions. I understand that one or more such individuals are or have been involved in providing security of private events or promoting such events. Commercial use of District premises should not be used in furtherance of such aspirations.

There is an old saying: "The more that things change, the more they say the same."

Generally, I don't know what that means but in the case of bringing adequate water to southern California, we have a perfect example.

We buy most (85 to 90%) of our water from the Metropolitan Water District (MWD) and get some (approximately 10 to 15%) from wells owned by the City.

The MWD water comes from the **Colorado River** and from northern California through the **Sacramento–San Joaquin Delta (Delta).**

There are serious issues involving all three sources.

With respect to water from our own wells, it is very difficult to increase the supply because locations where we might create new wells are hard to find and very expensive.

The Colorado River water supply has decreased in recent decades while the demands from the southwest states, including California, that share that water and Mexico, which also shares, have increased.

Bringing water through the Delta is unreliable and creates environmental issues and, arguably, imperils fish habitat. Thus, for many years a **Delta Conveyance Project** involving moving water under the Delta has been in the planning stages.

What are the issues?

While the City has been attempting to reduce reliance on MWD for many years, very little real progress has been made toward increasing the well supply from current levels to an aspirational target of approximately 20% of our needs.

In 1922, an agreement was negotiated between the interested parties. regarding sharing the Colorado River water at a time when the natural flow of the river produced approximately 16.4 million acre-feet annually. This flow has decreased to an annual average of only 12.4 million A 4 million acre-feet annual shortfall. That shortfall of 4 million acre-feet is not trivial. There are 325,851 gallons of water in an acre-foot so a 4 million acre-feet shortfall = 1,303,404,000,000 gallons. The 1922 agreement has long expired and substantial long-running litigation has ensued. Recent efforts to reach an agreement have been unsuccessful and no resolution is in sight.

Planning and designing the Delta Conveyance Project initially involving two massive tunnels under the Delta has been underway for years. Governor Newsom threw things into disarray when he announced that he thought that there should be only one tunnel, not two. So, planning efforts went back to the drawing board where they remain today. And Governor-elect Becerra has not yet tipped his hand as whether he favors two tunnels, one tunnel or abandoning the project altogether.

So – where are we now:

Hope for the best, conserve and pray for rain.

NOTICE TO POTENTIAL BIDDERS: If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. **All checks payable to Prestige Default Services, LLC.**
NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call (949) 776-4697 or visit this Internet Website https://prestigepostandpub.com, using the file number assigned to this case 26-19375. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web site. The best way to verify postponement information is to attend the scheduled sale.
NOTICE TO TENANT: You may have a right to purchase this property after the trustee auction pursuant to Section 2924m of the California Civil Code. If you are an "eligible tenant buyer," you can purchase the property if you match the last and highest bid placed at the trustee auction. If you are an "eligible bidder," you may be able to purchase the property if you exceed the last and highest bid placed at the trustee auction. There are three steps to exercising this right of purchase. First, 48 hours after the date of the trustee sale, you can call (949) 776-4697, or visit this internet website https://prestigepostandpub.com, using the file number assigned to this case 26-19375 to find the date on which the trustee's sale was held, the amount of the last and highest bid, and the address of the trustee. Second, you must send a written notice of intent to place a bid so that the trustee receives it no more than 15 days after the trustee's sale. Third, you must submit a bid so that the trustee receives it no more than 45 days after the trustee's sale. If you think you may qualify as an "eligible tenant buyer" or "eligible bidder," you should consider contacting an attorney or appropriate real estate professional immediately for advice regarding this potential right to purchase.
